Dear Mr. Segura:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
561990	All other Support Services, Flagging, Traffic Control

Work Category Codes	Description
C1200	Construction Area Signs
C1201	Traffic Control

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have

occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Attachment: Standard Terms & Conditions

STANDARD TERMS & CONDITIONS

Parties and Scope of Work Terradyne, LLC shall include said company or its particular subsidiary or affiliate performing the work and owners, employees, partners, members, officers, directors and agents. All work including additional work ordered by client shall also be subjected to these Standard Terms and Conditions. If client is ordering the work on behalf of another, Client represents and warrants that it is the duly authorized agent of said party for the purpose of ordering and directing said work. Client shall communicate these Standard Terms and Conditions to each and every third party to whom client transmits any part of Terradyne's work. Terradyne should have no duty or obligation to any third party greater than that set forth in Terradyne's proposal. The ordering of work from Terradyne, or the reliance on any of Terradyne's work shall constitute acceptance of the term of Terradyne's proposal and these Standard Terms and Conditions, regardless of the terms of any subsequently issued document.

Invoicing & Payment Invoices are due and payable upon receipt, unless specific arrangements have been made. Accounts become delinquent 30 days after the invoice date. Any balance remaining unpaid on the account 30 days after the invoice date shall be subject to a finance charge, at a periodic rate of 1.50% per month, which is an annual percentage rate of 18%. Terradyne computes the finance charge by applying the periodic rate to the adjusted balance of your account. Taking the balance owed by the client at the end of the previous billing cycle and subtracting all payments and credits received during the present billing cycle determines the balance. To avoid the finance charge, clients must pay the new balance shown on the billing statement within 30 days following the presentation of the billing. The client will be held responsible for any and all costs related to collections, including attorney's fees.

Confidentiality Inherent in our dealings with clients, as a third party independent consulting engineering company, is the confidentiality of all work performed for any client. All plans and/or reports are submitted for the exclusive use of the client to whom it is addressed.

Prevailing Wages This proposal specifically excludes compliance with any project labor agreement, labor agreement, or other union or apprenticeship requirements. In addition, unless explicitly agreed to in the body of this proposal, this proposal specifically excludes compliance with any state or federal prevailing wage law or associated requirements, including the Davis Bacon Act. Due to the professional nature of its services Terradyne is generally exempt from the Davis Bacon Act prevailing wage schemes. It is agreed that no applicable prevailing wage classification or wage rate has been provided to Terradyne, and that all wages and cost estimates contained herein are based solely upon standard, non-prevailing wage rates. Should it later be determined by the Owner or any applicable agency that in fact prevailing wage applies, then it is agreed that the contract value of this agreement shall be equitably adjusted to account for such changed circumstances. These exclusions shall survive the completion of the project and shall be merged into any subsequently executed documents between the parties, regardless of the terms of such agreement. Client will reimburse, defend, indemnify and hold harmless Terradyne from and against any liability resulting from a subsequent determination that prevailing wage regulations cover the Project, including all costs, fines and attorney's fees.

Reports The significance of the report is subject to the adequacy and representative character of the samples, and the comprehensiveness of the test, examination or surveys. No quotation from our reports or use of Terradyne name is permitted except as authorized by Terradyne in writing.

Samples Sampling and testing is performed in general accordance with applicable standard test methods except when otherwise noted. Samples will be discarded 30 days after completion of the test. Upon written request by the client, Samples will be returned and/ or stored at an agreeable charge.

Property Surveys The location of existing and proposed improvement; wells and/or drain fields are not the result of a property survey. Improvement locations are approximate. It is the property owner's responsibility to define property boundaries and ensure all onsite improvements are located within the platted site and out of inappropriate easements. All separation distances are to be verified prior to excavation.

Representations and Limitations of Professional Liability No representations, expressed or implied, are made or intended by the rendering of consulting services of by the furnishing of oral or written report of the findings and laboratory tests performed. Terradyne makes no implied warranty of fitness for a particular purpose of warranty of merchantability or any other express or implied warranties whatsoever. Terradyne (including its owners, agents and employees jointly) liability for damages, due to breach of contract, professional negligence, or any act or omission arising out of the performance of this Agreement will be limited to a sum not to exceed $10,000 or fee paid whichever is greater, and the amount of the limitation of liability shall include liability for attorney's fees, litigation expenses and costs.

