EXHIBIT A – Price Schedule

BASE PRICE:

For all work described in the bid documents (Exhibit B) and subject to the conditions of Exhibits C and D, MSC agrees to perform all work for the following prices:

Item No	Item	Engineer Est.	Unit Price	Total
76	Approach Slab/Type R	876 cy	215.00/cy	$188,340.00 *
77	Paving Notch Extension/FOB	434 cf	4.00/cf	$ 1,736.00 **

Prices quoted are based on starting rebar installation on February 1, 2016 and completion of MSC scope of work by June 31, 2016.

If MSC is requested to proceed with work prior to an executed subcontract agreement, then it shall be understood and agreed that this proposal shall take precedence and govern until such time that a subcontract agreement is accepted and executed.

RETENTION:

Five percent (5%) retention shall be due and payable 35 days after substantial completion of MSC's work. No retention shall be withheld on materials. If retention is to be held on any job, Martinez Steel Corporation will require a 10% deposit (upfront fee) on materials and labor prior to the commencement of any work including, but not limited to, detailing and fabrication of rebar for the placing of the same.

CHANGE ORDERS:

Martinez Steel Corporation shall submit pricing for changes in the scope of work to the Contractor within three (3) weeks of receipt. Change orders shall be issued no later than thirty (30) days from the date of our submittal. If this is exceeded, then MSC shall retain the right to refuse to provide any further material and /or labor associated with those changes until such time that a change order is issued.

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
7) In the event there is an increase in the cost of fuel of more than $0.50 per gallon during the performance of this contract, ABSL will be entitled to a $75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: $425.00 per hour.
9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Todd Wheeler

RE: Proposal for SWPPP for Caltrans 10-0Q17U4, Bids 12/10/15

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services. This proposal assumes the project is a Risk Level 1.

Scope of Work:

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Stormwater Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements.
   - II. Report will be prepared by a Qualified SWPPP Developer (QSD).

C. Provide Weekly Stormwater Inspection and Water Pollution Control Manager
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Developer (QSD) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSD.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item D below for rain event inspection).

D. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
   - I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
   - II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
   - III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
   - IV. Inspections will be done or overseen by a QSD or QSP.

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 13) $2,600 ✓

B. Stormwater Annual Report $1,000 ✓

($500 EA x 2, Bid Item No. 14)

The following services will be provided on a Time and Materials/Not to Exceed basis as needed:

C. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 375 per week

$125/hr x 3 hours = $375/week x 59 weeks = $22,125 Not to Exceed ✓

D. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 375 EA

$125/hr x 3 hours = $375 per visit x 10 visits = $3,750

For quantity purposes, we estimate no more than 10 events

This is based on the project lasting 59 weeks.

Contractors should take note that Items C and D above are required items under the Caltrans "Prepare SWPPP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The SWPPP will be provided within 2 weeks of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,

Robin Tully

GENERAL CONDITIONS

This Proposal and Construction Contract assumes that mutually agreeable commercial and legal terms and conditions will be reached.

This Proposal and Construction Contract, including, General Conditions and attachments hereto, if any identified in Special Conditions (herein "Contract") is entered into as of the date of proposal by and between Intermountain Slurry Seal, Inc and herein called "Owner". Owner and Contractor agree as follows: Contractor shall commence and continue thereafter to diligently perform the Work in accordance with mutually agreed upon schedule. The mutually agreed upon schedule shall provide for working days in which to perform the Work. A working day is defined as any day except Saturday, Sunday, and Legal Holidays and except days on which Contractor is prevented from proceeding with at least ninety percent of the normal labor and/or equipment force required to perform the Work due to events or circumstances beyond the control of Contractor including, but not limited to, those events or circumstances identified in Sections 7 and 8 in the General Conditions.

