Latino Crime Evolvement in the US

Hispanic Immigrants: As Bad As Some Want Them to Be?

When he announced his candidacy for the American presidency, Donald Trump delivered remarks that have echoed across Mexico. "They are bringing drugs. They are bringing crime. They're rapists," Trump said.

While the rest of the candidates are finding their footing as they try to court the Latino vote, Trump managed to galvanize the disparate populations of Mexico, both social and political. While the dustup over his comments may have hurt some of Trump's business relationships, that don't appear to have bruised him politically. They may even have helped. Trump has seen a bounce in the surveys, but whatever his chances of getting the White House, Trump seems to have tapped into a vein of resentment in America. It is a traditional narrative that those who cross the border are doing so with nefarious intentions, the reality for most Latinos is more complicated.

Donald Trump has remained firm in his allegations that illegal immigrants from Mexico are bringing runaway crime to America. Trump's claim that there are "hundreds of thousands" of illegal immigrants in US prisons isn't supported by the facts. Recent data from the Bureau of Justice Statistics say there are approximately 90,000 noncitizens in prison as of 2013. Even that figure doesn't say much. The noncitizen group bundles both legal and illegal immigrants. In any case, there are not "hundreds of thousands" of illegal immigrants locked up in America's prisons.

A 2011 GAO report shows that there were only 90,000 persons of illegal, or unknown, immigration status. Local jails reported about 204,000 for the same period.

The fact that so many immigrants are detained for immigration violations as opposed to committing a violent crime makes incarceration stats hard to review. The GAO study shows that immigration violations were the most frequent offense leading to detention – trailed in the far distance by drug and traffic violations.

Another good report of the latest research is in the May 2014 issue of Criminology and Public Policy. The report shows that there is a consensus among scholars that undocumented immigrants are not more likely to commit crimes than American citizens.

The Department of Justice recently released figures for the 2012-13 time frame, Heather MacDonald, with the Manhattan Institute published a table of statistics based on the figures. For the first time, Hispanics have been treated as a separate category instead of lumping them in with white.

The report shows that during the period covered by the study, blacks committed an average of 486,000 violent crimes against whites while whites committed only 99,403 violent crimes against blacks.

The violent interracial crime involving blacks and Hispanics happens the same proportions as black on white crime. Blacks are the attackers 82 percent of the time; however Hispanics are attackers less than 18% of the time.There's been a great deal of press given to black on black violence, but the latest figures indicate that just over 40% of the victims of black violence are black. People of other races account for almost 60% of the victims of black violence.One in every 15 African-American males are in jail, and only one in 36 Hispanics males are incarcerated.

Stereotypes

Representations of Latinos are found in America mass media, literature, theater and other creative expressions.

White Latinos, Asian Latinos, and Black Lations are overlooked in the American mass media. American social perceptions, where being "Latino" is incorrectly given a racial value, usually mixed-race, such as Mestizo or Mulatto.

"Latino" is an ethnic grouping that is comprised of many races while, in turn, mixed-race and white, American Latinos are overrepresented and admired in the US mass media.

In the Media

Writing for the National Association of Hispanic Journalists, Serafin Mendez-Mendez reported:

Latino-related stories comprise less than 1% of all the stories appearing on network newscasts when Latinos make up over 13% of the American population.

Crime, terrorism, poverty, and welfare accounted for 66% of all network stories about Latinos.

EthnicMajority.com, a minority organization said: "Who we see, hear and read on television and in movies has a great deal of influence in shaping the attitudes of all Americans."

Misconceptions

Latino stereotypes are based on misconceptions and mistakes.

Setting people aside for a moment, geography can be mistaken as well. For example, Iguazu Falls and the Amazon Rainforest are often treated as though they were in proximity. Cities are depicted with features they don't have or depicted as shanty towns with monkeys, large cats and alligators roaming the streets.

As for the Latin American people, they are often depicted as being poor with the women wearing Carmen Miranda-style fruit hats. The are often shown as working in low-income labor jobs and usually, for males, that job is a gardener and for the woman, a maid. Fashion, technology, and architecture are often thought to be somewhere between a colonial and a 1950s fashion.

The same stereotypes prevail in America where most Latinos are depicted as poor. American media dismisses anything that doesn't fit into the stereotype, and developing nations such as Chile, Uruguay, and Costa Rica have little to no crime.

Three Surprising Facts About Latinos

1. Latino Immigration Declined Under Obama's Anti-immigration Policies

The same stereotypes prevail in America where most Latinos are depicted as poor. American media dismisses anything that doesn't fit into the stereotype, and developing nations such as Chile, Uruguay, and Costa Rica have little to no crime.

2. Latino Family Values Show up in Vacations

67% of Latinos spend their vacations with their families. If one vacation isn't enough, they take two. The survey showed that over 75% of Latinos take more than one vacation per year. Are they going to the Bahamas or Europe? No.

Of all the Latinos in America, over 60% returned to their homeland to enjoy family during vacation demonstrating how cultural roots have a more power role than many wishes to admit.

3. Hate Crimes Against Latinos are on the Rise

Right behind blacks, Latinos constitute the most discriminated group in America.

In a US Department of Justice study, researchers found that in 2012, Latinos experienced a higher rate of hate crime than whites and blacks. Hate crime incidents against Latinos more than tripled in comparison to whites and slightly higher rate than blacks.

SEE ATTACHED BID BREAKDOWN

Qualifications:

- Site to be received in a clean, weed free condition. No import or export of soil or topsoil. All areas are to be received at +/-.10' of finish grade. Any areas requiring import of materials by Marina such as sand, decomposed granite, topsoil, special soil mixes, etc., shall be received at +/- .10' of subgrade elevations. All spoils generated from plant excavations shall be spread on site.
- This bid is based on trenching with a trencher in a conventional manner.
- Our work includes two move-ins. Any additional moves shall be billed at $ 750.00 each.
- All large trees, pipe and wire shall be installed prior to erection of new buildings, new paving or hardscape. Protection of paving or hardscape by others. Adequate access must be provided if the use of a crane is required for removal and placement of large palms or boxed plant material.
- Adequate equipment access to work areas to be provided by others. Our standby rate is $ 135.00/Hour.
- Designated areas for hydroseeding or erosion control shall be clearly defined by an authorized representative.
- Water shall be made available on-site by others. 4,000 gal per hour will be required within 1/4 mile of working area. Water source shall be made available with a minimum 2" size and at least 100 psi or better.

Exclusions:

- Demolition, removals, clearing, grubbing, and/or digging, excavation, trenching of hard dig materials.
- All electrical power, hookup, and/or telephone service to irrigation controllers and/or pumps.
- Permits, testing/auditing/inspection fees, water costs, water meters/meter fees, electrical meter/pedestal, or service line.
- Traffic control, survey, hot tap, coring, boring, jacking, hydraulic drilling, drainage, waterproofing, concrete, masonry, fencing, asphalt, saw-cutting, patching, protection boards, restoration, relocation, pot holing, utility identification, S.W.P.P.P., B.M.P., lead compliance, trench plates, erosion control, temporary facilities, tree well, or site furnishings.
- This proposal excludes maintenance, removal, or disposal of all erosion control.
- Protection, relocation, repair, or maintenance of existing irrigation, planting, utilities, or hardscape.
- Marina Landscape is not responsible for areas destroyed or damaged by pedestrians, other contractors, weather, acts of God or anything beyond our control.
- Overseeding, watering, drainage, inspection, protection, weekly meeting, WPC, or maintenance of erosion control areas.
- We cannot guarantee germination of seed.
- This proposal excludes removal or disposal of all erosion control methods.
- Not responsible for grading or disturbance to existing graded areas.
- UNIT PRICE PREVAILS ACCORDING TO QUANTITY SPECIFIED ON BID BREAKDOWN.
- ALL ITEMS WILL BE FIELD MEASURED PER QUANTITY INSTALLED FOR FINAL BILLING.
- Contractor agrees to pay for all material procured for this project once the agreement or purchase order is signed.
- No maintenance, roadside clearing or weed removal within the ESA areas.
- Plant materials subject to availability.
- Rock removal.

The intent of this proposal limits the performance of work as listed in the above plans, specifications, and addenda. We will coordinate work with other applicable trades as required.

Marina is an established union contractor with over 44 years of experience and the ability to bond our projects (add 1% as a change order to the contract). Bond's will be supplied on Berkley Surety or AGC standard bond forms. If accepted, this proposal is to be part of our contract. TERMS AND CONDITIONS

PAYMENT

1. Prices quoted herein do not provide for retention. If the Contractor elects to withhold retention, the above line item "Cost of Retention" shall be extended and included in the cost of the work to be performed. Withheld retention and the "Cost of Retention" shall be due and payable within 30 days of Penhall Company's physical completion of work, as pertains to this subcontract. At no time shall the percentage of retention withheld from Penhall exceed the percentage withheld from the Contractor.
2. Nothing in resulting subcontract shall require the Subcontractor to continue performance if timely payments are not made to Subcontractor for suitably performed work.
3. No provisions of resulting subcontract shall serve to void the Subcontractor's entitlement to payment for properly performed work.

3) This proposal is subject to change without notice, and all quotations expire and become invalid if not accepted within 10 days from the date of issue and shall automatically be withdrawn thereafter.
4) All prices are FOB factory or warehouse, depending on origination of shipment.
5) All prices quoted are based upon the direct use or installation by Customer. Resale by Customer, unless specifically approved in the quote are strictly prohibited and shall void this quotation.
6) Prices quoted are for specific quantities only. Changes in quantities delivered may result in higher prices charged. Requests for additional materials above the specified quantities may be priced at higher rates. When quoted prices are based on truckload rates, quantities requested are estimates only and cannot be guaranteed.
7) All sales are final. No materials are returnable.
8) Delivery dates are estimates only. Merz Material and Supply, Inc. is not responsible for any delay in shipments, incorrect materials shipped, materials damaged during shipment, inaccessibility of the project site for delivery of materials, or any other cause of delay beyond its control. No damages of any kind, whether compensatory, special, incidental, consequential or other, shall be paid as the result of delay in delivery of the ordered materials.
9) For projects in which Customer does not promptly take complete delivery of all the goods identified in this proposal, prices identified in this proposal shall remain firm for a period of 30 days after acceptance of this proposal, unless specifically stated in the quotation. In the event the time period expires before customer takes complete delivery, Merz Material and Supply, Inc. shall be entitled to raise its prices for all or part of the remaining undelivered goods. Payment to Customer by third party is not a condition precedent for Customer's payment to Merz Material and Supply, Inc.
10) Customer assumes responsibility for carrier's reasonable access to the project site for delivery of materials. Customer agrees to pay for additional costs for redirection of delivery and/or temporary storage costs should project site be inaccessible to carrier, regardless of cause.
11) NO WARRENTIES, EXPRESSED OR IMPLIED ARE PROVIDED BY MERZ MATERIAL AND SUPPLY, INC. All warranties, if any, are provided by the manufacturer of the materials, in no event shall Merz Material and Supply, Inc. be liable for any compensatory, special, incidental or consequential damages for, resulting from, or in connection with; the breach of any warranty, defects in materials, or customer's use of the materials.
12) The conditions contained herein are an integral part of this proposal, shall be superior to, and included, without modification, into any other form of order or agreement issued to, or entered into with, Seller for supplying of the proposed products.
13) Any dispute(s) arising out of this proposal, order and/or agreement, shall be settled in arbitration. Each party shall select one arbitrator. The two selected arbitrators shall select the rules and the third arbitrator.
14) In the event of allegations, claims or litigation between the parties, the prevailing party shall be entitled to all costs and attorney's fees. The prevailing party shall be defined as that person or entity that receives one dollar more than the other party. Customer agrees that jurisdiction for any lawsuit shall be in the County of Marin, California.

General Terms & Conditions

NOTE: All contracts must be written to our legal corporate name "BC Rentals, Inc."

BC Rentals, Inc. requires a written contract, purchase order or signed quote prior to the start of work.

Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by others.

Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout resulting from plan errors or inaccurate designs, will require payment for additional work to be made to BC Rentals, Inc. at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.

BC Rentals, Inc. is not responsible for delays caused by and or resulting from activities or non activities of others, including but not not limited to, owner, contractor, vendors, suppliers, other subcontractors and other factors not in direct control of BC Rentals, Inc. For the delays caused by the aforementioned, BC Rentals, Inc. will be reimbursed for all direct and indirect costs plus a mark up of forty percent (40%), or as specified and allowed by the Prime Contract if the delays are caused by the Owner / Agency. BC Rentals, Inc. will be granted an extension of time to perform its work tantamount to the delays.

Price includes General Liability Insurance coverage up to Two Million Dollars, Auto Liability up to One Million Dollars, and Umbrella Liability up to Five Million Dollars. Bid Price does not includes cost for insurance requirement beyond that requirement. Price does not include any special insurance requirement (i.e. Railroad Insurance, etc). An additional cost will be required for this type of policy.

BC Rentals, Inc. requires fifteen (15) working days notice prior to commencement of any production activity. If any of BC Rentals, Inc. work will be a controlling operation on the critical path of this project, BC Rentals, Inc. must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from BC Rentals, Inc. for this work.

All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to BC Rentals, Inc. performing this work.

For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition Move-In Charge as quoted herein.

BC Rentals, Inc. must receive a letter of intent to award us the subcontract no later than (30) calendar days after bid date or this Subcontract Quotation becomes null and void. Also, This quote shall become a part of any and all subcontract agreements and / or purchases orders related to the project. Violation of this action will nullify this proposal.

    F. Adequate lighting as required, sanitary facilities, trash bins, etc.
    G. As required, adequate electrical power and compressed air (90 PSI Min.).

4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to Integrity Rebar Placers for labor and material supplied pursuant to this offer

5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner.

6. Integrity Rebar Placers shall not be required to continue performance if, after Contractor has received payment for the properly performed work of Integrity Rebar Placers, timely payments are not made to Integrity Rebar Placers.

7. No provision of this Subcontract shall serve to void Integrity Rebar Placers entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.

8. Neither party will have the right of set-off against the other party for any reason.

9. If Integrity Rebar Placers is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work.

10. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.

