CALTRANS BIDDER - DBE - COMMITMENT

DES-OE-0102.10C (NEW 06/2012)

Third Bidder

10-5-14 A 7:21 RCVD

This information may be submitted with your bid proposal. If it is not, and you are the apparent low bidder or the second or third low bidder, it must be submitted and received as specified in section 2 of the specifications. Failure to submit the required DBE information will be grounds for finding the bid nonresponsive.

CONTRACT NO: 11-0223U4

BID AMOUNT: $ 60,998,301.00

BID OPENING DATE: 10/9/14

BIDDER'S NAME: GRANITE CONSTRUCTION COMPANY

DBE GOAL FROM CONTRACT, %: 10%

DBE PRIME CONTRACTOR CERTIFICATION[1]: N/A

BID ITEM NO.	ITEM OF WORK AND DESCRIPTION OF SERVICES TO BE SUBCONTRACTED DR MATERIALS TO BE PROVIDED[2]	FOR CALTRANS USE ONLY	NAME OF DBEs (Must be certified on the date bids are opened - include Caltrans certification #, DBE address and phone number) (indicate 2nd and lower tier subcontractors)	DOLLAR AMOUNT DBE[3]
	Please See Attached Spreadsheet, Bidder DBE Commitment			

IMPORTANT: Identify all DBE firms being claimed for credit, regardless of tier. Names of the First Tier DBE Subcontractors and their respective items(s) of work listed above must be consistent, where applicable, with the names and items of work in the "Subcontractor List" submitted with your bid. Copies of the DBE quotes are required.

Total Claimed Participation $ 3,759,510.55

5.97 %

1. DBE prime contractors must enter their certification number and indicate all work to be performed by DBEs including work performed by its own forces.
2. If 100% of item is not to be performed or furnished by DBE, describe exact portion of item to be performed or furnished.
3. See section 2-1.12 of the specifications to determine the credit allowed for DBE firms.

Signature of Bidder David A. Donnelly, VP Southern California Region

Specifically excluded from our proposal

6. All engineering, excavation, shoring unless otherwise noted, spoil removal, backfill, QCP/Third Party Inspection, drawings, or pile driving records. Truck crane and pile handling equipment access to/between each location. WQCP, Traffic Control, Lighting, K-rail Removal, Noise Monitoring, Vibration or movement monitoring of adjacent structures, . Etc.
7. Rebar dowels purchased and placed by the General Contractor.
8. Any hazardous waste management, disposal, or liability.

Unless otherwise noted, all terms and conditions in this proposal shall become an attachment (Exhibit "A") to any contract, which references the work in this proposal. In the event of any conflict between any one or more of the provisions in this proposal and the provisions of the Contract, the provisions of this proposal shall supersede and prevail.

1. Prime Contractor/Owner shall provide at NO cost to Tipco Engineering, Inc.:
   a) Locating and removing belowground obstructions that interfere with pile installation and de-energize electric lines to conform to all safety regulations.
   b) Excavation dewatering.
   c) Public safety measures including but not limited to traffic control, delineation and barricading of the job site, barricading and/or fencing for excavations.
   d) Excavation at pile location required in plans and specifications completed before pile driving.
   e) Establishing and maintaining surveying for pile layout and pile cut-off elevations.
   f) Shoring and sloping for excavations in accordance with OSHA and approved by Tipco.
   g) Protection of property from diesel hammer spray and exhaust.
   h) Minimum distance of 36 inches from pile center to shoring or other obstructions.
   i) Protection of utilities, structures, improvements, and property from damages due to ground heave, soil movements, or vibrations generated by pile installation.
   j) Removal and disposal of pre-drill spoils and pile cutoffs unless noted otherwise.
   k) Provide on-site storage area for the project materials.
   l) Provide all weather level access, minimum 25 feet wide that allows pile driving and pile moving equipment within 35 feet of all piles.
2. Prices are based on the following;
   a) Pile driving performed during eight hour, daytime shifts, Monday through Friday.
   b) Reimbursement to Tipco for all costs associated with delays, out-of sequence moves, and extra work caused by obstructions.
   c) Two mobilizations and demobilizations for one pile driving set up. Each additional mobilization/demobilization charged at $25,000.00
   d) Pile driving in one continuous operation with sequence mutually agreed upon for each mobilization.
   e) Standby for crew and equipment charged at $875 per hour.
   f) Standby for equipment at site with no crew present charged at $1250 per day.
   g) Tipco General Liability insurance coverage of $1,000,000 each occurrence and $2,000,000 aggregate. Special agreements, waivers, or additional coverage's will be an additional cost.
   h) Pile driving schedule shall be mutually agreed upon before mobilization.
   i) If noise reduction requires equipment modifications, delays, or any changes in our pile driving operation, Tipco shall be reimbursed for costs incurred.
3. Prices do NOT include the following:
   a) Payment or Performance bonds.
   b) Any inspection associated with piles.
   c) Reports, as-built drawings, pile driving records, engineering or design.
   d) Furnishing/installing rebar dowels or pile anchors, bending of extended rebar unless noted otherwise.
   e) Hold-harmless agreements.
   f) Working on mats.
   g) Permits of any kind except hauling.
   h) Railroad insurance.
   i) Using a follower to drive pile top below surface.
   j) Sound, vibration or ground movement measurement.
4. Payment:
   a) Payment of 90% of work completed the preceding month shall be received by the 15th of the following month, and full payment (including retention) to be received within 60 days after substantial completion of work performed by Tipco.
   b) Late payments are subject to a 2% per month charge.

This quote is firm for 30 days at which time it is void. Based on today's material cost. Escalations or Reductions will apply at time material is released for purchase.

Respectfully submitted,

Accepted by,

Anthony Will
Project Manager

DBE Good Faith Effort Documentation

Ladies and Gentlemen:

Enclosed is the following DBE Good Faith Effort Documentation and supporting information for subject project:

- Caltrans –District 11 DBE Information & Good Faith Effort Forms;
- Attachment "A", Appendix #1 Breakdown of Bid Items Solicited & Quotes;
- Attachment "A", Appendix #2, Copies of advertisements;
- Attachment "A", Appendix #3, Initial and follow-up solicitations;
- Attachment "A", Appendix #4, Communications with assistance groups & extra efforts regarding contacting and assisting interested DBE contractors and suppliers.

This information demonstrates Granite Construction Company's good faith effort to obtain DBE participation on this contract.

Please contact Mike Boer if you have any questions concerning this submittal at 760-732-0915.

Sincerely,

Mike Boer

Mike Boer
Chief Estimator

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012)

1. List items of work the Bidder made available to DBE firms. Identify those items of work the Bidder might otherwise perform with its own forces and those items that have been broken down into economically feasible units to facilitate DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

Item of Work Offered	Bidder Normally Performs Item (Y/N)	Item Broken Down to Facilitate Participation (Y/N)	Amount ($)	Percentage of Contract

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012)

2. List the names of certified DBEs and the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, telephone records, fax confirmations, etc.

Name of DBEs Solicited	Date of Initial Solicitation	Item(s) of Work	Follow Up Methods and Dates
Please See Attachment A,	Appendices 3 &	4 of Good Faith Effort Documentation	

3. For each item of work made available, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE.

Item(s) of Work	Name of Selected Firm	DBE or non-DBE	Name of Rejected Firm	Quote ($)	Price Difference ($)
Please See Attachment A, Appendix 1 of Good Faith Effort Documentation					

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above.

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012)

4. List the names and dates of each publication in which a request for DBE participation for this project was placed by the bidder. Attach copies of published advertisements or proofs of publication:

Publications	Dates of Advertisement
Please See Attachment A, Appendix 2 of Good Faith Effort Documentation	

5. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
-Please See Attachment A, Appendices 2, 3, & 4 of Good Faith Effort Documentation			

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

-Please See Attachment A, Appendices 2, 3, & 4 of Good Faith Effort Documentation

7. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

-Please See Attachment A, Appendices 2, 3, & 4 of Good Faith Effort Documentation

8. Include additional data to support a demonstration of good faith efforts.

Please See Attachment A, Appendix 4 of Good Faith Effort Documentation

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

ADA Notice For individuals with sensory disabilities, this document is available in alternate formats. For information call (916) 654-6410 or TDD (916) 654-3880 or write Records and Forms Management, 1120 N Street, MS-89, Sacramento, CA 95814.

RE: Caltrans 11-0223U4
Retaining Walls and CIDH Proposal

Estimating,

Condon-Johnson & Associates, Inc. (CJA) is pleased to offer the following proposal for the items listed below on the above referenced project. CJA will supply all labor, materials and equipment to perform the work in accordance with the plans, specifications, scope of work and qualifications as listed and as identified herein. Bid items may not be separated without CJA's permission.

Bid Pricing – See attached

Scope of Work

Concrete Backfill – Furnish and place concrete backfill in 24" Drilled Holes as shown on Retaining Wall 3 plans and in accordance with Section 19.

Lean Concrete Backfill – Furnish and place lean concrete backfill in 24" Drilled Holes as shown on Retaining Wall 3 plans and in accordance with Section 19.

Ground Anchors – Work includes providing, installing and testing ground anchors as shown on Retaining Wall No. 4 plans and in accordance with Section 46 -1 & 2.

Soil Nails – Work includes providing, installing and testing soil nails as shown on Retaining Wall No. 3, 4, 8 and 11 plans and in accordance with Section 46 -1 & 3.

24" Drilled Hole – Drill to the depths as shown on the RW 3 plans and in accordance with Section 49. Place steel soldier piles furnished by General Contractor.

36" CIDH – Work includes drilling shafts to specified tips, placement of reinforcing cages provided by others, providing and placing concrete to pile cut off elevation as shown on Bridge No. 57-1231 plans and in accordance with Section 49- 1 & 3. Piles shall be drilled from existing grade.

48" CIDH – Work includes drilling shafts to specified tips, placement of reinforcing cages provided by others, providing and placing concrete to pile cut off elevation as shown on Bridge No. 57-1231 plans and in accordance with Section 49- 1 & 3. Piles shall be drilled from cutoff elevation.

96" CIDH – Work includes drilling shafts to specified tips, placement of CIDH and column reinforcing cages provided by others and placing concrete to pile cutoff elevations as shown on Bridge No. 57-1224 plans and in accordance with Section 49-1 & 3. General Contractor responsible for guying column cage above-grade immediately and in a manner so that it does not affect follow-on work. Guy wire to be set to provide 20' minimum access around completed piles.

Structural Shotcrete – Work includes:

Soil Nail Walls RW 3, 4, 8 & 11 – Providing and placing behind the wall drainage panels with weep holes, providing and placing wire mesh, placing vertical and horizontal rebar (provided by others), and providing and placing structural shotcrete as shown on RW 3, 4, 8 & 11 plans and in accordance with Section 53-2. General Contractor shall provide cuts and granular material that allow CJA to backfill the WWF over the required lap splice dimension at the soil nail walls.

Ground Anchor Wall RW 4 – Providing and placing behind the wall drainage panels with weep holes and providing and placing structural shotcrete as shown on RW 4 plans and in accordance with Section 53-2. General Contractor shall provide a soffit, either of soil or some other form, at bottom of each shotcrete lift at the ground anchor wall.

Mobilization Walls – Work includes:

A single mobilization of vertical drilling equipment for 24" Drilled Holes at RW 3.

A single mobilization of horizontal drilling and shotcrete equipment required to construct RW 3, RW 4, RW 8 and RW 11 with single onsite mobilizations between the walls.

Mobilization CIDH – Work includes:

Two mobilizations of vertical drilling equipment to construct the 96" CIDH at Genesee OC.

Two mobilizations of vertical drilling equipment to construct the 36" and 48" CIDH at Genesee POC.

Document Summary

CJA has specifically relied upon the documents listed below for the above referenced project. Provisions of the Prime Contract between Owner and General Contractor only apply as they directly relate to the scope of this proposal.

1. Retaining Wall No. 3, 4, 8,& 11 plan sheets 919 to 1012.
2. Genesse Avenue OC BR No. 57-1224 plan sheets 837-884.
3. Genesee Avenue POC BR No. 57-1231 plan sheets 885-918.
4. Information Handout – Genesee Ave, Genesee POC and RW 3, 4, 8, & 11 Foundation Reports.
5. 11-0223U4 Special Provisions.
6. Addenda #1-3.

Qualifications for Ground Anchor, Soil Nail and Soldier Pile Walls

1. Submittals required in Section 19-3 are to be provided by General Contractor. CJA will provide information as required.
2. Mass and structure excavation shall be performed by others and be coordinated with ground anchor/soil nail and shotcrete installation such that productivity is maintained. Structure excavation for walls, performed by others, shall be to back face of proposed shotcrete.
3. Access benches for soil nail and ground anchor installation shall be a minimum of 20' wide at the bottom of each nail/anchor lift, but shall be larger where the room exists. CJA has assumed that, for the most part, benches will be in excess of 40' wide. Multiple access ramps shall be provided at each of the walls to access the benches.
4. Benches shall be maintained for concrete truck access throughout duration.
5. Shotcrete volume used in excess of design wall thickness plus a theoretical 2" shall be considered overbreak to be paid at $225 per cy. The volume of shotcrete included in the bid, design thickness plus theoretical 2", is intended to cover construction of the shotcrete walls, fill ground anchor and soil nail hole "bird beaks", and cover line and washout waste, and rebound.
6. Rebound handling and removal is excluded.
7. Water blast surface preparation prior to final facing is excluded.
8. Tolerances for soldier pile, soil nail and ground anchor walls shall be 2" from an agreed upon layout line and 1% verticality based on wall height.
9. Drill spoils for 24" Drilled Holes will be stockpiled within 50 ft of any given drilling location. Removal is excluded.
10. CJA excludes any patching of wall penetrations.
11. CJA includes drainage details shown on RW drawings.
12. General Contractor shall provide soldier pile survey staking consisting of centerline stakes and offsets. General Contractor shall provide all RW survey including layout of soil nails and ground anchors, and offsets to face of shotcrete wall during all excavation lifts.
13. General Contractor shall provide a water source at no cost to CJA within 100 feet of each work area and grout plant.

14. General Contractor shall provide concrete washouts at no costs to CJA.

Qualifications for CIDH

1. General Contractor shall provide and maintain flat, level, and stable drilling platforms. The drilling operations will use all available area within each work area. Platform shall be capable of withstanding loads applied on it during all construction operations including cage hoisting operations. Any ramps shall have gradients less than 10%.
2. Lane Closures as required for hoisting rebar cages from the travel way and concrete trucks entering and exiting shall be provided by General Contractor at no cost to CJA. Work areas need to be of sufficient size to accommodate crane(s) for the Rebar Cage Picks.
3. General Contractor to provide any and all traffic control required for drilling spoils removal, cage pick, concrete placement, etc.
4. CJA excludes drill spoil removal. CJA will stockpile drill spoils within 50' of pile centerline. The General Contractor shall handle and transport stockpiled spoils removed during drilling operations in a manner such that CJA operations are not adversely impacted.
5. General Contractor shall provide and locate the centerline of each CIDH pile location with horizontal and vertical control. Including at a minimum, 2 (two) offset points.
6. General Contractor to provide sufficient lay-down area for storage of material, tooling and equipment.
7. CJA has excluded the furnishing of all CIDH reinforcement. With respect to a third party crane pick by CJA for reinforcing cages, notwithstanding any insurance obligation, defense or indemnity provision indicated, CJA's insurance is primary and non-contributory as respects to the sole negligence of CJA.
8. General Contractor to provide fully fabricated reinforcing cages, with appropriate concrete "dobie" or plastic spacers within reach of CJA's crane at each pile location. Reinforcing cages to be built full length. There is no provision in this proposal for CJA to assist in supporting the Rebar Supplier. If coupling over the shaft, unloading of trucks, or moving the rebar cages from the building area to the pile locations is required, additional costs shall apply.
9. Reinforcing cages are to be internally braced with an unobstructed opening, down the center of the cage to allow centerline placement of piling concrete. Any bracing which conflicts with tremie pipe equipment to be removed by others.
10. CJA expects these minimum rebar tie requirements:
    a. For 36" and 48"CIDH Piles: 4ea bars tied 100% with double wire, 3 ea hoops tied 100% with double wire were they correspond to pick points (minimum of 4 ea locations), and the remaining hoop to vertical intersections tied at a minimum 33% uniformly distributed over the entire length of the cage. Cross-bracing installed at 10 to 20 feet on-center with at least 3-vertical and 2-horizontal cross-bracing installed to correspond with 4-rigging locations.
    b. For 96" CIDH Piles and larger: 6ea bars tied 100% with double wire, 3 ea hoops tied 100% with double wire were they correspond to pick points (minimum of 5 ea locations), and the remaining hoop to vertical intersections tied at a minimum 33% uniformly distributed over the entire length of the cage. Cross-bracing installed at 10 to 20 feet on-center to correspond to up to 7-rigging locations.
11. Any additional tying over and above the minimum baseline requirements stated-above that may be required by CJA will be performed and paid for either as:
    a. Back to CJA charge from General Contractor for their rebar subcontractor to perform work. (Or)
    b. CJA enters into a subcontract directly with rebar Subcontractor to perform additional work.
12. All reinforcing cages to be inspected on-site by CJA, General Contractor, and rebar subcontractor to ensure compliance. Any deficiencies shall be corrected immediately by General Contractor.
13. Reinforcing cages to be fabricated with vertical bars spaced in such a way to allow 3" horizontal clearance from PVC tube to vertical bar and a minimum of 5" clearances between verticals and horizontals to ensure a flow path for concrete.
14. CJA excludes all extension work above cut-off.
15. CJA excludes sandblasting steel reinforcing bars.
16. CJA will place concrete to within three inches (up or down) of pile construction joint elevation.
17. General Contractor to supply concrete washouts for CJA concrete operations, including, but not limited to, concrete truck and pump washout, and concrete over-pour removal. Disposal of concrete debris is to be performed by others.

18. Any overhead wires conflicting with drilled shafts to be removed by others.
19. Provisions for night work, lights and plant openings, are excluded.

Schedule Qualifications

1. CJA and General Contractor shall mutually develop and agree to a baseline CPM schedule prior to start of work and mutually update it through completion of CJA's work.
2. Schedule is based on performing work five days a week, 8-12 hours a shift (at CJA's discretion), Monday through Friday.
3. Labor and material escalations are included for RW work through June 2015.
4. Labor and material escalations are included for CIDH in Stage 2 through June 2015 and Stage 6 and 7 through June 2016.
5. CJA has included mobilizations to the site as stated above. Additional mobilizations, if required are:
   a. $70,000 for 96" CIDH Piling;
   b. $28,000 for 36" and 48" CIDH Piling;
   c. $35,000 for Ground Anchors and Soil Nails.
6. When the progress of the subcontractor work is interrupted for reasons beyond its control, CJA will bill and be paid per Caltrans equipment rates, for each individual production unit affected by the interruption.
7. CJA will require 3 to 4 weeks to schedule material, crew and equipment resources after receipt of an executed subcontract and approved submittals.

General Qualifications/Exclusions (and to be provided to CJA by others)

1. General Contractor shall provide and maintain a level, all-weather work and staging area with no headroom restrictions. Working platform shall permit unobstructed travel of track mounted equipment, drilling equipment and concrete trucks, and, maintenance thereof throughout the duration of our work. Use of mats is specifically not included and will be charged as extra work if required.
2. General Contractor shall provide clear and unobstructed access to the work and staging areas, for CJA's personnel and equipment.
3. CJA has not made any allowance to minimize vibration and/or noise during performance of our work. CJA excludes all monitoring of noise, vibration, settlement, or air quality.
4. CJA excludes the locating, protection, removal, replacement and support of all utilities or other improvements, existing or new, above or below the ground, that may interfere with our work.
5. CJA excludes any re-routing of vehicular and pedestrian traffic and maintenance of access to adjacent properties, including all necessary signs, markers, barricades, crossings or flagmen.
6. CJA excludes the offsite discharge or disposal of any water and drilling spoils generated during our work operations.
7. CJA excludes surveying services for layout and elevation control of work, monitoring or "as-builts".
8. CJA excludes all permits, testing, fees, notifications, inspection(s) and laboratory testing services.
9. CJA excludes all required fencing, barricades, security, and guard services.
10. CJA excludes demolition, removal and disposal of any existing foundations or other manmade structures in or on the ground that may otherwise impede CJA's work.
11. CJA excludes any reinstatement and/or restoration of its areas upon completion of its work.
12. CJA excludes all provisions for protecting work in place, SWPPP, dust and erosion control.
13. CJA excludes working in and/or around contaminated/hazardous materials.
    a. General Contractor will provide a Health and Safety Plan that protects CJA workers from contaminated soils. All cost associated with implementing this plan will be paid by others.
14. CJA excludes any and all types of dewatering (both surface and below grade). The dewatering system shall be by others and it shall be coordinated with CJA's works such that the shoring can be completed in dry conditions.
15. CJA shall defend and indemnify Owner and Contractor with respect to any claim that arises from the negligence or fault, if any, of CJA in the performance of its work hereunder, but the extent of such indemnity shall be limited to CJA's proportionate share of the total fault, as

agreed between the parties or as determined by a court of competent jurisdiction, causing the loss or damage on which the claim is based. CJA shall have no other responsibility to defend, pay for, or indemnify Owner and/or Contractor or its agents with respect to claims arising from or related to CJA's work hereunder.

16. CJA shall be named additional insured on Builders Risk insurance obtained for the project.
17. CJA's offer is valid for 30 days from the date of this proposal.
18. CJA excludes the cost of bonds, if required. All cost of bonds shall be borne by others.

Payment Qualifications

1. CJA will not accept liability for any liquidated or consequential damages.
2. Progress payments will be due 10 days after General Contractor receives monthly progress estimate from Caltrans.
3. Retention shall be in accordance with specifications.

This proposal, in its entirety, shall be made an integral part of and be incorporated into any subcontract agreement and shall take precedence should there be any conflict with any terms included in the host document. CJA reserves the right to amend and negotiate any provisions of the Subcontract Agreement. CJA will require approximately 2 weeks to review Subcontract.

Should you have any question regarding the contents of this offer, please do not hesitate to contact the undersigned at (858)530-9165.

GRINDING TERMS AND CONDITIONS
PRICES ARE SUBJECT TO VARY UPON CHANGE OF SCOPE IN WORK.

1. All areas to be grinded will be clearly marked, in paint, on pavement, identifying starts, stops and perimeter by quoted contractor before grinding operations start.
2. Quoted Contractor to provide water for milling operations.
3. All operations exclude petromat unless otherwise stated on this proposal.
4. Quoted Contractor agrees to notify all utility contractors or companies in which involve underground utilities and take all responsibility for damaged utilities and/or injuries caused by grinder.
5. Areas in and around corners, overhangs, parking bays, valves, manholes and unreachable area s for the milling machine or mini grinder become Quoted contractors responsibility.