1. WORKMANSHIP AND MATERIALS: Contractor acknowledges that it is familiar with the nature and location of the Work. All Work shall be performed by Contractor in a workmanlike manner, and in accordance with industry standards.
2. PAYMENTS: Contractor shall receive progress payments monthly in proportion to the amount of Work performed during the period covered by Contractor's billing. Progress payments will be made within ten (10) days after Owner receives a billing from Contractor setting forth the amount due for the Work performed and covered by the billing. Owner shall pay to Contractor, as full compensation for performance by Contractor of the Work (herein "Contract Amount") the following amount . Progress payments shall be 100% of the estimate and the sum of 1.5% per month shall be added to any balance unpaid when due. The Contract amount shall include all applicable Sales, Use, Franchise, Excise and other taxes which may now or hereafter be levied. In the event the above price is a unit price based on quantities, final payment shall be for actual quantities jointly determined by the Owner and Contractor, upon completion of all Work hereunder. Contractor shall have the right to terminate this Contract if Owner is unable to demonstrate to the satisfaction of Contractor prior to commencement of Work (or at anytime during the course of the Work in response to the written request of Contractor) Owner's ability to make payments for the Work to be performed hereunder in the manner and at the times set forth herein.Final payment shall be due Contractor within ten (10) days after (i) Owner's receipt of a final billing from Contractor or (ii) completion of the Work, whichever shall occur last. The proportionate amount of Work billed on Contractor's progress billings shall be subject to the approval of Owner. Progress payments shall not be construed as an acceptance of any Work, the entire Work being subject to final inspection and approval by Owner. As it would be extremely difficult to fix and ascertain the actual damages the Contractor would sustain by Owner's failure to pay moneys due to Contractor under the terms of this Contract at the times and in the manner specified herein, it is hereby agreed by the parties hereto that the Owner shall pay to the Contractor in addition to all sums due hereunder the sum of the percentage per month. Nothing contained herein shall be deemed consent by the Contractor for extending the due date for payment under this Contract. No retention will be held on private work.
3. CHANGES IN THE WORK: Owner may, from time to time, by instructions or drawings issued to Contractor, make changes to the scope of the Work, issue additional instructions, request additional Work or direct the omission of Work previously ordered, and the provisions of this Contract shall apply to all such changes, modifications and additions with the same effect as if they were embodied in the original contract. The price or a formula for establishing the price and any time impacts to the schedule for such Work shall be set forth in a written change order either prior to the commencement of work or as soon as practical thereafter and shall be mutually agreed upon with Contractor. Absent the parties' agreement to price and/or time extension for a change in the Work, Owner shall pay Contractor its actual direct costs in completing said extra Work plus a mark-up of 15 percent thereon for overhead and profit.
4. INDEMNITY: Contractor shall indemnify and hold Owner harmless against all claims, damage suits, actions, recoveries and judgments caused by the negligence of Contractor, its agents, employees, or subcontractors, in performing the Work.
5. RESPONSIBILITY FOR WORK: Contractor shall be responsible for and shall bear any loss of or damage to the Work and all materials, supplies and equipment until such time as Contractor has de-mobilized from the Work site. In no event, shall Contractor be liable for such loss or damage that results from the actions, omissions, fault or negligence, either active or passive, of the Owner, Owner's representatives, agents, employees, its other contractors or anyone acting on Owner's behalf or others over whom Contractor has no authority or control.
6. INSURANCE: Contractor shall maintain such insurance as will protect it from claims under workers' compensation acts and from claims for damages because of bodily injury, including death, or injury to property which may arise from and during the operation of this Contract. A certificate of such insurance shall be provided to the Owner if the Owner so requests.
7. DELAYS BEYOND CONTROL OF CONTRACTOR: In the event Contractor shall be delayed in the performance of the Work under this Contract by causes beyond the control of the Contractor and not caused by Contractor's negligence, including, but not limited to, Change Orders, Acts of God, or of the public enemy, acts of any governmental agency, fire, flood, epidemics, strikes, freight embargoes, inclement weather, over optimum moisture content of ground or base course, unsuitable ground conditions or delays caused by other contractors, their subcontractors of any tier and the suppliers to any of the foregoing, Contractor shall have a time extension to the mutually agreed schedule for the time caused by said delay and shall be paid its additional costs incurred as a result of the delay, including labor and material cost or price escalations, and extended jobsite and home office overhead.