11. Field labor called for herein is to be performed during Integrity Rebar Placers regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at Integrity Rebar Placers standard rates for overtime, weekend, or holiday work. Integrity Rebar Placers standard rates are per Caltrans force account rates. 14. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.

15. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.

16. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.

17. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.

18. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.

19. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.

20. Contractor shall furnish adequate parking for all Integrity Rebar Placers employees at no cost to Integrity Rebar Placers within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay Integrity Rebar Placers for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work / Price or by additive quote.

21. Contractor will provide full access to all areas of the project for at least one (1) Integrity Rebar Placers' Foreman truck to provide supplies and accessories as needed for the project.

22. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

23. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.

24. Masonry steel to be F.O.B. trucks jobsite, with Contractor agreeing to accept all responsibility for any shortages and/or replacement costs discovered twenty-four (24) hours subsequent to delivery. Unless shown otherwise on plan drawings, masonry vertical reinforcing is to be furnished in one piece, full height between stories of structure. If four-foot (4' 0") vertical lifts are required, Contractor and/or Contractor's subcontractor to assume all costs for additional splices required. All horizontal reinforcing #5 and smaller will be furnished in stock lengths plus corner bars.

Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate LA Steel Services responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
23. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
24. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
25. Contractor shall furnish adequate parking for all LA Steel Services employees at no cost to LA Steel Services within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay LA Steel Services for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work/Price or by additive quote.
26. Contractor will provide full access to all areas of the project for at least one (1) LA Steel Services' Foreman truck to provide supplies and accessories as needed for the project.
27. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
28. Contractor shall furnish adequate working heavy duty OSHA scaffolding/platforms and windscreens as required from which welding, mechanical coupling and placing of reinforcing steel can be safely performed.
29. Contractor shall provide and secure in place all supports in tunnels and shafts, which LA Steel Services may require for supporting

and placing steel.

30. Subcontractor shall not be responsible for material replacement cost due to theft and or lost on job, when materials are scheduled by contractor and not used promptly.
31. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

RE: CT 11-2T1904
Permanent Soil Nail Wall 392
San Diego, CA
MDCI Est. No. 337-15

Malcolm Drilling Co., Inc. (MDCI) is pleased to provide this Proposal for the installation of the permanent soil nailing on the above referenced project. Our proposal is based on the following unit prices, scope of work and attached Standard Conditions (Rev. 04/15).

PROPOSAL IS BASED UPON THE FOLLOWING INFORMATION PROVIDED BY OTHERS:

- Foundation Report by Caltrans dated October 10, 2012.
- Drawings and Specifications by Caltrans dated September 30, 2015.
- Addenda Number 1 dated August 21, 2015.

SCOPE OF WORK TO BE PERFORMED:

- Mobilization of equipment and tooling to site.
- Approximately 1,705 SF of 4" inch thick reinforced shotcrete.
- 996 LF of epoxy coated soil nails.
- Vertical drainage strips behind shotcrete per drawings (no horizontal strips).
- MDCI will supply a concrete pump and place the temporary shotcrete.

BID PROPOSAL:

ITEM	DESCRIPTION	UNIT	QUANT.	UNIT PRICE	TOTAL
89	Soil Nail	LF	996	$75.00	$ 74,700.00
96	Structural Shotcrete	CY	20	$1,000.00	$ 20,000.00
151	Mobilization	LS	1	$	$ 30,000.00
BASE BID TOTAL:					$124,700.00

Malcolm Proposal On: CT 11-2T1904

Note: For providing Payment and Performance Bonds, if required, ADD: 1% of the contract amount.

CONSTRUCTION METHODS:

- MDCI proposes to drill from a pre-cut drill bench with a minimum width of 15'.

BID ASSUMPTIONS:

Mobilization:

- This proposal is based on 1 mobilization of the permanent shoring crew to the site with continuous work. MDCI assumes all permanent shoring will be constructed in one phase. Any additional mobilizations shall be treated as extra work and shall be at the rate above.

SEQUENCE & SCHEDULE:

- MDCI will work 5 days per week (Monday thru Friday), approximately 9 hours per day (7 AM to 4 PM).
- MDCI has assumed that completion of the shoring system will take roughly 6 working days. This duration does not include mobilization.

ACCESS AND UTILITIES:

- Clear access/egress shall be provided for MDCI to do its work. It's our assumption that any and all utilities that may conflict with the Shoring installation must be removed or relocated prior to MDCI's work. There will be no low overhead work on this project.
- The work bench width necessary for soil nail installation is a minimum of 15 feet.
- Prime Contractor shall provide suitable location to allow MDCI to complete its work and staging (for material, tooling, concrete trailer pump, concrete trucks, cranes, etc.). Minimum staging area requirements are 20 feet by 50 feet.

MASS EXCAVATION:

- Prime Contractor shall be responsible for coordination of mass excavation, including provision for full-time support while MDCI crews are on site, and shall prevent unsafe over-excavation. MDCI assumes no responsibility for stability and maintenance of excavation or for excessive concrete 'overbreak'. Excavation for shotcrete facing shall not exceed that shown in the project plans and specifications. Typically the excavation is not to exceed 2' to 3' below each nail row elevation. Soil conditions may dictate that lifts be less than 5 feet.
- Excavator must provide a minimum of approximately 1,000 SF of exposed soil face, for soil nails and shotcrete work per working day.

TECHNICAL:

- Drilled holes for soil nails shall stand open and not require temporary casing or other stabilization methods.
- We assume the site is externally dewatered by others to a minimum of 3 feet below subgrade.
- Perched water zones shall not affect soil nail/shotcrete installations or face stability, otherwise additional chargeable costs may result.
- Horizontal tolerances for excavation support systems shall be 1% of the vertical height unless specified under special conditions.
- Vertical drainage strips are only to be provided for shotcrete facing and shall not have a waterproofing function.

Malcolm Proposal On: CT 11-2T1904

SUPPLIED BY OTHERS:

- Spoil removal, including removal of excess concrete and rebound materials, will be competed in a timely manner so as not to interfere or slow production of the shoring installation.
- Wheel wash is to be installed and maintained by others.

CONTRACTUAL:

- MDCI assumes borings to be accurate and material encountered shall be the same as borings represent.
- All obstructions and utilities (including overhead) are to be removed or relocated prior to the commencement of MDCI's work.
- If any waterproofing system or other structure is attached by others to MDCI's work, this shall be at the sole risk of Prime Contractor, which shall fully defend and indemnify MDCI in any claim or lawsuit seeking damages for intrusion of water into or through that system or structure.
- This proposal was prepared using 4 inches of temporary shotcrete wall. MDCI has included in its bid an additional 4 inches of shotcrete wall thickness for soil face sloughing, trimming and rebound. All additional shotcrete required in excess of this quantity, or extra wall face shotcrete at the Prime Contractor's request, will be paid to MDCI at $230.00 per cubic yard.
- During the work, progress payments shall be made at least monthly. Progress payments shall include reimbursement of costs for all materials that have been purchased and/or satisfactorily fabricated, even if they have not yet been installed. Interest or late fees will be charged on all past due accounts, at 10% per annum. Retention shall not be withheld. Full payment for MDCI work shall be made within 45 days after completion and acceptance of that work. No payments shall be made with joint checks unless authorized in writing by MDCI. Payment of retention shall not be conditioned on payment from Owner.

SPECIFIC EXCLUSIONS:

While the attached Standard Conditions (Rev. 04/15) apply to this project, we wish to specifically emphasize the following exclusions:

- Field engineering, surveying and layout, including clearly marked center lines, grades, and offset stakes. Survey monuments and maintenance of same is excluded.
- System movement, settlement and vibration monitoring.
- Removal, verification, (including potholing by others), protection (including capping of side sewer laterals), or relocation of utilities.
- Safe access/egress including dry, level, firm, work platform for the entire site is required to be provided by others, including all-weather benches and ramps.
- Prime Contractor shall provide protection and repair, if needed, of any driveways, paved roadways, sidewalks, or other finished/unfinished areas.
- Mass excavation to back of shotcrete.
- Clearing, grubbing and any demolition.
- Spoils and shotcrete rebound, removal, disposal, including street cleaning and any ventilation and dust control measures.
- Forming for shotcrete
- Handrail
- Trash bins or any disposal of non-salvaged materials.
- Concrete, slurry and/or grout washout areas and disposal.

- Site dewatering, if required, before and during MDCI's work to prevent hydrostatic head that interferes with progress of work.
- Handling and disposal of any waste water generated during our operations.
- Flagging, traffic / pedestrian control; including any installation, removal or replacement of traffic control barricades, signs or other measures required for MDCI work operations.
- Water source (hydrant, water truck). Water source must be capable of supplying the shoring installation work enough water to keep up with excavation.
- Obstructions to drilling (boulders, debris, existing structures, hard rock, etc.).
- Overhead obstructions (buildings, trees, utility lines, etc.).
- Casing, drilling fluids or any other shaft stabilization methods.
- Storm water pollution prevention plans or measures.
- Site security to ensure there is no damage to or theft of MDCI's equipment and tooling.
- Sanitation facilities.
- LEED specific material requirements or compliance (lagging, steel material, concrete waste, etc.).
- Cut-off or removal of any temporary shoring, including nail de-tensioning unless specifically included.
- Substrate preparation for receipt of waterproofing or any responsibility for adequacy / performance of waterproofing should waterproofing contractor affix waterproofing to shoring elements.
- Structural design associated with installation or patching of block-outs at nails.
- Protection, patching or repair of waterproofing or drain board at beam, nail, or brace removal or nail de-tensioning locations.
- Rock Pockets, sub-drain connections or any other drainage system.
- Hoisting of equipment into or out of the excavation.
- Heavy equipment, building, material or any other surcharge loads on shoring system, if not specifically included within shoring design or specified herein.
- Night work, including lighting.
- Any proposed subcontract provision which allows Prime Contractor to take-over MDCI's equipment, plant or tooling.
- Any proposed subcontract provision which requires MDCI to defend, indemnify and insure Prime Contractor / Owner in excess of MDCI's proportionate share in the total fault causing the loss or damage.
- As-built drawings.
- Cost or charges associated with electronic billing/payment services (costs/charges to be borne by Prime Contractor or invoiced by MDCI as extra work).
- Payment and performance bonds.
- Permits.

Bid No. : 337-15

Job Name: CT 11-2T1904

MALCOLM DRILLING CO., INC. (MDCI) STANDARD CONDITIONS

This proposal is based upon the following conditions, exclusions and requirements.

1. **PRIME CONTRACTOR COORDINATION AND SUPPORT.** Throughout the project. the Prime Contractor shall be responsible for providing MDCI with each of the following, which are excluded from MDCI's scope of work:

   a. coordinating all work of other contractors and suppliers so as not to hinder. interfere with or delay MDCI work;

   b. all required soil, concrete and materials testing, and inspection;

   c. suitable areas on or adjacent to the site for storage of materials and equipment and fabrication of materials.

   d. protection (including capping side sewer laterals), location (including potholing), relocation, removal, and/or repair of all pavement, sidewalks, conduits, wires, pipelines and other utilities, whether underground or overhead, in the project area and on adjacent property, as required to prevent interference with MDCI's work;

   e. furnishing water, sanitary facilities and electrical power, in such quantity and quality as required by MDCI and available within 200 feet of each work location.

2. **EXCLUSIONS.** Unless otherwise stated in the accompanying proposal, the following items of work are excluded from MDCI's scope and shall be paid for as additive change orders if required:

   a. removal of subsurface obstructions of any kind that were not disclosed in the project soils information provided to MDCI at bid time;

   b. removal of materials after they have been installed, except when such removal is caused by MDCI defective work;

   c. unscheduled overtime required by Owner and/or Prime Contractor;

3. **SCHEDULE.** Time is of the essence in this agreement. Prime Contractor and MDCI shall adhere to a mutually agreed upon schedule. Prime Contractor shall provide workmen, materials. and supervision as needed to expedite the work to meet or exceed the project schedule.

4. **DELAYS.** If MDCI is delayed by Owner and/ or Prime Contractor, or anyone else under their control, MDCI shall be entitled to equitable compensation and time extension.

5. **HAZARDOUS MATERIALS.** MDCI shall not be required to remove, transport or dispose of hazardous substances or contaminated materials (as designated by any government agency). Before MDCI's work begins, Prime Contractor shall disclose in writing all information it has and can obtain from Owner regarding hazardous and contaminated materials at the project site. Prime Contractor shall arrange for all tests, inspections, and notices required by law.

   The encountering of any hazardous substance or contaminated material that affects MDCI's work shall constitute a differing site condition for which MDCI shall be entitled to equitable price and schedule adjustments. If such a condition is discovered, MDCI shall be entitled to stop all affected work and shall have no obligation to perform investigation or remedial work. Prime Contractor shall immediately arrange for investigation of the condition and give prompt notice as to how it will be handled. If the Prime Contractor certifies that the condition is alleviated and directs MDCI to proceed, MDCI may require the Prime Contractor to provide insurance with mutually agreed policy limits to cover any personnel health risks and remediation liabilities to which MDCI may thereby be exposed.

   Prime Contractor shall indemnify, hold harmless, and defend MDCI and its officers, employees, subcontractors of any tier, suppliers, and consultants from and against any liability, claim, loss, or expense (including legal and expert expenses) arising out of the existence, encountering, handling, disposal, release, or remediation of any hazardous substance or contaminated material other than materials brought to the site by MDCI.

6. **LIMITATIONS ON DAMAGES.** MDCI will accept a reasonable amount for liquidated damages proportionate to MDCI's contract value. MDCI shall under no circumstances be liable to Owner and/or Prime Contractor or to any of Owner's and/or Prime Contractor's employees, contractors or consultants for any indirect, consequential, or exemplary damages.

7. **DIFFERING SITE CONDITIONS.** Notwithstanding any other provision in any contract documents, MDCI shall be entitled to an equitable adjustment to its price and schedule whenever its work is adversely affected by encountering any latent condition at the project site that differs from conditions (a) indicated by the Contract documents or soils data furnished to MDCI at bid time, or (B) ordinarily encountered and generally recognized as inherent in work of the character provided in the Contract.