6. Quoted Contractor is responsible for all damages to machine for any items buried in ground or not marked out and will be billed at union shop rates, material costs and down time.
7. Quoted Contractor is responsible for any and all posting/s required; ie, "no parking" signs in milling areas.
8. Quoted Contractor responsible for traffic control and any delays in traffic control will be charged at an hourly stand by charge for all equipment including grinders, stabilizers, operators, sweepers and all trucking.
9. Quoted Contractor to provide a safe work environment for all operators on milling operation including signage, barricades, flag men, cones or any other devices that may help in the safety operation.
10. Once subcontractor(Cindy Trump Inc./ CTI) demobilizes and has left the project there of , it shall no longer be responsible for any obligation of defense and indemnification for any and all claims arising in the area of work performed in the milling operation area.
11. Grade must be firm and stable. Quoted Contractor to assume all liability and /or costs of unstable and yielding grade.
12. All areas of grinding operation must be clear of any obstructions including but not limited to trees, cars, trashcans, poles, parking bumpers, rebar's, etc.
13. Quoted Contractor to provide temporary asphalt taper at pavements edge due to safety concerns.
14. Quoted Contractor responsible for permits, notifications and plans before milling operations.
15. No back charges will be accepted of any kind.
16. Subcontractor (CTI) takes no responsibility for dust control in and beyond areas of milling operation.
17. Quoted Contractor to provide covers over all inlets, outlets, vaults, storm drains, sewers, manholes, etc. to prevent storm water pollution in accordance to SWPPP, WPCP, and/or/any requirements of contract/project regarding/requiring water pollution control of any kind.
18. The provisions of this quote prevail over any subcontract or purchase orders stipulations unless otherwise agreed to in writing on this proposal.
19. Unless other wise agreed in writing prior to start of work, payment is due and payable within 30 days of subcontractors billing and no retention to be withheld on payments unless other wise stated on this proposal.
20. Price good for 90 days.
21. This quote includes one complete set of teeth per shift. Any additional teeth will be charged per box per market price.
22. CTI rate for union operator group 8 is a billable rate of $102.00 per hour straight time rate ,$135.00 per hour overtime and $170.00 for double time.
23. Items that are not specifically includes are considered to be excluded

if you have any questions please call office 562-697-2039.

GERDAU

General Contractor

Date: October 9, 2014
E13S-122R1-Revised
Project: 11-0223U4 South of Genesee Ave. DC to Sorrento Viaduct
Location: San Diego, CA
Page 1 of 4

Gerdau Reinforcing Steel, hereinafter called Subcontractor, proposes subject to the terms and conditions herein to furnish, fabricate, and place ASTM A615 & ASTM A706 Grade 60 deformed reinforcing bars and welded wire mesh in accordance with the CRSI Manual of Standard Practice and based on the following documents: Sheets 1 thru 1012 dated 7/21/14 (plan approval date), as prepared by Caltran Consulting Engineers. Addenda #1 thru #3 has been noted.

EXCLUSIONS:

1. Testing or inspection other than the furnishing of certified mill test reports.
2. Cost of bonds.
3. Smooth bars.
4. Form savers, threaded bars, anchors, bolts, studs, sheathing, sleeves, or inserts.
5. Wrapping, coating, painting, or greasing of dowels.
6. Cutting, drilling, grouting, or dry-packing & placing of grouted dowels.
7. Welding and/or dowels and welding of same to structural or miscellaneous iron.
8. Reinforcing for: All works outside of quoted bid items and others as follows:
   a) Placing / Installation of bid item numbers 166, 236, 241and all 'type-60's' barrier rails - Bl#298 – Bl #303. These bid items are "supplied FOB jobsite" only.
   b) Placing / Installation of bid item #181 (F), Minor Concrete (minor structure). (ie: drain inlets, pipe collar, electrolier fdn-conc. Pedestal & other misc. minor elements.
   c) Light pole foundation per details shown on sheet 743. This is by others.
   d) On GRE Walls 13, 14 & 15, sheet plans 589 – 627 (B) addendum #1, #8 epoxy coated anchor bar & wire basket is excluded. This is by others.
9. Costs of splices and/or connections required for accommodation of Contractor's formwork and/or formwork sequencing, including impact costs or altered rebar placing sequences.
10. Field Bending.
11. Traffic Control.
12. Pulling, blocking, or chairing of any mesh.
13. Providing holes in structural steel for bars to pass.
14. Cost of remedial work and/or replacement of materials made necessary by water or flood damage to reinforcing steel following directed delivery or installation as directed by Contractor.
15. Guying and/or bracing requirements for column cages.
16. Placing pile dowels (furnished F.O.B. trucks jobsite).
17. Setting CIDH caisson, pier or column cages and furnishing and installing "spacer wheels" or dobies" for the same. Cages are furnished, assembled and stacked on jobsite for installation by others.
18. Shop drawings and calculations sealed and signed by an Engineer who is registered as a Civil Engineer in the State.
19. Cost of pour watchman other than during normal 40 hour straight-time work week while Subcontractor is performing scheduled work.
20. Splices in reinforcing bars, field bending and/or construction joint dowels for Contractor's convenience.
21. Cost of remedial work and/or replacement of materials made necessary by water or flood damage to reinforcing steel following delivery or installation as directed by Contractor.
22. Special insurance provisions including "Broad Form", "Type 1" indemnification and Primary & Non-contributory wording.
23. Costs, impacts or liquidated damages as a result of material shortages caused by factors or market conditions beyond Subcontractor's reasonable control.

GERDAU

General Contractor
11-0223U4 South of Genesee Ave. OC to Sorrento Viaduct

Date: October 9, 2014
E135-122R1 Revised

CONDITIONS:

1. Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a party.
2. Re-detailing and/or estimating resulting from design changes shall be billed at the rate of $75.00 per hour.
3. Subcontractor shall not be required to continue the performance of work considered by the Subcontractor to be outside the scope of the work hereunder unless resolution of Subcontractor's submitted notices and valuation of such previous work is timely (i.e. within 30 days of Contractor's receipt of such notice).
4. Buyer to provide the following at no cost:
   a) Lines, grades, supporting rebar templates, layout, ramps, and scaffolding.
   b) Safe access to points of work, including tractor-trailer access to installation locations or to within 25 feet of where materials are to be used or hoisted.
   c) Protection of vertical reinforcing steel where required by safety regulations.
   d) **Operated crane* service** during straight time working hours for unloading of trucks, hoisting and/or lowering of materials to the working levels adjacent to points of installation, and for the setting pre-assembled elements (* the use of excavating equipment or other equipment not specifically designed for these purposes shall be strictly prohibited). **(Hook Time Hours if Required = 280 Hours)**
   e) Verification of existing conditions and all field measurements of same for the purpose of shop drawing preparation prior to fabrication of reinforcing steel.
   f) Adequate areas for staging, storage, and pre-assembly of materials.
   g) Removal of spoils from footings, and small wire clippings caused by normal reinforcing installation.
   h) Traffic control, flagmen, barricades, lane closures and all related permits.
   i) Two complete sets of construction drawings and one set of electronic drawings.
   j) Engineering, cables and cable hardware, and deadmen for Subcontractor column erection.
5. Lengths of drilled pier cages to be determined by the Buyer prior to detailing of the steel.
6. On-site shortening, lengthening, or re-working of pre-tied caissons to make length adjustments shall be billed on a time and material basis only.
7. In the event either Contractor or Subcontractor institutes a suit against the other in connection with any matter arising from this agreement, the prevailing party shall be entitled to recover from the other its reasonable attorney's fees and costs.
8. Owner or Contractor furnishes liability insurance for the construction of any single family dwelling, townhouse, condominium or multi-tract housing development.
9. In the event the Contractor considers the performance of the Subcontractor to be delaying the progress of the work, Contractor shall provide timely written notification to the Subcontractor.
10. If Subcontractor is directed to proceed with any work in conjunction with this proposal, said direction shall constitute an acceptance of the terms, conditions and exclusions set forth herein and this document shall constitute a formal contract between the Subcontractor and Contractor for the performance of such work. Any contract created hereunder may only be superseded or supplemented by an acceptable written agreement executed by both the Subcontractor and Contractor.
11. The following prices are not for separate acceptance.
12. Work scope is limited to the bid items priced herein.
13. Prices are based on commencement of Subcontractor's scope by 11/1/14 and completion of the same by 12/31/15.

				Pile GRAND TOTAL:	$	775,235.00

Note: 1. DTDS will only place the bar reinforcing steel (furnished by others) and geodrain in the shotcrete facing section for the Retaining Walls 3, 4, 8, 11 IF also placing Structural Shotcrete.
2. DTDS will not furnish and place the bar reinforcing steel for Ground Anchor (Subhorizontal) Section of Retaining wall 4.

C. ADDENDA NOTED: 1, 2, 3

D. SPECIAL CONDITIONS / EXCLUSIONS:

1. We have based our estimate upon the contract plans and specifications as well as the geotechnical investigation performed by Department of Transportation.
2. The following items are to be provided or furnished by others at no cost to DTDS:
   - Furnishing and installation of soil nails in the MSE walls (Walls 13, 14, 15)
   - Backfilling and compaction of wood lagging.
   - Special inspection and welding inspection for installation of nelson studs on soldier beams (Wall #3).
   - Safe, level, firm, non-restrictive access and work area as determined by DTDS for our equipment and crew, concrete trucks, and materials delivery and handling at each location:
     Soil nails, ground anchors, and shotcrete - 20 FT wide min. at 3FT below drilled hole.
     24" Drill Hole, 36" CIDH and 48" CIDH- 35 FT wide minimum at top of pile elevation.
     96" diameter CIDH- 40 FT wide minimum at top of pile elevation / existing grade and 135 LF long for cage hoisting.
   - CMP support collar casing – Cutting, removing, and disposal of the collar casings when no longer needed. *Additional concrete overrun and costs for the larger annulus between theoretical pile diameter and 9 ft diameter CMP above the optional construction joint elevation.*
   - Drilling through, handling, and removal of buried man-made objects & objects placed in fill. DTDS will drill/core through (excluding rebar) as EXTRA WORK.
   - Removal of drill spoils/fluids from soil nail and ground anchor location, including interim handling and disposal to stockpile.
   - CIDH Drill spoils (including wet drill spoils): Stockpile management, SWPPP protection, covering, loading, off-haul and disposal including discharge and disposal permits. *Drill Spoil stockpile must be loaded and off hauled daily if interferes with access and clear work area.*
   - All survey, offsets, layout, alignment, elevations, and grades of soil nails, soil nail and ground anchor wall rebar extension elev. and alignment, ground anchors (subhorizontal), shotcrete facing, weepholes and CIDH piles.
     For CIDH piles survey consists of a feather at center of drill shaft, off set stake with all required information, and alignment stake(s).
     Soil nail and ground anchor walls - 5 ft o/s survey stakes at 25 ft on center and at grade breaks/angle points.
   - Providing crane and drill rig pads / steel plates if firm (95%) access and working area cannot be provided.

Proposal

Attn: Estimating

Date: 10/09/14

Bond 2% | good for item 21/22/142 only per Jana Colbert 8:49 am

- Addenda 1, 2, & 3 acknowledged.
- Traffic control by others.
- Water hydroseeding provided by others, source within 2 miles of work area.
- Assumes finish grade complete, weed and debris free.
- Does not include maintenance, repairs or removals.
- Contractor to provide a stockpile location within 2 miles of job site.

All material is guaranteed to be as specified. All work to be completed in a professional manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Worker's Compensation Insurance.

- Excavation and compaction is excluded.
- Maintenance of temporary erosion control is excluded.
- Removal of temporary erosion control is excluded.
- Pipe and wire to be installed prior to paving or hardscape.
- Installation of sleeves to be scheduled prior to compaction of subgrade or installation of any facilities above sleeve.
- 320 working day(s) required and includes 2 move-in(s). Additional move-ins=$500 each.
- Semi-truck access is required within 200 feet for mulch and compost work.
- Staging area and water supply is required at jobsite for mulch and compost work.
- Water to be provided through a 2.5" metered hydrant or equal at jobsite for hydroseed work.
- Hydroseed truck access is required.
- Roadside clearing will be performed immediately prior to any landscape work.
- All of the notes above to be made part of contract.
- Estimated water usage through plant establishment is +/- 25,000,000 gallons.
- Proposal good for 60 days.
- Any changes, additions, deletions to this proposal must be approved by Diversified prior to bid time.
- **We are a Disadvantaged Business Enterprise (DBE 8022) for NAICS Codes 237110, 237310.**

Payment Terms:

Payment to be within 30 days of billing.

Revised:

Wednesday, October 08, 2014

Qty	Unit	Description of Item	Unit Price	TOTAL
2	Each	Mobilization/Demobilization (One to Install and One to Abandon) *Assuming that all of the Inclinometers can be installed and abandoned consecutively without having to remobilize.	$5,000.00	$10,000.00
6	Each	Drill and install (6) 2.75" Inclinometers. (2) 50 ft deep and (4) 80 ft deep Cost includes all materials and surface completion with traffic rated well box to protect the instruments in place. (6 days to complete this task) *Please note that a pad will need to be graded for drilling operations by client.	$6,500.00	$39,000.00
?	Hour	Standby Time, if needed	$500.00	?
?	Lump Sum	Inclinometer Probe with 150 ft Control Cable and Pulley Assembly, if needed	$13,500.00	?
?	Each	Inclinometer Readout, if needed	$4,850.00	?
?	Each	Inclinometer Software, 1 user, if needed	$2,000.00	?
?	Day	Monitoring of Inclinometers, if needed Cost includes 4 hours onsite or less *any hours over 4 hours will be charged an additional $175 an hour *any hours over 8 hours will be charged an additional $262.50 an hour	$1,750.00	?
6	Days	Geologist to Observe Drilling & Installation of Inclinometers. Cost includes preparing boring logs.	$2,450.00	$14,700.00
13	Each	Obtain Well Permits (6 to install and 7 to abandon)	$500.00	$6,500.00
7	Each	Abandonment of (7) 2.75" Inclinometers per SDEH Specifications. Inclinometer depths are as follows: SI #1 = 58ft, SI #2 = 92ft, SI #3 = 88ft, SI #4 = 42, SI #5 = 58ft, SI #6 = 90ft, SI #7 = 90ft (3-4 days to complete this task) *Cost includes concrete cap at surface but does not include grind backs or Hot Patch for surface completions. **Hot Patch can be done at an additional cost if need be.	$3,500.00	$24,500.00
?	Each	Patch boring location in the street with hot asphalt patch (if needed) There is a $2500 minimum charge for one patch. Anything over one patch will be charged at $750.00 per patch.	$750.00	?

Estimated total cost to complete this project: $94,700.00

Signature & Date of Acceptance

Estimated total time required to complete this project: 10 days

High Performance Drilling Solutions

QUOTE

Quote # 25243

Thank you for the opportunity to quote. We look forward to working with you on this project. Please note that prices reflect the footage quoted. If for any reason the actual total footage drilled is less than the quantity originally quoted, then prices may change to reflect the decreased footage. If you have any questions concerning this quotation, please feel free to call.
Sincerely,

Troy Robinson

Assumptions

1) Client is responsible for site access. All boring locations will be accessible to a two wheel drive twin axle drill rig.
2) There are no work hour restrictions.
3) Only 8 hours or less will be spent on site.
4) Prices are good for drilling on weekdays. Weekend drilling is an additional cost.
5) Client is responsible for disposing of excess soil cuttings.
6) Client will communicate all change orders and scheduling with Ivan Liovin.
7) Client will communicate all environmental concerns and levels of contamination prior to commencing drilling each day.
8) Working under level C, B, or A Conditions are an additional cost.
9) All permits and bonds will be client's responsibility. ABC can obtain Bonds/Permits for an additional cost.
10) This IS a prevailing wage job.
11) Water will be available on site.
12) Traffic Control will be provided by client.
13) If refusal is encountered, the project may be continued on a time and material basis or at ABCs discretion.
14) Cuttings will be stockpiled next to drilling locations.
15) Assuming that ABC only Mobilizes and Demobilizes once without having to Remob to the site again.
16) If less than 4 hours is spent on site for any reason, then client will be charged 4 hrs standby for time already spent onsite and the stated Mob cost. If the Mob/Demob cost is included in a day rate or lump sum line item $500 will be assessed as a Mob cost.
17) There is a $500.00 cancellation fee for projects cancelled less than 48 hours from scheduled start time.
18) Add an additional $1500 per day per rig for drilling on the weekend or at night.
19) All "Lump Sum Pricing" is for work described in the "CLIENT" provided RFQ any additional tasks or changes will be charged on a "T&M basis
20) All "Fixed Rate Pricing" (Each) is for work described in the "CLIENT" provided RFQ any additional tasks or changes will be charged on a T&M basis
21) Please check depths of all instruments and quantities. Changes to depths and quantity may change the unit cost or overall total cost of this bid.

I understand and agree to all of the above assumptions as well as the dollar amounts on the preceding page:

Quote # 25243

Terms And Conditions

1) ABC Liovin Drilling's Terms are 30 Days unless otherwise agreed to in advance in writing. A check will be collected prior to commencing drilling and related activities on site. Any Balances that are past due and will become subject to a finance Charge of up to 24.0% Per annum If it becomes necessary to instigate collection proceedings, client will be responsible for all Collection costs, this may include attorney fees, court costs, process servers, or any other person or company ABC Liovin deems necessary to employ or contract in its efforts to collect. and secure payment. For all intents and purposes this will be considered a legal and binding contract between ABC Liovin Drilling and the company listed on the title page. It is also considered that this agreement was executed in the city of Signal Hill, State of Califomia.

2) The quoted prices are good for 30 days from the original quote date. The prices are no longer valid after 30 days. If the project is to start 30 days after the original quote then a new quote needs to be done.

3) If at anytime ABC Liovin Drilling is mobilized to a drill site, and for any reason, condition, or circumstance, we are at the job site for less than four hours there will be a four hour minimum charge portal to portal.

4) Standby time and refusal are billable items.

5) Your firm is responsible for damaged equipment due to adverse drilling conditions if the operator advises to stop due to encountering these conditions and is told to continue.

6) Before any job can be scheduled, this form must be signed and faxed back to ABC Liovin Drilling.

7) ABC Liovin Drilling's Terms are net 30 days, unless otherwise agreed to in advance in writing. Any Balances that are past due and will become subject to a finance Charge of up to 24.0% Per annum If it becomes necessary to instigate collection proceedings, client will be responsible for all Collection costs, this may include attorney fees, court costs, process servers, or any other person or company ABC Liovin deems necessary to employ or contract in its efforts to collect. and secure payment. For all intents and purposes this will be considered a legal and binding contract between ABC Liovin Drilling and the company listed on the title page. It is also considered that this agreement was executed in the city of Signal Hill, State of California.

SUBCONTRACT PROPOSAL

To: Estimator
Project: Genesee Avenue Overcrossing to Sorrento Viaduct Bid Date: 10/9/2014
Caltrans Contract 11-0223U4

Prepared By: Kevin Tipton

Item	Description	Unit	Quantity	Unit Price	Price
176	Furnish Steel Piling (HP10x57)	LF	9,114	$ 40.00	$ 364,560.00
177	Drive Steel Pile (HP10x57)	EA	188	$ 1,850.00	$ 347,800.00
Base Price					***$ 712,360.00***

Our price is based on the following conditions and our general conditions, which are attached.
Terms and Conditions

Included in our proposal are:
1. **Bondable (1.25%) Union Contractor signatory to Pile Drivers and Operating Engineers.**
2. Proposal includes (2) single crane mobilizations to complete all piling work identified.
3. Predrilling as required by the specifications.
4. Installation of the pile lugs as shown. (Assume 14 days welding inspection)
5. Piles cut off to grade include debris disposal, Dowel Holes cut

Specifically excluded from our proposal
6. All engineering, excavation, shoring unless otherwise noted, spoil removal, backfill, QCP/Third Party Inspection, drawings, or pile driving records. Truck crane and pile handling equipment access to/between each location. WQCP, Traffic Control, Lighting, K-rail Removal, Noise Monitoring, Vibration or movement monitoring of adjacent structures, . Etc.
7. Rebar dowels purchased and placed by the General Contractor.
8. Any hazardous waste management, disposal, or liability.

Unless otherwise noted, all terms and conditions in this proposal shall become an attachment (Exhibit "A") to any contract, which references the work in this proposal. In the event of any conflict between any one or more of the provisions in this proposal and the provisions of the Contract, the provisions of this proposal shall supersede and prevail.

1. Prime Contractor/Owner shall provide at NO cost to Tipco Engineering, Inc.:
   a) Locating and removing belowground obstructions that interfere with pile installation and de-energize electric lines to conform to all safety regulations.
   b) Excavation dewatering.
   c) Public safety measures including but not limited to traffic control, delineation and barricading of the job site, barricading and/or fencing for excavations.
   d) Excavation at pile location required in plans and specifications completed before pile driving.
   e) Establishing and maintaining surveying for pile layout and pile cut-off elevations.
   f) Shoring and sloping for excavations in accordance with OSHA and approved by Tipco.
   g) Protection of property from diesel hammer spray and exhaust.
   h) Minimum distance of 36 inches from pile center to shoring or other obstructions.
   i) Protection of utilities, structures, improvements, and property from damages due to ground heave, soil movements, or vibrations generated by pile installation.
   j) Removal and disposal of pre-drill spoils and pile cutoffs unless noted otherwise.
   k) Provide on-site storage area for the project materials.
   l) Provide all weather level access, minimum 25 feet wide that allows pile driving and pile moving equipment within 35 feet of all piles.
2. Prices are based on the following;
   a) Pile driving performed during eight hour, daytime shifts, Monday through Friday.
   b) Reimbursement to Tipco for all costs associated with delays, out-of sequence moves, and extra work caused by obstructions.
   c) Two mobilizations and demobilizations for one pile driving set up. Each additional mobilization/demobilization charged at $25,000.00
   d) Pile driving in one continuous operation with sequence mutually agreed upon for each mobilization.
   e) Standby for crew and equipment charged at $875 per hour.
   f) Standby for equipment at site with no crew present charged at $1250 per day.
   g) Tipco General Liability insurance coverage of $1,000,000 each occurrence and $2,000,000 aggregate. Special agreements, waivers, or additional coverage's will be an additional cost.
   h) Pile driving schedule shall be mutually agreed upon before mobilization.
   i) If noise reduction requires equipment modifications, delays, or any changes in our pile driving operation, Tipco shall be reimbursed for costs incurred.
3. Prices do NOT include the following:
   a) Payment or Performance bonds.
   b) Any inspection associated with piles.
   c) Reports, as-built drawings, pile driving records, engineering or design.
   d) Furnishing/installing rebar dowels or pile anchors, bending of extended rebar unless noted otherwise.
   e) Hold-harmless agreements.
   f) Working on mats.
   g) Permits of any kind except hauling.
   h) Railroad insurance.
   i) Using a follower to drive pile top below surface.
   j) Sound, vibration or ground movement measurement.
4. Payment:
   a) Payment of 90% of work completed the preceding month shall be received by the 15th of the following month, and full payment (including retention) to be received within 60 days after substantial completion of work performed by Tipco.
   b) Late payments are subject to a 2% per month charge.