8. DIFFERING SITE CONDITIONS: (A) Contractor shall promptly, and before the conditions are disturbed, give a written notice to Owner of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this Contract, including but not limited to any subsurface utilities not accurately shown on plans or drawings, or (2) unknown physical conditions at the site of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Contract, or (3) the existence of contaminated, toxic or hazardous materials or conditions not specifically described in type, character, or quantity in a Work Order, which existence is deemed to be a differing site condition. (B) Owner shall investigate the site conditions promptly after receiving the notice. If the conditions do materially so differ or are deemed to so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the Work under this Contract, whether or not changed as a result of the conditions, an equitable adjustment shall be made under this clause and the Contract price increased to reflect Contractor's increased costs plus a mark-up of 15 percent, and the mutually agreed schedule extended accordingly.
9. LAWS AND REGULATIONS: Contractor shall at all times comply with all applicable safety, licensing, employment and environmental laws, ordinances, statutes, rules and regulations of the Federal Government, State, County, Municipalities or their Agencies of Government (herein "Law" or "Laws").
10. OWNER: Owner represents he/she/it is the Owner in fee simple of the real property upon which the construction improvement is to be made.
11. ACCEPTANCE: Upon receipt of written notice from Contractor requesting acceptance of the Work being performed hereunder, Owner and Contractor shall promptly inspect the job jointly and, in the event the same has been completed in conformity herewith, provide Contractor with a Notice of Completion in recordable manner and form. In the event the Work performed is subject to further inspection and/or final acceptance by another person or entity, and such inspection and/or final acceptance cannot be obtained through no fault of Contractor, then in such event the Work shall be deemed completed and accepted. Contractor shall warrant its Work against defects in materials and workmanship for a period of one year from the date of completion of the Work. .
12. PERMITS: Owner will obtain and pay for all permits, inspection fees, soils test, engineering, staking, fees for utility connections, or other such similar items required for the performance of Work hereunder.
13. SUBCONTRACTING: Contractor shall have the right to subcontract any portion of the Work hereunder, and all Work performed by subcontractors shall be subject to all of the applicable Contract terms and conditions.
14. LIENS AND CLAIMS: Provided Contractor has been, and continues to be, timely paid all amounts due it, Contractor shall promptly pay valid claims of all persons, firms or corporations performing labor or furnishing equipment, materials and other items used in, upon or for the Work done hereunder.
15. FAILURE TO MAKE PAYMENTS: In the event Owner shall fail to make payment at the times and in the amounts provided for in this Contract, Contractor shall have the right to stop Work. In such event all amounts due Contractor, including retention, if any, shall immediately become payable and Contractor shall have the right to recover all damages sustained by Contractor as a result of such breach of contract by Owner.
16. DEFAULT: In the event Contractor shall fail to timely perform any provision of this Contract and if such failure should continue for thirty (30) days after receipt of written notice from Owner, then Owner may terminate this Contract and cause the balance of the Work to be completed by other parties. In any such event, if the reasonable cost of such completion exceeds the unpaid balance due on the Contract price, Contractor shall promptly pay such difference to Owner; otherwise, the unpaid contract balance shall be paid to Contractor.The Owner and Contractor each waive the right to recover from the other any indirect, incidental or consequential damages regardless of how such damages are caused.
17. COSTS AND ATTORNEYS' FEES: Should either party bring suit in court to enforce or interpret any of the terms hereof, or for a breach thereof, and/or to foreclose any mechanic's lien attributable to the Work done hereunder, the prevailing party shall be entitled to cost and reasonable attorneys' fees, which may be set by the Court in the same action or in a separate action brought for that purpose, in addition to any other relief to which the prevailing party may be entitled.
18. NOTICES: Any notice required or permitted hereunder shall be served personally on Contractor's construction manager or on the representative of Owner at the job site, or may be served by certified mail directed to the address of the party shown on the face of the Contract. Notices shall be effective upon receipt by the intended recipient.
19. ASSIGNMENT: Neither party shall assign all or any portion of this Contract without first obtaining the signed written consent of the other party. Subject to the foregoing, this agreement shall be binding upon and inure to the heirs, successors and assigns of the parties hereto.
20. WAIVER OF RIGHTS: Failure to enforce any rights hereunder shall not waive any rights in respect of other or future occurrences.
21. SEVERABILITY: To the best knowledge and belief of the Parties, this Contract now contains no provision that is contrary to any Laws. In the event that any provision of this Contract shall at any time contravene in whole or in part any applicable Law, then such provision shall remain in effect only to the extent permitted, and the remaining provisions hereof shall remain in full force and effect.
22. JURISDICTION: It is understood and agreed that each and every provision of this Contract, including any alleged breach thereof, shall be interpreted in accordance with the laws of the state where the Work is to be performed.