8. **INDEMNITY.** MDCI shall defend and indemnify Prime Contractor and Owner (each an "Indemnitee") with respect to any claim against it for loss or damage negligently or intentionally caused by MDCI, its subcontractors or agents in the performance of work under this contract, but only in the same proportion as that causation bears to the whole of the causation, including that attributable to the Indemnitee on the basis of either active or passive liability or fault. giving rise to such loss or damage. These proportions of causation shall be determined upon the resolution of such claim, and Indemnitee shall repay to MDCI that part, if any, of the costs of Indemnitee's defense or indemnity provided by MDCI that is in excess of MDCI's proportionate share of such causation.

9. **INSURANCE.** MDCI shall maintain in place, throughout the performance of its work hereunder, worker's compensation coverage as required by law, and commercial general liability insurance, for bodily injury and property damage coverage (without the exclusion for explosion, collapse and underground loss), with a single occurrence limit of $1 Million. MDCI shall only be required to provide such coverage to the extent of MDCI's share in the total fault causing loss or damage.

10. **LIMITS ON CONDOMINIUM CONVERSION.** If the owner elects to convert a project to condominiums, the owner will provide Condominium Conversion Insurance prior to any such conversion. This insurance will cover the contractor and its subcontractors retroactively to the commencement of construction with a tail through the Statute of Limitations.

    Owner and contractor will defend. indemnify and hold MDCI harmless from any claims by a Condominium Association for damages arising from or connected with the sale or construction of any condominium property.

11. **ENTIRE AGREEMENT.** These general conditions and attached bid proposal comprise the parties' entire agreement for the work. They supersede all prior and contemporaneous written or verbal agreements and representations relating to the work, and these conditions may only be amended by a mutually signed written instrument.

12. **DISPUTES.** In the event of a claim or dispute between MDCI and Prime Contractor arising out of or in any way relating to this contract or the work to be performed hereunder, the parties shall first attempt to resolve it through mediation conducted by a single mediator, to be selected by the parties and compensated equally by them. Only those claims or disputes, if any, which are not resolved by such mediation shall be submitted to binding arbitration before a single arbitrator selected by the parties or, if they are unable to agree, by a court of competent jurisdiction. That arbitration shall be conducted under the arbitration statutes of the state in which the work is to be performed, or under such other rules of arbitration as the parties may agree. The prevailing party in such arbitration shall be entitled to recover from the other party, in addition to any other damages awarded, all of its reasonable attorneys' fees, expenses, experts' and consultants' charges, and the costs of the arbitration.

13. **PRECEDENCE.** These conditions shall be attached to and become part of the contract and shall take precedence over any conflicting provisions.

14. **EXPIRATION.** Unless specified otherwise, this bid quotation shall not remain in effect after 30 days of the bid date unless accepted in writing or by Contract.

Soil Nail, Shotcrete and Sign Foundation Proposal

Estimating,

Condon-Johnson & Associates, Inc. (CJA) is pleased to offer the following proposal for the items listed below on the above referenced project. CJA will supply all labor, materials and equipment to perform the work in accordance with the plans, specifications, scope of work and qualifications as listed and as identified herein.

Base Bid Pricing

Description	Quantity	Unit Price	Extension
#89 Soil Nail	996 lf	80	87,200
#96(F) Structural Shotcrete	20 cy	2,335	46,700
#151 Mobilization for Soil Nails	1 ls	25,000	25,000
		Total	**$158,900**

THE ITEMS ABOVE REPRESENT A TOTAL PACKAGE AND MAY NOT BE SEPARATED WITHOUT CJA's APPROVAL

Alternate Add Pricing

Description	Quantity	Unit Price	Extension
#90 60" CIDH Sign Foundation	99 lf	575	56,925
#151 Mobilization for Sign Foundation	1 ls	25,000	25,000
		Total	**$81,925**

Base Bid Scope of Work

#89 Soil Nail - Work includes providing and installing verification, proof and production soil nail assemblies. Testing the designated nails is included.

#96(F) Structural Shotcrete – Provide and place shotcrete from original grade to bottom of wall as shown on the drawings referenced below. Includes provide and install geocomposite drain fabric and drain outlet. Drain outlet will extend beyond shotcrete facing for final trimming by others. Includes providing and placing mesh, and placing other reinforcing bar (walers, stirrups, embed bars, etc.) provided by others.

#151 Mobilization for Soil Nail Wall – A single mobilization for horizontal drilling equipment has been included.

Alternate Add Scope of Work

#90 60" CIDH Sign Foundation Piles – Drill CIDH shafts to required depth and diameter from bench at existing grade. CJA requires concurrent access to multiple locations. Spoils will be left at the drilled hole locations for handling and disposal by others. Install pile reinforcing and anchor bolts provided by others. Provide and install shaft concrete to pile cut off elevation. General Contractor to be on hand to verify anchor bolt placement before and immediately after concrete placement. On site mobilizations are included.

#151 Mobilization for Sign Foundation Piles – A single mobilization for vertical drilling equipment for sign foundations has been included.

Document Summary

CJA has specifically relied upon the documents listed below for the above referenced project. Provisions of the Prime Contract between Owner and General Contractor only apply as they directly relate to the scope of this proposal.

1. Caltrans bid documents applicable to the scopes quoted, including Addendum 1.

Qualifications for Soil Nail Work

1. Mass excavation, to be performed by others, shall be to back face of soil nail wall shotcrete and shall be coordinated with wall installation such that productivity is maintained.
2. Shotcrete used in excess of a theoretical 6" thick wall shall be considered overbreak to be paid at $225 per cy. The volume of shotcrete included in the bid is intended to cover construction of a 4" thick wall, fill soil nail hole "bird beaks", line and washout waste, and rebound.
3. Tolerance for shotcrete shall be 2" from an agreed upon layout line and 1% verticality based on entire wall height.
4. Shotcrete shall have a rough screed finish.
5. Drill and shotcrete spoils stockpiling and removal is excluded.
6. General Contractor shall provide survey staking consisting of offsets to shoring face and elevations at approximately 50 ft intervals along the wall and at any corner points.
7. Level and continuous access shall be provided for personnel, track mounted drilling equipment and truck and/or track mounted support equipment throughout the duration of our work. Minimum bench width is 12 feet. Others shall provide clearing required for access. No hoisting of equipment is included. Any ramps shall have gradients of less than 10%.
8. CJA excludes the installation, maintenance, and removal of handrail at top of wall unless otherwise specifically included herein.
9. CJA excludes the grading and/or installation of V(drainage) ditches unless specifically included herein
10. CJA excludes coring of the shotcrete wall for compressive strength testing.
11. CJA excludes tie-ins of the wall drainage system to existing or proposed drainage systems.
12. General Contractor shall provide a water source within 100 feet of our work area.
13. General Contractor shall provide and maintain concrete washout facilities.

Qualifications for CIDH Work

1. Prices quoted are based on a single mobilization to the jobsite for sign foundations. Construction of sign foundations to be constructed in linear, sequential order. Additional mobilizations, if required, to be billed at unit price above.
2. General Contractor shall provide and maintain a flat, level, and stable drilling platform at Original Grade, of sufficient width to accommodate drilling and hoisting equipment and within a 5-ft reach to the centerline of the drilled shaft. Platform shall be capable of withstanding loads applied on it during all construction operations including cage hoisting operations. Any ramps shall have gradients less than 10% and be suitable for all construction equipment.
3. General Contractor to provide any and all traffic control required for drilling spoils removal, cage pick, concrete placement, etc.
4. CJA excludes drill spoil removal and stockpile. Drill spoils will be cast off for removal and stockpile by others. Spoils shall be handled such that productivity is maintained.

5. General Contractor shall provide and locate the centerline of each CIDH pile location with horizontal and vertical control. Including at a minimum 2 (two) offset points in 2 (two) directions.
6. CJA excludes joint preparation (cure removal, sand blasting, etc), at the tops of all CIDH piles.
7. CJA excludes any removal of concrete laitance from steel reinforcing bars.
8. General Contractor to provide fully fabricated reinforcing cages, with appropriate concrete "dobie" or plastic spacers within reach of CJA's crane at each pile location. Reinforcing cages to be built full length. There is no provision in this proposal for CJA to assist in supporting the Rebar Supplier. If coupling over the shaft, unloading of trucks, or moving the rebar cages from the building area to the pile locations is required, additional costs apply.
9. Reinforcing cages are to be internally braced with an unobstructed opening, down the center of the cage to allow centerline placement of piling concrete. Any bracing which conflicts with tremie pipe equipment to be removed by others.
10. Reinforcing cages shall be adequately tied and braced to withstand being picked from horizontal to vertical.
11. General Contractor to supply concrete washouts for CJA concrete operations, including, but not limited to, concrete truck and pump washout, and concrete over-pour removal. Disposal of concrete debris is to be performed by others.
12. Any overhead utilities conflicting with drilled shafts to be de-energized or re-located by others.

Schedule Qualifications

1. CJA and General Contractor shall mutually develop and agree to a baseline CPM schedule prior to start of work and mutually update it through completion of CJA's work.
2. Schedule is based on performing work five days a week, 8-12 hours a shift (at CJA's discretion), Monday through Friday.
3. CJA has included one mobilization to the site. Additional mobilizations, if required, to be billed and paid at the price quoted above.
4. When the progress of the subcontractor work is interrupted for reasons beyond its control, CJA will bill and be paid per Caltrans equipment rates, without delay factor, for each individual production unit affected by the interruption.
5. CJA will require 1 week to schedule material, crew and equipment resources after receipt of an executed subcontract.

General Qualifications/Exclusions (and to be provided to CJA by others)

1. General Contractor shall provide and maintain a level, all-weather work and staging area with no headroom restrictions. Working platform shall permit unobstructed travel of track mounted equipment, drilling equipment and concrete trucks, and, maintenance thereof throughout the duration of our work. Use of mats is specifically not included and will be charged as extra work if required.
2. General Contractor shall provide clear and unobstructed access to the work and staging areas, for CJA's personnel and equipment.
3. CJA has not made any allowance to minimize vibration, dust and/or noise during performance of our work. CJA excludes all monitoring of noise, vibration, settlement, or air quality.
4. CJA excludes the locating, protection, removal, replacement and support of all utilities or other improvements, existing or new, above or below the ground, that may interfere with our work.
5. CJA excludes any re-routing of vehicular and pedestrian traffic and maintenance of access to adjacent properties, including all necessary signs, markers, barricades, crossings or flagmen.
6. CJA excludes the offsite discharge or disposal of any water and drilling spoils generated during our work operations.
7. CJA excludes surveying services for layout and elevation control of work, monitoring or "as-builts".
8. CJA excludes all permits, testing, fees, notifications, inspection(s) and laboratory testing services.
9. CJA excludes all required fencing, barricades, security, and guard services.
10. CJA excludes demolition, removal and disposal of any existing foundations or other manmade structures in or on the ground that may otherwise impede CJA's work.
11. CJA excludes any reinstatement and/or restoration of its areas upon completion of its work.

12. CJA excludes all provisions for protecting work in place, SWPP, dust and erosion control.
13. CJA excludes working in and/or around contaminated/hazardous materials.
14. Should contaminated soils be encountered, General Contractor will provide a Health and Safety Plan that protects CJA workers from contaminated soils. All cost associated with implementing this plan will be paid by others.
15. CJA excludes any and all types of dewatering (both surface and below grade). The dewatering system shall be by others and it shall be coordinated with CJA's works such that the shoring can be completed in dry conditions.
16. CJA shall defend and indemnify Owner and Contractor with respect to any claim that arises from the negligence or fault, if any, of CJA in the performance of its work hereunder, but the extent of such indemnity shall be limited to CJA's proportionate share of the total fault, as agreed between the parties or as determined by a court of competent jurisdiction, causing the loss or damage on which the claim is based. CJA shall have no other responsibility to defend, pay for, or indemnify Owner and/or Contractor or its agents with respect to claims arising from or related to CJA's work hereunder.
17. Notwithstanding any provisions of the OCIP/CCIP for the project to the contrary, neither CJA nor its insurer(s) shall be obligated to contribute to any claim made to or under the OCIP/CCIP. Contractor or Owner shall represent CJA in connection with any claim(s) to or under the OCIP/CCIP. Further, should the OCIP/CCIP be cancelled, or not afford coverage for a claim, neither CJA nor its insurer(s) shall be obligated to contribute to the defense or indemnification of Contractor or Owner on any basis, whether primary or excess. Specifically, neither CJA nor its insurer(s) shall have any obligation to defend or indemnify Contractor or Owner against any claim that is not covered by the OCIP/CCIP or any claim(s) that are covered by the OCIP/CCIP or any claim(s) that would have been covered by the OCIP for the project but for its termination, cancellation or exhaustion.
18. CJA shall be named additional insured on Builders Risk insurance obtained for the project.
19. This proposal is valid for no more than 30 days.
20. CJA excludes the cost of bonds, if required. All cost of bonds shall be borne by others.

Payment Qualifications:

1. CJA will not accept liability for any liquidated or consequential damages.
2. Progress payments will be due thirty days after General Contractor receives monthly progress estimate from CJA.
3. Retention (not to exceed 5%) shall be released thirty-five days after substantial completion of CJA scope of work. Substantial completion does not include removal items.

This proposal, in its entirety, shall be made an integral part of and be incorporated into any subcontract agreement and shall take precedence should there be any conflict with any terms included in the host document. CJA reserves the right to amend and negotiate any provisions of the Subcontract Agreement. CJA will require approximately 2 weeks to review Subcontract.

Should you have any question regarding the contents of this offer, please do not hesitate to contact the undersigned at (909) 390-0268.

ACL Construction Co., Inc. — Terms, Conditions, and Exclusions

This list of ACL's *Terms, Conditions, and Exclusions*, along with the preceding *Proposal* dated 9/3/15, shall be included as part of any contract and shall prevail over any conflicting terms.