This quote is firm for 30 days at which time it is void. Based on today's material cost. Escalations or Reductions will apply at time material is released for purchase.

Respectfully submitted,

Accepted by,

PROJECT PROPOSAL			
Project Name:	Caltrans 11-0223U4	**Date:**	October 9, 2014
Contact:	Mike Boer	**Client:**	Granite Construction
Phone Number:	(760) 732-0910	**Fax:**	(760) 758-1501

Project #13.0320

Dear Mike,

We genuinely appreciate the opportunity to work with you on your project. Please find the following pricing and clarifications for your review. Please feel free to contact me directly if you have any questions or concerns regarding the information we have prepared. Thank you again for your time and consideration.

DESCRIPTION	QUANTITIES		UNIT PRICE		TOTAL
591200 ROCK STAIN	35,600.00	SF	$ 0.20	SF	$ 7,120.00
999990 MOBILIZATION	per	EA	$ 1,600.00	EA	$ 1,600.00

Sub-Total	**$ 8,720.00**
Freight	**Inc**
Tax	**Inc**
Total	**$ 8,720.00**

General Conditions - We are pleased to provide pricing based on the following:

All payments must be received within 30 days of invoice submittal date. Any deviation from associated specification or clarifications within this proposal that result in additional charge will be an extra over and above the outline estimated cost within this proposal. This proposal DOES NOT include any required payment or performance bond.

Other Clarifications:

1) Pricing is based on San Diego County Prevailing Wage Rates, General Decision Number: CA140061 08/22/2014 CA1.
2) Pricing does not include ongoing maintenance. All areas to be cleaned and dried prior to Permeon application.
3) Bid excludes engineering, surveying, testing, permits, fees, traffic control, inspections, overtime & nightwork.
4) Owner or Contractor to provide construction water supply within one mile on-site.
5) Mobilization to be charged for each trip to the jobsite to apply rock stain.

Respectfully Submitted,

Tyler Wisby

CA Lic.#273710 (Cl. A)

Gentlemen:

DSI is pleased to offer our Post-tensioning Quotation for the referenced project. This quotation is based on AIA A401 "Standard Subcontract Provisions" and covers supply of materials, equipment and labor to install, stress and grout the post-tensioning per Plans and Specifications, with completion of all subcontract work by midyear 2017, as per the following:

Prestressing CIP Concrete **Lump Sum $ 331,600.00**

INCLUDED in this price:
1) Furnish FOB jobsite post-tensioning materials: anchorages with rebar spiral attached, conduit, prestressing strand and grout materials.
2) Labor and equipment for the installation of anchors, conduit, strand, stressing and grouting.
3) Post-tensioning shop drawings and stressing calculations.
4) Move-in's as required.
5) Attachment's "A" & "B" are part of this proposal.

EXCLUDED, provided by Contractor:
1) Compressed air and electrical power 110V.
2) Water suitable for grouting to point of use.
3) Secured on-site storage area for material and equipment.
4) Traffic control, lighting, waste bin/container and disposal of waste as required.
5) Access to structure and working areas for men and equipment; safe and adequate work platforms.
6) Formwork and blockouts adequate to support anchors with bolt holes for anchor attachment and holes to pass tool to check duct clearance.
7) All concrete that may be required for flares, anchor zones, and concrete cover.
8) Supply & installation of all reinforcing steel per Contract Plans and adjustment to reinforcement to obtain unrestricted clearance for duct and post-tensioning system installation and stressing equipment.
9) Contractor to provide unloading and reloading of trucks at jobsite and hoisting to and from superstructure as required to support the installation.
10) DSI will check duct clearance during and immediately after installation. Contractor to check duct clearance during and after concrete placement and to make necessary corrections to provide clear ducts for strand installation.

DYWIDAG SYSTEMS INTERNATIONAL USA, INC.

ATTACHMENT A

CONDITIONS:

1) Progress and payment schedule as per the following subcontract activities with percentages representative of the value of the subcontract price proportioned per structure, frame or stage: 5% upon submittal of shop drawing, 25% on installation of anchorages and ducts, 50% on installation of prestressing strand, 10% upon completion of stressing operations and 10% when grouting is complete.
2) Progress payments to DSI will be made monthly as invoiced with no deduction of retention. Joint checks are required where DSI participated as a second tier subcontractor.
3) Terms are net 30 days. All sums not paid when due shall bear an interest rate of 1½% per month or the maximum legal rate permitted by law whichever is less; and all costs of collection, including attorney's fees, shall be paid by Contractor. DSI retains the right to stop work if amounts due are not paid within 10 days after DSI's written reminder.
4) No provision of the subcontract shall serve to void DSI's entitlement to payment for work properly performed or suitably stored materials or to require DSI to continue performance if payments are due but not made to DSI. No provision of the subcontract will restrict DSI's lien or other rights.
5) No backcharges will be valid without the subcontractor's written agreement at time of occurrence.
6) Work to be performed during DSI's regular working hours (8 hrs per day) and with a number of move-in(s) as indicated in DSI's proposal. All work performed outside of such hours and all additional move-in(s) due to reasons beyond DSI's control shall be charged at a rate or amount agreed upon by the parties at the time overtime is authorized.
7) Quotation is based on acceptance of DSI's standard insurance policy containing the following coverages:

Coverage	Limits
General Liability	$1,000,000/occ-2,000,000/agg
Product Liability	$1,000,000/occ-2,000,000/agg
Automobile Liability	$1,000,000
Employee Liability	$1,000,000

Costs for additional coverage, if obtainable, and Railroad Protective Insurance are not included in this proposal and will be billed separately.

8) Local property taxes are paid by Contractor for DSI equipment and materials on the project, if required.
9) This quotation is valid for 30 days from date of quotation. Written acceptance or letter of intent must be received within this period.
10) Terms and conditions of the Contract between Owner and Contractor are incorporated into this subcontract only insofar as specific clauses or paragraphs are expressly agreed upon between Contractor and Subcontractor. Use of the Contractor's subcontract form is subject to mutually agreed-upon clarifications and changes. If any of the Contractor's terms or conditions are in conflict with the above paragraphs the stipulations of these Subcontractor Conditions shall govern. Contractor agrees with the above by signature hereon as indicated or by permitting Subcontractor to commence work for the project.

EXCLUSIONS:

- Cost of permits & bonds (bond rate = 1.5%) Bond provided upon receipt of payment for cost of bond.
- Liquidated damages
- Testing, inspections

Very truly yours,
DYWIDAG-Systems International USA, Inc.

Rev 9/26/12

DSI TERMS AND CONDITIONS OF SALE AND SERVICE v.1 102012
ATTACHMENT B

DEFINITIONS:
"Buyer" -the party who will purchase Material and/or Services from DSI;
"Conditions" - these Terms and Conditions of Sale and Service;
"Contract" - means the contract between Buyer and DSI for the supply of Material and/or Services which shall comprise these Conditions and the Order;
"DSI" - either Dywidag Systems International USA, INC. or Dywidag Systems International Canada LTD.
"Material" - goods of any description to be supplied to Buyer by DSI;
"Order" - means i) Buyer's instruction to supply the Goods and/or Services (or Buyer's acceptance of DSI's offer to supply the same) whether made in writing (by letter, email or fax or other electronic means) or orally or by conduct or ii) the written document to which the Conditions are attached or in which they are referred to or iii) any other document in writing evidencing the terms for the supply by DSI of Goods and/or Services;
"Price" - the price of the Goods and/or Services as set out in the Order;
"Services" - services or work of any kind to be performed for Buyer by DSI;

ENTIRE CONTRACT:
These Conditions are exclusive and in lieu of all other terms and conditions appearing on Buyer's purchase order or elsewhere and apply to all supplies of Material and/or Services by DSI. Any other terms, whether in a purchase order or other document issued by or referred to by Buyer, irrespective of their materiality, which are either different or additional to the Conditions are objected to by DSI and excluded unless expressly and clearly agreed to in writing by DSI. Supply of Material or Services by DSI shall constitute Buyer acceptance to the Conditions. There are no understandings, representations or warranties of any kind not expressly set forth herein.

TERMS OF PAYMENT:
Terms of payment shall be the terms set out on the face of this Contract as supplemented by the terms of this paragraph. If not otherwise stated on the face of this Contract, DSI shall be entitled to invoice Buyer periodically as Material and/or Services are provided and payment shall be due and payable within 30 days after the date of each invoice. A service charge, computed on all payments past due and owed by Buyer under this Contract at an annual percentage rate of 18% shall be added to the Price; however, if such rate is prohibited under applicable law, then such service charge shall be computed at such lower rate as is the maximum rate permitted by law. Buyer also shall be liable for all legal fees and reasonable expenses incurred by DSI in the collection of past due accounts. DSI, upon notice to Buyer, may decline to make deliveries under this Contract, except for cash sales, whenever DSI for any reason doubts Buyer's ability to make payments as agreed under the Contract. Buyer shall not be entitled to set off any amounts owing or purported to be owing by DSI to Buyer or any 3rd party against amounts owing to DSI by Buyer.

DELIVERY/RISK OF LOSS/TITLE:
Unless otherwise indicated on this Contract, delivery of Materials shall be Ex Works DSI's Facility (Incoterms 2010). Delivery dates will be confirmed upon receipt of a binding order from Buyer. Risk of loss or damage to, and responsibility for, the Material shall pass to Buyer upon delivery to carrier at shipping point. No shipment shall be diverted or reconsigned without DSI's prior written consent. Unless otherwise agreed, DSI shall select means of transportation and routing. Title and right to possession of any Material covered by this Contract shall remain with DSI until the purchase price it paid in full or until DSI's lien rights cease.

ACCEPTANCE OF MATERIAL:
Upon tender of delivery of any Material to Buyer, Buyer shall immediately inspect the Material and shall give written notice to DSI of any shortages and of any Material rejected as damaged or otherwise nonconforming. Where delivery is made by common carrier, such notice shall be accompanied by the original freight bill with a notation thereon by the carrier confirming the shortage, damage or nonconformity. Any Material not so reported by Buyer to DSI as rejected shall be deemed to be irrevocably accepted. If Buyer so notifies DSI of any shortage or rejected Material, DSI may if it reasonably notifies Buyer have a further reasonable time to tender substitute Material.

WARRANTIES:
Materials - DSI warrants to Buyer only that the Materials delivered hereunder will conform to their specifications (either as agreed in writing with Buyer or DSI's standard specifications as set out in its product literature in force at the date of delivery) at the time of shipment and shall be free from defects in material and workmanship. Any recommendations or technical advice provided Buyer by DSI is believed reliable, but DSI makes no warranty of results to be obtained or fitness for Buyer's purpose and Buyer accepts such recommendations or advice at Buyer's risk.

DSI also warrants that the Material furnished hereunder will not, in the form in which furnished, infringe any valid United States patent which claims the Material itself, but DSI does not warrant against infringement by reason of Buyer's use thereof in combination with other materials or in the operation of any process. This warranty is conditioned upon Buyer's prompt notification in writing to DSI of any claim made against Buyer for such patent infringement, and upon Buyer's authorization of DSI to assume full and exclusive control of the defense or settlement of such claim or any legal action based thereon.

DSI MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY, STATUTORY OR OTHERWISE, CONCERNING THE MATERIALS INCLUDING, WITHOUT LIMITATION, A WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR A WARRANTY OF MERCHANTABILITY. THE WARRANTIES GIVEN UNDER THIS SECTION ARE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED.

Services Warranty - DSI warrants that the Services will be performed in a good and workmanlike manner. Buyer's sole and exclusive remedy and DSI's entire liability with respect to this warranty will be, at the sole option of DSI, to either (a) use its reasonable commercial efforts to reperform or cause to be reperformed any Services not in substantial compliance with this warranty or (b) refund amounts paid by Buyer related to the portion of the Services not in substantial compliance; provided, in each case, Buyer notifies DSI in writing within 30 days after performance of the applicable Services. EXCEPT AS SET FORTH HEREIN OR IN ANY STATEMENT OF WORK THAT EXPRESSLY AMENDS DSI'S WARRANTY, DSI EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, REPRESENTATIONS, CONDITIONS OR COVENANTS, EITHER EXPRESS OR IMPLIED (INCLUDING WITHOUT LIMITATION, ANY EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, DURABILITY, TITLE, ACCURACY OR NON-INFRINGEMENT) ARISING OUT OF OR RELATED TO THE PERFORMANCE OR NON-PERFORMANCE OF THE SERVICES.

LIMITATIONS ON DSI'S LIABILITY:
DSI's total aggregate liability under this Contract and for any damages in any action or claim based upon contract or tort (including negligence) or breach of statutory duty or for any other reason and which arises out of or in connection with this Contract or the supply of Materials and/or Services shall in no event exceed 100% of the total amount paid to DSI by Buyer under this Contract. However, nothing excludes or limits DSI's liability for (i) death or personal injury resulting from its sole negligence, or (ii) any claim against Buyer relating to DSI infringing a third party's intellectual property.
In no event shall DSI be liable for i) any liquidated or delay damages or for any costs related to delays or the avoidance of delays ii) any consequential, special or incidental damages or indirect losses, (including without limitation fines, punitive damages, loss of profit, business or contract, pure economic loss, depletion of goodwill incurred or suffered by Buyer).

CLAIMS:
All claims, except for the infringement of patents, must be made in writing strictly within 30 days after delivery of the Materials or completion of Services hereunder, and failure so to do shall constitute a waiver by Buyer of any such claims. Buyer shall use all reasonable efforts to minimize such claims or sums and to mitigate its losses. No claim of any kind shall be greater in amount than the paid purchase price of the Material or Services for which a claim is made. Any claim that is not asserted as a claim, counterclaim, defense or set off in a judicial proceeding instituted within one (1) year after the date on which the Materials were delivered to Buyer or Services performed, whichever date is earlier, shall be forever waived, barred and released. Time is of the essence for all Buyer notifications to DSI.

If Buyer notifies DSI in writing of any defect in Material within 30 days after the date of last delivery of Material and such material breaches the relevant warranty above, then Buyer's sole and exclusive remedy shall be to cause DSI, at DSI's option to either replace such nonconforming Material or reimburse Buyer for the price paid for such nonconforming Material provided by DSI.

Buyer shall indemnify, hold harmless and defend DSI from and against any and all claims, actions, suits, proceedings, costs, expenses, damages and liabilities, including actual legal fees and expenses, attributable or alleged to be attributable in whole or in part to Buyer's breach of the Contract, its negligence or other fault arising out of or pertaining to the use, performance, non-performance or misuse of the Material or Services supplied by DSI hereunder.

FORCE MAJEURE:
DSI shall not be liable for any breach of its contractual obligations if performance of its obligations is suspended, delayed or interrupted or rendered impossible or impractical for reasons of Force Majeure. If an event of Force Majeure negatively impacts DSI, it shall be entitled to an extension of time in which to perform its contractual obligations and DSI and Buyer shall negotiate any change to the Contract including time periods and Price in good faith. Force Majeure means events outside or beyond DSI's reasonable control including without limitation Acts of God, flood, earthquake, or other natural disaster; epidemic or pandemic; war, threat of or preparation for war, armed conflict, imposition of sanctions, embargo, breaking off of diplomatic relations or similar actions; terrorist attack, civil war, civil commotion or riot; nuclear, chemical or biological contamination or sonic boom; any law or government order, rule, regulation or direction, or any action taken by a government or public authority, including but not limited to imposing an embargo, export or import restriction, quota or other restriction or prohibition, or failing to grant a necessary license or consent; fire, explosion or accidental damage by a third party; loss during transportation; adverse weather conditions; interruption or failure of utility service, including but not limited to electric power, gas or water; any labor dispute, including but not limited to walkouts, strikes, industrial action or lockouts (other than by DSI's employees); non-performance by DSI's suppliers, inability to obtain raw materials; and unexpected failure of plant machinery, machinery, computers or vehicles. If an event of Force Majeure lasts more than 3 months or immediately renders DSI's performance impossible or impractical, DSI shall be entitled to terminate its Contractual obligations by notice to Buyer and without penalty and shall be entitled to payment by Buyer of a pro-rata sum of the Price to reflect goods and/or Services delivered by DSI up to the date on which it terminated its Contractual obligations. DSI reserves the right to allocate its available supply of Materials among any or all purchasers, as well as departments and divisions of DSI on such basis as it may deem reasonable, fair and practical, without liability for any failure of performance relating to this Contract.

TAXES:
Any tax, excise, fee or other charge or any increase thereof now or hereafter imposed by law upon the production, storage, withdrawal, sale, transportation, use or delivery of the Material sold or Services provided hereunder, shall be in addition to the price quoted and shall be paid by Buyer.

ASSIGNMENT:
No right or interest under this Contract shall be assigned and no obligation under this Contract shall be delegated by Buyer without the prior written approval of DSI. Any attempted assignment or delegation without such approval shall be wholly void and totally ineffective for all purposes.

APPLICABLE LAW/FORUM:
This Contract shall be governed by the laws effective and in force on the date hereof in the state or province in which DSI's office indicated on the face sheet of this Contract is located. Any action arising out of or related to this Contract shall and may be brought only in the court of appropriate jurisdiction of the state and county or province of the pertinent DSI location; provided, however, that DSI, at its option, may bring an action in any jurisdiction where the Material and/or Services provided hereunder are located, or where Buyer maintains an office or other facility, or as permitted by any bond.

COMPLIANCE:
DSI agrees that the Materials shipped hereunder will be produced in compliance with the Fair Labor Standards Act of 1938, as amended, and when applicable, the Equal Opportunity Clause of Executive Order 11246, as amended, and other applicable federal, state or local laws. Buyer agrees that the Materials purchased hereunder will be used in compliance with all applicable laws.

SPECIAL MATERIALS:
If this Contract covers Materials which are manufactured especially for Buyer and the Contract is terminated or an order thereunder cancelled, Buyer will take delivery of and make payment for such Material as has been manufactured and such as is in the process of being manufactured on the date notice of such termination of cancellation is received by DSI.

CHANGE ORDERS:
Buyer may order, without invalidating this Contract, changes in the work within the general scope of this Contract consisting of additions, deletions or other revisions. Before DSI shall be required to proceed with such change order, the parties must agree in writing as to the adjustment to the Contract price and delivery terms for such changed work.

addendums noted: 1, 2, 3

THESE PRICES ARD BASED UPON THIS PACKAGE AND THE CLARIFICATIONS BELOW. PLEASE CALL PRIOR TO BID IF ANY OF THESE CLARIFICATIONS ARE NOT ACCEPTABLE SO WE MAY ADJUST THE PRICES ACCORDINGLY.

Clarifications:

REMOVE CONCRETE

- Item #61 Remove Concrete includes the sizing of all concrete to 2" minus and hauled on site for contractor's disposal – access at disposal site for semi-end dump trucks. Work to be performed behind k-rail or lane closures provided by others. For Penhall Company to haul off-site – ADD $35.60/CY

REMOVE BARRIER RAIL

- Item #64 Remove Barrier Rail includes the sizing of barrier rail to 2" minus and hauled on site for contractor's disposal – access at disposal site for semi-end dump trucks. Work to be performed behind k-rail. For Penhall Company to haul off-site – ADD $3.40/LF

PAVEMENT JOINTS

- Item #164 is for GREEN SAW ONLY. An additional charge will be billed independently as a separate line item for each paving shift.
- Contractor to supply complete layout for primary saw cut and curing compound, if necessary.

SEAL LONGITUDINAL ISOLATION JOINT

- Includes Full Depth sawcut prior to K-rail Placement. Excludes concrete removal after full depth sawcut.
- Isolation joints to be cut immediately prior to shoulder removal to negate need for vacuuming slurry. Penhall will protect storm drain inlets to ensure no slurry enters them. Penhall will prevent slurry from running into traffic when shoulder sloped toward roadway.
- The furnishing and installation of joint filler between new and existing concrete to be done by others. Joint filler to be installed 3/4" below finish surface and existing edge to be tooled.
- Isolation joints between existing PCCP and drainage structures, the joint filler supplied and installed by others. The joint filler to be installed 1/4" below finish surface and existing edge to be tooled.
- Silicone sealant to be installed in joints

BRIDGE JOINTS

- Joints to be installed prior to opening of bridge per stage. **Includes Stage #9 remove and replace item 186.**
- To place contractor supplied concrete for Joint Seal Assembly ADD = $ 75/LF.
- Prices do not include furnishing or installing preformed joint fillers.
- Any grinding required shall be complete before joint seal installation.

PENHALL COMPANY

Concrete Sawing, Drilling and Breaking

GENERAL

- Drill and bond contractor supplied dowels.
- Quote firm for 30 days from date of bid.
- 10-days' notice required prior to scheduled work.
- The prices quoted herein are bid as a package. Partial acceptance may be cause for price changes and no retention shall be withheld
- Penhall reserves the right to refuse extra work at force account rates.
- The items of work contained herein do not include the cost of move-ins. Each move-in will be billed independently as a separate line item per the above pay items.
- Premium pay for weekend or holiday work due to contractor's schedule will be charged accordingly.
- Contractor shall provide reasonable and safe accesses to the work inclusive of scaffolding, lifts and the like.
- Prices are based upon a Contractor provided water source within the project limits.
- Prices are based upon a Contractor provided slurry disposal site within the project limits
- Penhall to have exclusive use of work area during our phase of work.
- All layouts shall be providad by the Contractor and clearly marked to the satisfaction of Penhall.
- Contractor shall be responsible to prepare the site for the desired work in accordance with the clarifications contained herein prior to the scheduled commencement of work by Penhall.