For Work performed within the State of California: California Law requires the following statement to be included in a written contract when the contractor performs work as a prime contractor within the State of California to which the written contract applies; "Contractors are required by law to be licensed and regulated by the Contractors' State License Board which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

RE: For Construction on State Highway in San Joaquin County Near Tracy From Stanislaus County Line To Alameda County Line, Contract # 10-0Q17U4, Federal Aid Project # ACNHP-X077(023)E, Bid date: December 10, 2015, 2:00 p.m., DBE Goal: 13%

Subject: Price Quote for providing Stormwater Pollution Prevention Plan (SWPPP) and Stormwater Pollution Control (WPC) Permit Compliance Services.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring work for the referenced contract. Here is our company information for your bidding use:

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified **DBE (Cert No. 37060 – Asian Pacific, Male)** and **Small Business Enterprise** firm certified by the Department of General Services of California **(SBE # 55132)**. Our **DIR registration number is 1000001343** and **annual gross receipt is below $500,000**. We have **operated for more than 7 years**. Our California Civil Engineer License is C 54292 and our QSD/QSP certificate number is 00399. We provide professional services only and do not provide construction work in the field therefore we do not possess a contractor license number.

We provide you an economical way to monitor the storm water compliance work on your project site. **We will work with your construction team to perform storm water monitoring tasks.** Here are our quotes for the following items:

Prepare SWPPP for **Risk Level 1 Project.**

Item #13 – Partial	**Estimated fee**
Prepare SWPPP by **a Qualified SWPPP Developer (QSD) and Licensed Civil Engineer of California.** (We will **increase the fee by 150%** for preparing the SWPPP if you don't hire us for the QSD/QSP Bi-weekly Monitoring Services)	$1,760

The SWPPP will conform to the Caltrans Standard. The draft SWPPP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the SWPPP. If you need hardcopies, the printing cost is $300 per set plus shipping. The hardcopy of the SWPPP will be bounded in a ring binder and delivered to you via UPS ground.

The SWPPP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP). It also does not include preparing water pollution control items for aggregate crushing plant or, concrete or asphalt concrete batching plant.

Payment shall be paid in full once the SWPPP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Here are other bid item quotes for stormwater quality monitoring work for **Risk Level 1 project**.

Item # 12 – Partial	**Estimated Unit Cost**	**Estimated Quantity**	**Estimated fee**
Job Site Management - Provide QSD/QSP Weekly Monitoring Service, Estimated **7 hours bi-weekly** including travelling time. This is a partial scope (reduced cost) of work, see **Note 1** below.	$110/hour x 7 hours bi-weekly is $770 bi-weekly plus mileage cost is $65/ Roundtrip =$835 bi-weekly	295 working days = approximately 30 bi-weekly	$25,050

Item # 14 – Partial	**Estimated Unit Cost**	**Estimated Quantity**	**Estimated fee**
Storm Water Annual Report – Prepare CEM 2070 and CEM 2075 only. Inspection and Reporting Log is not included.	$110 x 4 hours each =$440/EA	2 EA	$880

Total Estimated Fees = $27,690 (This is an estimated fee for our quoted items. The actual contracted fees might vary from this estimated fee. During the contract period, we will submit the actual executed tasks or hours on our weekly timecard, and send to you for approval before invoicing for payment.)