Retention is 5% after 50% of ACL's work is in place. Prime Contractor shall release 100% Retention 35 days after ACL's work is completed.

INSURANCE: ACL's limit is one million. If more limits are required, all additional insurance, premiums, and fees are to be paid by the Prime Contractor. **EXCLUDES - Railroad Insurance, Waiver of Subrogation, Longshoremen's Insurance (All available at Prime Contractor's Expense)**

ACL will not accept a Type I or Type II indemnity agreement.

Excludes - Engineering, Inspections, Permits, Fees, City Licenses, or Testing of any type.

ACL will not be responsible for delays due to lack of, and/or incorrect or inadequate Contractor furnished schedule, material, access, and structure not ready. Time delays which are out of ACL's control and in control of the Prime Contractor, or his other subcontractors, will be charged at Cal-Trans rates.

No Caltrans extra work will be performed until an agreement on price and time is given to ACL in the form of **written authorization** from the Prime Contractor.

No back charges will be accepted without **prior written authorization** from ACL.

No corrective work by others; ACL will correct its own work.

Force-account work to be paid in accordance with Cal-Trans special provisions or agreed upon price.

ACL is not responsible for vandalism or damage to concrete barrier after barrier is placed and finished.

ACL is not responsible for damage or on-site clean up of instances done by others than ACL's own work force.

Any item or items of work may be deleted from ACL's proposal if requested by Prime Contractor and agreed upon before bid date. ACL's proposal is to be considered complete per their listed work. ACL's price is based only on items listed in our proposal.

Prime Contractor to provide at all bridges, and free standing walls, Cal-OSHA approved working scaffold and protective cover over traffic and environmentally impacted areas.

Prime Contractor to provide adequate access suitable for concrete to be end-dumped from Ready Mix Trucks; 12' wide work area, no more than 16" below flow line; minimum of 2' work area at both sides of rail form, and access to set forms with boom truck.

Prime Contractor to provide adequate access to ACL's work and not hinder work or work schedule.

Prime Contractor to provide secure area for ACL's material and equipment.

Prime Contractor to provide a **written move-in notification EIGHT (8) WEEKS before requested move-in date.**

Prime Contractor is to schedule a minimum 8-hour workday.

No weekend work (Saturdays & Sundays), night work, and additional lighting.

Prime Contractor to provide a source of water within job limits to ACL free of charge.

Prime Contractor to provide sanitation facilities.

Prime Contractor to provide Square Pile Caps to line and grade width of rail.

All work completed by Prime Contractor or their subcontractors to be completed according to applicable job plans and specifications.

PRICES AND TERMS

Prices are based on the terms and conditions set forth on page 1 of this Quotation, of which these General Terms and Conditions form a part, the terms and conditions stated in Customer's Application for Business Credit, and, if applicable, any terms and conditions relating to the delivery or shipment of materials by truck, barge, vessel, rail or other means which are provided by Vulcan to Customer in addition to this Quotation (each, a "Vulcan Sales Document", and collectively, the "Vulcan Sales Documents"). Prices are available only to the customer specifically named therein, and are only for the quantities mentioned in such Quotation or Sales Order plus or minus 10% of such quantities. A charge of 1.5% per month, (18% annum), will accrue on a daily basis from the date of invoice and will continue to accrue on a daily basis on any unpaid balance, both before and after judgment, until the date the balance is paid in full, or at the maximum amount permitted by law in which the sale occurred, whichever is less. **However, the assessment of a finance charge on invoices paid in full by the payment due date will be waived.** Quotation is offered for furnishing the total aggregate requirements for the project only. Customer's contract with Vulcan regarding the sale by Vulcan to Customer of the materials listed in this Quotation is subject to the terms and conditions set forth in the Vulcan Sales Documents. Prices reflect Customer's acceptance of materials at the quoted plant based upon gradation analysis performed and reported by Vulcan's certified plant quality control personnel. Any penalties that result from in place sampling shall be the full responsibility of Customer.

THE TERMS AND CONDITIONS OF THE VULCAN SALES DOCUMENTS GOVERN THE RIGHTS AND OBLIGATIONS OF THE PARTIES

If Customer has issued a purchase order for the materials quoted by Vulcan in this Quotation, this Quotation is not an acceptance of said purchase order, or any of its terms or conditions, which are hereby rejected. Any sale by Vulcan to Customer of the materials listed in this Quotation shall be subject to the terms and conditions set forth in the Vulcan Sales Documents, and Customer's receipt or acceptance of said materials shall constitute acceptance of the offer that this Quotation constitutes. Any terms or conditions of a subsequent purchase order issued by Customer that are inconsistent with the terms and conditions of the Vulcan Sales Documents shall be null and void.

SHIPMENT AND DELIVERY

Unless a "delivered" price is quoted by Vulcan in the Vulcan Sales Documents, all prices are F.O.B. point of shipment from the locations designated. All taxes applicable to the sale or delivery of materials that are not paid directly by Customer will be added to the sales price, invoiced to and paid by Customer, unless Customer provides Vulcan with satisfactory evidence of exemption from same. Shipment will be in accordance with Customer's reasonable instructions or, if none, then by whatever means Vulcan shall deem practicable. The quantities of material delivered to Customer shall be conclusively presumed to be the quantities shown on the tickets produced from a certified weigh scale at Vulcan's quarry or sales yard.

CREDIT AND DEFAULT

Vulcan shall have no obligation to ship or deliver except upon its determination prior to each shipment or delivery that Customer is worthy of the credit to be extended and is not in default upon any obligation to Vulcan. Upon default, Customer agrees to pay all of Vulcan's collection expenses, including attorneys' fees.

INSURANCE

A Memorandum of Insurance containing current information regarding Vulcan's insurance program is available at <http://www.marsh.com/moi?client=D156>.

EXCULPATORY PROVISIONS

Vulcan shall have no liability for delay or failure to make shipments, or delivery, as a result of strikes, labor problems, severe weather conditions, casualty, mechanical breakdown or other conditions beyond Vulcan's reasonable control. In no event shall Vulcan be liable for any incidental or consequential damages. Vulcan's liability and Customer's exclusive remedy for any cause of action arising out of the provision of material quoted herein shall be the replacement of, or payment of the purchase price for, the materials which are the subject of this Quotation.

CHANGE OF TERMS

Vulcan may change the price and/or quantity upon 30 days' notice to Customer. Vulcan shall also have right to change, modify or amend any other terms and conditions upon written notice of such change to customer. The effect of the change shall be as stated in the written notice and accepted by Customer upon placing of orders with seller following receipt of such notice. .

APPLICABLE LAW

All orders are subject to acceptance by Vulcan at the headquarters of its West Division in Los Angeles, California, and the laws of the state in which the materials was shipped from shall apply to the sale of all materials subject hereto. In the event material is imported into the U.S., the law in the state in which the material was sold to the customer will prevail. All disputes regarding finance charges shall be governed by Alabama law.

LIMITED WARRANTY AND WARRANTY DISCLAIMER

Vulcan warrants for a period of one (1) year from date of delivery only that the material sold hereunder substantially complies with Vulcan's specifications for said material or the specifications set forth in Vulcan's quotation. **VULCAN HEREBY EXCLUDES ALL WARRANTIES OF MERCHANTABILITY AND FITNESS FOR ANY PURPOSE, AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, OF THE MATERIAL SOLD HEREUNDER, OTHER THAN THE EXPRESS WARRANTY STATED ABOVE.** In addition, except to the extent otherwise set forth in the specifications described above, Vulcan makes no warranty whatsoever with respect to specific gravity, absorption, whether the material is innocuous, non-deleterious, or non-reactive, or whether the material is in conformance with any plans, other specifications, regulations, ordinances, statutes, or other standards applicable to Customer's job or to said material as used by Customer. VULCAN SHALL IN NO EVENT BE RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE CAUSED BY NON-COMPLIANCE OF THE MATERIAL WITH SPECIFICATIONS, OR FOR ANY DEFECTS IN THE MATERIAL SOLD HEREUNDER.

Notes:

A. Prices will be subject to escalation of 5% per 3 Month period beginning 12/2/2015 for materials not manufactured, in storage or invoiced by that date.
B. Package Pricing: All products and services quoted herein are predicated upon client purchasing the entire package at the pricing stated. Separation of items, materials, services or variations in quantities purchased will subject the unit rate to an increase as determined by Tensar. If listed, optional items may be purchased on an as needed basis at the stated prices unless quantity variations in excess of +/- 20% occur.
C. Any materials or services, which are not specifically listed HEREIN, are excluded from this Quotation/Contract and are not a part of TIC's obligations hereunder.
D. Sales and other applicable taxes are excluded.
E. Payment Terms: Net 30 days from the date of Tensar's invoice; 0% retainage. Concrete products will be invoiced on weekly production; a detailed production list is available upon request. Any materials not taken delivery of after 30 days of requested date or 60 days after manufacture date may be subject to monthly storage fees of 2% of the material value.

QUOTATION/CONTRACT

F. Material is sold in full roll quantities.

G. Buyer agrees to supply a "Pallet List" for each order. The agreed upon pallet list shall be established prior to the beginning of manufacturing product required in purchase order. The pallet list shall be used as a casting order in which panels are anticipated to ship. Once the pallet list is established and panels are manufactured, the buyer agrees to take full pallets "as is" or pay buyer for re-stacking. Buyer is responsible for verifying all quantities listed above prior to unloading.

H. All materials are F.O.B Origin (freight prepaid & allowed) by full truck load shipments. Unit rate includes freight costs, contemplating full truckloads. "Short loads" will bear additional costs to be paid by the Buyer.

I. TIC's final compensation will be based upon the actual face area (from top of leveling pad to top of wall bottom of wire baskets to top of wire baskets) required to be installed as determined from the approved TIC shop drawings. CAD files, profiles and or cross sections every 25' to be provided by the Contractor.

J. The quotation is based upon and subject to the attached Design Assumptions and Disclaimers, which are incorporated herein by reference. TIC reserves the right to change the above prices due to deviations or changes from the assumptions.

K. Seller agrees to take product in full truckload quantities defined as the "maximum amount of product to fill 48,000 lbs" or pay the difference with the exception of the last load which may be LTL (less than truckload) quantity.

Quantities:

The quantities listed below are for contractor information only. TIC assumes no responsibility for the accuracy of the quantities listed below. It is the client's responsibility to verify all quantities:

Total Area :	2,680 Square Feet (estimated)
Tensar Geogrid :	21 Roll(s)
Non-Woven GeoTextile Fabric :	2 Roll(s)
4 x 4 Std Wire Form, HD Galv (from Vendor) :	195 Units
Wire Support Struts PreGalv 0.243" x 25.5" :	1,410 Units

Replacement Materials:

If the Client requires additional or replacement Materials, then the following Unit Price Schedule will apply. Any replacement Material shipped later than six (6) months after Bid Date will be subject to the prices in effect at time of shipment, but will not exceed by more than 10% the prices listed below. The prices listed below are FOB Origin, freight will be added at the time of shipping.

QUOTATION/CONTRACT
PRELIMINARY DESIGN ASSUMPTIONS

Project Name: 11-2T1904 GRE
Project Number:

Date: 09/03/2015
Engineer: TBD

THE FOLLOWING ASSUMPTIONS AS TO SITE CONDITIONS AND OTHER FACTORS HAVE BEEN USED BY TENSAR INTERNATIONAL CORPORATION (TIC) FOR THE PURPOSE OF DEVELOPING A PRELIMINARY DESIGN. ALL ASSUMPTIONS MUST BE VERIFIED BY OTHERS IN WRITING TO THE OWNER, GENERAL CONTRACTOR, AND TO TIC PRIOR TO FINAL DESIGN AND CONSTRUCTION.

1. Design Methodology

The preliminary design was performed in general accordance with AASHTO/FHWA Design Guidelines.

2. **Soil Parameters**

Soils	Moist Unit Weight, pcf	Effective Friction Angle, degrees	Effective Cohesion, psf
Foundation Soil	120	30	
Reinforced Soil	125	34	
Retained Soil	125	30	

Notes:

All soil parameters shall be verified by the owner's geotechnical engineer, which is not TIC, prior to final design and construction.

All soil parameters were assumed for the purpose of completing the preliminary design. All soil parameters shall be verified by the owner's geotechnical engineer, which is not TIC, prior to final design and construction.

3. **Geometry**

2 GRE structures with a maximum height of approx. 16.5 and overall length of 120 LF.

Geometry shall be verified by the owner or owner's representative.

4. **Facing**

Galvanized steel welded wire form facing units and support struts with , stone face fill, and geotextile fabric (Stone face fill provided by Others)

5. **Maximum Applied Bearing Pressure (Static)** **= tbd psf**

Foundation adequacy shall be verified by the owner or owner's representative.

Maximum Applied Bearing Pressure (Seismic) **= tbd psf**

Foundation adequacy shall be verified by the owner or owner's representative.

6. **Hydraulic Conditions**

Groundwater/phreatic surfaces were assumed to be sufficiently below the base of the walls as to not influence the internal or external stability of the walls. Flood conditions, rapid drawdown, and water accumulation in the reinforced backfill zone or around the wall base and foundation were not considered in the preliminary design.

Hydraulic Conditions shall be verified by the owner or owner's representative.

7. **Loading**

Seismic acceleration coefficient (Kh)	.15 g
Seismic Loading (PGA)	.45 g

Loading shall be verified by the owner or owner's representative.

QUOTATION/CONTRACT

8. Stability Analysis

	Static	Seismic
Minimum factor of safety for geogrid strength	1.5	1.1
Minimum factor of safety for geogrid pullout	1.5	1.1
Minimum factor of safety for connection strength	1.5	1.1
Minimum factor of safety for sliding at geogrid	1.5	1.1
Minimum factor of safety for overturning	2.0	1.5
Minimum factor of safety for sliding at base	1.5	1.1

Stability analysis shall verified by the owner or owner's representative.