EXCLUSIONS - The following Items are not included unless specifically included elsewhere within this proposal:

- Job Trailer, Utilities, Wash Stations & Sanitation/Restrooms
- Layout
- Surveying
- Traffic Control
- Pavement marking & delineation
- Barricades and Signage
- Protective Covers
- Shoring and Bracing
- Power Sweeping
- Utilities – notifications, locating, cutting, capping, protections and temporary
- Hazardous materials and related impact
- Water Pollution Control
- Erosion Control
- Water Control
- Noise/Vibration Control and/or monitoring
- Dust Control
- Lighting
- Earthwork
- Clear & Grub
- Repair of Pavement Scaring
- Pile Extraction
- Salvage for Others
- Delays or Accelerations
- Block Outs for Joint Seals
- Cover Plates
- Public Notifications
- Bond 2%

TERMS AND CONDITIONS

PAYMENT

1. Prices quoted herein do not provide for retention. If the Contractor elects to withhold retention, the above line item "Cost of Retention" shall be extended and included in the cost of the work to be performed. Withheld retention and the "Cost of Retention" shall be due and payable within 60 days of Penhall Company's physical completion of work, as pertains to this subcontract. At no time shall the percentage of retention withheld from Penhall exceed the percentage withheld from the Contractor.
2. Nothing in resulting subcontract shall require the Subcontractor to continue performance if timely payments are aot made to Subcontractor for suitably performed work.
3. No provisions of resulting subcontract shall serve to void the Subcontractor's entitlement to payment for properly performed work.
4. Late payments will be subject to all collection costs plus interest at 1.5% per month or the maximum allowed by law, whichever is greater.

INDEMNIFICATION/LIABILITY

5. Nothing in resulting subcontract shall require Penhall Company to indemnify any other party from any damages (including any expenses, attorney's fees, etc.) to persons or property for any amount exceeding the degree Subcontractor directly caused such damages.
6. Nothing in resulting subcontract shall require Penhall Company to be liable for consequential and/or indirect damages.

9:55 AM 10/09/14

PENHALL COMPANY

Concrete Sawing, Drilling and Breaking

OTHER CONTRACT LANGUAGE

7. No back charge or claim of the Contractor for services shall be valid except by an agreement in writing with the Subcontractor before the work is executed, except in the case that the Subcontractor fails to meet any requirement of the subcontract agreement.
8. Penhall retains all rights allowed by law. Subcontract shall not require Subcontractor to waive any legal rights.
9. Termination of any agreement resulting from this proposal for convenience of the Contractor is strictly prohibited unless agreed to in writing by an authorized Penhall Company representative.
10. This proposal shall be incorporated as an Exhibit of any subcontract or purchase order for work contained herein. Notwithstanding anything to the contrary contained in any Subcontract, the General Contract, the General Terms and Conditions and/ or any other Contract Document related hereto, the Penhall Proposal attached to the contract as an Exhibit incorporated into the contract shall supersede any such inconsistent or contrary. In the event of a partial acceptance of the work proposed a revised proposal would be provided for incorporation into the agreement document.
11. Any and all work performed by Penhall Company and ordered (verbally or written) by the Contractor prior to mutually signing an agreement including initialing all changes shall be governed by this proposal.

- A contract and 10 working days notice must be given prior to any move in. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon. **PAYMENT TERMS ARE - 100%, NET 30.**
- Lump sum items are based on "working days" listed in the Special Provisions or working days bid for this project. Additional compensation (standard rental rates) will be applied if working days are exceeded.
- All Construction Area Signs to be installed at one time or in stages, covered if needed at installation. Contractor to uncover and recover if needed
- Construction area signs include one mobilization per stage, additional mobilizations $1,500.00 each. Additional signs required due to damage, theft, or plsn inadequacies will be billed as extra work.
- Treffic Control not included in installation, removal, or repair of any item. Stand-by time charged at $175.00/hr.
- Portable equipment will be delivered and picked up from one location. Contractor to maintein. Contractor is liable for loss and or damaged equipment. Barricades do not include flashing lights or sign panels unless otherwise noted. Pallets are not included with crash cushions.
- Contractor is liable for lost or damaged equipment removed or relocated by contractor's forces.
- Statewide Safety & Signs, Inc. does not accept charges or back charges of any kind unless agreed to in writing prior to work beginning.
- Statewide Safety & Signs, Inc. shall fully indemnify Contractor for any liability arising out of Statewide Safety & Signs, Inc. work or products, but only to the extent of Statewide Safety & Signs, Inc. liability and not that of anyone else. Statewide Safety & Signs, Inc. maintains insurance coverage for their work hereunder, including $2,000,000.00 Products – Comp/OP Agg and a 10/93 Additional Insured Endorsement.
- If there are any issues or concerns regarding Statewide Safety & Signs, Inc. products or work, Contractor shall promptly notify and give Statewide Safety & Signs, Inc. first opportunity to correct any such problems.
- All sign and marker location / mark-out to be done by others and must be completed prior to Statewide Safety & Signs, Inc. starting work. Statewide Safety & Signs Inc. is not responsible for damage to underground facilities, not shown on plans or, not marked out by other agencies. (ie. Caltrans)
- Sign panels for roadside sign items are supplied by others unless purchased through bid items of this quotation. Roadside sign panels will not be received by Statewide Safety & Signs, Inc. earlier than 15 working days prior to scheduled installation. No storage. 45 working days advance notice for sign panel orders. All sign plan discrepancies are to be resolved before any sign panel orders are placed.
- Permanent sign and marker installation: maximum move-ins: ONE (1) . Additional move-ins $1,500.00 each. 45 working days notice for metal post orders. Mounting hardware supplied to, and installed by contractor.
- Removal, relocate, and reset items are to be completed in whole per the Special Provisions for the project, and completed in, ONE (1) move-in. Additional move-ins $1,500.00 each.
- Sign installation does not include coring or breaking
- All change order work must be approved by agency / owner prior to work being performed by Statewide Safety & Signs, Inc.
- Acceptance of this quote is acceptance of these provisions, which shall prevail if in conflict with any other documents.
- No retention is to be held on Treffic Control and Equipment Rental.

HOISTING FOR REBOUND & EQUIPMENT (UNO)
ACCESS, SETUP & STAGING AREA TO WITHIN 300' OF OUR WORK
LINE, CONTROL, SURVEY, LAYOUT AND/OR ELEVATION BREAKS
LIGHTING, VENTILATION AND DUST CONTROL MEASURES
PRE CON TEST PANEL (ADD: $ 5,200.00)
SANDBLASTING OF JOINTS FOR LAITANCE, ETC...
BEARING PLATES

ALL WORK BID IN ACCORDANCE WITH ACI 506.2 - GUIDE TO SHOTCRETE

SHOTCRETE SYSTEMS, INC. has allowed for the theoretical quantity of material to construct our work, + 1/2" for overrun. Any material placed in excess of this allowed amount shall require compensation at the specified unit rate of $ 235.00 per CYD. Material delivered in excess of 15% of the design quantity, and/or as alllowed per this proposal, will be compensated at the higher contract unit rate, as established by the Lump Sum price divided by allowed cyds of material (as noted below); in order to offset extended labor costs and will constitute a cardinal change to our contract. Verification of materials and properly set screed wires shall be the responsibility of the Owner/General Contractor.

This proposal may be subject to material(s) price escalations if NOT accepted within 30 days from date herein.
PAYMENT TERMS: All accounts are due and payable by the 10th of the month following date of invoice unless otherwise and agreed to by both parties in writing. Interest will accrue at 2.0% per month for past due accounts. NO RETENTION unless mutually agreed upon. (Note: unless able to verify otherwise, total placed material will be established via concrete delivery tickets)

Lic No. 850501

PROPOSAL & CONTRACT
TERMS of AGREEMENT

1. The signer hereof warrants that he/she is a licensed contractor, and/or owner in fee, and/or authorized agent of the owner in fee of the property and/or contractor; upon which the said work is to be done; or will be personally liable.

2. Any deviation from this proposal and/or terms of agreement shall be made in writing. No verbal agreements and/or understandings shall be binding, unless specifically included in this proposal and agreed to by Shotcrete Systems (SSI).

3. All payments received in accordance with the terms of this contract are accepted with the understanding that payments shall be applied to the payment of materials and labor furnished on this job.

4. Both parties agree that the plans and specifications may be changed without impairing the validity of this contract. Changes shall be agreed upon in advance by the parties to the contract and a full statement of same made in writing and signed by them before the work affected by the change is commenced. SHOTCRETE SYSTEMS, INC. is not bound to perform any additional work not specifically included in this proposal. Extra work performed by SSI that is NOT agreed to in advance, shall be billed at the maximum calculated Unit Rate; as established under the terms of this proposal.

5. Both parties agree that upon unilateral cancellation of this contract by buyer, a sum of 20% of the uncompleted contract amount will be paid to SSI, by Owner, Owners authorized agent, Contractor and/or agent. Shotcrete Systems, Inc. will not be liable for consequential damages and/or delays resulting from our work.

6. Delays to our work in excess of 30 days from commencement will be grounds for re-negotiation or cancellation of our contract price and will be considered a cardinal change to our work. Contract changes exceeding 25% will be a cardinal change.

7. SSI shall not be held liable for any loss, damage, or delays occasioned by fire, strikes, acts of war, acts of God, secondary boycotts, inability to obtain materials, equipment failures, schedule conflicts or other causes beyond its control.

8. This proposal is based on the current price of labor & material, if not accepted within 30 days from date hereof, SSI reserves the right to cancel and/or revise our proposal in order to adjust for changes/cost increases beyond our control.

9. Both parties agree that Overbreak shall be construed as extra work and shall be paid for at the agreed upon unit price as stated in this contract, or the calculated unit rate as it applies. "Overbreak/Overrun" shall be defined as the quantity of Shotcrete placed in excess of the volume calculated from the project drawing dimensions. This proposal includes (UNO) a 1/2" allowance for Overbreak/Overrun. Material in excess of 1/2" shall be paid for at the agreed upon price stated in this contract, or the reasonable calculated unit rate therein. Overbreak/Overrun placed in excess of 15% of this allowance will be paid at the higher calculated contract unit rate. It is mutually understood/agreed, that Overbreak/Overrun billing does not commence until the specified material allowance is exceeded. In the event that all other efforts fail, Overbreak/Overrun shall be calculated and paid for, by deducting material allowance from actual concrete delivery tickets.

10. All accounts are due and payable by the 10th of the month following date of invoice unless otherwise designated and agreed to by both parties. Delinquency accounts will bear interest at the rate of 2.0 % per month. Failure to make payment within 30 days will be considered a material contract breach. Retention shall NOT be held from our payment, unless mutually agreed to by both parties prior to the commencement of our work. Certified payroll will NOT be provided, unless mutually agreed to by both parties prior to the commencement of our work, a flat fee of $ 500.00 will be charged for this service. A fee of 1.5% of the contract amount will be charged for all payments received via Credit Card.

11. SSI will require unimpeded, direct access to our work and will not be subject to onerous and/or unproductive work conditions.

12. For the purposes of any future agreements, any work item not specifically "Included", shall be considered to be specifically "Excluded". Thereto, any future agreements and/or subcontracts resulting from this proposal, shall be based and established from the specific items and terms of this proposal, whether duly incorporated into an agreement or not.

13. DISPUTES - Seller (SSI) may, at its sole option, elect to enter into binding arbitration of any dispute arising out of or related to this contract or breach thereof, in accordance with the construction industry arbitration rules of the American Arbitration Association. In the event either party becomes involved in litigation or arbitration, arising out of this contract, the prevailing party shall be entitled to recover its attorney fees and other costs resulting from said litigation or arbitration; including interest on unpaid and/or wrongfully retained monies owed.

14. SSI is not responsible for noticeable discolorations/finish of tieback, raker, etc...patches. Material used to shoot tiebacks is NOT calculated as a part of the total allowed material on the project; unless specifically included in this proposal.

15. SSI reserves the right to cancel and/or revoke this bid at any time, prior to entering into a formal contract.

Ref: CA DOT 11-0223U4 San Diego County
Quotation Date: 10/09/2014

Quotation #: 100814

We are pleased to offer for your consideration the following quotation for materials on the above referenced project.

Item No. 93, Item Code 027807 - Geosynthetic Reinforced Embankment
63,400 SF with a connector Rod @ $8.74/SF DBE = 9 614

Or

63,400 SF with a 6' Face Wrap @ $9.51/SF = 10 461

Item No. 91	**5970 SYS**	**SB 12**	**@ $1.15/SY**
Item No. 90	**2040 SYS**	**ST 160**	**@ $0.60/SY**

DBE available for a premium of 10%

Material quantities to be determined based on calculated final design quantities plus 5% for waste.
The above price(s) includes the following:

- Shop Drawings/Engineering (see note 2 for lead time)
- Primary geogrid reinforcing
- HDG Welded Wire Forms and Struts
- Geotextile Non Woven
- Connector Rod for mechanical connection

Estimated Quantities

The estimated quantities listed below are for contractor information only. Strata assumes no responsibility for the accuracy of the quantities listed below. It is the Client's responsibility to verify all quantities

Calculated Reinforced fill	60,304 CYS
Calculated Face Fill	3,526
6" (max.) to 5" (min.) Clean Rock	
Stratagrid reinforcement:	143,400 SYS
(SG550 for LTDS 3400 lb/ft	
and SG700 for LTDS 4400 lb/ft	
LTDS per GRI-GG4)

Terms and Conditions

Strata Systems, Inc. ("Strata") agrees to furnish the Materials (as hereinafter defined) and coordinate design services (Design Services will be contracted to a third party engineer) at the Final Contract Amount (as hereinafter defined) subject to the Design Assumptions and Disclaimers and Terms and Conditions stated in this Quotation/Contract. Client shall accept this offer by signing this Quotation/Contract at the place provided on the Signature Page and returning it promptly to Strata Systems, Inc. This Quotation Contract will expire thirty (30) days from the quotation date or as stipulated in the above notes, whichever is later unless prior to that date a valid acceptance has been received by Strata Systems, Inc. in writing, or Client shall have received written notification of withdrawal of this Quotation/Contract. Client shall be deemed to accept all the terms of this Quotation/Contract if it accepts part performance of the materials delivered or Design Services contemplated in this contract.

A. Contract Amount and Payment Schedule

1. CONTRACT AMOUNT

The Estimated Contract Amount is the amount stated on Page 1 of the Quotation Contract. The Final Contract Amount shall be the amount determined from the Strata Systems, Inc. final shop drawings, which have been reviewed and approved by the Client and the Owner or Owner's Consultant (hereinafter referred to as "Approved Drawings"). The Estimated and Final Contract Amounts do not include applicable federal, state and local sales, use, personal property, income and excise taxes ("Taxes"). Taxes will be additional to the Contract Amount and shall be added to invoices where legally required. In the event Client is exempt from any taxes, a current tax exemption certificate must be promptly provided to Strata Systems, Inc.

2. INVOICING

Invoices shall be prepared and submitted for payment on the basis of manufactured quantities or on the basis of quantities delivered to the project site and/or approved for storage.

3. CREDIT

On approval of Strata Systems, Inc., credit may be granted to the Client for thirty (30) days from the date of invoice or such other terms as may be approved. In the absence of such written approval, terms shall be due upon invoice. Strata Systems, Inc. reserves the right to revise or withdraw credit terms at any time.

RETAINAGE

6. TERMINATION

If the Client shall be in breach or default of this Quotation/Contract or any of its obligations to Strata Systems, inc. or if any execution shall be levied upon the Client, its property or assets, or if the Client becomes bankrupt or insolvent, or if any resolution of petition to wind up the Client's business shall be passed, or if a receiver of the Client's undertakings, property or assets or any part thereof shall be appointed, Strata Systems, Inc. shall have the right to immediately terminate the Quotation/Contract and Strata Systems, Inc. shall be entitled to recover from the Client all losses and expenses arising as a result.

7. WARRANTIES, LIMITATION OF LIABILITY, AND INDEMNIFICATION

7.1 Strata Systems, Inc. warrants to Client only that at the time of their delivery, the Materials are new and conform to the Project Specifications, are reasonably fit for the purpose of construction of the MSE Structure on the Project Site and, in accordance with Third Party Approved Drawings, and are of merchantable quality. Promptly after delivery, Client shall inspect the Materials and shall notify Strata Systems, inc. immediately if any defects or shortages in the Materials appear to exist upon delivery. Client is responsible for any damage to the Materials arising from unloading, storage, transfer, installation or erection.

7.2 **THE EXCLUSIVE REMEDY FOR ANY DEFECTIVE OR NONCONFORMING MATERIAL UPON DELIVERY SHALL BE REPLACEMENT OR REPAIR OF SUCH MATERIALS, AT STRATA SYSTEMS, INC. OPTION, OF ANY SUCH DEFECTIVE OR NONCONFORMING MATERIAL.**

7.3 Except as stated in paragraphs 7.1 and 7.2 above, **STRATA SYSTEMS, INC. EXPRESSLY DISCLAIMS AND EXCLUDES ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, FOR EITHER THE MATERIALS OR THE THIRD PARTY DESIGN SERVICES. WITHOUT LIMITING THE FOREGOING, STRATA SYSTEMS, INC. SHALL NOT, IN ANY EVENT, BE LIABLE FOR LOSS OF USE OR PROFIT, OR FOR OTHER COLLATERAL, INCIDENTAL, PUNITIVE, SPECIAL OR CONSEQUENTIAL DAMAGES.**

7.4 7.4 Except with respect to the obligation to repair or replace defecting or nonconforming goods timely identified by the Client, Strata Systems, Inc.'s total aggregate liability in connection with the Quotation/Contract and Materials furnished hereunder shall be strictly limited to an amount equal to the greater of $50,000 or the actual contract price paid to Strata Systems, Inc. under this Quotation/Contract, whether such liability is asserted for breach of representation or warranty, under any indemnity, in any other respect under or for breach of this contract, or as a liability arising in negligence (whether ordinary or professional negligence) or other tort or by statute. Client hereby waives and discharges all present and future claims against Strata Systems, inc. and its shareholders, directors, officers, agents, employees, and subcontractors, for any claim other than those described in the preceding sentence or any liability amount in excess of the aggregate limitation stated in the preceding sentence.

7.5 To the fullest extent permitted by law, the Client shall defend, indemnify, and hold harmless Strata Systems, Inc. and its affiliates, agents and employees from and against claims, damages, losses, and expenses, including but not limited to reasonable attorneys' fees and other legal expenses, arising out of or resulting from the Project or performance by the Client pursuant to the terms of the QUOTATION/CONTRACT, including without limitation for claims, damages, loss, or expenses attributable to bodily injury, sickness, disease, or death, or injury to or destruction of tangible property, including loss of use resulting therefrom, to the extent caused in whole or in part by negligent acts or omissions of the Client, a subcontractor, or anyone directly or indirectly employed by them or anyone for whose acts they may be liable. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this paragraph. This indemnity obligation shall apply even if Client has immunity from the bodily injury or death due to the operations of workers' compensation or similar laws.

7.6 Client waives any and all claims for incidental, punitive, consequential, special and liquidated damages against Strata Systems, Inc. or its affiliates, agents and employees.

8. LIENS

Strata Systems, Inc. shall be responsible for discharging, removing, or transferring to a bond any mechanic's or materialman's liens placed against the Project by Strata Systems, Inc. subcontractors or suppliers. The filing of such a lien shall not operate to delay progress payments of the Final Contract Amount as provided herein. Strata Systems, Inc. reserves its right to assert mechanic's or materialman's lien or a payment bond claim, as appropriate, to secure payment of amounts due to it under this Quotation/Contract.

9. ATTORNEYS' FEES

Should it become necessary for Strata Systems, inc. to employ an attorney to enforce any of the provisions of this Quotation/Contract or to recover any sum of money due hereunder, Strata Systems, inc. shall be entitled to recover from Client any and all such reasonable attorney's fees and expenses as shall be incurred in connection therewith. This provision specifically includes, but is not limited to, fees and expenses associated with legal actions filed in any state or federal court including any and all appeals arising out of such actions.

10. CLIENT NOT THE PRIME CONTRACTOR

In the event that Client is not prime contractor of the project, Strata Systems, inc. reserves the right to withdraw this Quotation/Contract or to amend any terms or conditions hereof, including the Estimated Contract Amount, and to add further terms and conditions, including the right to require Client to obtain bonding or other security, in a form and amount satisfactory to Strata Systems, inc. to secure Client's payment obligations under this Quotation/Contract. Furthermore, Strata Systems, Inc. may also require Client to join with Strata Systems, Inc. in requesting prime contractor to issue certain payments which are or which may become due to Client under Client's contract with the prime contractor to Strata Systems, Inc. and Client as joint payees.

C. Schedule of Materials

1. Materials Supplied

The sufficiency of the quantities of Materials to construct the MSE Structure is wholly dependent upon the accuracy of the Square footage shown or indicated in any documents provided to Strata Systems, Inc. or other requests for proposals. Unless otherwise stated in the Quotation/Contract, the estimate for Materials includes a reasonable amount of waste. Strata Systems, Inc. may at its election and at its sole expense recover any surplus Materials, without compensation to Client.

2. Quantity Variations

STRATAGRID®

Stratagrid is a geogrid reinforcement for soil. These high performance geogrids are constructed of high molecular weight and high tenacity knitted polyester yarns utilizing a complex knitting process and a polymeric coating to provice superior engineering properties. Stratagrid is engineered to be mechanically and chemically durable, in both the harsh construction instaliation phase and in aggressive soil environments (pH range from 3-9).

STRATATEX™

StrataTex (ST Series) is a needle-punched nonwoven geotextile made of 100% polypropylene staple fibers, which are formed into a random network for dimensional stability. StrataTex (SW Series) geotextile fabrics are woven polypropylene materials offering optimum performanca when used in stabilization applications. StrataTex is engineered to be mechanically and chemically durable, in both the harsh construction installation phase and in aggrassive soil environmants (pH range from 2-13).

1) Denotes both machine and cross-machine direction strength (biaxial strength); 2) Microgrid ultimate tensile strength determined in accordance with ASTM D4595; 3) Minimum Average Roll Values for machine direction unless otherwise noted (Lot Average minus 2 x Standard Deviation); 4) LTDS or Tal=Tult / (RFcreep x RFinstallation damage x RFdurability) for sand,silt and clay soil Dmax ≤ 25mm, D_{50}<0.2mm. Installation damage factor for other soils available upon request; 5) Special order roll values are available for SG product styles 12-ft. widths and/or custom roll lengths; 6) Roll weights are average values including shipping cores. Actual roll weights may vary.; 7) Stratagrid soil and segmental retaining wall unit interface properties are available upon request.; 8) For permanent walls the above LTDS or Tal should account for an ovxrall factor of safety for uncertainies per industry standards, typically FSunc=1.5 [Note: Ta=LTDS/FSunc]; 9) At time of manufacturing, handling, storage and shipping may change these properties.

This product specification supercedes all prior specificationx for the products described and is not applicable to any product shipped prior to JANUARY 1, 2011.

StrataBase
SB12
Product Data

STRATABASE™ is an integrally formed biaxial geogrid, which is especially designed for soil stabilization and reinforcement applications. StrataBase is manufactured from polypropylene by process of extruding then longitudinal and transverse stretching. StrataBase features high tensile strength at low strain in both longitudinal (MD) and transverse (TD) directions and provides excellent structure stability and mechanical interlock performance.