Our QSDs/QSPs are California Registered Civil Engineers. We only provide stormwater site visual inspection services and will not perform construction work or provide construction materials in the field.

Note 1: We quoted the Job Site Management that our QSD/QSP will come to the project site every two weeks. If the owner insists that the QSD/QSP has to come on the project site every week, the estimated hours will be 6 hours per week and the estimated fee will be $43,500 for the weekly monitoring work. Your construction team will work with us and take responsibilities for the storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings, testing and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we hire for the job.

If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as reviewing or performing unpredictable weather related work, our rate for a QSD/QSP is $110 per hour. Travelling time will be charged with this rate. If testing meter or kit is used, our daily charges for the pH meter is $80/day, turbidimeter is $100/day and dissolved oxygen meter is $100/day.

Parking and travelling expenses with 10% administration fees will be charged separately from the quotes above if it incurred on this project. Our QSD/QSP will be travelling from Concord to the site therefore the roundtrip mileage cost is $65 for each field monitoring work.

Exclusion,

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew,
- Inspection and Reporting Log for the Storm Water Annual Report.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

GENERAL TERMS AND CONDITIONS

QSP/QSD/WPCM. S Kwok Engineers, Inc. ("Consultant") is certified as a Qualified SWPPP Practitioner ("QSP") and Qualified SWPPP Developer ("QSD") under the State Water Resources Board's Construction General Storm Water Permit ("CGP"). Consultant's responsibilities shall conform and are limited to the requirements of the CGP, as applicable, to Consultant's retention as a QSP or QSD. The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP"), or for Caltrans projects, a Water Pollution Control Program or Plan ("WPCP"), is ten (10) business days. In order for Consultant to prepare a SWPPP or WPCP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, contract and/or purchase order. Payment to Consultant for preparation of the SWPPP or WPCP shall be in full once the agency's Engineer approves or conditionally approves the beginning of construction activities. **Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution on or unauthorized discharge of pollutants from the project, including, without limitation, any resulting costs, penalties or fees. Consultant is not responsible for implementation of Best Management Practices (BMPs) and preparation of Dewatering and Discharge Plan (DDP).** Consultant may monitor Active Treatment Systems ("ATSs"), but is not responsible for the design, installation, operation ATSs.

Insurance. Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:

- General liability - $1 million per occurrence/$2 million aggregate;
- Professional liability - $1 million per occurrence/$2 million aggregate;
- Commercial automobile liability - $1 million combined single limit;
- Umbrella liability – $1 million;
- Worker's compensation liability - $1 million per accident for bodily injury or disease.

Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.

Billing. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.

Instruments of Service. All plans, reports, data, photographs and other documents or electronic media prepared in whole or in part by or on behalf of Consultant ("Instruments of Service") shall not be used or permitted to be used by Contractor on any project other than the project for which Consultant prepared such Instruments of Service.

Change Orders and Extra Work. Consultant shall not be required to perform work different than or in addition to the scope of work agreed in Consultant's contract with Contractor without a written change order signed by Contractor and Consultant or extra work authorization signed by Contractor which includes an adjustment to the contract price and time for performance as agreed to by Contractor and Consultant.

Suspension of Work and Termination or Cancellation of Contract. Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work authorizations as provided herein.

Site Conditions. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and

acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.

Force Majeure. Consultant shall not be liable for any damage or delays caused by any act or event beyond the reasonable control of Consultant, including, but not limited to, natural catastrophe, war or public disorder, strikes or labor disputes, and actions by a governmental authority.

