

## Firefox PDF Viewer Has Poor Quality

If you are using Firefox and the PDF files are displayed poorly, you may need to change the way that Firefox views PDF files.

In Firefox, go to **Tools/Options**, and choose the **Applications** section.

Scroll down to **Portable Document Format (PDF)**, and change the “Preview in Firefox” to “Use Adobe Reader” (whichever version you use). This will load the PDF automatically in a standalone Acrobat Reader instead of using Firefox’s own faulty PDF viewer.

**NOTE:** Caltrans recommends Internet Explorer as the browser to use with Caltrans' web pages.