Utilities Terradyne will contact the local one-call public utility locator service and take reasonable precautions to avoid damage or injury to identified underground structures or utilities. Client shall provide any documents necessary or helpful in locating all private underground structures and utilities. Client shall assume responsibility for the accuracy of any information provided. Client agrees to hold harmless, defend, and indemnify Terradyne for any damages to underground structures and utilities, and any damage, injury or death arising directly or indirectly there from, which were not identified on the documents furnished, or by local utility identification agencies.

Delay and Force Majeure Terradyne will be excused for delay in the performance of services under this Agreement if caused by acts of God; inclement weather; acts of utility companies, unions, organized labor, or inspectors; or other unforeseen contingencies; beyond Terradyne's reasonable control.

Indemnification To the fullest extent permitted by law, Client shall hold harmless, indemnify, and defend Terradyne and its owners, partners, members, employees, officers, directors, affiliates, and agents from and against all claims and causes of action for bodily injury, death, property damage, and economic losses that may arise from the performance of services under this Agreement, except where such bodily injury, death or property damage arises directly from the sole negligence, errors, or omissions of Terradyne. Client's agreement to indemnify as stated above in this section includes any indemnifying from, holding harmless for and defending from any liability for claims, damages, attorney's fees, expenses and costs incurred by any third party who asserts a claim against Terradyne in excess of the Limitation of Liability set forth in Limitations of Professional Liability section of the Agreement above.

Consequential Damages Client agrees to waive its rights, if any, to recover from Terradyne and its owners, partners, members, employees, officers, directors, affiliates, and agents any consequential damages incurred allegedly as a result of any acts, errors or omissions arising out of the performance of this Agreement, including the right to recover any lost profits, diminution in value, cost overruns, or delay damages.

Attorney's Fees In the event of any dispute arising out of this Agreement or the performance of this Agreement leads to litigation or arbitration, the successful or prevailing party to any such dispute will be entitled to recover from the other party the party's reasonable and necessary attorney's fees, expenses and costs incurred as a result of the dispute.

Dispute Resolution The parties will attempt to resolve any claim or dispute (whether in contract, tort or otherwise) against the Company, its' agents, employees, successors, assigns or affiliates arising out of or relating to this agreement or the services through mediation utilizing a mutually agreeable mediator, prior to any litigation. Cost of mediation shall be split equally between both parties.

Litigation Support If Terradyne is required by operation of law, subpoena, or other legal process to appear, participate, or give testimony as an expert or fact witness, in any legal discovery, administrative, or court proceeding, as a result of the performance of services under this Agreement, Client agrees to compensate Terradyne pursuant to Terradyne's current fee and rate schedule, and to reimburse Terradyne for all reasonable costs and expenses Terradyne may incur in connection with such activities, including the fees of any attorney Terradyne may retain on its own behalf.

It is the responsibility of the buyer to submit for "payment for stored materials", as our standard payment terms apply regardless of whether the materials are being "stored" or have been shipped. Should the Buyer request that D.S. Brown proceed with manufacture, only to later delay the delivery date and request that the material be stored at our facility, storage fees will be invoiced at the rate of 1% of the contract (purchase order or signed quotation) value per month until the materials have been shipped.

12. Steel, chemical, and/or petroleum based product pricing used in this estimate is based on current material availability and costs plus applicable surcharges as of the date of this quotation. Due to the inherent volatility in steel plate, chemical and petroleum based product costs (both material and surcharges), the D.S. Brown Company reserves the right to modify pricing at the time of "release to fabricate" to offset any additional cost increases published after the date of this quotation that are above what was used in this estimate.

RE: Disadvantaged Business Enterprise Certification

Dear Mr. Jones:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
541340	Drafting Services
541620	Environmental Consulting Services
561990	All Other Support Services (Flagging (i.e. traffic control) services
423990	Other Miscellaneous Durable Goods Merchant Wholesalers (Signs (except electrical) merchant wholesalers)(Reseller)

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.