Alternative Dispute Resolution. As a condition precedent to any legal action concerning any dispute between the parties which arises out of or relates to these General Terms and Conditions ("General Terms") or the Contract Documents, the parties shall mediate such dispute before the American Arbitration Association ("AAA") pursuant to the AAA's Construction Industry Arbitration and Mediation Procedures. Provided, however, that nothing contained in this provision shall prevent the parties from filing an action to preserve its rights to foreclose on a design professional or mechanic's lien, to enforce a stop notice claim, or to enforce a payment bond claim. The locale of the mediation shall take place at the AAA office nearest to the site of the project. Expenses of mediation shall be borne equally by the parties to the mediation.

Indemnity. Contractor shall indemnify, hold harmless, and defend (with counsel acceptable to Consultant) Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.

Incidental, Special, and Consequential Damages. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.

Cooperation. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP and Caltrans' specifications, as applicable, by, among other things, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions, ensuring Consultant access to the construction site at all times including after hours, weekends and holidays, and properly managing construction materials, stockpiles and waste.

Application. These General Terms shall alter and supersede any conflicting terms or conditions contained in the Contract Documents concerning the work performed or to be performed by Consultant on the project including any provision purporting to alter or supersede these General Terms.

Construction. These General Terms shall not be construed against any of the parties and the rule of constructing contract ambiguities against the party drafting the contract shall be inapplicable.

Attorneys' Fees. In the event any legal action is filed which arises out of relates to these General Terms or the Contract Documents, the prevailing party shall be entitled to recovery its reasonable attorney's fees and other costs, including expert costs, in addition to any other relief to which it may be entitled.

Governing Law. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.

Severability. If any provision contained herein is held to be invalid or unenforceable, such invalid or unenforceable provision(s) shall not affect the validity or enforceability of any other provision contained herein.

Survivability. The provisions contained in herein shall survive the completion, cancellation or other termination of Consultant's contract with Contractor.

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

We need ten (10) business days to prepare the draft SWPPP for review pending on all the requested information and project schedule provided by you.

Please feel free to call me if you have any questions. These quotes are valid for 6 months from the below date.

Respectfully submitted,

RE: Work Item Review for G&C Equipment Corporation

Dear Mr. Hale:

This letter is regarding the recent meeting your company had with Caltrans Directory Malcolm Dougherty and Assistant Director René Halverson from the Office of Business Economic Opportunity.

Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Work Item Description	G&C's Role Determination
Safety Equipment Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Reinforcing Bar Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Lumber Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Pipe Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Guard Railing & Barriers Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Traffic Stripes, Marking & Traffic Control Materials	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Wholesale Broker of Construction Materials	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks

Work Item Description	G&C's Role/Participation
Sign Structure Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Electrical Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Construction Area Signs Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Plumbing Materials Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks

Since we have determined your firm is providing a CUF for the specified classifications listed in the table above, the DVBE credit can ONLY be granted to the afore mentioned classifications and counted towards DVBE goals for Caltrans State funded contracts. For all other goods and services that G & C Equipment is listed for, the Contract Evaluation Unit will assess these particular work items on a contract by contract basis.

You may review your firm's information on the Department of General Services (DGS) website at http://www.bidsync.com/DPXBisCASB. It is your responsibility to maintain correct information regarding your firm's name, address, phone/fax number, and e-mail address on the DGS website.

If you have questions or need further assistance or clarification, please contact Ryan Jeske, Contract Evaluation Analyst, CEU at (916) 324-0462, or by email at ryan_jeske@dot.ca.gov.

