Plans available by email at terri@calelectroinc.com

Please call if you need assistance in obtaining insurance, bonding, technical assistance, equipment, materials and/or supplies. Plans and specifications can be viewed at our office located at 3710 Electro Way, Redding CA 96002, by email or call for any additional needed project information. CEI will work with any interested subcontractor to identify opportunities and break items into economically feasible packages. As part of this contract we require subcontractors to take the affirmative steps required to assure that small, minority and women's businesses are used when possible. CEI is an equal opportunity employer and all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin. * CEI is available to discuss breaking out any portion of work to encourage AND facilitate minority participation and we can establish flexible time frames for performance and delivery schedules.

Hello Terri, IECC appreciates your request but unfortunately will be unable to submit a Quote. At the current time, IECC is requesting CALTRAN to issue IECC Work Category Code CO624 to commence doing business. The work Category code is instrumental in the core competency of IECC products and services. Again, thanks for your consideration.

Hello,

I didn't see any work for HSD in the scope.

Hillside Drilling, Inc. is a drilling and shoring contractor who specializes in CIDH piles, soldier piles, tiebacks, micro-piles, soil nails, helical piles and excavation shoring.

Please let us know if there are any requirements for our services on your subject job.

Hi Terri

We are not bidding on this project. Our primary product is large format graphics. If the prime should require any of this types of signage, we would be happy to quote them.

Thanks for the opportunity.
