07-28-15A11:29 RCVD

July 22, 2015
To: Prime Bidders

From: Diana Prince Construction, Inc.

Reference: Caltrans Contract 11-409304, Coronado Bridge Painting Project Bidding July 23, 2015

Diana Prince Construction, Inc. (DPC) is pleased to provide a quote to furnish, install, and remove Safespan Platforms to allow the Prime Contractor access for performing the repairs and painting included in the above-referenced project. Our price to perform this work is as follows:

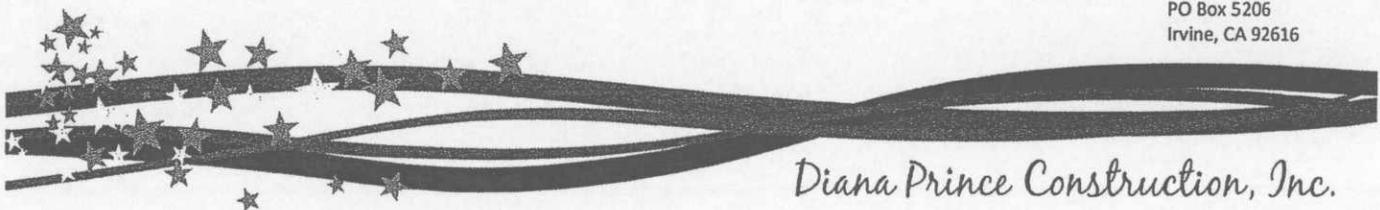

- A. Mobilization- Lump Sum \$573,770.00
 - B. Furnish, Install, and Remove Safespan Platforms- 227,688 SF (est.)@ \$15.56/SF-\$ 3,542,825.28
- TOTAL ESTIMATED PRICE \$ 4,116,595.28**

DPC's quote is based on the following assumptions:

1. That DPC will initially install approximately 75,900 square feet of Safespan and will move that Safespan from areas where work has been completed to areas where the Prime Contractor has not yet begun work. DPC will ensure that the Prime Contractor always has 75,900 square feet of platform upon which to perform its work. If the Prime Contractor wishes to have more than 75,900 square feet of platform installed, DPC will do so for an additional price of \$6.75 for each square foot of Safespan platform installed at one time in excess of 75,900 square feet. For example, if the Prime Contractor wants 125,000 square feet of platform installed at one time, DPC will do so for an additional payment of \$331,425.00 $[(125,000-75,900) \times \$6.75]$. Conversely, if the Prime Contractor believes that it needs only have 65,900 square feet of platform installed at one time, DPC will credit the contractor \$67,500.00 $[(75,900-65,900) \times \$6.75]$. DPC requires that a minimum of 65,000 square feet be installed at one time to allow DPC flexibility in its schedule.
2. That the Prime Contractor will provide all required traffic lane closures as well as a safety boat and boat operator. DPC estimates that its work will require 600 workdays. If the Prime Contractor chooses to have DPC provide its own traffic lane closures and a safety boat with operator for its operations, add \$1,204,285.00 or \$ 5.30 per square foot of Safespan Platform furnished, installed, and removed as referenced in (B) above, whichever is less.
3. That once DPC has completed installation of a given area, the Prime Contractor shall be responsible for monitoring all platform main cable connections, tieup cables, handrail cables, and all other Safespan components on a daily basis to readjust/retension/repair them as required as the platform becomes loaded and the cable tensions change.
4. That any subcontract agreement resulting from this quote be drafted on an AIA, ABC, AGC, or other standard subcontract form acceptable to DPC.
5. That DPC has not included bond costs in its quote. If Performance and Payment Bonds are required, add one percent (1%) for bonds.
6. That the Prime Contractor completes its work within 700 working days so that DPC will have 50 working days at the end of the contract to remove the Safespan platforms. If DPC is required to leave a Safespan platform in place after the expiration of 700 working days, the Prime

P: 714.550.9377

PO Box 5206
Irvine, CA 92616

Diana Prince Construction, Inc.

Contractor shall reimburse DPC fifteen cents (\$.15) per month as rent for each square foot of Safespan platform that the Prime Contractor requires be left in place to complete its work after 700 working days.

7. That DPC not be responsible for furnishing the insurance required by Special Provisions paragraph 5-1.04 **INSPECTION ACCESS** with limits of at least \$50,000,000 per occurrence and \$50,000,000 aggregate.
8. Quote valid for 90 days.
9. **DPC acknowledges Addenda 1 and 2.**

The best way to reach me for the rest of the week is by email at Kristine@dianaprince.net . If you contact me with a question, I expect that I will be able to respond within two or three hours.

Thank you for this opportunity to quote on this significant project.

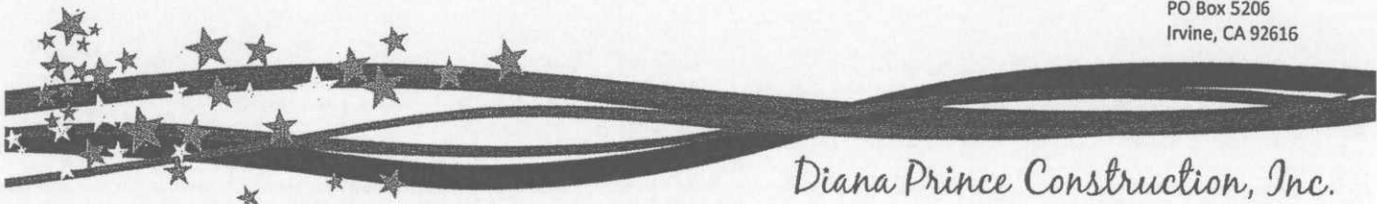

Sincerely,

Kristine Flynn
President