Standard Terms and Conditions

1. Rates do not include the application of prevailing wages and contractor agrees that if required the additional costs will be reimbursed.
2. Trucks are based on schedule and availability and must be mutually agreed upon before commencement of work.
3. Minimum charges apply for late cancellations (less than 2 hours before appointment times) not less than 4 hours at our standard hourly rates.
4. Tonnage rates are based on 8 hour trucking shifts and unless incurred standby time is paid in full, tonnage rates will not be honored.
5. Tonnage rated work is subject to a 24 ton minimum charge for double bottoms or Dillard owned semi bottoms (40' long) and 20 ton minimum charge for semi ends, super dumps, and standard semi bottoms.
6. Damage to trucks and trailing equipment caused by the contractor or its subcontractors will be reimbursed at cost.
7. For hourly work, minimum charges apply: 6 hours at night and 8 hours during the daytime.
8. Dillard is a UDBE truck broker but cannot guarantee UDBE participation as filling orders takes priority over achieving any UDBE participation. Dillard never agrees to provide any certain number of UDBE trucks for any project at any time and does not agree to any lump sum participation amount. We make every effort to fill truck orders as they are received.
9. Fuel surcharges apply at a rate of 5% unless agreed to be waived in writing and are subject to further increases as fuel prices adjust upward without notice.
10. Customer agrees to pay our legal fees and all collection costs if the account becomes delinquent.
11. Payment terms are strictly 30 days from invoice date with finance charges accruing on the unpaid balance at a rate of 1.5% per month.
12. Project specific quotes are valid for 90 days until secured by a contract or Dillard ATP.
13. Multi-year contracts are subject to increases of 4% per year without notice.
14. Bridge tolls will be reimbursed at cost.
15. All proposed back-charges to Dillard for lost materials, or other costs directly caused by Dillard or one of its sub-haulers will be presented in writing to Dillard for consent or rebuttal within 10 days of the alleged incident. No late back-charges will be honored. Dillard will not be responsible for back-charges resulting from any unforeseen circumstances related to but not limited to equipment failures, break downs or any down time.
16. Dillard is certified with various agencies as a SDB, DBE, SDBE, WBE, LBE, and UDBE.
17. In the event the account becomes delinquent and it is necessary to institute legal proceedings, CUSTOMER agrees to pay DES' attorney's fees incurred in such proceeding, action or suit or in any appeal thereon. Any proceeding, action or suit arising from this agreement will be tried exclusively in the courts located in Contra Costa County.

provide public transport that can take them to where the jobs are, and to give children a fair start from the beginning.

President Barack Obama is in Chicago this week at a gathering of police chiefs. It is important to keep pushing for police and criminal justice reforms, but the "therefore" must go far beyond. It is time to convene a National Commission on Race and Poverty to go beyond reporting on the whereas and start detailing the therefores.

Obama Will Order Federal Government to 'Ban the Box'

By Carimah Townes, ThinkProgress

In order to remove barriers to employment for the formerly incarcerated, President Obama will order federal employers to "ban the box" in the early stages of the application and hiring process. Monday's announcement is the result of mounting pressure from legal groups and former inmates.

The decision, which will be announced during the president's trip to Newark, New Jersey, will require the federal government's Human Resources department to "delay inquiries into criminal history until later in the hiring process." Although it does not ban the criminal background question altogether, job applicants are more likely to receive an offer if the question is posed later in the application process.

In July, the president called on employers to eliminate the criminal history question from job applications, but stopped short of executive action. Several weeks later, ban the box advocates rallied in front of the White House to pressure Obama to take executive action. People who lived through the experience of leaving prison and struggling to find work shared how demoralizing the barrier to employment can be.

"Given the racial disparities of the American criminal justice system, criminal record based discrimination in the employment context serves as a surrogate for race-based discrimination," Glenn Martin, a formerly incarcerated activist and President of Just Leadership USA, told ThinkProgress. "President Obama's steps to ban-the-box means that more qualified jobseekers will have the chance to find jobs, support their families, and pay taxes."

Close to 90 percent of all employers in the country conduct background checks, making it extremely difficult for people who served time in prison to advance in the hiring process. Within the first year of their release, 60 percent of people cannot secure jobs. The ones who do make 40 percent less money than their colleagues.

People who cannot find work are also more likely to meet their basic needs through criminal activity and wind up behind bars once more.

"I just got out of jail doing 6 years, and that box was the thing that kept leading me back into incarcerations, due to the simple fact that I had a criminal record, and anytime you have a felony or whatever the case may be, it holds you back from certain jobs," Christopher Williams, a formerly incarcerated Massachusetts resident, previously told ThinkProgress. "To me, it was discrimination because, you didn't even ask me, what do I have a felony for. You just straight up told me you'll call me in three days and it's been three weeks and you never called me back. I get frustrated and it leads me back to the same thing I went to jail for."

