ROUTE: 09-Iny-395-75.1 PM

Memorandum

*Flex your power!
Be energy efficient!*

To: BRIAN McELWAIN
Project Manager
Caltrans, District 9, Bishop

Date: July 28, 2009

File: 09-34050

From: BRIAN WESLING
Senior Transportation Engineer
Central Region PJD, Design Branch J, Bishop

Subject: Material Site #118 cannot be Used for Contract # 09-34050 (Dusty Lane Turn Pocket Project)

Independence Material Site (MS) #118 is a gravel pit located on approximately 80 acres of public lands in Inyo County, California; just west of and adjacent to U.S. Highway 395 at mile post marker 75.1, and 1.5 miles northwest of the town of Independence. On April 14, 2008, the Federal Bureau of Land Management (BLM) amended Caltrans' Mineral Material Easement for MS #118.

For the Dusty Lane Turn Pocket Project, contract #09-34050, MS #118 shall not be used in any way including but not limited to the staging of materials or equipment, aggregate production, a source of imported borrow or asphalt concrete production.
