

Structure Approach	Dec 1992	5-3
Structure Approach(Metric)	May 1996	5-3
• Selection Process For Structure Approach Pavement System on PCC Pavements	Dec 1992	5-3 Attachment A
• Selection Process For Structure Approach Pavement System on PCC Pavements(Metric)	May 1996	5-3 Attachment A
• Selection Process For Structure Approach Pavement System on AC Pavements . . .	Dec 1992	5-3 Attachment B
• Selection Process For Structure Approach Pavement System on AC Pavements(Metric)	May 1996	5-3 Attachment B
Retaining Wall Safety Railing	Jul 1988	5-7
Mechanically Stabilized Embankment	Jan 1991	5-8
• Implementation of PS&E	Jan 1991	5-8 Attachment A
• Outline of Design Responsibilities	Jan 1991	5-8 Attachment B
Slope Treatment Under Structures	Apr 1989	5-10
Earth Retaining Structure Using Tiebacks	Aug 1990	5-12
Review of Working Drawings for Tieback Anchors	Oct 1988	5-14
Review of Working Drawings for Proprietary Earth Retaining Systems	Apr 1992	5-16
Earth Retaining Structures (Costs)	Feb 1989	5-17
• Earth Retaining Structures (Costs)	Feb 1989	5-17 Attachment
Soil Nail Walls	Jan 1991	5-18

Section 6 – Bents and Piers

Column Analyses Considerations	Jun 1990	6-1
Column Analyses Considerations(Metric)	May 1996	6-1
Reinforced Concrete Pier Walls(Metric).	May 1996	6-5
• Percentage and Spacing Requirements for Pier Wall Reinforcement(Metric)	May 1996	Attachment 1
• Pier Wall Example Reinforcement for Lightly Loaded Walls(Metric)	May 1996	Attachment 2