9. Geogrid Reinforcement

Geogrid Type	Ultimate Strength, lb/ft	RFCreep	RFDurability	RFInstallation Damage	Design Strength, lb/ft	%,Percent Coverage
UX1100MSE	3970.00	N/A	1.1	N/A	N/A	100%

Soil-geogrid interaction coefficient: .8
Design Life: 75 Years
Soil type: 1.5" minus angular aggregate
Face fill: Rock (2" - 4")

10. Notes

A. The preliminary design presented herein was based on the information provided to TIC. TIC assumes no responsibility or liability for the information or verification of the information. TIC has not been contractually engaged or compensated for, and is not, providing all the services and testing onsite and otherwise which are necessary to verify these assumptions and provide ongoing verification of quality control during construction.

B. TIC assumes no responsibility or liability for interpretation of subsurface conditions, suitability of soil design parameters, or subsurface groundwater or other water conditions.

C. External stability, including sliding at base, overturning, and eccentricity, is the responsibility of the owner or owner' representative. TIC assumes no responsibility or liability for the evaluation of external stability.

D. Global stability, compound stability, foundation bearing capacity, total and differential settlements and their effects on this system are the responsibility of the owner or owner's representative. TIC assumes no responsibility or liability for the evaluation of global stability, compound stability, foundation bearing capacity, or settlements.

E. Surface and subsurface drainage measures are the responsibility of the owner or owner's representative. The reinforced backfill zone shall remain free of hydrostatic pressure at all times. Water must also be diverted away from the wall base and foundation area. TIC assumes no responsibility or liability for surface or subsurface drainage measures.

F. Erosion protection, scour protection, and determination of minimum wall embedment depth are the responsibility of the owner or owner's representative. TIC assumes no responsibility or liability for erosion protection, scour protection, or determination of minimum wall embedment depth.

G. The owner or owner's representative is responsible to review and verify the preliminary design parameters prior to final design and construction.

PRELIMINARY NOT FOR CONSTRUCTION

QUOTATION/CONTRACT
Terms and Conditions

Tensar International Corporation, Inc. (TIC) agrees to furnish the Materials and provide Design Services at the Final Contract Amount (as hereinafter defined) subject to the Design Assumptions and Disclaimers and Terms and Conditions stated in this Quotation/Contract. Client shall accept this offer by signing this Quotation/Contract at the place provided on page 3 and returning it promptly to TIC. This Quotation/Contract will expire 30 days from the bid date or quotation date, whichever is later unless prior to that date a valid acceptance has been received by TIC in writing, or Client shall have received written notification of withdrawal of this Quotation/Contract. Client shall be deemed to accept all the terms of this Quotation/Contract if it accepts part performance of the Materials delivered or Design Services contemplated in this Contract.

A. Contract Amount and Payment Schedule

1. The Estimated Contract Amount is the amount stated on Page 1 of the Quotation/Contract. The Final Contract Amount shall be the amount determined from TIC's final shop drawings, which have been reviewed and approved by the Client and the Owner or Owner's consultant (hereinafter referred to as "Approved Drawings"). The Estimated and Final Contract Amounts do not include applicable Federal, State and Local Sales, Use, Personal Property and Excise taxes (Taxes). Taxes will be additional to the Contract Amount and shall be added to invoices. In the event Client is exempt from any Taxes, a current tax exemption certificate must be promptly provided to TIC.
2. Invoicing- Invoices shall be prepared and submitted for payment on the basis of manufactured quantities or on the basis of quantities delivered to the project site and/or approved for storage.
3. Credit - On approval of the Seller, credit may be granted to the Client for thirty (30) days from the date of invoice or such other terms as may be approved. In the absence of such approval, terms shall be due upon invoice. The Seller reserves the right to revise or withdraw Credit terms at any time. The Client agrees to pay a monthly service charge on overdue accounts. The current rate is 1½% per month (18% per year compounded monthly) and the Seller may revise this rate at any time, provided that if the rate charged exceeds the rate permitted by the applicable law, then said charge shall be the maximum rate allowed by applicable law.
4. Retainage – Notwithstanding any other provision of any contracts, the Client shall not hold any sums due to TIC as retainage under this Quotation/Contract.

B. Schedule of Deliveries

The delivery schedule will be mutually agreed upon by TIC and the client in advance of execution of the final agreement. If no schedule is provided to TIC in advance of the final execution of the agreement it may be negotiated in good faith after the execution of this agreement. The Client will be allowed 2 hours of unloading time per truck. All charges for unloading beyond the allowed two hours per truck, and for storage and transfer of Materials after delivery, and any charges by the carrier in the nature of demurrage for delay in unloading beyond the allowed two hours shall be the responsibility of Client.

C. Conditions

Unless otherwise agreed to in writing by TIC, no terms and conditions other than those set forth in this Quotation/Contract shall be applicable, and TIC rejects any terms and conditions (including, without limitation, any terms and conditions relating to WARRANTIES, LIMITATION OF LIABILITY, AND INDEMNIFICATION) which are in addition to or different from the terms and conditions in this Quotation/Contract.

1. **SUPPLY**
   1.1 TIC agrees to supply and Client agrees to purchase and take delivery of the Materials at the Final Contract Amount in accordance with the Schedule of Deliveries, subject to the other terms and conditions of this Quotation/Contract. As used herein the term "Materials" includes the geogrid, geotextile fabric, facing material, connectors, accessories, and other items identified on the Quotation/Contract form, and any part or portion of those items.
   1.2 TIC shall provide Design Services for the Wall in substantial conformity with the Project Specifications. The Design Services shall include Shop Drawings for the Wall, a Design Report and Design Calculations. The Design Services deliveries shall remain the sole property of TIC and shall not be divulged to a third party in any manner or form by Client without the prior written consent of TIC, except for Client's limited permission to submit the information to persons who must review or approve the documents for or on behalf the Owner or end user.
2. **DELIVERY** Delivery of Materials will be provided for in the Schedule of Deliveries above. The Client shall provide services and facilities to unload and store the Materials at the Project site. All charges for unloading beyond the allowed two hours per truck, and for storage and transfer of Materials after delivery, and any charges by the carrier in the nature of demurrage for delay in unloading beyond the allowed two hours are the responsibility of Client. Client shall verify the quantities of Materials received with carrier's Bill of Lading upon receipt and any discrepancies must be reported immediately to TIC. Freight terms shall be F.O.B. point of origin, freight prepaid and allowed. Delivery shall be deemed to occur and title and risk of loss or damage of any kind to the Materials shall pass to the Client on receipt by the carrier for delivery to the Client (irrespective of whether such carrier is TIC's agent or servant) or fourteen (14) days from the date of notice from TIC that the Materials are ready for delivery, whichever is earlier. Materials will be delivered to Project site or as near to the Project site as trucks can be reasonably driven under their own power, or, at Client's option, to storage. In the event delivery is made to another location at Client's request, including a storage facility, Client shall assume full responsibility and risk of loss of Materials upon delivery to that location. If Client desires, TIC shall endeavor to provide storage of precast concrete facing panels at precaster's premises, if Client so requests, at no additional cost to Client but for not more than 180 days from the date of manufacture.
3. **DELAYS** TIC shall not be liable for delays in production or delivery of Materials due to causes that are beyond its reasonable control. Such excusable delays shall include, but are not limited to: strikes, fires, floods, acts of God, acts of Government, default of suppliers, or civil strife. In the event of such delay, the Delivery Schedule will be adjusted. Such delay will not relieve Client of its obligation to accept

QUOTATION/CONTRACT

and pay for the materials under the Quotation/Contract. TIC shall not be liable to Client or any other person for any liquidated damage, delay damage, or other time related charges, assessments, or penalties arising from any delay in delivery or Materials.

4. **CONSULTATION SERVICES** If included in the scope of work, TIC will provide a Representative to consult with Client's supervisory personnel at the Project Site at the beginning of construction and, as reasonably requested and reimbursed by Client, during construction of the Wall to assist the Client to implement correct wall erection procedures. Such consultation shall not at any time relieve Client of its sole responsibility to construct the Wall in accordance with the Project Specifications and Approved Drawings, including, without limitations, the responsibility to use suitable backfill soil and compaction requirements conforming to the Project Specifications and Approved Drawings. The TIC Representative does not have the authority to approve any deviations from the Project Plans and Specifications and Approved Drawings. Nothing herein shall require TIC to supervise, monitor, test, or perform any work on the Walls. As between TIC and the Client, the Client shall be solely responsible for construction means, methods, techniques, sequences, and procedures for the work, and for implementing and enforcing all safety programs and precautions in connection with the work, which are imposed by law or contract upon Client.

5. **PATENTS AND PROPRIETARY RIGHTS** TIC hereby grants to Client a non-exclusive and non-assignable sublicense of patent rights owned by The Tensar Corporation relating to patented products and techniques of mechanically stabilized earth structures, this sublicense being limited solely to the right to erect the Wall at the Project Site. The Design and all drawings, documents, and other information supplied by TIC to Client to enable Client to erect the Wall are proprietary to The Tensar Corporation and may not be disclosed to any person other than persons actually requiring such information for the purpose of the erection of the Structure and may not be used for any other purpose or for any other site or location. No copies shall be made of any such proprietary information without TIC's prior express written consent.

6. **TERMINATION** If the Client shall be in breach or default of this Quotation/Contract or any of its obligations to TIC or if any distress or execution shall be levied upon the Client, its property or assets, or if the Client becomes bankrupt or insolvent, or if any resolution or petition to wind up the Client's business shall be passed, or if a receiver of the Client's undertakings, property or assets or any part thereof shall be appointed, the TIC shall have the right forthwith to terminate the Quotation/Contract and TIC shall be entitled to recover from the Client all losses and expenses hereby arising.

7. **WARRANTIES, LIMITATION OF LIABILITY, AND INDEMNIFICATION**

7.1 TIC warrants to Client only that at the time of their delivery, the Materials are new and conform to the Project Specifications, are reasonably fit for the purpose (of construction of the Wall on the Project Site and, in accordance with TIC's Approved Drawings), and are of merchantable quality. Promptly after delivery, Client shall inspect the Materials and shall notify TIC immediately if any defects or shortages in the Materials appear to exist upon delivery. Client is responsible for any damage to the Materials arising from unloading, storage, transfer, or erection.

7.2 TIC warrants only the internal stability of the Wall, and only if it is constructed in strict accordance with the Project Specifications and TIC's Approved Drawings. TIC is not responsible for the overall stability of the foundation soils below or behind the Wall, for any slip surface external to the Wall, or for global stability.

7.3 The exclusive remedy for any defects in Materials upon delivery shall be replacement or repair, at TIC's option, of any such defective Material.

7.4 Except as stated in paragraphs 7.1, 7.2, and 7.3 above, **TIC excludes any and all other warranties, express or implied, for either the materials or the design services.**

7.5 **Notwithstanding any other provision of this agreement, TIC's total aggregate liability in connection with this quotation/contract and materials furnished and design services performed hereunder shall be strictly limited to an amount equal to the greater of $50,000 or the actual contract price paid to TIC under this quotation/contract, whether such liability is asserted for breach of representation or warranty, under any indemnity, in any other respect under or for breach of contract, or as a liability arising in negligence (whether ordinary or professional negligence) or other tort or by statute. Client hereby waives and discharges all present and future claims against TIC and its shareholders, directors, officers, agents, employees, and subcontractors, for any claim other than those described in the preceding sentence or any liability amount in excess of the aggregate limitation stated in the preceding sentence.** The client has the option to increase the foregoing limitation to an amount not exceeding $1,000,000 upon payment to TIC of additional compensation to be determined if client so elects to increase the foregoing limitation of liability and upon the execution of a written amendment to this quotation/contract.

7.6 To the fullest extent permitted by law, the Client shall defend, indemnify, and hold harmless TIC and its agents and employees from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work, provided that such claim, damage, loss, or expense if attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property, including loss of use resulting therefrom, but only to the extent caused in whole or in part by negligent acts or omissions of the Client, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss, of expense is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity which would otherwise exist as to a party or person described in this paragraph. This indemnity obligation shall apply even if Client has immunity from the bodily injury or death due to the operation of workers' compensation or similar laws.

7.7 Client waives any and all claims for incidental, consequential damages and liquidated damages against TIC or its agents and employees.

QUOTATION/CONTRACT

8. **LIENS**
TIC shall be responsible for discharging, removing, or transferring to a bond any mechanic's or materialman's liens placed against the Project by TIC's subcontractors or suppliers. The filing of such a lien shall not operate to delay progress payments of the Final Contract Amount as provided herein. TIC reserves its right to assert a mechanic's or materialman's lien or a payment bond claim, as appropriate, to secure payment of amounts due to it under this Quotation/Contract.

9. **ATTORNEY'S FEES**
Should it become necessary for TIC to employ an attorney to enforce any of the provisions of this Quotation/Contract or to recover any sum of money due hereunder, TIC shall be entitled to recover from Client any and all such reasonable attorney's fees and expenses as shall be incurred in connection therewith. This provision specifically includes, but is not limited to, fees and expenses associated with legal actions filed in any state or federal court including any and all appeals arising out of such actions.

10. **CLIENT NOT THE PRIME CONTRACTOR**
In the event that Client is not prime contractor of the project, TIC reserves the right to withdraw this Quotation/Contract or to amend any terms or conditions hereof, including the Estimated Contract Amount, and to add further terms and conditions, including the right to require Client to obtain bonding or other security, in a form and amount satisfactory to TIC, to secure Client's payment obligations under this Quotation/Contract. Furthermore, TIC may also require Client to join with TIC in requesting the prime contractor to issue certain payments which are or which may become due to Client under Client's contract with the prime contractor to TIC and Client as joint payees.