APPLICATIONS

• Base Reinforcement • Subgrade Reinforcement • Secondary Reinforcement • Embankment Stabilization

INDEX PROPERTIES				
Polymer	-	-	Extruded Polypropylene (PP)	
Carbon Black[2]	ASTM D4218	%	2	-
Aperture Dimensions[2]	Caliber	inch (mm)	1.02 (26)	1.38 (35)
Minimum Rib Thickness[2]	ASTM D1777	inch (mm)	0.077 (1.95)	0.051 (1.3)
Tensile Strength @ 2% Strain[3]	ASTM D6637	lb/ft (kN/m)	410 (6.0)	620 (9.0)
Tensile Strength @ 5% Strain[3]	ASTM D6637	lb/ft (kN/m)	810 (11.8)	1340 (19.6)
Ultimate Tensile Strength[3]	ASTM D6637	lb/ft (kN/m)	1310 (19.2)	1970 (28.8)
STRUCTURAL INTEGRITY				
Junction Efficiency[4]	GRI-GG2	%	93	
Overall Flexural Rigidity[5]	ASTM D7748	mg-cm	750,000	
Aperture Stability Modulus[6]	COE Method	m-N/deg	0.65	
DIMENSIONS AND DELIVERY				
Roll Width[2]	-	feet (m)	12.96 (3.95)	
Roll Length[2]	-	feet (m)	164 (50)	
Roll Weight[2]	-	lbs (kg)	128 (58)	

NOTES:

1. Values shown are minimum average roll values determined in accordance with ASTM D4759. MD – Machine Direction. TD – Transverse (cross-machine) direction.
2. Nominal dimensions or values, unless otherwise noted.
3. Determined in accordance with ASTM D6637 without applying pre-load or using "secant" or "offset" tangent methods.
4. Load transfer capacity between node and tensile ribs expressed as percentage of ultimate tensile strength.
5. Resistance to bending determined in accordance with ASTM D7748. Overall flexural rigidity is calculated as the square root of the product of the MD and TD flexural stiffness values.
6. Aperture Stability Modulus measured by applying a 20 kg-cm (2 m-N) moment to central junction of test specimen in accordance with U.S. Army Corps of Engineers Methodology for Measurement of Torsional Rigidity.

RE: Genessee GRE Anchors

As per your request , we are pleased to quote the following quality Williams material .

Part Number	Description	Weight	Qty	Price
MCP SNEC	MCP SN - Soil Nail utilizing a Left Hand #8 Dia, R61 All-Thread Bar ASTM A-615, Epoxy Coated 12-15 mils, and Pre-grouted first 3 feet Sleeve, The anchor has a 36" Pregrouted length in a 2" Nom. Corrugated tube, and a 9" Tail. The total length is 12'.	15,540.0	370	$53.25 Each
R63-080S	R63 - Hex Nut for Grade 75 All-Thread Rebar # 8 *Left Hand *Plain O.S.	255.3	370	$3.59 Each
R9F-09-436	R9F - Hardened Washers for # 8 Gr. 75 Bar *Plain	40.8	371	$0.68 Each
S0K	S0K - Studded Plates *Plain, 3/4" x 8" x 8" Plate with 1-1/4" Diameter Round Hole, 1/2" Dia. x 4" Studs	4,823.0	371	$21.10 Each
CEN-48	CEN - PVC Centralizer over #8 All-Thread Bar placed in a 6" Drill Hole	740.0	740	$3.99 Each
MIL	Certification- Mill Certification (includes Mill cert of Conformance)		1	$50.00 Each
FRT-EST	FRT - Estimated Freight (actual freight and handling to be billed)		1	$1250.00 Each
	Total Weight :	21,399.1	**Total Price :**	$33,363.78

Availability:	2-3 weeks Delivery subject to availability of material at time of order. Actual shipping dates can be determined upon receipt of purchase order. Williams is not responsible for delays in delivery due to mill delays , availability of trucks or inclement weather.
F.O.B.:	San Diego, Ca.
Terms:	Net 30 days, no retainage percentage. Taxes not included. Above prices are guaranteed for 30 days. Extended Deliveries could be subject to escalating surcharges . It is the purchasers responsibility to verify the material description and quantities on quotation meet project specifications . Willliams reserves the right to exercise lien rights.
Certification:	$50.00 per order, must be requested when placing order.
Testing:	Any cost of independent testing will be the responsibility of purchaser .
New Accounts:	Credit information must be provided when placing orders.

1	**ENGINEERING SERVICES** SERVICES TO INCLUDE: 1. CONDUCT ELECTRICAL CONTINUITY TESTING 2. INSULATING FLANGE TESTING 3. FINAL TESTING OF CORROSION MONITORING SYSTEM AND REPORT **ABOVE FEE IS BASED ON A MAXIMUM OF 3 SITE VISITS. ADDITIONAL VISITS SHALL BE BILLED OF AN HOURLY RATE OF $125 PLUS $150/DAY FOR VEHICLE, EQUIPMENT AND MILEAGE FEES.*	$4,750.00

TOTAL = $30,375 ÷ 6 = $5,062.50 /E

MAR = 8% = $5,467.50 /E

Note:

1. Final quantities required will be the responsibility of the contractor. The quantities quoted are based on the information available at the time of quote preparation.
2. Corrpro is offering Coating Inspection. Corrpro's Rate for CIP-3 @ $100/hr + $125/day for vehicle and Equipment fees.
3. Stainless Steel Anchors by Others.

Commercial Terms and Conditions:

1. Corrpro terms are due upon receipt of services or materials, progress billing is allowed. Progress billing will be submitted when materials are delivered and/or service progressively rendered. **Plus tax and freight on material portion (not included),** FOB: Shipping Point
2. All terms and conditions listed above, whether explicitly detailed or not detailed in a resulting contract or purchase order, shall be accepted as "condition of sale" between Corrpro and the Purchaser and cannot be waived unless it is explicitly mentioned in the resulting contract or purchase order.
3. Please accept Corrpro's Term's & Conditions and Warranty. See Exhibit A.

We appreciate the opportunity to submit this proposal and look forward to working with you on this project. If you have any questions or require additional information, please feel free to contact me directly at 480-292-5158.

Respectfully Submitted,

Andrew J. Karhu

Corrpro Companies, Inc.
STANDARD TERMS AND CONDITIONS

The performance of services and delivery of materials by Corrpro Companies, Inc. or its subsidiary ("Corrpro") is subject to the following Terms and Conditions:

1.0 Description of Professional Services. Corrpro will provide corrosion control engineering, coatings, consulting, inspection, installation, or technical services, along with products and materials associated with the services, as more fully described in the Services Agreement, Letter to Commence Work and/or other Exhibits (collectively, the "Agreement").

2.0 Client Responsibilities.

2.1 Site information, permits, and approvals.

Client shall obtain or arrange required access rights, site and surface information, approvals, permits, and licenses for the engagement, other than professional and business licenses required of Corrpro in the ordinary course of business. If design/engineering services are included, Client shall furnish complete and accurate relevant criteria, including relevant laws, rules and regulations.

2.3 Safety, waste, pollutants.

(a) Client shall provide a safe work environment for those activities performed by Corrpro at work sites other than Corrpro's facilities. Corrpro shall have no obligation with respect to the means and methods of others or any health or safety precautions required of others by regulatory agencies.

(b) Client shall be responsible for ownership, releases, transportation, clean up and disposal of waste materials or pollutants.

3.0 Warranty.

Client and Corrpro agree that the warranties provided in the Warranty Certificate attached as Exhibit C are the sole and exclusive warranties applicable to the services, products and materials covered by the Agreement. The Warranty Certificate provisions shall take precedence and govern over any additional or inconsistent term contained in any Exhibit or other document, unless such additional or inconsistent term is in writing signed by an authorized representative of Corrpro and specifically states that such term is intended to add to or modify the provisions of the Warranty Certificate. In the event Client provides design services, Corrpro shall not be liable for losses resulting from design services.

4.0 Indemnification.

4.1 Corrpro. As to claims other than warranty claims subject to paragraph 3.0, Corrpro agrees to indemnify Client for Client's losses to the extent caused by the negligence of Corrpro and its employees or authorized agents performing within the scope of their employment or agency.

4.2 Client. Client agrees to indemnify Corrpro for Corrpro's losses to the extent caused by the negligence of Client and its employees or authorized agents performing within the scope of their employment or agency.

5.0 Insurance

Corrpro shall maintain general liability, professional liability, and automotive liability insurance, and property insurance covering Corrpro's machinery and equipment, in commercially reasonable amounts, and workers compensation insurance coverage required by law. Such insurance shall be subject to the coverage provisions, limitations of liability, and other terms and conditions contained in the applicable policies. Upon request Corrpro will provide a certificate evidencing such insurance.

6.0 Confidentiality and Ownership Rights

6.1 Confidential Information. Client and Corrpro shall each maintain the confidentiality of information specifically designated as confidential by the party providing the information, except as required by law.

6.2 Ownership Rights. External reports prepared for Client's use shall belong to Client. Ownership of all rights, including copyrights, in internal reports, specifications, drawings and other documents, including those in electronic form, prepared by Corrpro shall belong to Corrpro. Ownership in intellectual property rights, including patentable and unpatentable inventions, methods, processes, copyrightable software or works, developed by or with Corrpro in connection with the engagement shall belong to Corrpro.

7.0 Remedies

7.1 Opportunity to Cure. If any alleged breach, error, omission or other circumstance giving rise to a claim or dispute arises, the injured party shall provide written notice to the other party providing reasonable details of the facts and providing for a reasonable opportunity (up to 30 days) for the other party to remedy the problem.

7.2 Term and Termination of Agreement. The Agreement commences as of the date of execution of the Services Agreement or the Letter to Commence Work by authorized

representatives of both Corrpro and Client and continues through the completion of the services and the final and complete payment by Client to Corrpro for the services and associated products or materials. If a claim or dispute arises during the term of the Agreement and is not timely remedied as provided in paragraph 7.1, the injured party may terminate the Agreement upon written notice, provided that Client shall remain responsible for paying Compensation accrued to Corrpro through the date of termination. If Client wrongfully terminates the Agreement, Corrpro may recover the full amount of Compensation contemplated in the Services Agreement or Letter to Commence Work.

7.3 Dispute Resolution. Corrpro's claims solely for past due Compensation are, at Corrpro's sole option, not subject to the mediation and arbitration provisions below except and unless, prior to Corrpro's commencing a collection action, Client has provided written notice to Corrpro of an alleged breach of the Agreement as provided in paragraph 7.1 above. The parties shall engage in reasonable efforts (including a meeting of high ranking management of the Client and Corrpro facilities involved) to resolve any other claim or dispute not resolved timely under paragraph 7.1 above, or other matters in question arising out of or related to the Agreement. If not resolved, such claim, dispute, or matter shall be submitted to non-binding mediation under (unless the parties agree otherwise) either the Construction Industry or Commercial Mediation Rules of the American Arbitration Association. If the mediation does not result in a settlement within 60 days after service of a written demand for mediation, any unresolved controversy or claim shall be settled by binding arbitration, except that at Corrpro's option, Corrpro may sue for past due Compensation. The arbitration shall be under (unless the parties agree otherwise) either the Construction Industry or Commercial Arbitration Rules then in effect of the American Arbitration Association. Judgment on the award may be entered in any court having jurisdiction thereof. The arbitrator may provide in its decision that the nonprevailing party pay to the prevailing party the costs of the arbitration and the expenses, including reasonable attorneys' fees, of the prevailing party.

7.4 Mutual Limitation of Liability for Damages. In addition to the limitations of liability set forth on the Warranty Certificate and except as stated in this section 7.0, neither party to the Agreement shall be responsible to the other party for incidental, consequential, indirect, punitive, or exemplary damages with respect to any claims, disputes, or other matters in question arising out of or relating to the Agreement or its termination, and Client and Corrpro shall waive such damages. Corrpro's total liability to Client shall not exceed the amount of Compensation actually paid for the services, products, or materials giving rise to the claim. Client and Corrpro shall waive all rights against each other and any of their subcontractors, agents, and employees for all loss or damage to property or its loss of use.

8.0 Other Provisions

(a) Compliance with laws. Client and Corrpro shall comply with all applicable laws and regulations, including environmental and safety laws applicable to the respective operations of each, the Fair Labor Standards Act and other laws concerning wages, hours, and equal employment opportunity.

(b) Governing Laws. The Agreement shall be governed by and construed in accordance with the laws of the State of Ohio excluding any conflict of laws provision which would refer to the law of another jurisdiction.

(c) Force Majeure. Neither party shall be liable for its failure or delay in performance, other than the duty to pay the Compensation earned, if due to circumstances beyond its reasonable control including governmental action, fire, flood, weather conditions, natural catastrophes, war, labor troubles, or strikes.

(d) Assignment. The Agreement may not be assigned without consent of the parties. Corrpro may utilize its authorized representatives and subcontractors in performing the Agreement. The Agreement shall be binding upon and inure to the benefit of the parties' successors and permitted assigns.

(e) Entire Agreement/Amendments. The Agreement, the Warranty Certificate and the Exhibits constitute the complete and entire understanding and agreement between the parties with respect to the subject matter of the Agreement. No prior or contemporaneous statement, agreement, representation or warranty, oral or written, with respect to the subject matter hereof, shall vary or modify the written terms of the Agreement. The Agreement may be amended only by a written document signed by both parties.

(f) Headings. The headings in the Agreement and any Exhibit are for ease of reference only and in no way define, limit, construe or describe the scope or extent of such section.

Test panels as required by owner/contractor not included in pricing.

Items included in quoted price: limited to items listed
Exclusions: Sales tax, engineering, 3rd party inspections, liquidated damages, retention.
Rupert Construction Supply will supply materials as required in contract plans and specifications.
Rupert Construction Supply is not responsible for design, engineering or installation.
Liability: Limited to the cost of our product, we will not be responsible for additional charges.
Due to the instability in the raw materials markets, our quotation is subject to change without notice.
Pricing should be verified before placing a purchase order.
If this project is subject to compensation due to escalation of raw materials pricing, Rupert Construction Supply reserves the right to make claim at time of shipment.
Contractor to verify field dimensions.
Actual quantities are the responsibility of the contractor.
Additional items available for purchase. See attached line card for product information.

Sincerely, Stacy Monroe

Dayton Superior Corporation ("Dayton")
Terms and Conditions of Rental/Sale ("Terms")

These Terms apply to all Dayton sales and rentals of products ("Product(s)"). If Dayton issues a quotation or proposal ("Quotation") to its customer ("Customer") that the Customer timely accepts by issuance of a purchase order or by acceptance of Products (or by other means acceptable to Dayton), the Quotation and these Terms will constitute the entire agreement between Dayton and Customer with respect to the Products (collectively, the "Contract"). Otherwise, the entire Contract shall consist of Dayton's order acknowledgement and these Terms. By issuing a purchase order against a Quotation or accepting Products, Customer expressly agrees that these Terms govern and that no other terms shall apply unless in writing and signed by an authorized representative of Dayton. Dayton expressly rejects any additional, inconsistent or conflicting terms proposed by Customer. Clerical errors are subject to correction in all cases.

1. **Purchase Price or Rental Charge; Payment.** Quoted prices or rental charges are firm only for orders placed against the Quotation within 30 days after it is issued and are valid only if all items, quantities and sizes listed in the Quotation or order acknowledgement are purchased or rented and only if the Products are to be shipped within Dayton's normal production and shipping schedule. Orders otherwise are subject to revised pricing. Quotation prices and rental charges do not include, but are subject to, taxes and all other governmental charges that may be imposed at any time, including sales, use and similar taxes. Dayton shall invoice and Customer shall pay or reimburse Dayton for any such amounts. Purchase charges shall be invoiced at the time of shipment. Customer is responsible for payment of all made-to-order products, even if Customer cancels the order and the products do not ship. Rental charges shall be invoiced monthly, with charges beginning on the date of shipment and ending on the date the Products are returned to Dayton's warehouse, as shown on shipping documents. Customer agrees to pay for a minimum of one month's rental, with any additional partial months being pro-rated, with each week assumed to have seven days and each month assumed to have twenty-eight days. Except as expressly agreed otherwise in the Quotation or order acknowledgment, Customer shall pay each invoice within 30 days after the date of invoice. All payments shall be made without set-off, deduction or counterclaim. Interest at the rate 1-1/2 % per month, or the maximum allowable by law, shall apply to balances on invoices 31 days past due and until paid.

2. **Delivery; Risk of Loss; Inspection and Claims.** Unless expressly agreed in the Contract, Dayton does not guarantee or assume any liability for failure to meet any delivery date proposed or requested by Customer or Dayton. In the case of paving Products, Customer shall provide Dayton with a requested delivery date at the time of order. Prior to the order entering production, Dayton will contact Customer to verify the requested delivery date and Customer shall, by electronic mail, fax, or letter, confirm in writing the requested delivery date. Dayton will not begin production on the order until this written confirmation is received from the Customer.

Unless otherwise agreed at the time of order, all Products will ship FOB Dayton's shipping point, prepaid, via Dayton's selected carrier and Customer shall pay all transportation charges from Dayton's shipping point to destination, with shipping charges added to Customer's invoice. Title and risk of loss shall pass to Customer upon delivery to the carrier at Dayton's shipping point. Customer shall inspect Products upon receipt at the destination and notify Dayton in writing of any shortages or readily ascertainable damaged or defective Products within 72 hours after delivery. Failure of Customer to timely notify Dayton shall relieve Dayton of any liability. All claims for loss or damage in transit must be made by Customer against the carrier.

3. **Customer Pick-up/3rd Party Carriers.** At the time of order, Customers may arrange to pick up orders when available at identified Dayton facilities and/or request Collect or 3rd party billing on a Customer-specified carrier if preferred (FOB Origin). For LTL/parcel shipments requested Collect or 3rd party bill, Dayton will make the arrangements directly with the Customer-specified carrier. For truckload shipments, the Customer may make their own arrangements or provide carrier information for DAYTON to make the arrangements. The following guidelines will also apply.

a. **Accessory and Chemical Products**—In the case of Customer pick-up or Customer arranged freight, DAYTON will hold the ordered Products on its docks for a maximum of five (5) business days from the date of order. If the Customer/Carrier fails to pick up the ordered Products by the end of the fifth business day, Customer agrees that either: (i) by the end of the sixth business day, Customer will instruct DAYTON to arrange for freight and have the freight charges added to the Customer's order and invoice; (ii) if the Products are not made-to-order, the order will be cancelled and Customer agrees to pay Dayton a restocking fee of 25% of the value of the order, which will be invoiced to the customer; or (iii) if the Products are made-to-order, the order will be cancelled, Customer shall pay Dayton the full price of the order and Dayton shall have no obligation to retain or store the Products.

b. **Paving Products**— In the case of Customer pick-up or Customer arranged freight, DAYTON will hold the ordered Products on its docks for a maximum of ten (10) business days from the date of order. If the Customer/Carrier fails to pick up the ordered Products by the end of the tenth business day, Customer agrees that either: (i) by the end of the eleventh business day, Customer will instruct DAYTON to arrange for freight and have the freight charges added to the Customer's order and invoice; or (ii) it will incur a $500.00 per day handling and storage charge that will be added to the Customer's invoice until the order is picked up or delivered.

c. **Forming Products**— In the case of Customer pick-up or Customer arranged freight, Customer shall provide Dayton with a requested delivery date at the time of order. Dayton will contact Customer to verify the requested delivery date and Customer shall, by electronic mail, fax, or letter, confirm in writing the requested delivery date. Dayton will not begin pulling the order for shipping until this written confirmation is received from the Customer. Dayton will hold the ordered Products on its docks for a maximum of ten (10) business days from the date of order. If the Customer/Carrier fails to pick up the ordered Products by the end of the tenth business day, Customer agrees that either: (i) by the end of the eleventh business day, Customer will instruct DAYTON to arrange for freight and have the freight charges added to the Customer's order and invoice; or (ii) it will incur a $500.00 per day handling and storage charge that will be added to the Customer's invoice until the order is picked up or delivered.

4. **Ownership and Use of Rental Products.** Dayton shall retain title to rental Products. Customer shall have the option to purchase rental Products if and to the extent set forth in the Contract, subject to these Terms. Customer shall not make any alterations, additions or improvements to, and shall not deface, remove or cover any Dayton markings on, rental Products without Dayton's prior written consent. Upon request, Customer shall advise Dayton as to the exact location of rental Products and agrees not to move rental Products without Dayton's prior written consent. Dayton shall have the right to enter Customer's premises or other location of the rental Products at reasonable times and with reasonable notice to Customer, to inspect Dayton rental Products. Customer shall keep rental Products free and clear of all liens, levies and encumbrances (other than those of Dayton). Customer irrevocably authorizes Dayton to execute and/or file a financing statement or other notice in any jurisdiction with respect to the lease created by the Contract. Rental Products do not include wood of any kind, except as part of a prefabricated panel or other prefabricated rental Product. Customer shall be responsible for unloading, cleaning, assembling and erection of rental Products. Customer shall cause rental Products to be used only by competent operators in a safe and proper manner in compliance with all applicable laws, rules, regulations and the manufacturer's instructions (including maintenance) and solely for the purposes for which they are intended.

5. **Limited Warranty.** Dayton warrants, for a period of 60 days from the date of shipment (three years from the date of shipment in the case of formwork, excluding any consumable Products included with such formwork), that Products and any associated application drawings and engineering services provided by Dayton

("Ancillary Services") will be free from defects in material and workmanship and, in the case of custom designed formwork, that the formwork will meet the specifications set forth in the design drawings approved by Dayton and Customer. Any claim under this warranty must be made in writing within such warranty period. If any Product and/or Ancillary Service covered by a timely claim are found to be defective, Dayton will, within a reasonable time, make any necessary repairs or corrections or, at Dayton's option, replace the Product. Unless pre-authorized by Dayton in writing, Dayton will not accept any charges for correcting defects or accept the return of any Product. This warranty will not apply to any Products that have been subjected to misuse, neglect, storage damage, misapplication, accident or any other damage caused by any person other than Dayton, or that have not been maintained in accordance with Dayton's specifications. **THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AS TO THE PRODUCTS AND ANCILLARY SERVICES. DAYTON MAKES NO OTHER WARRANTIES OR GUARANTEES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE. THE REPAIR/REPLACEMENT REMEDIES SET FORTH IN THIS SECTION ARE CUSTOMER'S EXCLUSIVE REMEDY FOR BREACH OF WARRANTY.**

6. **Limitation of Liability.** Dayton's liability under any Contract and at all times with respect to the Products and the Ancillary Services shall in any event be limited to direct damages (which expressly excludes lost profits, revenues, incentives and back charges) and then only to, at most, the purchase/rental price of the relevant Products paid by Customer. Dayton shall have no other liability to or through Customer whatsoever, whether based on breach of contract, negligence, gross negligence, strict liability or otherwise. **IN NO EVENT SHALL DAYTON BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, REVENUES, LOST INCENTIVES OR BACK CHARGES) ARISING OUT OF OR IN CONNECTION WITH THE CONTRACT, THE PRODUCTS OR THE ANCILLARY SERVICES.**

7. **Contingencies.** Dayton shall not be responsible for delays in performance caused, directly or indirectly, by any act of God, accident, war, force of arms, fire, elements, riot, labor dispute, strike, sabotage, civil commotion, act of terrorism, government action, transportation interruption, inability to obtain materials or labor, Customer's failure or delay in approving any design or other drawings or any other contingencies beyond Dayton's reasonable control.

