Relief of Bid Request Statement
- a) **A mistake was made:**
- a. We submitted our bid electronically at the beginning of the day this last Wednesday with only a small portion of our bid items completed with the intention that we would make additional bid submittal(s) to reflect our final pricing. Prior to making an additional bid submittal we lost power and telephone to our building. A commercial vehicle took out the utility pole that feeds our building. In the absence of power and telephone, we were unable to submit our electronic bid again.
- b) **The public entity is given written notice within five (5) working days after opening of the bid of the mistake, specifying in detail how the mistake occurred:**
- a. Written notice is provided today which is within five (5) working days of the March 11, 2015 bid date.
- b. The error was made when submitted only a part of our bid and were not able to submit our final bid price due to a power and phone outage.
- c) **The mistake made the bid materially different than intended:**
- a. The bid amount submitted was a fraction of our intended bid amount and in no way reflects our intended bid pricing.
- d) **The mistake was made in filling out the bid and not due to error in judgment or in reading the plans or specifications:**
- a. The mistake was made by making an early bid submittal and then not being able to make another electronic bid submittal with our intended pricing.