D. Schedule of Materials

1. **Materials Supplied** - Quantities of Materials should be sufficient to construct the Wall if the square footage shown or indicated in the Bid Documents or other requests for proposals is accurate. The estimate for Materials includes a reasonable amount of waste. TIC may at its election and at its sole expense recover any surplus Materials, without compensation to Client.
2. **Quantity Variations** - If there are increases or decreases in the square footage of the Wall shown in the Bid Documents, an equitable adjustment will be made to the Estimated or Final Contract Amount by written agreement between TIC and Client.
3. **Client Supplied Materials and Services** - All materials, other than the materials identified in the Quotation/Contract, such as suitable backfill, concrete or stone leveling pad, cast-in-place concrete, drainage materials (if any), bracing, wedges, or clamps and all labor, services, equipment, tools, and machinery necessary or incidental to the execution of the work shall be supplied by Client at its own cost and expense.
4. **Replacement Materials** - Any replacement materials required because of damage, loss, shortage. or any other reason, which is not due to the fault of TIC, will be supplied and paid for according to the unit price schedule defined in the Quotation/Contract. These prices do not include transportation to the Job Site which will be invoiced to Client separately. These prices are for replacement Materials only and shall not apply to or be the basis for the equitable adjustment referred to in E.2. above for Quantity Variations.
5. **Material Returns** - TIC will only accept return of unused materials that are undamaged and retain original labeling and packaging, so that they can be resold as new. Any returns will be at a reduced price that includes a restocking fee (not to exceed 50% of the material value) and must be agreed to by TIC in writing in advance of the return. The Client will be responsible for scheduling the return of Materials and the costs associated with the return. Once the returned materials are received by TIC and deemed to be in acceptable, returnable condition, TIC will issue a credit for the agreed amount of the return.

E. Miscellaneous

1. **Governing Law** - This Quotation/Contract and the interpretation thereof shall be construed and governed by the law of the State of Georgia.
2. **Severability** - If any distinct portion of part of this Quotation/Contract shall be declared to be null, void, or unenforceable, it is the intention of the parties that such determination shall not void the entire agreement, but rather all other portions of the agreement, which are not null, void, or unenforceable, shall survive and continue to govern the rights and obligations of the parties.
3. **Entire Agreement and Modifications** - This Quotation/Contract (along with Design Assumptions and Disclaimers and Terms and Conditions) constitute the entire agreement between the parties on the subject matter hereof. All prior negotiations, proposals, promises, representations, and discussions, whether oral or in writing, are merged into the Quotation/Contract. No change or modification to this Quotation/Contract shall be enforceable unless it is in writing and signed by the authorized agent of both parties.
4. **Waiver** - Any forbearance by any party to insist on strict compliance with any term or provision of this Quotation/Contract shall not be deemed to be a waiver or estop a party from insisting on strict compliance in the future.
5. **Headings** - The headings in this Quotation/Contract are provided for convenience only, and should not be used to interpret this Quotation/Contract in a different manner than if the headings were omitted.
6. **Compliance** - Nothing herein shall be interpreted in such a way as to void this Quotation/Contract or any part thereof. It is the intent of the parties to construe this Quotation/Contract so as to comply with applicable law and public policy. Without limiting the generality of the foregoing, if any provision in this Quotation/Contract might be interpreted as indemnifying a party from the consequences of its sole negligence, the Quotation/Contract shall be construed to avoid that result and to provide indemnity to the fullest extent allowed by applicable law.
7. **Binding Effect** - The Quotation/Contract shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, and no other person shall have any right, benefit, or obligation under this Quotation/Contract as a third party beneficiary or otherwise.

INNOVATIVE CONSTRUCTION PRODUCTS

PROPOSAL – AGREEMENT

Bid Date: **September 3, 2015**
Project: **Adams Ave Overcrossing, Contract 11-2T1904**
Location: **San Diego, CA**

This proposal is made **To All Bidding Contractors** (herein called Purchaser) by SSL, LLC (herein called Seller.) Upon acceptance, the Purchaser and Seller agree as follows:

1) Seller has reviewed only the portions of the plans and specifications herein stipulated in paragraph 2) below, and/or other non-planned or non-specified information provided to us for proposal purposes, copies of which are attached hereto, and proposes to supply the proposed products, which shall be manufactured to comply with the dimensions and technical portions of said information.

Materials and Services to be furnished:
The SSL Product as described herein subject to the terms and conditions contained herein.

a) Furnish wall shop drawings as required for the Geosynthetic Reinforced Embankment system based upon owner plans and specifications.

b) Furnish Maccaferri Geotextile McGrid EG19.29 soil reinforcement, welded wire mesh facing panels and struts, connector pins, filter fabric and hog rings per shop drawings based upon contract design criteria.

c) Furnish 1 trip with 3 days of technical field assistance to Purchaser. Additional days are $1000 per day, plus travel, meals and lodging expenses. Service is provided as an accommodation with no oversight or responsibility for construction.

Exclusions:

Seller specifically excludes backfill, bond, underdrain design, shotcrete facing design and supply, global stability, drainage design, painting or staining, weep holes, concrete testing, hoisting, any and all cast-in-place concrete at top of wall including reinforcing steel, CIP leveling pad, all installation accessories, onsite labor, testing and inspection, any federal, state or local taxes, sales, use or personal property, and excise taxes, liquidated damages or any other items not specifically included herein.

PRICE FOR MATERIAL AND SERVICES -

Prices quoted are good for only 30 days from date of this proposal. Material shipments beyond this date may be subject to escalation. All lead times and delivery dates for materials are specified in paragraph 3) below. Quantities shown below are approximate and are based upon square footage shown on the contract plans. This is a unit price proposal. Purchaser is ultimately responsible for estimated quantities prior to shipping material. Rolled goods are sold and shipped in full rolls only. Returned materials are subject to a minimum 25% restocking fee. Pricing included in this proposal is based upon the terms and conditions noted herein. Any changes to these terms and conditions may result in an increase in price. Unless stated otherwise, price for materials is FOB jobsite.

ITEM NO	Description	ESTIMATED QTY	UNIT PRICE	EXTENSION
47	Geosynthetic Reinforced Embankment Geotextile Roll Size is 12.8' x 246' Total of 13 Rolls	260 SY	$188.89 SY	$49,111

Estimated quantity is of wall face. Purchaser ultimately responsible for final quantity.

2) Seller is not a subcontractor and as such has no control nor responsibility over the means and methods of construction. It is a manufacturer and supplier of products and shall be bound only to the specifications pertaining to the item it is quoting. Purchaser has familiarized itself with Purchasers needs for the intended product. Purchaser has independently determined that the Product is fit for Purchasers use. It shall not be bound by, or to, any other portions of said plans and/or specifications, nor shall it be charged with any damages or backcharges for which it has not agreed in writing.

3) Upon acknowledgment of this PROPOSAL - AGREEMENT or receipt of an acceptable order, or agreement, and subject to receipt of adequate information, Seller shall submit shop drawings for approval in 30 days. If Seller requires additional information to complete shop drawings, additional time will be required to submit shop drawings for approval subject to Sellers schedule. The time required obtaining the approval of the shop drawings shall be the responsibility of Purchaser. Once approved, the shop drawings shall become the official order/agreement documents which shall supersede all other documents and from which Seller shall manufacture the proposed products.

4) Scheduled dates for loading products for delivery shall be as agreed to by Seller in writing and shall be subject to the preceding item 3). Any changes requested by the Purchaser shall extend the dates for producing shop drawings and manufactured products.

5) Purchaser shall pay to Seller for the products as follows:

a) Purchaser agrees to pay Seller for materials and/or services, the amount herein listed. Payment terms are Net 10th Prox. Interest on past due accounts shall be charged at the rate of one and one half percent (1½%) per month or maximum amount allowed by law until the delinquent amount in full is received by Seller. This proposal specifically allows the Seller to invoice for and receive payment for the value of materials, supplies, services, and work performed each month, including materials manufactured on hand and awaiting shipment. Seller may require full payment by Purchaser, before Seller ships the Product ("Advanced Payment"). Full and final payment will be required prior to final shipment of materials. Materials are **not** subject to retention. Ten percent (10%) of the total price shall be paid upon submittal of shop drawings.

b) Payment for changes, which cannot be readily incorporated into the foregoing process, shall be paid net 30 days from invoice date.

c) Any material, which needs to be replaced as a result of damage or theft at jobsite or any other reason outside the control of Seller, will be invoiced at the following unit prices FOB manufacturer. These unit prices apply in the event of change orders (increase or decrease) or cancellation.

Item Description	Unit Price
Maccaferri Geosynthetic Reinforcement	$3.50 / SY
Welded Wire Facing Sheets	$75.00 / ea
Connector Pins	$7.50 / ea
Struts	$3.50 / ea
Filter Fabric	$0.75 / SF

NOTE: Above prices, do not include any taxes.

d) Title to all materials shall remain with Seller until Seller has received payment in full.

e) Should the Purchaser fail to make any one, or all, payment(s) as stipulated herein, said failure shall become a material breach of the order/agreement and Seller may immediately suspend, or terminate, manufacturing and/or shipment(s) of products. Purchaser shall then make immediate payment for all products manufactured to date, plus the costs of; equipment and materials which were to have been used in the manufacturing process, demobilization of the manufacturing process, demolition and removal of any stored products, plant costs and any other costs incurred by Seller as a result of the order/agreement, plus 25% for corporate overhead and profit. Seller retains all rights and remedies under the law in pursuing its interests hereunder.

6) Seller shall not be required to make changes in the products without having first been authorized and directed by the Purchaser and accepted by Seller in writing. Said written changes shall include the price, payment terms, and time extensions for shop drawings, approvals, manufacturing and delivery if applicable.

7) Prior to unloading of FOB jobsite orders/agreements, Purchaser (or Purchasers agent) shall examine each product for quantities and compliance with said order/agreement and for damages. Any noncomplying or damaged products, which cannot be incorporated into the project, shall not be unloaded by the Purchaser but shall be returned to the plant and shall be so noted upon the "Bill of Lading" in detail. Any noncomplying or damaged products, which can be repaired or corrected by Seller, after the installation of same, shall be installed by the Purchaser without delay. The Purchaser shall note in detail any quantity variations and any such noncompliance or damages upon the "Bill of Lading" which shall be acknowledged by the Purchaser (or Purchasers agent) and the transport driver. Purchaser shall immediately notify Seller of such actions and shall provide access and opportunity for Seller to make corrections at the project site. Seller shall not be liable for damages and/or backcharges for corrective work by Purchaser, or others, without acknowledgment and acceptance by Seller. If Purchaser fails to immediately notify Seller, all claims against Seller are forfeited.

8) Seller shall not be required to provide any type of permits, fees, and/or independent testing procedures or results. Any inspection and/or testing shall be at the expense of the Purchaser.

9) Delivery of products shall be as follows:

a) Materials shall be delivered in full truckloads. Purchaser's erection schedule shall allow for reasonable delivery times and shall provide reasonable access for delivery equipment. Seller shall not be liable for delays beyond its control.

b) Purchaser shall provide Seller, in writing a minimum of 10 working days in advance, a complete sequenced listing of all products to be delivered on any workday. Purchaser shall have one hour to unload each truck from the time the truck arrives at the jobsite. Purchaser shall pay Seller at the rate of $100.00 per hour for each hour, or prorated portion thereof, any given truck that is at the jobsite longer than one hour. Dunnage provided by Seller must be returned with each truck. The Purchaser shall pay for dunnage not so returned.

c) In every case, the Purchaser, or Purchasers agent, shall acknowledge the "Bill of Lading" with all times and notations clearly identified.

d) If Purchaser pays for a shipper, Purchaser is solely responsible to pursue claims from the shipper for any freight damage.

10) Purchaser agrees to provide suitable access, roadways or approaches to points of delivery. If suitable access, roadways, or approaches are not provided, Seller reserves the right to suspend deliveries until conditions are remedied. Purchaser will hold the Seller harmless against all liability or claim thereof for damage to the premises resulting from such delivery not caused by the willful or sole negligence of Seller's employees or agents.

11) This proposal does not include sales, use, excise or other similar taxes. The Purchaser shall pay all taxes.

12) Seller warrants the internal stability of the structure only in accordance with the design. Global stability is the responsibility of others.

13) Seller warrants that at the time of delivery, the materials delivered shall conform to this agreement and are fit for the purpose intended and are of merchantable quality. If Purchaser accepts material for delivery and does not note any damage or defective material, Seller's liability shall terminate with respect to this material accepted for installation. Seller's liability for any and all losses and damages arising out of the performance of this contract shall be limited to the replacement of defective or non-conforming material, contingent upon timely notice, and prior to installation of material. Seller will not accept any damages direct or consequential sustained by Purchaser or others arising out of the performance of this contract. Seller's liability will be limited to the cost of replacing the defective or Seller damaged material.

14) After acceptance of this order/agreement, Purchaser may not terminate the order/agreement or return a shipped Product, except if approved by Seller in writing. For any Product returned to Seller without such approval, Seller may ship the Product back to Purchaser at Purchasers expense. Seller may charge Purchaser a restocking fee of at least 25 percent of the invoice price of any returned product.

15) Seller will not be liable for delays in delivery due to causes that are beyond its reasonable control, including but not limited to submittal delays and approval of design drawings. Such delays shall include but are not limited to strikes, fires, floods, acts of government, failure of supplier's truckers, or civil strife. In the event of such delays, the delivery schedule shall be adjusted. Such delays shall not relieve Purchaser of its obligation to accept and pay for materials under this proposal.

16) Seller's liability for any breach of the terms of this agreement shall not exceed the agreement amount. In no event shall Seller be liable for incidental or consequential loss or damage. Purchaser shall be responsible for the acts of its agents and employees and will indemnify, defend, and hold Seller harmless for any and all claims damages or expenses of whatever nature arising out of or relating to any act of Purchaser's employees or agents subject to the provisions of this agreement.

17) Assistance if provided by Seller is to advise the Purchaser on the proper methods for installing but Seller has no control or responsibility of the means and methods of construction. The Purchaser shall have the responsibility to install in accordance with the owners specifications.

18) The design and all drawings, documents, and other information supplied by Seller are proprietary to Seller and may not be disclosed to any person other than persons actually requiring such information for the purpose of the erection of the structure and may not be used for any other purpose. No copies shall be made of any such proprietary information without Seller's prior written consent.

19) Any dispute(s) arising out of this proposal, order and/or agreement, shall be settled by arbitration. Each party shall select one arbitrator. The two selected arbitrators shall select the rules, venue and then a third arbitrator.