8. **Risk of Loss and Insurance.** From the date rental Products are shipped until returned to Dayton, Customer shall bear the risk of loss/damage to Products, whether or not insured. Customer shall, at its expense, maintain rental Products in good repair, condition and working order, normal wear and tear excepted. In the event of any loss/damage to rental Products, Customer shall place the same in good repair, condition and working order, or, if Customer fails to do so, shall, at Dayton's election, pay to Dayton the full, un-depreciated replacement cost of the Products plus all unpaid rent through the date of payment. Customer shall keep rental Products insured against all risk of loss/damage by customary property and casualty insurance for the full un-depreciated replacement value (new) and shall carry public liability insurance, both personal injury and property damage, covering the rental Products and their use. All such insurance shall name Dayton as an additional insured/loss payee, shall provide Dayton not less than 30 days' written notice of cancellation and shall be of a type and form, with terms and in amounts, and with companies reasonably satisfactory to Dayton.

9. **Indemnification by Customer.** Customer shall be responsible for, indemnify, defend and hold Dayton harmless from and against all liabilities, claims, judgments, costs, damages and expenses (including reasonable attorney's fees and expenses), including for personal injury, death, property damage or otherwise, arising out of or relating to the use of the Products and/or the Ancillary Services and any other act, or omission by Customer or any subcontractor, agent, sublessee, employee, or purchaser of or from Customer with respect to the Products and/or the Ancillary Services, unless resulting from the gross negligence or willful misconduct of Dayton. If Customer subleases rental Products or resells purchased Products, Customer shall include language in an agreement with its purchaser that makes these Terms (including the limitations set forth in paragraph 5) binding on Customer's sublessee or purchaser and any subsequent purchasers of the Products, including binding sublessee or purchaser to these obligations of indemnification in addition to Customer.

10. **Documentation; Product Data.** Any specifications, plans, drawings or application recommendations furnished by Dayton to Customer ("Documentation") are provided only as a service to Customer to conceptually illustrate the assembly and use of Products. Such Documentation is not intended to be fully directive nor to cover all engineering details on Products, on products or materials not furnished by Dayton, or on their interconnection. Inasmuch as Dayton does not control jobsite assembly or procedures, grade or quality of materials, or equipment supplied by others, it is the responsibility of Customer to integrate Documentation into composite drawings and information suitably complete for construction purposes. In the case of custom designed formwork, design drawings will be furnished by Dayton for Customer's approval prior to any fabrication by Dayton Dayton shall not be responsible for any deviations, changes or alterations to the recommended assembly details described in forming layout drawings unless such deviations, changes or alterations are illustrated in a revised design drawing provided by Dayton or are approved in writing by Dayton. Dayton shall at all times retain ownership of all Documentation and other technical data ("Product Data") with respect to the Products and the Ancillary Services, and unless duly authorized by Dayton, Customer shall not disclose any such Product Data to any other person. Upon Dayton's request, Customer promptly shall return to Dayton all copies of Product Data.

11. **Default; Termination.** If Customer fails to timely pay any invoice or to perform any other obligation under the Contract, or if Dayton deems itself insecure or determines that any rental Products are at risk of being damaged, lost or removed from Customer's control, Customer shall pay immediately upon notice from Dayton an amount equal to the sum of (i) any unpaid invoices and (ii) all uninvoiced and unpaid amounts, including rental charges, through the later of the date of payment or the return of the Products. In such event, all rights of Customer in the rental Products shall terminate absolutely and, upon any termination (whether by expiration of the rental period, Customer's failure to perform any obligation under the Contract or otherwise), Dayton shall have the right, without notice or demand, to take possession of the rental Products, wherever located, at the expense of Customer. Notwithstanding, Customer shall promptly return the rental Products, at Customer's expense and at Dayton's instruction, and pay for any damage to the Products, ordinary wear and tear excepted.

12. **Expenses.** Customer shall reimburse Dayton's expenses (including, but not limited to, court costs, interest and reasonable attorneys' fees and expenses) in collecting any amounts owed by Customer arising out of the Contract, including, but not limited to, expenses incurred by Dayton in protecting its rights under the Contract and/or recovering and/or repairing any rental Products.

13. **Compliance with Governmental Requirements.** To apply, any standards or requirements of law or governmental regulations must be expressly and specifically set forth in writing in the Contract. Otherwise, Dayton shall have no liability or obligation to Customer with respect to the failure of the Products to comply with any such standards or requirements.

14. **Governing Law and Exclusive Jurisdiction.** The Contract shall be governed by, and construed in accordance with, the laws of the State of Ohio without giving effect to the conflict of law principles, shall be binding upon any and all successors and assigns of the parties hereto and shall not be construed in whole or in part against any party solely because of the fact that the party drafted it. The exclusive jurisdiction for any dispute arising out of the Contract shall be in a court of competent jurisdiction located in Montgomery County, Ohio, the parties agree to personal jurisdiction and that all discovery, including depositions, shall be conducted therein.

15. **Miscellaneous.** The Contract may not be amended except in writing and signed by an authorized representative of Dayton. Customer may not cancel orders under this Contract for customized Products without Dayton's written consent. Customer shall not assign the Contract or sublease any rental Products without Dayton's prior written consent and the full release of Dayton from any obligations with respect to the Products. Any provision of the Contract that is invalid under applicable law or court order shall not in any way invalidate or affect the remaining provisions of the Contract.

Quotation REV 2

Date: October 9th, 2014

Project: **CalTrans Contract No. 11-0223U4**
San Diego County

West Coast Pipe Linings, Inc. is pleased to provide this quotation for your review and consideration. This project is quoted as a complete engineered pipeline. Should you have any questions or comments, please do not hesitate to contact me at your earliest convenience.

QUALIFICATION STATEMENT

- All Pipe shall conform to AWWA C200/05 and ASTM A139, Grade B ASTM 1018 Grade 36 DOMESTIC
- Cement Mortar Linings and Cement Mortar Coating shall conform to AWWA C205/07 with 0.75" for lining and 1" thickness for coating per specs
- Fusion Bonded Epoxy Coating shall conform to AWWA C213/07
- Tape Coating shall conform to AWWA C214/07
- Fabrication conforms to AWWA C208/07 and AWS D1.1. Welding inspection shall be per the Die Penetrant method with no further testing required
- Flanges shall conform to AWWA C207/07
- Fabricated fittings shall be manufactured from previously hydro-tested pipe.
- **These materials are quoted as DOMESTIC MATERIAL per CalTrans Specification 6-2.05 "Buy America"**

249	**24" Cement mortar lined pipe (Tape & Cement coated)**	**1410**	**lf**	**$194.78**	**$274,634.00**
250	**36" Cement mortar lined pipe (Tape & Cement coated)**	**290**	**lf**	**$481.24**	**$139,559.00**
251	**24" Cement mortar lined pipe (Fusion Bonded Epoxy Coated)** Supplied in 20' lengths	**1080**	**lf**	**$185.50**	**$200,343.00**
255	**24" Butterfly Valve (flanges only)** Flanges (and 6" bypass piping) will be supplied for assembly to in-line valves (Valves are not included)	**6**	**each**	**$7,893.33**	**$47,360.00**
257	**4" Air Release/Vacuum Assy** Welded steel pipe and fittings (in lieu of of PVC) included for assemblies off welded steel mainline per detail 14/UD-7	**7**	**each**	**$1,519.00**	**$10,633.00**
258	**6" Blow Off Assy** Welded steel pipe and fittings (in lieu of PVC) included for assemblies off welded steel mainline per detail 12/UD-7	**8**	**each**	**$1,687.50**	**$13,500.00**
259	**4" Recycled Water Lateral** 4" steel pipe spool and 4" x 2" reduceing elbow included. Copper pipe is not included.	**2**	**each**	**$16,410.50**	**$32,821.00**
	Total				***$718,850.00***

Special Terms and Conditions

1. Due to the current unpredictability of the steel market prices are held firm for 60 Calendar days after date of bid as long as a Letter of Intent is issued within 30 Calendar days after date of bid subject to availability.

Standard terms and conditions

1. Prices quoted are delivered to job site based on full truckload quantities with job site being accessible for conventional trucks to operate under their own power. Customer is to off load. (1) hour is allowed per truck unloading each trailer. Additional standby time will be subject to charge.
2. Prices are subject to applicable sales tax. AOJ
3. Terms are 2% in 10 with net 30 days from date of invoice.
4. Allow approximately 2-3 weeks for engineered submittal drawings and 23-28 weeks for delivery of materials after reciept of approved submittals. Note: Invoicing may begin at completion of materials ready for shipment.
5. Delay in shipment may be subject to storage fees.
6. ***Exception is taken to all valves, meters, hydrant heads, piping other than steel below 4", expansion joints, sleeve couplings, ductile iron, pvc, and nut, bolt, and gasket kits.***
7. All materials are in strict accordance with the project plans.
8. Prices are held firm for 60 Calendar days after date of bid as long as a Letter of Intent is issued within 30 Calendar days after the bid subject to availability. Any changes in the scope of the project are subject to a re-quote.
9. Delivery dates will be confirmed at time of order release and will remain firm. However, any mechanical failure, inclement weather or conditions beyond the control of WCPL may effect the actual delivery date holding WCPL harmless of any Liquidated Damages

TERMS: NET 30 DAYS, NO RETENTION

DELIVERY: 23-28 WEEKS AFTER RECEIVING APPROVED SHOP DRAWINGS
Completion is based upon receipt of purchase order and is subject to WCPL workload, and inclement

F.O.B. Job Site

Accepted in accordance with terms and conditions herein expressed.
Subject to award of contract to the undersigned.

Should you have any questions regarding this quotation, please do not hesitate to contact me at this office.

Thank you,

Carolyn Vik

Extension 233

Project Terms & Conditions

Pricing:

1. Prices quoted are firm for orders placed by (***30 days from quote***). Any orders placed after this time is subject to revisions based on the price and availability of steel in effect at the time of the order.
2. **TAXES:** Seller's pricing excludes all duty, federal, state or local sales taxes of any kind.
3. Unit prices govern; extensions for pricing are for information only. Invoicing well be based on the actual quantities supplied.
4. Payment Terms are Net (30) thirty days from date of invoice. Final acceptance of all orders is subject to approval by Seller's standard credit policy. A 1.5% finance charge per month will be assessed on all late payments. Seller reserves the right to stop delivery on any project which has outstanding invoices not paid within (60) sixty days of invoice date. No retention is allowed. Seller will file intent to file bond claim and/or intent to lien on all projects.
5. Any revisions to the scope of work may necessitate a price revision and an approved change order prior to the revision being effective.

Delivery:

1. Shop drawings can be submitted approximately ***2-3 weeks*** after receipt of order. Delivery can begin ***16-20 weeks*** after receipt of approved shop drawings.
2. **FOB:** Prices are F.O.B. Destination
3. Shipping rate and firm delivery will be arranged by mutual agreement between Seller and Buyer upon receipt of approved drawings. Any agreed upon delivery will be on a "take or Pay" basis. In the event delivery is not accepted by Buyer within 30 days of the agreed upon delivery date or 1 year after receipt of order, whichever is less, Seller may invoice Buyer for product (less delivery charges) and storage space at the rate of $2.00 per square foot per month of unstacked pipe. Repairs resulting from prolonged storage will be charged to the Buyer's account.
4. The Buyer will give (48) forty-eight hours' notice to Seller for scheduling delivery of pipe and materials. Prices are based on deliveries in full truckload lots. Deliveries requested for materials in quantities less than truckload lots will be billed to the Buyer at the full truck load rate.
5. **Bracing & Shipping Cradles:** All pipe as required, will be braced with stulls on each end. This bracing is for shipping purposes only and not designed for grouting or installation loads. Any special requirements, i.e. vertical elongation etc., will be the sole responsibility of the Buyer. Shipping cradles and stulls are property of Seller and are to be grouped and reloaded on trucks, at the Buyer's expense, for reuse by Seller, if requested. Please note that any bunks or stulls not returned in reusable condition will be billed to the Buyer's account at full replacement cost.
6. **Schedule:** Any revised delivery schedule will be negotiated between Buyer and Seller and will take into account Seller's current schedules of work on hand as well as current availability and prices of materials. Any delays on the project resulting in production or delivery delays longer than (30) thirty days may result in an escalation charge.

Exclusions - *Unless specifically stated in the scope of the work above, the following items are excluded from our quotation:*

1. Off-loading of pipe, installation, field welding, or supervision.
2. Valves, nut-bolt-gasket kits, meters, hydrant heads, piping other than steel below 4", expansion joints, ductile iron pipe, PVC pipe, any type of cathodic protection, and any type of pipe hangers or supports.

Damages:

1. Seller will not recognize back-charges of any kind that are caused by trucking delays, Seller supplier delays, weather, or items beyond Seller's control. Seller must be notified of all problems to participate in and/or approve any corrective action. Any claim must be received by the Seller in writing, within 7 calendar days from date of occurrence.
2. Seller will not be held liable for liquidated damages of any kind.

Standard Terms & Conditions

1. **COMPLETE AGREEMENT:** This transaction shall be governed solely and exclusively by the terms and conditions set forth below, and in the attached sales order, scope letter or proposal form. Our acceptance of the buyer's subcontract is expressly made conditional on buyer's assent to any terms and conditions set forth herein additional to or different from those proposed by buyer in his subcontract. Seller objects to any terms in the subcontract that are different or in any way inconsistent with the terms set forth herein. All orders are subject to final acceptance at the main office of Seller. There are no understandings, terms or conditions not fully expressed herein.
2. **PRICES:** Prices are only firm for acceptance within 30 days from date of quotation, subject to the Buyer meeting agreed upon shipping schedules. If shipments of materials are postponed for any reason, other than Seller's fault as defined hereunder and a price increase becomes effective during the period of such hold or postponement, the increase will apply to all shipments which are held or postponed (30) thirty days or more from the effective date of the increase. Prices are subject to change at the sole discretion of the Seller if not accepted within (30) thirty days of the date of quotation.
3. **PAYMENT:** Payment terms are set forth in the attached sales order or scope letter. Seller may invoice Buyer for goods ready for shipment but not shipped at Buyer's request, and Seller may charge Buyer for storage of any goods not shipped at Buyer's request and any additional freight charges and warehouse or storage fees that may be caused by such a delay. Prices of special goods are subject to change in the event the Buyer requests that the design of the product changed. If Buyer shall fail to comply with any provision of this contract or fail to make payments in accordance with the terms of this contract or of any other contract between Buyer and Seller, Seller may at its option defer further shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's credit department. Seller reserves the right before making any delivery to require payment in cash or security for payment; and if Buyer fails to comply with such requirement, Seller may terminate this contract.
4. **DELIVERY AND RISK OF LOSS:** Unless otherwise specified herein, delivery shall be FOB Seller's manufacturing plant, and the risk of loss shall pass to Buyer upon delivery of goods to carrier. If Buyer shall require that goods be shipped to his order with freight prepaid or allowed, it is agreed that after delivery of the goods to the carrier, Seller shall be acting for the Buyer's account and accommodation. Seller may choose the means of transportation when Buyer's order does not provide specific instructions otherwise. Any special packing requirements shall be for the account of Buyer. Seller shall have no liability whatsoever, nor shall the order of Buyer be subject to authority, or by labor disturbances, difficulties or strike, war, insurrection, riot, sabotage, failure or delay in transportation, breakdown of equipment, shortages of cars, or of fuel, energy, labor, supplies or materials, weather severe enough to preclude manufacture or handling or shipment of the goods, default of a supplier or sub-buyer, accident, fire, flood, explosion, inability to obtain containers or raw material, governmental laws, ordinances, rules and regulations, or any other circumstances or cause of any kind whatsoever beyond the control of Seller. If due to any such contingency, Seller is unable to supply the total orders of all its customers, Seller shall have the right to prorate its available supply among its customers, including Buyer. In no event shall Seller be obligated to purchase the goods from others in order to enable it to deliver goods to Buyer hereunder. In case of failure of the Buyer to accept delivery hereunder, no physical tender of the goods by Seller shall be necessary, but written notice of Seller's readiness and willingness to deliver any quantity of the goods at any time specified shall be equivalent to physical tender thereof.
5. **PARTIAL SHIPMENTS:** Seller shall have the right to make and to invoice for partial shipments of the goods ordered.
6. **TAXES:** Any taxes imposed by federal, state or other governmental authority on the sale, use, manufacture, import, export, or processing of the goods referred to herein, or in the material and services used therein, shall be added to Seller's invoices and paid by Buyer in addition to the quoted prices, unless Buyer furnishes Seller with appropriate exemption certificates.
7. **PATENT INFRINGEMENT:** Buyer shall, in respect to any goods manufactured or processed in accordance with design, processes or formulas supplied, determined or requested by Buyer, or labeled or marked with a trademark or trade name requested by Buyer, defend, hold harmless and indemnify Seller for all expenses, cost (including attorneys' fees) damages and fines awarded in any suit or action, civil or criminal, or appeal therefrom, brought against Seller by any person, for the infringement or misuse of any letters, patents, trademarks, trade names or trade secrets by reason of the use of such designs, process, formulas, trademarks or trade names. Seller shall be entitled to be represented in any such suit, action or appeal at its own expense.
8. **INSPECTION AND ACCEPTANCE:** Buyer shall inspect all materials immediately upon delivery and shall with respect to shortage and/or damage to materials as delivered or failure of materials to be dimensionally correct or conform to shop drawings.
    a. Note such discrepancies on the Seller's applicable bill of lading; and
    b. Notify Seller orally of such discrepancies by the next regular work day following delivery; and
    c. Give written confirmation to Seller within (7) seven days of oral notification

    Failure of Buyer to comply with this requirement shall constitute an irrevocable acceptance of the goods and bind them to pay the price thereof.
9. **WARRANTIES:** The goods sold hereunder are subject to Seller's standard manufacturing variations, tolerances and classifications. Seller warrants that it has good and sufficient title to the goods, that the goods are made in a workmanlike manner and in accordance with the specifications therefore supplied or agreed to by Buyer, and are made or packaged pursuant to Seller's customary manufacturing procedures. Seller assumes no responsibility for the adequacy of performance of engineering, design or specifications furnished by Buyer or others. Seller's sole obligation under the foregoing express warranties shall be to repair, replace or refund the purchase price of, at Seller's option, any article of goods, or part thereof, which shall be returned to Seller's plant at Buyer's cost and proved by Buyer to be other than as warranted. The remedy hereby provided shall be the exclusive and sole remedy of Buyer for breach of the foregoing express warranties. This express warranty will be for a period of (6) months after the date of delivery of the goods.

_____
Initials

THE ABOVE EXPRESS WARRANTIES OF SELLER ARE THE SOLE WARRANTIES OF SELLER, AND ANY OTHER WARRANTIES, EXPRESSED, IMPLIED IN LAW OR IN FACT, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OF FITNESS FOR A PARTICULAR PURPOSE WHICH EXCEEDS THE FOREGOING EXPRESS WARRANTIES, ARE HEREBY DISCLAIMED BY SELLER.

10. **EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES:** **No claim of any kind, whether as to goods delivered or for non-delivery of goods, shall be greater in amount than the purchase price of the goods in respect of which such damages are claimed, and failure to give notice of claim within the time limits stated in paragraphs 8 and 9 above and shall constitute a waiver by Buyer of all claims in respect of such goods. The remedy hereby provided shall be the exclusive and sole remedy of Buyer, except as otherwise provided herein. Any right of Buyer to consequential and incidental damages for the breach by Seller of any term contained in this sales order, including the warranties, is excluded.**

_____
Initials

11. **TITLE:** **Unless specifically provided to the contrary elsewhere in this sales order, title to the goods described herein shall not vest in Buyer until full cash payment of the purchase price therefore is received by Seller. Seller intends to put Buyer in possession of the within described goods or portion thereof, before full payment is due, and therefore, in order to protect Seller against default in payment and against execution, attachment or other written levied on Buyer's property, it is hereby expressly understood that:**
    - A. **The title to the goods covered by this sales order and the right to repossess the goods shall remain with Seller and Buyer acknowledges Seller's security interest in the goods, until full payment thereof in cash shall have been received by Seller in accordance with the terms agreed upon, and all notes, if any, shall have been paid in full in cash. In event of default of any payments herein provided for, Seller may repossess the goods and all additions thereto wherever found free from any and all claims whatsoever, or may assert a mechanic's lien, or may enforce any and all other remedies legally available to Seller, and Seller shall not be held liable in any action at law on Buyer's part for such reclamation, nor for the repayment of any money which may have been paid by Buyer in part payment for said goods, it being expressly agreed that such part payments are to be deemed reasonable rental for Buyer's use of said goods.**
    - B. **No part of the goods furnished under this sales order shall be considered a fixture or a part of any realty by reason of its being attached to real estate, and any part may be separated from real estate for the purpose of repossession by Seller or its agent without liability for such removal if Buyer is in default in payment of the purchase price.**
    - C. **Seller shall have the right to elect to assert its claim of a mechanic's lien against the property upon which the goods are erected and to waive its right to repossess the goods under paragraphs A and B above any time before the expiration of the time fixed by law for filing a mechanic's lien.**
    - D. **At Seller's option, Buyer shall execute Uniform Commercial Code Financing Statements and an agreement of conditional sale on a form satisfactory to Seller and relating to Buyer's acquisition of the goods described herein.**
12. **MISCELLANEOUS:** There are no provisions, representations or warranties with respect to the subject matter hereof which are not specified herein. If any portion of this sales order be illegal, unlawful, unenforceable or against public policy, the balance of this sales order shall not be affected thereby, but shall remain in full force and effect. Buyer's order, to the extent it does not contain terms and conditions additional to or different from this sales order, Seller's proposal form, or scope letter, if any, and this sales order shall constitute the entire contract between Seller and Buyer with respect to the subject matter of any word, act, or writing waive or be deemed to waive or be deemed to be a continuing waiver of any of the terms and conditions of such contract. Terms and conditions inconsistent with those stated in this sales order, Seller's proposal form, or scope letter, which may appear on Buyer's order shall be disregarded and shall not become part of the contract between Seller and Buyer, nor shall they operate to nullify or cancel out any of the terms and conditions specified herein unless specifically consented to in writing by Seller. Any contract arising between Seller and Buyer shall be governed by the laws of said State in which the Seller presides.
13. **JURISDICTION:** Any litigation with respect to this contract or any documents executed by either party in connection with the transactions contemplated hereby or to enforce any judgment obtained against the other party for breach of this contract or such documents may be brought by either party in the courts of the State in which Seller presides in the United States District Court for the District of State in which Seller presides, as the party bringing the action may elect, and, by execution and delivery of this proposal, each party irrevocable submits to the jurisdiction. If Seller shall elect to bring an action in the state courts of the State in which Seller presides, Buyer agrees and acknowledges that venue shall lie and be proper in the County of City in which action is brought.
14. **RETURNS:** No goods can be returned for credit unless due to some error by Seller on original shipment, or unless consent of Seller in writing has been given in advance. In the latter case, the goods must be forwarded with all transportation charges prepaid. All returned shipments should be clearly identified with the name and address of the Seller. In the event any goods are returned for credit with the written consent of Seller, a charge will be made for restocking, such charges to be (20) twenty percent of the original invoice value, plus a charge for reconditioning where necessary.
15. **ATTORNEY'S FEES:** In the event any litigation is instituted involving any matter described or rendered to in this agreement, the prevailing party shall be entitled to an award of reasonable attorney fees.