According to the National Institute of Justice, having a criminal record negatively affects someone's chance at employment more than any other type of stigma. And just as the U.S. disproportionately incarcerates people of color, minorities with a criminal record are disproportionately impacted by discrimination in the application process. While the executive order will improve the prospects of federal jobseekers, millions of people looking for jobs outside of the federal system will still be confronted by the dreaded question.

Only 19 states have passed ban the box legislation, and seven have extended the policy to private employers.

Roads Are Getting a Redesign

By Daniel C. Vock

The first time Dean Ledbetter heard about "complete streets," he thought it was a crazy idea. Ledbetter, a North Carolina traffic engineer, had devoted his career to creating roads that allowed cars to move faster. Complete streets would slow cars down, reworking roads to accommodate bicyclists, transit users and pedestrians, including people pushing baby strollers and riding in wheelchairs. Ledbetter's first reaction, he says, was, "Why would you want to ruin a perfectly good road?"

But the federal government, worried about North Carolina's stubbornly high pedestrian fatality rate, started offering state traffic engineers like Ledbetter free classes on complete streets. He took the classes three times. The first time, he wrote off the idea. The second time, he figured it might be feasible in big cities like Charlotte and Raleigh. The third time, he started thinking about how he could use it in his own work.

The opportunity came when leaders from West Jefferson, a town of 1,300 people, approached him about improving its main downtown strip. Ledbetter suggested getting rid of two stoplights and replacing them with all-way stop signs. That would save the state money and make the downtown easier to walk through. He also recommended repainting the road to make it look friendlier to pedestrians. If West Jefferson implemented these streetscape improvements, the town would get $250,000 in state money. Its board approved the deal on a 3-2 vote on a Monday night; by Thursday, the street was repainted and the traffic lights were gone.

The more attractive -- and more walkable -- downtown started bringing in more businesses. A wine shop and a brewery opened up, along with stores selling jewelry, kitchen gadgets and antiques. The number of vacant downtown storefronts dropped from 33 to three. Tourism increased dramatically. Of course, the street design was not the only factor in play. West Jefferson benefited from a decade-old plan to revitalize downtown, not to mention a wealth of local artistic talent that helped with the transformation. But promoting foot traffic was a catalyst for bigger changes.

The VEDC's Barragan says a key part of the new loan program is offering technical assistance to the small business owners as they're applying for the loans. Another challenge many small African-American businesses face is in preparing the necessary paperwork. "The quality of their financial statements and the quality of their tax returns is less," Barragan told KPCC. "So they're simply less prepared to go to somebody and say, 'please lend me $150,000 per year.'"

The African-American Labor Force in the Recovery

Continued from page 3

In recent months, there have been signs that African Americans have begun to benefit from the nation's economic recovery. The national unemployment rate in January 2012 was 8.3 percent, well below the nation's average unemployment rate in 2010 of 9.6 percent. Although their unemployment rate started to decline later, African Americans also saw improvement over that time. The black unemployment rate in January 2012 was 13.6 percent, down from the 2010 average of 16.0 percent, and a little lower than February 2009's rate of 13.7 percent.

Chart 2 shows the seasonally-adjusted monthly unemployment rate for black men, women, and youth (aged 16-19). As shown in the chart, the unemployment rate among adult black men (aged 20 and over) has risen considerably more than for adult black women (aged 20 and over), creating an unemployment rate gap that grew throughout the recession and only narrowed in January 2012. In 2007, the unemployment rate gap averaged 1.2 percentage points. By 2009, the average unemployment rate gap between adult black men and women had expanded to 4.8 percentage points, before narrowing slightly over the course of 2010 and 2011 to 3.5 percentage points. In January 2012, the gender unemployment gap was virtually eliminated. Adult black men had an unemployment rate of 12.7 percent compared to a rate of 12.6 percent among adult black women.