20) In the event of allegations, claims or litigation between the parties, the prevailing party shall be entitled to all costs and attorney's fees. The prevailing party shall be defined as that person or entity that receives one dollar ($1.00) more than the other party.

21) This proposal is contingent upon, and orders/agreements are subject to, credit approval.

22) The conditions contained herein are an integral part of this proposal, shall be superior to, and included, without modification, into any other form of order or agreement issued to, or entered into with, Seller for the manufacturing and supplying of the proposed products.

23) Seller will not accept a subcontract. Seller is a California Limited Liability Company.

Respectfully submitted by: Andrew Thompson **Date:** September 3, 2015

The above Proposal – Agreement shall constitute a binding Agreement when executed in writing below by each party, or when Purchaser gives **SSL** written or oral notice to proceed, whichever occurs first.

OPTION B: FIELD ONLY (LIKELY OPTION USED)	$	1,930

Our services will be provided on a time-and-expense basis in accordance with the rates quoted.

Overtime, if incurred, will be billed at 1.25 the standard rate for time in excess of 8 hours during one day and/or Saturday work. Work in excess of 12 hours and that which is performed on Sundays and holidays will be billed at 1.5 the standard rate. The rates will remain in effect throughout the duration of this project with the exception of which the hourly rate will increase August 2016 by $2.35 and each August thereafter to reflect cost increase in our Union Contract. We have attempted to be realistic in our estimates. Please note that we provide our services in conjunction with the construction schedule. Any change in the daily Tonnage production, number of shifts, or hours per shift will impact our budget. We will coordinate our services with your precautions to efficiently service the project. Thank you for this opportunity.

Kind Regards,

SECTION D: PROJECT TOTAL COST ESTIMATE		
OPTION - A *PLANT AND FIELD*	$	22,170
		~OR~
OPTION - B *FIELD ONLY* (LIKELY OPTION USED)	$	13,430

Our services will be provided on a time-and-expense basis in accordance with the rates quoted.

Overtime, if incurred, will be billed at 1.35X the standard rate for time in excess of 8 hours during one day and for Saturday work. Work in excess of 12 hours and that which is performed on Sundays and holidays will be billed at 1.8X the standard rate. The rates will remain in effect throughout the duration of this project with the exception of which the hourly rate will increase August 2016 by $2.35 and each August thereafter to reflect cost increase in our Union Contract. We have attempted to be realistic in our estimates. Please note that we provide our services in conjunction with the construction schedule. Any change in the daily Tonnage production, number of shifts, or hours per shift will impact our budget. We will coordinate our services with your project team to efficiently service the project. Thank you for this opportunity.

SECTION B: Jointed Plain Concrete Pavement (JPCP)

This section includes all costs associated with JPCP quality control requirements as indicated in the Caltrans Special Provisions All requirements specific to this contract number are also included. The per shift estimates are based on 8 hour inspector shifts at a rate of $90 per regular time hour. OT is calculated at 1.35X and 1.8X for Double Time. Project Engineer/Management time will be billed as needed at $140 per hour. One hour per shift is included in the per shift cost. **Acceptance for modulus of rupture is performed by the engineer. We have provided an option for testing beams for the contractor's information on an as wanted basis.**

Field Quality Control Testing Services

Proposed Service	Notes and Assumptions	Assumed Quantity Amount	Units	Unit Rate	Cost
Weekday Inspection Shift (Aggregate testing and field testing)	8 hour inspector shifts.	1	Shift	$ 1,440	$ 1,440
Saturday Inspection Shift (Aggregate testing and field testing)	8 hour inspector shifts.	0	Shift	$ 1,695	$ -
Sunday Inspection Shift (Aggregate testing and field testing)	8 hour inspector shifts.	0	Shift	$ 2,015	$ -
Subtotal:					**$ 1,440**

Engineering Quality Control Services and Special Testing

Development of Quality Control Charts	Linear control charts for plastic properties and gradations of aggregates	1	Shift	$ 140	$ 140
Coefficient of Thermal Expansion Testing	One per 5000 cubic yards of production	1	Test	$ 300	$ 300
Crack Mitigation Program	Implementation and reporting using Hyperpav III software	1	Shift	$ 140	$ 140
Optional Flexural Strength Test Specimens (ACCEPTANCE TESTING IS THE RESPONSIBILITY OF THE ENGINEER)	**Optional - flexural strength specimen fabricated and tested for contractor QC information, 4 beams per shift (includes pick-up)**	0	Each Beam	$ 70	$ -
Subtotal:					**$ 580**

Concrete Paving Quality Control Total: **$ 5,280.00**

CORING SERVICES ARE QUOTED BELOW IF NEEDED; THE COST OF $880 IS NOT INCLUDED IN THE ABOVE TOTAL FOR CONCRETE PAVING QUALITY CONTROL

Jointed Plain Concrete Pavement Coring Services

Weekday Coring Shift (Thickness, Dowel Bar Location, and Tie Bar Location)	Anticipated daily duration of **8 hour shifts.** 10-cores cut and backfilled per 8 hour shift. 4 hour minimum portal-to-portal. Coring will be billed on a T&M basis at $110.00 per hour.	8	Hours	$ 110	$ 880

Thank you for this opportunity. Our services will be provided on a time-and-expense basis in accordance with the rates quoted.

Dear Estimator,

Attached is our bid to provide you with Materials Testing, Inspection, and related Quality Control Services for the subject project.

We are currently providing similar services to Caltrans projects all over California. Our facilities and testing staff are accredited by Caltrans. We have the capabilities and equipment to provide all services for this project in-house.

We are a Caltrans and State Certified SBE / DBE (#35308) and are Signatory to Operating Engineers.

We have delineated the entire QC Testing and Inspection Scope into individual services. Services should be evaluated and selected based on your in-house capabilities and the capabilities of materials suppliers.

Should you have any questions, or need a more accurate bid based on your estimated construction schedule or anticipated placement quantities, I hope you will not hesitate to contact me.

Cost Estimate

QC Services for Concrete Paving

Contract No.: 11-2T1904
Bid Date: September 3, 2015
Bid Item No.: 87: Jointed Plain Concrete Pavement - 310 cy

Description	Quantity	Unit	Rate	Amount
Pre-Production Quality Control Support				
Development of a JPCP Quality Control Plan	1	Each	$ 800	$ 800
Pre-Production QC support (meetings, submittals, etc.)	6	Hour	$ 120	$ 720
Jointed Plain Concrete Pavement				
JPCP Production Testing (1 Tester)	1	Shift	$ 865	$ 865
Concrete Aggregate Sampling and Laboratory Testing - 2 per shift	2	Test	$ 225	$ 450
Lab Testing - Coeffecient of Thermal Expansion - 1 per 5,000 cy	1	Test	$ 600	$ 600
TOTAL				**$ 3,435**

JPCP Support Services				
Additional Tester for mixes containing 1.5" Aggregate (wet sieving)	-	Shift	$ 875	-
Beam Laboratory Testing (1 set of 6 beams per shift) w/pickup	-	Set	$ 440	-
Additional Beam Testing (per beam)	-	Each	$ 60	-
Field Qualification of Concrete Mix	-	Each	$ 2,420	-
Development of Mix Formula (CTM 559)	-	Each	$ 6,950	-
Test Strip Evaluation (Thickness / Straightedge Only)	-	Each	$ 1,550	-
Dowel/Tie Bar Placement Verification (Coring)	-	Shift	$ 1,300	-
Early Age Crack Mitigation System Analysis and Reporting	-	Shift	$ 90	-

Remarks:

1. Shift rate is based on 8 hour straight time shifts.
2. Overtime will be charged at $135/hour and Double time at $170/hour.
3. Shift rates are for 1 person testing a maximum of 1 lot of material. Placement of over 1 lot of material (1,000 cy) will require two testers and will be charged as (2) shifts.
4. Test Strip does not apply for plants/equipment/personnel that have completed a project within the past 12 months.
5. Union Tester rates quoted are valid through June 30, 2016, after which an annual escalation rate of $2.25/hour for each Tester will be added onto the shift rate.

Description	Quantity	Unit	Rate	Amount
QC Plan and Support				
Development of a Quality Control Plan	1	L.S.	$ 950	$ 950
Pre-Production QC support (meetings, submittals, etc.)	4	Hour	$ 120	$ 480
HMA-A Field Services				
Placement Inspection - 1 Laydown Inspector & 1 Coring Technician (> 1,000 tons placement)	1	Shifts	$ 1,755	$ 1,755
Placement Inspection - 1 Laydown Inspector/Coring Technician (< 1,000 tons placement)	2	Shifts	$ 865	$ 1,730
Lab Testing - Rice Density and QC Density Cores (1 per Shift)	3	Test	$ 210	$ 630
Additional Laboratory Testing Services				
Hamburg Wheel Track Testing - 1 per 10,000 Tons	1	Test	$ 950	$ 950
Tensile Strength Ratio Testing - 1 per 10,000 Tons	1	Test	$ 750	$ 750
Determination of Volumetric- Air Voids, VMA, VFA, DP - 1 per 4,000 tons	1	Test	$ 375	$ 375
Total - HMA-A Field (Bid Item 82 & 83)				**$ 7,620**

Plant / Supplier Related Quality Control Services - RHMA-G				
Lab Testing - Aggregate Quality Testing - 1 per 10,000 Tons	1	Each	$ 1,175	$ 1,175
Plant Inspector - Lab Testing To Be Performed at Plant Laboratory	2	Shift	$ 865	$ 1,730
Total - HMA-A Plant (Bid Item 82 & 83)				**$ 2,905**

Supplemental Quality Control Services

Development of Mix Design				
Development of Job Mix Formula - Per Aggregate Size	1	Each	$ 7,200	$ 7,200
Verification of Job Mix Formula (Hot Drop) - Per Aggregate Size	1	Each	$ 3,600	$ 3,600

Remarks:

1 Estimate is based on 8 hour Straight-Time shifts.
2 Over time will be charged at $132/hour. Double time will be charged at $176/hour.
3 Estimate is based on a maximum placement of 1,500 tons/shift for HMA-A
4 Union Tester rates quoted are valid through June 30, 2016, after which an annual escalation rate of $2.25/hour for each Tester will be added onto the shift rate.

RE: PROPOSED BUDGET FOR SOIL / MATERIALS TESTING AND INSPECTION
11-2T1904 Cal Trans Camino Del Rio South Undercrossing

MTGL Testing Laboratories is a qualified DBE / SBE / UDBE firm and is pleased to have been selected as one of the team. Enclosed within this proposed budget is the time and estimated materials testing for a period of one year. MTGL has assigned Derek Tipps as our Lead Soil and Concrete Inspector who will be the center of coordination for our services. His duties will encompass the project record keeping with daily logs, and coordination of our testing to meet the required time frames for the project's needs.

Derek lives within five miles of the North end of the project and will be dedicated to the project at all times including the off hours required to meet schedule. Additional staff has been estimated for Concrete placements, Welding Inspection as well.

MTGL's goal will be to support the contractor with continuity of personnel, quick turn around on reporting and laboratory testing and above all the value we will offer as a team mate.

Services will be scheduled and invoiced based on the verified hours of the superintendent. Staff will be centered dispatched from our Miramar office.

We look forward to working with you on this project.
Sincerely,
MTGL, Inc.

SCHEDULE OF FEES

EFFECTIVE JULY 1, 2015

MTGL, Inc. is a woman-owned, minority-business-enterprise. Our facilities have been structured and professionally staffed to provide our clients with comprehensive services in the field of Construction Inspection and Testing, Geotechnical Engineering, Engineering Geology, and Environmental Services.

GEOTECHNICAL ENGINEERING	Planning and feasibility studies, preliminary and final design, grading and foundation plan reviews, observation, testing, verification and engineering consultation during construction.
CONSTRUCTION INSPECTION	Field inspection by registered deputy inspectors.
ROOFING INSPECTION	Field inspection by qualified technicians.
ENGINEERING INVESTIGATIONS	Evaluation of existing and damaged structures.
PAVEMENT MANAGEMENT	Design, failure investigations, remedial measures.
CONSTRUCTION ENGINEERING	Materials, specifications, quality assurance, expert testimony.
PHYSICAL TESTING	Construction materials, structural systems.
NON-DESTRUCTIVE EXAMINATION	Ultrasonic, magnetic particle, dye penetrant.
RESEARCH	Product and process development, reliability testing.
ENVIRONMENTAL / INDUSTRIAL HYGIENE	Asbestos & lead-paint based consultation, project design, monitoring & management, remediation planning environmental site assessments, thermographic imaging, indoor air quality testing, mold screening & consultation, water intrusion & investigation.

MISCELLANEOUS

Sample Pick Up	$	No Charge M-F

BASIS OF CHARGES

1. A four, and eight hour minimum will be invoiced for field services with ½ hour for the daily report

2. An overtime rate of $108.00 for personnel services in excess of eight hours per day, up to and including twelve hours per day, and Saturday. An double time rate of $ 128.00 will be charged for over twelve hours in any one day, Sunday and Holidays. Holidays are New Years Day, Memorial Day, July 4th, Labor Day, Veteran's Day, Thanksgiving Day and the Friday after Thanksgiving Day, and Christmas Day. High priority laboratory testing at the Client's request which requires unscheduled overtime is subject to a 50% increase from the standard rates.

3. MTGL's rates will be effective including Swing (2nd) and graveyard (3rd) shifts.

4. Engineering review time of field reports is 2 hours per week. The charge for weekly report distribution is 1 hour per week.

5. A yearly escalation of $ 3.00 per hour will be effective in 2016 to comply with mandatory increases in prevailing wage.

RE: Disadvantaged Business Enterprise Certification

Dear Ms. Sierra:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description	Size Standard
541380	Testing Laboratories	$14 million
541620	Environmental Consulting Services	$14 million

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you) with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until or unless it is removed by our agency.

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Sincerely,

Shirley Wong

Re: Small Business Enterprise Certification

Dear Ms. Sierra:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under the Metro SBE Program. Your firm will be listed in the Metro SBE database of certified SBEs under the following specific areas of expertise:

NAICS (2007)	Description	Size Standard
541380	Testing Laboratories	$14 million
541620	Environmental Consulting Services	$14 million

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Requests for additional or revised NAICS 2007 codes must be made in writing to Metro. After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Should any changes occur that could affect your certification status, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. SBE certification is subject to review at any time.