- Prices include applicable State and Local Sales Tax.
- Prices, as quoted, will remain firm for thirty (30) calendar days, after which time Integrity Rebar Placers reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Integrity Rebar Placers' price is based on detailing, fabricating and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which Integrity Rebar Placers has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating and/or special mesh. Contract delays of more than forty five (45) days may result in additional cost of materials.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after _____.

HOISTING/LOWERING:

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc, including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and /or assemblies, and power placing of individual bars that Integrity Rebar Placers may require. **Contractor to provide a minimum of 487 hours of actual hook time.** (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel.) If Integrity Rebar Placers is to perform its own hoisting, add $_____. (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Payment and Performance Bonds may be provided at 1% if necessary.
2. Night work is excluded except by additive quote.
3. CIDH piles tied & stockpiled one piece full length, if built off site cages will be provided FOB truck job site.
4. Optional add for 60 barriers if install $38,182.47 Contractor to provide man lift for tie back walls as needed if scaffolds not provided.
5. Contractor to provide man baskets for tying of shotcrete walls as needed, in lieu of scaffold at no cost to (IRP).
6. Exclude typical wire basket detail at GRE walls and reinforcement for reinforced soil.
7. Soil Nail Walls RW 3, 4, 8, 11. (IRP) will cover furnishing FOB the #4 cont. in the shotcrete portion and shotcrete sub will install and supply mesh for shotcrete.
8. (IRP) will furnish and install bar in CIP face. For the Ground Anchor Wall portion of RW 4 (IRP) will cover furnishing and installing bar in both shotcrete and CIP.

PLANS AND SPECIFICATIONS:

Specifications: Cal Tran's standard plans and specs. Dated 2006

Plans/Drawings: Bid Set

Addenda: # 1-2

Architect/Engineer: Caltrans

SCOPE OF WORK EXCLUSIONS

1. All testing and inspection and/or any related costs thereof other than mill test reports. (Rebar mechanical couplers and/or welded hoop test bar samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars, threaded bars, rods, sleeves, anchors, studs, bolts (anchor & misc.), and inserts.

4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.

5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored. (Per latest OSHA Standards)

6. Cost of pour watchman.

7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.

8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond dowels.

9. Drilling, grouting, and dry packing / placing bars in drilled holes.

10. Payment and/or Performance Bonds. (Material Bond may be provided if available)

11. Cost of Bonds.

12. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel.

13. Metal tags (Integrity Rebar Placers' standard tags will be used to identify steel).

14. Any or all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.

15. **Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.**

16. Providing and/or laying out holes in structural steel for reinforcing bars to pass.

17. All electrical bonding, grounding material (i.e. welding for cathodic protection).

18. All welding.

19. Breakout dowels and/or installation of same.

20. Prestressing and/or prestressing materials. (Including but not limited to any additional reinforcing steel required by any prestressing/post tensioning system)

21. Masonry Steel, other than deformed rebar.

22. Reinforcing for precast concrete items.

23. Reworking of any reinforcing steel and/or post-tensioned cables extending from precast piles.

24. The setting of tied and stockpiled F.O.B. Truck Jobsite cages as well as all spacer material and/or placing accessories required to position same. Reinforcing steel cages will be unloaded by Contractor and stockpiled at the jobsite in locations designated by Contractor. Relocation of stockpiled cages shall be Contractor's responsibility.

25. Epoxy Coated / Galvanized deformed and/or plain bars and/or wire mesh.

26. Field bending of rebar other than by additive quote.

27. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.

28. Traffic control (Lane closures, barricades, flagmen, signs, lights, etc.).

.9. All site work, including but not limited to paving, sidewalks, curb and gutter, storm drain items such as catch basins,

clean-outs, inlets, outlets, manholes, headwalls, collars, etc. unless specifically included in Scope of Work/Price.

30. Diaphragm dowels or bolts required for precast members.

31. Protection of exposed steel for future construction.

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.

2. Integrity Rebar Placers may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of Integrity rebar Placers offer be altered or modified, Integrity Rebar Placers reserves the right to immediately stop performance and Contractor agrees to indemnify Integrity Rebar Placers for all costs and loss of profit.

3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to Integrity Rebar Placers:

   A. Grades and Lines.
   B. Templates.
   C. Racks, Ramps, Ladders, Cal-Osha approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
   D. Full access to all working areas for material, equipment and manpower.
   E. Level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and adjacent to jobsite location where steel is to be used and/or hoisted/lowered.
   F. Adequate lighting as required, sanitary facilities, trash bins, etc.
   G. As required, adequate electrical power and compressed air (90 PSI Min.).

4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to Integrity Rebar Placers for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.

5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from Integrity Rebar Placers exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date Integrity Rebar Placers has completed its scope of work.

6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.

7. Integrity Rebar Placers shall not be required to continue performance if, after Contractor has received payment for the properly performed work of Integrity Rebar Placers, timely payments are not made to Integrity Rebar Placers.

8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.

9. No provision of this Subcontract shall serve to void Integrity Rebar Placers entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.

10. Neither party will have the right of set-off against the other party for any reason.

11. If Integrity Rebar Placers is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work.

12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.

13. Field labor called for herein is to be performed during Integrity Rebar Placers regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at Integrity Rebar Placers standard rates for overtime, weekend, or holiday work. Integrity Rebar

Placers standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should Integrity Rebar Placers be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.

14. Integrity Rebar Placers will indemnify, defend and save harmless Contractor and Contractor's customer from Integrity Rebar Placers proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of Integrity Rebar Placers or anyone directly or indirectly employed by Integrity Rebar Placers. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by Integrity Rebar Placers shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

    Integrity Rebar Placers carries the following insurance coverage's.
    General Liability: Carrier-A.M. Best Rated A X Non-Admitted. Form: CG2001 10/01-2001 ISO Occurrence Commercial General Liability including products. Limits: Each Occurrence $1,000,000. General Aggregate $2,000,000 Products/Comp Ops Aggregate $2,000,000 Personal Injury & Advertising $1,000,000 Medical Payments-Per Person $5,000 Fire Legal Damage $50,000.
    Workers Compensation: Carrier: State Compensation Insurance Fund, Statutory includes Employers Liability.

15. Contractor shall provide Integrity Rebar Placers with copies of all contract documents applicable to Integrity Rebar Placers performance, duties, or obligations at its Headquarters Office.

16. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.

17. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.

18. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.

19. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.

21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.

22. Integrity Rebar Placers shall not be liable for repair of any damage caused by others outside the control of Integrity Rebar Placers. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate Integrity Rebar Placers responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.

24. Cost of ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.

25. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.

26. Contractor shall furnish adequate parking for all Integrity Rebar Placers employees at no cost to Integrity Rebar Placers within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay Integrity Rebar Placers for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work / Price or by additive quote.

27. Contractor will provide full access to all areas of the project for at least one (1) Integrity Rebar Placers' Foreman truck to provide supplies and accessories as needed for the project.

28. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

.9. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for

all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.

30. Masonry steel to be F.O.B. trucks jobsite, with Contractor agreeing to accept all responsibility for any shortages and/or replacement costs discovered twenty-four (24) hours subsequent to delivery. Unless shown otherwise on plan drawings, masonry vertical reinforcing is to be furnished in one piece, full height between stories of structure. If four-foot (4' 0") vertical lifts are required, Contractor and/or Contractor's subcontractor to assume all costs for additional splices required. All horizontal reinforcing #5 and smaller will be furnished in stock lengths plus corner bars.

31. Contractor shall furnish, at no cost to Integrity Rebar Placers hoisting/lowering of employees and materials to points of installation, wherever required.

32. Contractor shall furnish layout of dowels, which extend into masonry.

CONTRACT

STANDARD EXCLUSIONS:

1. PERMITS, SURVEY & STAKING, ENGINEERING, INSPECTIONS, FEES.
2. UNDERGROUND UTILITIES, ENCASEMENTS, SHORING & DEWATERING.

1. This agreement contemplates the performance of work as stipulated on the reverse side.

2. All agreements are contingent upon strikes, accidents, delays of carriers, acts of God, and other delays unavoidable or beyond seller's control. All quotations are made for prompt acceptance and are subject to change without notice.

3. Unless otherwise agreed, it is understood that the work will be performed during regular working days. If overtime work is required it is mutually agreed that an additional price, at the seller's usual rates for such work, will be charged to the purchaser and he agrees to pay for same under the same terms as herein set forth.

4. All accounts are due and payable at our office by the 10th of the month following date of invoice.

5. All payments shall be made as stipulated. When not so paid, then the entire contract price shall become due and payable. The purchaser agrees to pay the seller interest on all past due balances at the rate of twelve percent per annum and in case suit is instituted to collect any portion of the amount payable under this contract, the purchaser agrees to pay such additional sum as the court may adjudge reasonable as attorney's fees and court costs in the said suit.

6. Deliveries under this proposal or contract are subject to al applicable priorities now or hereafter established by Public Authority in any way affecting seller's ability to procure, process or deliver the materials herein represented.

7. It is the responsibility of the buyer to inform seller of project completion date.

8. It is the responsibility of the buyer to inform seller when the Notice of Completion has been filed.

Respectfully Submitted,
ROCK STRUCTURES CONSTRUCTION CO.

PROPOSAL

10/9/14

Certified SBE, WBE, SLBE & WOSB

Estimating Department
General Contractor

Caltrans #11-0223U4
Genesee Ave @ I-5 OC
San Diego, CA.

Estimate #4882

This is a Unit Price bid based on design documents noted below. Wall built in excess of stated square footage will be billed at the unit rate per square foot shown. See TERMS & CONDITIONS, INCLUSIONS, EXCLUSIONS, "SCOPE OF WORK DIAGRAM" AND "SEGMENTAL RETAINING WALL PRECAUTIONS"

GRE Walls 13,14 & 15	Qty	Units	U\P	Minimum Bid	Days
WW Retaining Wall-Base Bid	63385	SF	$ 30.40	$ 1,928,609.00	127

INCLUSIONS

1 Labor, equipment and material for installation of GRE Welded Wire Baskets and all structural geogrid, all ¾" crushed aggregate for basket infill, 4" underdrain line and outlet pipes, all labor & equipment to place others furnished backfill material in the reinforced zone, compacted to 90% modified standard proctor as determined by ASTM D1557. This proposal includes only backfilling level to top of wall.

2 This job is based on one move in. Additional move in's at $3,500.00 each. The wall was bid for continual construction to completion. During installation if there is an interruption in the continual construction of any wall, there will be a 3% increase to unit rate to cover loss of production. We require a 48 hour notice before mobilization.

EXCLUSIONS

1 **ANY** fees associated with **3rd party administers** are specifically excluded.
2 Securing permits. Wall design and construction drawings.
3 Special Inspection: City or County certified special inspectors (i.e. certified geotechnical engineer and or surveyor) need to be retained by owner of GC for soil compaction testing in the reinforced zone and placement of facing units and geogrid fabric. Scheduling of all city/county inspectors is excluded.
4 Global stability, settlement & bearing capacity are the responsibility of the Owner or the Owner's geotechnical engineer.
5 Excavation of leveling pad and reinforced fill zone shall be per engineered design. Provide grade +/- .10 below bottom of wall ready for placement of WW baskets. Embankment cut for walls with front access shall be the grid depth plus 6" and for rear access a minimum of 14'. Shoring and dewatering that may be required is also excluded.
6 Backfill material used in the reinforced fill must consist of low plastic soil with 100% passing 3" sieve. Soil to be stockpiled within 100' of proposed where wall is being constructed, uniformly moistened to optimum density. Backfill material shall have a "minimum internal angle of friction" as specified in design documents.
7 Any drainage system other than those specifically noted.
8 Surveying including all engineered staking for location of wall and control points.
9 Earthwork (slopes) beyond horizontal plane above and below walls.
10 Good access of at least 20 feet of working area in front of wall and/or 14 feet behind wall.
11 Traffic control including barricades and flagman.
12 Damage or extra work caused by flooding, rain, sliding or acts of others.
13 Any import or export of material.
14 Fence on top of wall or any associated sleeve-It's required for the construction of the wall (see important note).
15 Water required for moistening soil. Our proposal does not include soil moistening and mixing of backfill material.
16 Best Management Storm Water Pollutant Preventing Program or equivalent.

1295 Distribution Way,Suite B Vista, CA. 92081
Tel: (760) 509-0080
Fax: (760) 509-0078

DESIGN DOCUMENTS

Plans by Caltrans , dated 7/23/14.

Assumed soil values: 33 deg phi angle, 121 gamma, 0.45g seismic.

IMPORTANT NOTES

1. **Plasticity Index (PI) for any backfill within reinforced zone of our wall must be less than 20.**
2. Bid assumes owner furnished backfill material to have an internal friction angle of no less than 33 degrees (sandy material).
3. This bid is for a wall with a batter to the face of wall of near vertical wall.
4. Railings, fences, screen walls and traffic barriers can cause logistical and structural problems with modular wall systems. Therefore, proper planning, layout and design is required prior to wall design and construction.
5. Special Inspection of geogrid retaining walls is required and is the Owner/General Contractors responsibility to assure their geotechnical engineer is approved as a special inspector by the governing agency. All costs associated with special inspections are excluded.
6. It is the civil engineers responsibility to layout the retaining walls, this includes the proper batter of the system to be designed. GRWS can not & will not assume this responsibility unless specifically hired to do so.
7. Fall Protection Plan- this bid assumes a fall protection plan developed specifically for our work situation. It implemants a Controlled Access Zone. If we are required to use any other fall protection plan, specifically a plan that requires us to tie men off, our unit rate will could increase.

TERMS AND CONDITIONS

1. This proposal is to be incorporated as an exhibit in any subcontract agreement.
2. Payment: 5% of Base Bid to be paid prior to commencement of work to cover material & mobilization costs. Monthly progress payments paid 30 days after invoicing. Invoicas not paid after 60 days will be subject to a monthly 10% finance charge. Retention will not exceed 10% and is to be released no longer then 30 days after completion of work.
3. This proposal supersedes all previous proposals and is valid for 120 days from date of this proposal, the costs will be subject to change.
4. This bid is based on union waga rates.
5. We reserve the right to amend bid due to contract award based on insurance regulations or other uncontrollable financial considerations.
6. WHEN ACCEPTED BY SIGNATURE AND RETURNED, THIS DOCUMENT WILL SERVE AS A CONTRACT. Should either party initiate suit or demand arbitration to anforce any of the provisions of the proposal, to protect it's interests in any manner arising under the proposal, the prevailing part shall be entitled to recover reasonable attorney's fees, costs, charges, and expenses (including expert fees and testing) expended or incurred. Signature also indicates your acceptance of our insurance limits & occurrence that have been provided with this proposal.
7. **Special Notice Concerning Insurance: This proposal does not include additional costs to cover OCIP or CCIP.**

SPECS | CREATIVE STRUCTURAL SOLUTIONS AND WAREHOUSED GOODS

a certified DBE (41167), Small Business (#1752995), SBE (#44753), EDWOSB, and WBE (Von #13030008)

PROJECT NOTES

1. SPECS will be responsible for supplying material quantities as determined by the contract plans. Any additional quantities required to complete the structure(s) are the responsibility of the contractor and will be invoiced separately at the material replacement prices below.
2. Engineering will take 2 weeks and then owner per spec has 4 weeks for approval. Post approval, assume a 2-week lead time for material delivery.
3. 6 weeks lead time on HDG Welded Wire Form Baskets and Struts
4. Prices are good for product delivery post 190 days from the signed contract date, after which prices may be adjusted based on increases in the cost of raw materials.
5. Prices are FOB Jobsite. All prices are contingent upon full truckload shipments. Unloading will be the responsibility of the contractor. Geogrid and geotextile will be shipped in enclosed van trucks.
6. All geogrid/geotextile/ packaging is assumed to be standard roll dimensions as published unless specified differently elsewhere in this Quotation.

Replacement Material Costs (prices are FOB Burlington NC)

Non woven Geotextile	12.5' X 360' or 500 SYS each	$.85/SY
Strata Grid Reinforcement	6' X 300' or 200 SYS each	$2.45/SY
Connector Rods		$5.00 each
WWF's		$35.00 each
Struts		$0.65 each

Terms of Sale - Prices are F.O.B. origin unless otherwise specified. Prices quoted F.O.B. jobsite are based on a one time delivery charge. Any subsequent shipping will be charged to the Buyer. Unloading of material by others. Freight quote includes one hour of offloading time. Additional time will be charged at $150 per hour. Payment terms are Net 30 days from date of invoice, subject to credit approval. A 1.5%/month finance fee will be charged on all past due balances. No retention will be accepted. Sales tax is not included unless otherwise specified. Prices are good for 30 days from the date of this quotation, with product delivery no later than 90 days from signed order, after which prices may be adjusted based on increases in the cost of raw materials and/or fuel. Buyer must notify seller in writing of any special provisions required for each job such as material needed to meet any ARRA or buy American requirements prior to quotation of pricing and delivery. Failure to do so will result in the assumption that no special provisions apply. Any legal fees resulting in the collection of past due balances is the responsibility of the contractor/purchaser. THE TERMS OF THIS SALE ARE SUBJECT TO SPEARS & ERNST CIVIL SOLUTION'S STANDARD TERMS AND CONDITIONS WHICH ARE INCLUDED ON THE BACK SIDE OF THIS QUOTATION (and can be downloaded at specscivilsolutions.com/terms).

ACCEPTED

Subject to being awarded the contract, we hereby order the material described above, at the prices specified, subject to all terms and conditions appearing on this quotation.

Standard Terms & Conditions For Spears and Ernst, LLC dba SPECS

1. APPLICABILITY. These Standard Terms & Conditions for Acceptance of Purchase Orders hereafter, "Standard Terms") shall apply to all purchase orders or other Supply Arrangements (hereafter defined) submitted by any customer ("Buyer") of Spears & Ernst Civil Solutions LLC, and/or its affiliates (collectively, "SPECS") regardless of the form or medium of Buyer's purchase order, and regardless of whether Seller's actions are deemed to be a prior offer of Buyer's purchase order or acceptance thereof and regardless of SPECS' execution of any agreement or other instrument/document required by Buyer. If SPECS is deemed to be accepting a prior offer of Buyer, such acceptance is limited to the terms contained herein. Buyer's acceptance of any goods shipped or services provided by SPECS shall constitute acceptance of these Standard Terms, regardless of any conflicting terms or waiver language contained in any Buyer purchase order, general terms & conditions, or other Supply Arrangement. Any proposal for additional or different terms or any attempt by Buyer to vary in any degree any of the Standard Terms is hereby rejected, but such proposals shall not operate as a rejection of an offer by SPECS unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods or services, but shall be deemed a material alteration thereof, and the offer by SPECS shall be deemed accepted by Buyer without said additional or different terms.

2. ACCEPTANCE OF ORDERS. All Buyer purchase orders shall be deemed accepted when SPECS issues an order acknowledgment to Buyer or when SPECS begins performance of the order. All orders accepted by SPECS shall be governed by these Standard Terms and by any additional terms and conditions which are expressly agreed upon by authorized representatives of the parties in a fully executed Supply Arrangement. Unless otherwise agreed to in a Supply Arrangement, SPECS shall have no obligation to accept any particular Buyer purchase order and these Standard Terms shall control.

3. SHIPMENT/DELIVERY DATES. The delivery date is only an estimate of when the product will be shipped. SPECS shall use reasonable efforts to meet any shipment or delivery date stated in any Buyer purchase order, but SPECS assumes no liability for loss or damage (including any direct, incidental, consequential or punitive damages) due to delays or failure to meet any Buyer-specified delivery date. If SPECS cannot meet such shipment or delivery date, it will promptly notify Buyer. Buyer will designate common carriers for the shipment of all products (but if Buyer fails to designate a carrier, SPECS shall have the right to select a carrier on Buyer's behalf). To the extent a quoted price for any product does not expressly include shipping, the cost thereof shall be paid directly by Buyer. SPECS reserves the right to make delivery in installments (including both advance shipments and back orders). All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delivery of an installment shall not relieve Buyer of its obligation to accept remaining deliveries. SPECS shall have no responsibility to ship goods to any location other than those in the United States, Canada or Mexico unless Buyer has previously secured all applicable permits and licenses for the transfer of goods.

4. TAXES/DUTIES. Applicable sales, excise, use and other taxes, and import/export duties and other charges, are in addition to any prices quoted by SPECS and shall be paid by Buyer.

5. PRICE CHANGES. The price shall be as set forth on the Supply Arrangement and due within thirty (30) days of delivery unless otherwise specified in writing. With respect to any "open" or "blanket" purchase order of Buyer, or if any Supply Arrangement contemplates the purchase/sale of products or services beyond a 6 month period, SPECS may from time-to-time (but no more than once in any 6 month period) increase the price of any particular product or service by an amount proportional to any increase in SPECS' labor, utility or other verifiable costs respecting such product or service. Additionally, in the event SPECS' raw material costs materially increase, SPECS may pass on such increases to Buyer at any time. Prices shall be adjusted to SPECS' prices in effect at the time of shipment.

