

POSITION DUTY STATEMENT

PM-0924 (REV 7/2014)

CLASSIFICATION TITLE	OFFICE/BRANCH/SECTION	
Associate Environmental Planner	03/Environmental Planning/Env. Mgmt	
WORKING TITLE	POSITION NUMBER	EFFECTIVE DATE
Associate Environmental Coordinator	927-801-4711-xxx	

As a valued member of the Caltrans team, you make it possible for the Department to provide a safe, sustainable, integrated, and efficient transportation system to enhance California's economy and livability. Caltrans is a performance-driven, transparent, and accountable organization that values its people, resources and partners, and meets new challenges through leadership, innovation and teamwork.

GENERAL STATEMENT:

Under the general direction of a Senior Environmental Planner, the incumbent serves as the Environmental project coordinator for multiple transportation projects. Incumbent manages, prepares, process and reviews the most difficult and complex studies. Incumbent makes recommendations to the project development team, including District and North Region management, for the appropriate courses of action in compliance with the California Environmental Quality Act (CEQA), the National Environmental Policy Act. (NEPA) and a multitude of other state and federal laws.

TYPICAL DUTIES:

Percentage		Job Description
Essential (E)/Marginal (M)		
30%	E	Responsible for the timely completion of activities and products essential to the environmental approval phase. Initiate the work of environmental technical staff and request information from many sources outside of the Environmental Division, including, but not limited to. design, hydraulics, transportation planning, stormwater, hazardous waste and traffic. Use the Standard Tracking and Exchange Vehicle for Environmental (STEVE) database and Workplan Status databases to manage environmental project information, report progress and identify resource needs.
30%	E	Responsible for ensuring that the department complies with environmental laws as described in the Standard Environmental Reference (SER). Reviews and ensures that Environmental compliance document contents complies with CEQA, NEPA and other State and Federal acts and policies. Serves as the primary author for environmental documentation prepared pursuant to CEQA, NEPA and Section 4(1) (e.g., Initial Studies, Environmental Assessments, draft/final Environmental Impact Report/Statements, and Categorical Exemptions/Exclusions). Maintain project files per Caltrans policies and as outlined under NEAP assignment. Obtain approvals from resource agencies (e.g., Coastal Development Permit).
20%	E	Represent environmental concerns in a multi-disciplinary team setting and effectively communicate project delivery issues. Advise team members including the Project Manager of issues, which affect project delivery. Schedule formal and/or informal team meetings as needed. Meetings may also include project site visits to review potential project locations and features.
5%	E	Participate in public hearings and workshops to inform the public of environmental issues on proposed transportation projects. Develop newspaper ads for public notices and coordinate with Public Information staff to assure timely notification of public meetings and document availability. Coordinate with cities, counties, agencies and the public on project related concerns.
5%	E	Prepare task orders as needed for environmental services to be performed by a consultant and provide oversight to the consultant's efforts.
5%	M	Reviews design work (e.g., engineering plans) to ensure consistency with the environmental compliance documentation. Design work to be reviewed includes Draft and Final Project Reports, Plans, Specifications, and Estimate packages.
5%	M	Assist with the training and development of other staff as needed.

ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.
 MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

POSITION DUTY STATEMENT

PM-0924 (REV 7/2014)

SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

None. May act as a lead and assist and provide guidance to other members of the branch regarding document preparation issues.

KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Knowledge of: a broad range of state and federal environmental laws, regulations and policies as they relate to state and federal transportation projects; familiarity with internal and external internet websites for gathering required information; the Department's mission and goals.

Ability to: gather, compile, analyze, and interpret data; reason basically and creatively; develop formats to present and display data; use a variety of analytical techniques to propose solutions to or provide information regarding environmental issues or problems; develop and evaluate alternatives; present ideas effectively orally and in writing; work effectively with others as an interdisciplinary team member; use a variety of mediums for effective and timely communication; establish and maintain cooperative working relationships with those contacted during the course of the work.

RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Incumbent makes recommendations regarding significance of individual and cumulative impacts of proposed transportation projects on the social and natural environment. Errors in interpreting or presenting data and producing documents could result in additional work in project development and expensive delays in project delivery.

PUBLIC AND INTERNAL CONTACTS

Routine contact with the public as a representative of the department at public meetings; daily interaction with other members of the department as a part of a multi-disciplinary team, both within and outside of the immediate work area; frequent contact with staff of local, regional, state and federal agencies.

PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Employees may be required to sit for long periods of time using a keyboard and video display terminal and traverse difficult terrain.

WORK ENVIRONMENT

Base of operation is the Eureka area; may routinely participate in field reviews of project sites, which requires ability to be exposed to a variety of climatic and geographical conditions. Employees may have to occasionally travel to offices and field locations throughout the North Region.