Metro reserves the right to withdraw this certification if at any time it is determined that certification was knowingly obtained by false, misleading, or incorrect information. Metro also reserves the right to request additional information and/or conduct on-site visits at any time during the certification period. The firm thereby consents to the examination of its books, records, and documents by the Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Sincerely,

Attention: Steve Harder

Subject: Estimate Proposal for Welding Quality Control Testing
Caltrans Contract 11-2T1904
Route 15, San Diego County, CA

Gentlemen,

RMA Group is the premier California material testing consulting firm with over 50 years of experience. Our understanding of the specific approach required to maximize the quality of the materials and workmanship permeates throughout our operations from the field staff to the Quality Control Manager.

We are pleased to present herein a proposal for performing Welding Quality Control Testing for the subject project in accordance with the requirements of the special provisions.

Scope of Work

We would provide an inspector that has been certified by AWS as a special inspector for welding. His work would consist of inspection of all welds made during the fabrication and field erection for compliance of the approved plans and job specifications. He shall make a systematic record of all welds, including a list of defective welds and a manner of correction of defects. The inspector would check the material, equipment, details of construction and procedures, as well as the welds. He would also check the ability of the welder.

Daily reports of his inspections will be provided to the owners designated representative and weekly summary reports will be provided to the owner. A verified report that welding which has been inspected is proper and has been done in accordance to the approved plans and specifications will be provided upon completion of the work.

- Welding inspection as required per the attached schedule of fees ($750.00 per shift)
- NDT as required per the attached schedule of fees ($800.00 per shift)
- Laboratory testing of reinforcing steel per the attached schedule of fees
- Welding Quality Control Plan at $500.00
- Quality Control Manager as needed (Including review of QC documents prepared by others and issuance of Certificates of Compliance) ($110.00 per hour)

RMA Group
Every *Project* **Matters** | *www.rmacompanies.com*

Our costs are based strictly on the construction schedule assumptions presented herein. Any additional testing requested, changes in the construction schedule, or changes to the presented assumptions will affect our costs, which will require that the above estimated costs be revised accordingly. Overtime costs for Saturday and Sunday shifts will be multiplied by 1.4 and 1.7, respectively.

RMA Group does not guarantee the performance of the contractor(s) by performing these services. RMA Group's performance of these services shall not relieve the contractor(s) of his obligation to perform the work in conformity with the drawings and specifications and in a workmanlike manner; shall not make RMA Group an insurer of the contractor's performance; and shall not impose on RMA Group any obligation to see that the work is performed in a safe manner.

Schedule of Fees

General Charges

RMA Group requires twenty-four (24) hour prior notification for scheduling inspectors and/or technicians.

Inspection charges start at the scheduled show up time at the job site. All inspection hours will be billed in the following increments:

- There will be a minimum two (2) hour charge for any RMA Group employee presence on site.
- Any time less than four (4) hours of work will be billed as four (4) hours.
- Four (4) to eight (8) hours will be billed as eight (8) hours.

When personnel are required to work in excess of 5 hours without an uninterrupted meal period of 30 minutes, due to project constraints, ½ hour will be charged at double time rates in addition to any applicable hours worked.

Rates are valid through June 30, 2016. Rates for personnel will increase by 3% per year on July 1st of each subsequent year.

Administrative/clerical support will be charged at 5% of the monthly direct charges.

Certified Payroll Reports will be prepared upon request. There will be a $75.00 charge for each certified payroll report.

Outside services will be billed at cost plus 15% unless billed directly to and paid for by Client.

Requests made by client for management attendance at meetings at the project site will be charged at standard rate.

Overtime Charges

Work performed in excess of 8 hours per day and/or up to eight (8) hours on Saturdays will be billed at 1.5 times the unit rate.

Work performed on Sunday, recognized holidays, or in excess of eight (8) hours on Saturdays will be billed at 2.0 times the unit rate.

A 20% surcharge will be applied for laboratory tests performed on a Saturday or Sunday.

Per Diem and Travel Charges

An $90.00 charge per day will be applied when our personnel are required to stay overnight at remote locations.

Time will be billed at the unit rate while traveling to a remote location or if a location requires an overnight stay

Mileage for travel outside a 50 mile radius from either the project site or the nearest RMA facility whichever is closest, will be charged at a rate of $0.65 per mile.

Night Work

A $10.00 per hour surcharge will be added to all personnel rates for work performed during night shifts.

Subject: Estimate Proposal for Hot Mix Asphalt Quality Control Testing
Caltrans Contract 11-288814
Route 15, San Diego County

Gentlemen,

RMA Group is the premier California pavement consulting firm with over 15 years of experience with Caltrans QC/QA projects. Our understanding of the specific approach required to maximize the quality of the materials and workmanship permeates throughout our operations from the field staff to the Quality Control Manager.

We are pleased to present herein a cost estimate for performing Quality Control Testing of the Hot Mix Asphalt (HMA) production for the subject project in accordance with the requirements of the special provisions dated March 30, 2015.

The estimated costs presented on the following page are based on:

- 4 regular weekday 8-hour production shifts of HMA-A (2,200 tons) - Bid Item 82
- Assumed quantity of production shifts is based on approximately 1,500 tons per shift
- Job Mix Formula & Verification testing are assumed to have been completed
- A Field Technician will be utilized to obtain the required samples and test compaction in the field per the project special provisions
- If a field laboratory is required, power will be provided by the production facility
- Core holes will be patched by the contractor
- Quality Control Plan

RMA Group
Every Project Matters | www.rmacompanies.com

In addition to the above assumptions, alternate packages have been provided to account for the varying degrees of involvement with Quality Control activities.

Package 1 assumes the following:

- A Plant Production Technician will be provided by the HMA supplier to conduct aggregate tests
- Production HMA testing will be performed by our representatives at an optional cost

Package 2 assumes the following:

- RMA Group will provide a Plant Production Technician to conduct aggregate tests
- Production HMA testing will be performed by our representatives
- If a plant laboratory is required, power will be provided by the production facility

The following is the summary of our estimated costs, which were calculated using the scope of work and construction duration assumptions presented herein:

Every Project Matters | www.rmacompanies.com

Our costs are based strictly on the construction schedule assumptions presented herein. Any additional testing requested, changes in the construction schedule, or changes to the presented assumptions will affect our costs, which will require that the above estimated costs be revised accordingly. Overtime costs for Saturday and Sunday shifts will be multiplied by 1.4 and 1.7, respectively. If paving exceeds 8 hours per shift, each additional (Package 1) hour will be billed at $250 up to 10 hours and $300 thereafter. If paving exceeds 8 hours per shift, each additional (Package 2) hour will be billed at $380 up to 10 hours and $500 thereafter. If a field laboratory facility is required, the mobilization charge will be $3,500 and monthly rental will be $750.

RMA Group does not guarantee the performance of the contractor(s) by performing these services. RMA Group's performance of these services shall not relieve the contractor(s) of his obligation to perform the work in conformity with the drawings and specifications and in a workmanlike manner; shall not make RMA Group an insurer of the contractor's performance; and shall not impose on RMA Group any obligation to see that the work is performed in a safe manner.

QUOTATION TERMS & CONDITIONS

GENERAL

Supply Patriot, Inc. Quotation Terms and Conditions are attached and incorporated herein by reference into the accompanying customer price quotation. By issuing a purchase order to Supply Patriot, Inc., the customer expressly acknowledges that their purchase is subject to the Supply Patriot, Inc. Quotation Terms and Conditions and in the event of a conflict between the Supply Patriot, Inc. Quotation Terms and Conditions and the customer's purchase order terms and conditions, the Supply Patriot, Inc. Quotation Terms and Conditions will prevail.

Quotation Expiration: Quotes are valid for 30 days unless otherwise noted in writing.

Quotation Preparation Assumptions: Quotations are prepared based upon information/data supplied by the customer to Supply Patriot, Inc. Quotations are subject to change upon contract award and the determination of final take-off quantities and any new information/data or a material change to information/data utilized to develop the quotation.

Take-off Quantities: Contractor is responsible for calculating all final take-off quantities. In the event that the customer requests Supply Patriot, Inc. to provide take-off quantities for an order and Supply Patriot, Inc. agrees to provide take-off quantities, Supply Patriot, Inc. takes no responsibility and makes no warranty, expressed or implied, that take-off quantities they supply to the customer are sufficient to meet the needs of the customer and irrespective of where take-off quantity information originates the customer retains full and sole responsibility for verifying i) take-off quantity accuracy and ii) quantities ordered by the customer meet their requirements.

Shipping & Handling: Estimated shipping & handling (if included) cost to the designated zip code specified by the customer is based on a single shipment and subject to change. Shipping and handling will be invoiced on the date of shipment and will be based on currently prevailing carrier rates, the required freight mode and the actual destination for the shipment.

Order Lead-Times: Customer order lead-time begins once an order is workable. An order is deemed workable once a written purchase order and a signed order acknowledgement is received from the customer and all deposits and customer approvals are received. Customer approvals may include, but are not limited to, drawings, specifications, mock-ups and patterns. Order changes initiated by the customer after an order is received by Supply Patriot, Inc. may result in additional charges and an Extension to the order lead-time.

Deposits: A deposit of 100% is required unless an open terms credit account has been set up with Supply Patriot, Inc., in which case, deposits will be modified according to credit history and background. A minimum 50% deposit is required on all custom orders before any production begins, unless other terms are set and agreed upon prior to final contract signing and acceptance of customer's purchase order.

LIMITATION OF LIABILITY

Supply Patriot, Inc. shall not be liable, in contract or in tort – including without limitation negligence, strict liability or otherwise – for loss of sales, revenues or profits; cost of capital or funds; business interruption or cost of downtime, loss of use, damage to or loss of use of other property – real or personal; failure to realize expected savings; frustration of economic or business expectations; claims by third parties, or economic loss of any kind; or for special, incidental, indirect, consequential, special, punitive or exemplary damages arising in any way out of the performance of, or failure to perform, this Agreement, even if

Supply Patriot, Inc. could foresee or has been advised of the possibility of such damages. The Parties expressly agree that these limitations on damages are allocations of risk constituting, in part, the consideration for this agreement, and also that such limitations shall survive the determination of any court of competent jurisdiction that any remedy provided in these terms or

FORM RELEASE AGENT

The application of a form release agent is critical to the performance of the formliner. Water based release agents are highly recommended to ensure duration and longevity of form liner. Refer to the application guide for this product.

MOCK-UP PANELS

If custom mock-up panels are required, additional charges may be incurred, including material and shipping charges. Contractor to supply all pertinent information regarding mock-up requirement, size, and quantities prior to final contract award.

GRAYLASTIC

This pattern is manufactured in extended use elastomeric urethane, is factory mold bonded to ¾" plywood and is edge sealed on four sides. **Expected use is up to 100 reuses.**

VAC-U-FORM

This pattern is manufactured in plastic and may require wood backing to prevent deflection from concrete pressure. **This material is available in single-use, 6-8 use, and up to 15 use options.**

VINYLOK

This pattern is manufactured in Extruded Styrene or ABS plastic. VinyLok formliner is designed to be snapped together, hiding any vertical seam, and cut to the length required. These features create a seamless finish. Note: Please add approx. 2-3" to length required to allow for shrinkage and trim to fit.

Lengths greater than 12' may incur additional freight costs.

The first three lengths are at no charge. A $52.00 set up fee is required for each additional length.

PLEASE NOTE- When using Vac-u-Form or VinyLok, thermal expansion and contraction is normal and occurs with all thermal formed form liners. For additional information please refer to application guidelines for installation instructions.

Technical Specification

GrayLastic form liners provide maximum design latitude for precast or cast-in-place applications. They are re-usable up to 100 times, and are especially economical for applications that require an extended, reusable formliner.

Many patterns are available in sizes up to 30' long, and all GrayLastic form liners can be easily field-cut. Odd sizes or custom fabrications are available for special applications.

GrayLastic elastomeric formliners are manufactured from 100% polyurethane and are usually mold bonded to plywood. They are easily attached to most concrete forming systems, including wood, steel, aluminum and fiberglass.

RE: Work Item Review for G&C Equipment Corporation

Dear Mr. Hale:

This letter is regarding the recent meeting your company had with Caltrans Directory Malcolm Dougherty and Assistant Director René Halverson from the Office of Business Economic Opportunity.

Caltrans has taken the initiative to ensure all certified DVBE firms that bid on or perform on Caltrans' State funded projects are performing a commercial useful function (CUF). After careful evaluation of the information and documentation obtained as a result of the review, pursuant to Military & Veterans Code §999(b)(5)(B) (i) and (ii), your firm is deemed to perform a CUF when providing the following types of services on Caltrans projects:

Work Item Description	G&C's Role/Participation
Safety Equipment Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Reinforcing Bar Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Lumber Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Pipe Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Guard Railing & Barriers Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Traffic Stripes, Marking & Traffic Control Materials	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Wholesale Broker of Construction Materials	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks

Work Item Description (Continued)	G&C's Role/Participation (Continued)
Sign Structure Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Electrical Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Construction Area Signs Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks
Plumbing Materials Supplier	Review of past performance on Caltrans projects, onsite visit and inventory listing, G&C deemed able to perform these tasks

Since we have determined your firm is providing a CUF for the specified classifications listed in the table above, the DVBE credit can ONLY be granted to the afore mentioned classifications and counted towards DVBE goals for Caltrans State funded contracts. For all other goods and services that G & C Equipment is listed for, the Contract Evaluation Unit will assess these particular work items on a contract by contract basis.

You may review your firm's information on the Department of General Services (DGS) website at http://www.bidsync.com/DPXBisCASB. It is your responsibility to maintain correct information regarding your firm's name, address, phone/fax number, and e-mail address on the DGS website.

If you have questions or need further assistance or clarification, please contact Ryan Jeske, Contract Evaluation Analyst, CEU at (916) 324-0462, or by email at ryan_jeske@dot.ca.gov.