6. CREDIT; LATE PAYMENTS. Any obligation of SPECS to extend credit to Buyer is conditional upon Buyer's timely payment of invoices, and upon the continued financial stability of Buyer. SPECS reserves the right to limit, cancel or revoke credit of Buyer at any time for any reason, and SPECS may require or demand payment or adequate assurances of performance from Buyer prior to performing any aspect of the sale of goods hereunder. Late payments on invoices shall bear interest at 1.5% per month or the highest rate allowed by applicable law, whichever is less. SPECS shall be entitled to recover its costs of collection of any past due invoice, including court costs and reasonable attorneys' fees. Buyer agrees that SPECS shall have the right to obtain financial information on a quarterly basis and shall be entitled to annual tax returns.

7. WARRANTY. SPECS shall provide an "industry standard" warranty on all of its goods and services. If there is no industry standard, then SPECS' sole warranty obligation for all goods and services that are or become defective in material or workmanship within twelve (12) months from the date of shipment or performance shall be limited to the replacement or repair of the defective goods or services free of charge. SPECS' warranty obligations hereunder are contingent upon the following conditions: SPECS is promptly notified of the defect; Buyer establishes to SPECS' reasonable satisfaction that any goods have been properly handled, stored, installed, maintained and operated; the goods were not materially altered; the defect did not occur after receipt of shipment; and upon SPECS' request, Buyer will return the defective goods or part thereof to SPECS. The foregoing warranty is a limited warranty, and is in lieu of all other warranties, express or implied. EXCEPT AS EXPRESSLY STATED IN THIS SECTION, SPECS DISCLAIMS AND DOES NOT MAKE ANY ADDITIONAL REPRESENTATIONS, WARRANTIES AND/OR INDEMNITIES OF ANY KIND (WHETHER BY IMPLICATION OR OPERATION OF LAW) WITH RESPECT TO THE PRODUCTS, INCLUDING WITHOUT LIMITATION ANY REPRESENTATIONS, WARRANTIES AND/OR INDEMNITIES AS TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PRICE, PATENT OR ANY OTHER MATTER. THIS SECTION SURVIVES THE TERMINATION OR CANCELLATION HEREOF.

8. REMEDIES AND LIABILITIES. BUYER AGREES THAT SPECS' LIABILITY AND BUYER'S SOLE AND EXCLUSIVE REMEDY FOR ANY CLAIM OF ANY KIND HEREUNDER OR RELATING TO THE GOODS OR SERVICES DELIVERED BY SPECS SHALL BE (A) THE REPAIR OR REPLACEMENT AT SPECS' OPTION OF DEFECTIVE GOODS OR SERVICES, OR (B) A REFUND OF THE PRICE ALLOCABLE TO THE DEFECTIVE GOODS OR SERVICES IF SPECS IS UNABLE TO EFFECTIVELY REPAIR, REPLACE OR CORRECT SUCH DEFECT IN A REASONABLE TIME AFTER USING ITS REASONABLE EFFORTS. UNDER NO CIRCUMSTANCES SHALL SPECS HAVE ANY LIABILITY WHATSOEVER FOR INCIDENTAL, CONSEQUENTIAL (INCLUDING LOSS OF BUSINESS OR PROFITS) OR PUNITIVE DAMAGES, NOR SHALL BUYER BE ENTITLED TO OBTAIN INJUNCTIVE RELIEF AGAINST SPECS FOR ANY REASON WHATSOEVER.

9. RISK OF LOSS; TITLE. Possession and risk of loss for all goods shall pass to Buyer upon SPECS' delivery of such goods to any carrier, common or otherwise. Title to such goods shall not pass until they have been fully paid for by Buyer. Buyer shall have been deemed to have accepted the goods and services as delivered within five (5) business days of delivery unless Buyer shall notify SPECS of any deficiency in writing.

10. ASSIGNMENT. Buyer shall not assign its interest in any Supply Arrangement without SPECS' prior written consent.

11. INDEMNITY. To the maximum extent allowed by law, Buyer shall reimburse, indemnify and hold SPECS and its employees and agents harmless from and against any claims, demands, liabilities, damages, suits, judgments, losses, costs and/or expenses (including attorneys' fees and other expenses of any litigation) suffered and paid by SPECS (collectively, "Losses") that relates to or arises on account of (a) Buyer's negligence, use, ownership, maintenance, transfer, transportation or disposal of the goods and services delivered by SPECS or (b) Buyer's violation or alleged violation of any federal, state, county or local law, rule or regulation.

12. INTELLECTUAL PROPERTY.

(a) If Buyer provides SPECS with any specifications for goods or services to be furnished by SPECS, Buyer shall reimburse, indemnify, defend and hold SPECS harmless from and against any Losses concerning, arising out of or relating to any claimed or actual infringement of any patent, copyright, trade secret or other intellectual property rights of any third party respecting such goods or services.

(b) Except with respect to any product that Buyer has specifically contracted with SPECS to design or develop, (i) any product or any improvement to any product developed by SPECS, and (ii) any method or process of production respecting the product or improvement thereto developed by SPECS, shall be the sole property of SPECS.

·) Buyer may use SPECS' trademarks only to sell new SPECS products purchased by Buyer directly from SPECS, and for no other reason. Buyer shall not take any or ,il to take any action that may dilute SPECS' trademarks.

(d) Except as expressly set forth herein, (i) SPECS shall have no obligation to sell, assign, license, or transfer intellectual property of any kind to Buyer, and (ii) Buyer shall have no right to use any intellectual property of SPECS without the express written consent of SPECS, which may be withheld in its sole discretion. SPECS may enforce this Section through injunction or otherwise.

13. FORCE MAJEURE. SPECS shall be temporarily excused from performance under any Supply Arrangement to the extent such non-performance is caused by acts of God, war, terrorism, riot, embargoes, fire, floods or other severe weather problems, accidents or other casualty, quarantine restrictions, factory conditions, labor disputes, governmental acts, orders or regulations, delays in transportation, shortage of transport vehicles, labor or materials or other circumstances beyond the reasonable control of SPECS. SPECS shall use all available commercially reasonable efforts to remedy the circumstances causing the non-performance, or shall take steps to work around such circumstances. Promptly after the circumstances causing the non-performance are remedied, SPECS shall resume performing.

14. TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall immediately stop work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following: (1) the contract price for all products which have been completed prior to termination; (2) the cost to Seller of the material or work in process plus a reasonable profit thereon, but in no event more than the contract price; (3) the cost f.o.b. origin of materials and supplies acquired especially for the purpose of performing this contract; and (4) reasonable cancellation charges, if any, paid by Seller to settle any commitment(s) made for the purpose of this contract.

15. MISCELLANEOUS. Notwithstanding any Buyer purchase order or Buyer standard terms and conditions to the contrary:

(a) Buyer shall have no right to (i) inspect SPECS' facilities, (ii) examine SPECS' books, records or other documents, or (iii) seek or obtain any information from SPECS deemed proprietary or confidential by SPECS in its sole discretion, without the express written consent of SPECS obtained in each instance, which consent may be withheld in SPECS' sole discretion.

(b) SPECS shall have no obligation to sell or otherwise transfer any raw materials, work-in-progress, tools, dies, jigs, fixtures, molds, patterns, templates, models, mock-ups, gauges, drawings, equipment/machinery or other means of production to Buyer except where the same was specifically designed, developed and/or purchased by SPECS solely for Buyer's account under a bona fide Supply Arrangement and has been fully paid for by Buyer.

(c) SPECS shall have no obligation to comply with any agreements between Buyer and any third party unless SPECS is furnished a written copy of such agreement and expressly agrees to so comply in a signed writing after SPECS' receipt of such copy.

(d) SPECS shall not be required to obtain any property, liability or other type of insurance for its own account or for the account of Buyer or its property.

(e) SPECS shall not be required to arbitrate any claim against Buyer or Buyer's customers or agents, or bring or defend any such claim in any particular forum.

(f) In the event of any formal dispute resolution proceeding between the parties, the prevailing party shall be entitled to recover its reasonable attorney's fees and other expenses of dispute resolution, such as arbitrator fees, case filing fees, costs of transcription and expert witness fess.

(g) The substantive laws of the State of California shall apply to all dealings and transactions between Buyer and SPECS.

16. CONFLICT OF TERMS. These Standard Terms supersede any prior purchase orders, supply agreements, nomination letters, proposals, quotations, requisitions, oral statements and/or representations, Buyer standard terms and conditions, correspondence or similar matters (collectively, "Supply Arrangements") between the parties or their representatives. Any conflict between these Standard Terms and other Supply Arrangements shall be resolved in favor of these Standard Terms. Buyer's acceptance of any goods shipped or services provided by SPECS shall constitute acceptance of these Standard Terms. If at any time (i) Buyer claims or asserts that these Standard Terms are not applicable to any Supply Arrangement between SPECS and Buyer, or (ii) a determination is made by a court, arbitration panel or other legal authority that these Standard Terms do not apply to any Supply Arrangement between the parties, SPECS shall have the right to immediately terminate such Supply Arrangement without liability or further obligation to Buyer. However, the failure or refusal of SPECS to so terminate any Supply Arrangement shall not constitute or be deemed a waiver by SPECS of the effectiveness or enforceability of these Standard Terms. SPECS reserves the right to amend these Standard terms from time to time.

17. WAIVER. Either party hereto may waive any requirement, condition or obligation to be performed by the other party, provided any such waiver is in writing and executed by the party waiving the requirement, condition or obligation and shall be specifically designated as a waiver hereunder with reference to the applicable section. A waiver by a party of any breach of any term, covenant, or condition contained herein to be performed by a party, or the delay, forbearance, indulgence or failure of a party in exercising any right hereunder on account of such breach, or the partial exercise of such right, shall not be deemed a waiver of any subsequent breach of the same term or any other term, covenant or condition hereof.

18. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the want date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:

(a) Invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Sellers' discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings.

(b) Cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were specially fabricated for the Buyer.

19. SEVERABILITY. If any provision of this Agreement or any related document or instrument is held to be illegal, invalid or unenforceable under present or future laws, such provision shall be either reformed by a court of competent jurisdiction to reflect the intent of the parties, or deleted from the Agreement by the court, whichever course of action in the opinion of the court would best reflect the intent of the parties, taking into consideration all provisions of this Agreement. If a provision is deleted, the remaining provisions hereof shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by severance herefrom.

20. WAIVER OF JURY TRIAL. BUYER AND SPECS ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. EACH OF THE BUYER AND SPECS, AFTER CONSULTING (OR HAVING THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS CHOICE, KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO ANY OTHER DOCUMENT PERTAINING TO ANY ORDER.

21. VENUE, The parties hereby agree that all actions or proceedings arising directly or indirectly, from this Agreement shall be litigated in courts having a situs within the state of California, and the parties hereby consent to the jurisdiction of any local, state or federal courts that is located within the state of California.

22. STATUTE OF LIMITATIONS. Any action resulting from any breach on the part of SPECS as to the goods or services delivered hereunder must be commenced within one year after the cause of action has accrued.

Dr. Britt Faucette, Research Ecologist, CPESC
National Director of Research & Environmental Assistance
Filtrexx International
551 East Lake Drive
Decatur, GA 30030

Dear Mr. Faucette:

The California Department of Transportation (Department) has reviewed the following products: Filtrexx SiltSoxx, Ditch Chexx, and InletSoxx (NPE 05-09-014).

It has been determined that the Department has existing specifications for these types of products and that these products appear to meet the requirements of the following Standard Special Provisions (SSP):

2006 SSP#	Title	Approved substitutes
07-490	Temporary Drainage Inlet Protection	InletSoxx
07-430	Temporary Silt Fence	SiltSoxx
07-420	Temporary Fiber Roll	SiltSoxx
20-060	Fiber Roll	SiltSoxx
07-415	Temporary Check Dam	Ditch Chexx

These products are approved for use as temporary erosion control measures. The material is to be installed by contractors on projects per the manufacturer's recommendations and per a project approved Storm Water Pollution Prevention Plan.

If this product is proposed for use on any Department construction contract or is procured for use by the Department's maintenance forces, quality assurance testing may be performed by the Department to verify material properties identified in the manufacturer's product data sheets.

Product reviews and acceptance or approvals do not constitute an endorsement of this product by the Department.

Please contact me should you have any technical questions.

Sincerely,

Doug Brown

S.B./D.V.B.E./D.B.E./U.D.B.E./S.M.B.E./S.D.V.O.S.B.C.

Sam's Equipment & Supplies is a S.B., D.V.B.E., D.B.E., U.D.B.E., S.M.B.E., and S.D.V.O.S.B.C. certified company.

With over twenty-nine continuous years of experience in the construction field, we have supplied equipment and products throughout California serving a wide variety of end users.

- State Highways
- Storm & Sanitary Sewers
- Landfills & Waste Management
- State Correctional Facilities
- Agriculture
- Schools & Other Public Buildings
- Parks & Recreation

Sam's Equipment & Supplies takes great pride in our ability to maintain competitive pricing through agreements with major product manufacturers throughout the United States, while maintaining a high level of quality products. Our success is directly related to our ability to research and procure products at a competitive price. Below is a partial list of products that we have recently supplied on various projects.

- Heavy Equipment (Sales)
- Underground Pipe (PVC, HDPE, RCP, CSP, Steel, Etc...)
- Drain Inlets
- Manhole Material
- Structural Steel, Fabricated Steel
- Aggregate Products (AC, Base Rock, Rip Rap, Etc...)
- Paving Fabric (Geotextiles, Etc...)
- Concrete Products (K-Railing Sales & Rental)
- BMP Material
- Landscape Material
- Electrical Material
- Playground Equipment
- Safety Equipment

We are confident that with our vast knowledge of construction products that we could provide your firm with quality products at competitive pricing while meeting your S.B., D.V.B.E., D.B.E., U.D.B.E., S.M.B.E. and S.D.V.O.S.B.C. requirements on upcoming projects.

APPROX. Freight Charges PER TRUCKLOAD OF STEEL MATERIAL (Actual charges to be billed at time of shipment) SAN DIEGO, CA. Pricing is good for 60 days a purchase order must be received within such timeframe or pricing will be negotiated. Pricing is based on a package deal any changes in quantities or items listed may affect pricing. Pricing is for a standard basket advise if skewed or tapered baskets are required and a bid will be prepared accordingly. Billable Feet = calculated Lane Width, not actual length of basket. Basket Lane width calculation is: number of dowels multiplied by on center spacing divided by 12 to express as lineal feet. All orders are subject to the availability of raw materials. Pricing is based on materials being released for immediate production and or prior to expiration date noted above. If materials are released for production after expiration date, raw material escalators that occur from bid date to production release date may be passed along at cost if applicable. A steel raw material prepay option is available to protect pricing and control cost. Materials released for production will be invoiced upon completion and are to be paid for within standard terms or late fees will apply. In the event the job is unable to take possession at time of completion a storage option is available as space permits. If materials are stored beyond 30		3	EA	600.00	1,800.00

GSI UTILITY SUPPLY & SERVICE CONDITIONS OF SALE

1. **ACCEPTANCE.** This quotation is an offer to sell to potential customer(s). BUYER'S RIGHT TO ACCEPT THIS OFFER IS LIMITED TO BUYER'S ASSENT TO THE TERMS AND CONDITIONS PRINTED HEREON AND THE ACCOMPANYING QUOTE, AND NO TERMS ADDITIONAL TO OR DIFFERENT FROM THOSE IN THIS OFFER ARE BINDING ON SELLER. THERE ARE NO UNDERSTANDINGS, TERMS, CONDITIONS OF WARRANTIES NOT FULLY EXPRESSED HERFIN.

2. **LIMITED WARRANTIES.** Seller warrants that it can convey good title to the goods sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the goods sold under this contract are free from defects in material and workmanship for a period of one year after the date of delivery. There are no warranties, express or implied with respect to products sold hereunder which are misused, abused, or used in conjunction with mechanical equipment improperly designed, used or maintained or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. **LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY.** Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE REMEDIES.

4. **LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY.** NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. **FORCE MAJEURE.** In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty , governmental regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumerated, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller's is capable of settling any such labor problem.

6. **BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES.** In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the goods purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying California law to any claims its buyer might assert against Seller with respect to goods manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Los Angeles, California or the common pleas court for Los Angeles County, California. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph.

7. **PASSAGE OF TITLE.** Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or re-consign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. **PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS.** Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts.

9. **TRANSPORTATION CHARGES.** Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. **CLAIMS BY BUYER.** Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify for itself that they conform to the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective goods within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. **MECHANICAL PROPERTIES; CHEMICAL ANALYSES.** Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures; any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. **PATENTS.** Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. **PERMISSIBLE VARIATIONS.** The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. **TECHNICAL ADVICE.** Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. **TAXES.** If this proposal includes furnishing labor to install products, applicable use taxes have been included in the prices quoted. However, no other tax imposed in respect of the sale of the products sold hereunder is included in any quotation by Seller. Any tax shall be added and paid by Buyer as part of the purchase price.

16. **BUYER'S RIGHT OF TERMINATION.** Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following: (1) the contract price for all products which have been completed prior to termination; (2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price; (3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract; and (4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. **SELLER'S RIGHT OF TERMINATION.** In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the termination thereof, Seller shall have the option of cancelling this contract in whole or in part.

18. **WAIVER.** Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. **DELIVERY.** Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:

(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings, or

(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. **PERIOD OF LIMITATIONS.** Buyer and Seller agree that any action by Buyer against Seller for a breach of this contract, including any action for breach of warranty, or otherwise in connection with the goods sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues.

21. **CONFLICTING PROVISIONS OFFERED BY BUYER.** Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. **SEVERABILITY.** In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. **APPLICABLE LAW.** This contract shall be governed by, and construed and enforced in accordance with, the laws of the State of California. Buyer and Seller specifically agree that any legal action brought relating to this contract will be brought and tried in the federal district court in Los Angeles, California, or, in the absence of jurisdiction, the Los Angeles Superior Court in Norwalk, California.

Sent: Wednesday, September 24, 2014 10:30 AM
To: Estimating, SAN
Subject: 11-0223U4 San Diego Bridge replacement and widening PROJECT COST SAVINGS!!!

Importance: High

Mike Boer,
I noticed your company may be bidding on the above project.
I would like to introduce our company.
Our specialty is made possible by our patented Bridgewalker machines. These unique machines allow our trained bridge crews to perform a variety of tasks related to bridge work. In many cases, we can perform the required task without impeding traffic. The smaller Bridgewalker 1 is designed to operate on the sidewalk area of a bridge under its own power while allowing full access to the side and under side of a bridge. Both the Bridgewalker 1 and 2 units allow for continuous movement along the length of a bridge while in use by our workers.

We either can do the project or rent equipment w/wo an operator in order to complete the project.

- We have the largest, most diverse fleet of Bridge Access machines west of the Mississippi River, including Hydra Platforms, Paxton-Mitchell Snooper and UBIT- under bridge inspection trucks; in addition to our patented bridge machines. We utilize them on projects that require a unit with different characteristics than our Bridgewalker machines.
- **We design, engineer and fabricate hanger systems as well as anti-terrorism, Arson and vandalism deterrents for sensitive or exposed utilities on bridges.**
- We are certified installers of CFRP (Carbon Fiber Reinforced Polymer) for concrete structures and wood beams or pilings.
- We provide Concrete Cutting and Coring services for Bridges and other concrete structures.
- We provide Radar location services for the location and detection of utilities, rebar and structural defects in bridge structures and other structures.
- We are the sole worldwide distributor and installers of First Line brand fire blanketing for the protection of sensitive utilities that are exposed to fire by accident or arson.
- We also provide inspection using an unmanned aerial vehicle for hard to reach areas of the project.

Please contact us with any questions.
Thank you for your time,

Bridge Masters, Inc.

Just looking at the bid items. We would be interested in bidding on some of them. I had a question regarding bid item #76. Does that unsuitable material need to be hauled off site for disposal? Please let me know if there is anything we can do for you.

Thanks,
Scott Fletcher

Offer Overview
Granite Construction Company

The following is a summary of the information you have submitted into the Opportunity Database. If you would like to add or modify any of the information below, please click the "Edit" link corresponding to the section you would like to edit.

Please keep in mind that for your Opportunity to be complete and active, you must complete the Contact Information, Offer Information (with today's date falling between the open and close dates), Bond Information, Location Information, as well as supply at least one SIC or NAICS code.

** Required Fields*

OPPORTUNITY STATUS

Current Status: Active
Last Modified Date: September 24, 2014
Last Modified By: Barbara Jacob

SPECIAL INITIATIVE PROGRAMS Edit

Is this opportunity related to Special Initiative Programs?

OPPORTUNITY INFORMATION Edit

* **First Name:** Barbara
* **Last Name:** Jacob
* **Telephone:** 760-732-0911
Fax: 760-758-1501
Email Address: barbara.jacob@gcinc.com
* **Date Open:** September 24, 2014
* **Date Closed:** October 10, 2014
* **Opportunity Title:** 11-0223U4 Genesee Bridge Replacement
* **Solicitation ID:** 11-0223U4
* **Contract Value Amount:** $59,000,000
* **Estimated Contract Duration:** 3 Years - 5 Years
* **Opportunity Type:** State Government
* **Offer Description:** Aggregates, Anchor Bolts, Asphalt Concrete, Bearings, Concrete-Accessories, Concrete-Forming Systems, Concrete-Ready Mix, Diesel Fuel, Dry Utility, Electrical Duct Hangers, Expansion Joints, Form Liner, Gabions, Geosynthetics, K-Rail, Liquid AC, Lumber, Message Boards, Misc. Metals, MSE Wall Systems, Pipe-Alternative, Pipe-CMC/CML, Pipe-Concrete, Pipe-HDPE, Pipe-Plastic, Pipe-PVC, Pipe-Steel, Pipe-Water, Precast Conc Inlets, Precast Conc Manholes, Reinforcing Steel, RipRap, Sealant, SWPPP, Traffic Control, Valves-Water/Wastewater, AC Dike, Bridge Rail, Chlorination, Clear/Grubb, Concrete Barrier, Curb & Flatwork, Demolition-Bridge, Demolition-Pavement, Dewatering, Dry Utilities, Dust Control, Edge Drain, Electrical-Roadway, Erosion Control, Excavation, Fence/Guardrail, Grind-Cold Plane, Grind-Diamond, Handrail, Joint Seals-Bridge, Landscape & Irrigation, Lead Abatement, Manholes/Wet Wells, Paint, Pavement Marking, Paving-Asphalt, Paving-Concrete, Piling-CIDH, Piling-Driven, Polyester Concrete, Post-Tensioning, Profilograph, Pumping-Concrete, Reinforcing Steel, Rock Slope Protection, Saw & Seal, Sawcut, Sealcoat & Slurry Seal, Shotcrete-Gunite, Signs-Area, Signs-Overhead, Signs-Roadside, Slope Paving/Channel Lining, Shoring Design, Earth Moving Equipment, Owner Operators, Truck Rental, Water Truck Rental
