Dear Mr. Poss:

The Department of Transportation (Caltrans) received a bid from Earth Construction and Mining (Earth) for contract 12-0J6704 on February 7, 2013. By way of this letter, Caltrans notifies Earth that its bid is nonresponsive because of a revision made to the Subcontractor List.

The Subcontractor List form states in part, "...Complete columns 1 and 4 and submit with the bid. Complete columns 2 and 3 and submit with the bid or fax to (916) 227-6282 within 24 hours after the bid opening. Failure to provide complete information in columns 1 through 4 within the time specified will result in a nonresponsive bid." No other revisions to the form are permitted.

According to the subcontractor list submitted on February 7, 2013, Precision Shotcrete Innovations (Precision) was originally listed to perform Bid Item 34 (Concrete Ditch Lining). On the second submitted subcontractors list submitted on February 8, 2013, it was noted that Precision would be performing Items 29, 32, 33, 34 and 35 (Minor Concrete, Rock Slope, Rock Slope Protection, Concrete Ditch Lining, and Miscellaneous Iron and Steel). The addition of the aforementioned items is a revision to the form.

Based on the above action, Caltrans will proceed to award the contract to the lowest responsible bidder provided that all requirements have been met.

Your attention is directed to Section 3-1.02 of the Amendments to the 2006 Standard Specifications. Caltrans is not obligated to offer an extension of the award period for a nonresponsive bid. Should you wish to extend your bid while resolving a nonresponsive finding, you must send your request to the Office Engineer no later than 4:00 pm, two business days prior to the expiration of your bid.

Mr. C. Poss
