A pilot car Monday thru Friday would run you \$760 per 8 hour shift. For exactly what you are looking for would run you \$2970.00 per shift Monday thru Friday. That covers 2 flaggers with light towers for 10 hours and 1 pilot car and driver for 11 hours. Hope this answers your questions. Let me know if you need anything else.

Mike,

I have your quote but I don't see the rate for a pilot car.

What I would love is a daily rate for KRC to handle a 10hr shift with pilot car and two flaggers, set up, tear down light plants complete... We anticipate 9 hours production giving 30 minutes to set up and 30 minutes to remove. I would assume 11 hours for your lead person and 10 hours for the two flaggers.

Can you price this for me please, LS per shift, make my life easy... ☺

Best Regards,

Good morning,

We are bidding as Prime on this Caltrans project today and are taking pricing from the Colorado River Indian Tribe dba Colorado River Sand & Rock for the hot mix.

We are hoping to get DBE liquid from your group from Paramount Phoenix delivered to the CRSR hot plant in Parker.

Joel Martinez is the sales rep for CRSR.

Would it be possible to get a DBE price quote for this project from you delivered to the CRSR Parker facility.

I have spoken with Joel and he is aware that we are reaching out to you as well. Joel is included on this email.

Please let us know your intentions.
