Subject: FW: Caltrans project requiring water source (EA 10-1E1804)

Hi Randall,
South San Joaquin Irrigation District can supply the water. Below is the contact info:

Joe Catanzarite, Operations/Water Superintendent (209) 495-8927
Nick Fereria, Assistant Water Superintendent (209) 993-9213
South San Joaquin Irrigation District
11011 E. Highway 120
Manteca, CA 95336

Thank you,

Rhodel De Claro, PE
Caltrans District 10

Rhodel,

Per our conversation this morning. we should have no problem supplying you with the request of approximately 1100 gallons of water this coming 2016 summer. No paperwork or fees will be required for this request. An exact location will be determined at the time of the project, but it will be in the vicinity of Airport way and Hwy 120. You can call myself or Nick Fereria direct to schedule.

Joe Catanzarite
209-495-8927

Nick Fereria

Hi Nick,
Thanks for your time over the phone.

To summarize my request, I have a bridge maintenance project that will require roughly 1100 gallons of water (potable or non-potable) for work on San Joaquin Route 205 near Tracy and on I-5 near the 5/580 connectors (see attached plans for exact locations). Please advise if South San Joaquin Irrigation District can be listed as a water source for this project. Also, please include contact info, application, metering charges, fees and other items we need to provide when this contract goes to construction Summer 2016. Thanks for your time.

Thank you,
