

**POSITION DUTY STATEMENT**

PM-0924 (REV 7/2014)

CLASSIFICATION TITLE	OFFICE/BRANCH/SECTION	
CALTRANS HIGHWAY MAINTENANCE LEADWORKER	DISTRICT 07/MAINTENANCE/NORTH	
WORKING TITLE	POSITION NUMBER	EFFECTIVE DATE
CALTRANS HIGHWAY MAINTENANCE LEADWORKER	907-610-6285	

As a valued member of the Caltrans team, you make it possible for the Department to provide a safe, sustainable, integrated, and efficient transportation system to enhance California's economy and livability. Caltrans is a performance-driven, transparent, and accountable organization that values its people, resources and partners, and meets new challenges through leadership, innovation and teamwork.

**GENERAL STATEMENT:**

Working under the supervision of a Caltrans Maintenance Supervisor, the Caltrans Highway Maintenance Leadworker operates light vehicles and equipment requiring a Class B California Commercial Driver's License, with a tank vehicle endorsement, license will be valid and unrestricted. The incumbent works with and assist in supervising the work of a crew, performing tasks related to highway maintenance work; paving, mowing, ditch cleaning, dig outs, removes brush/undergrowth from highway right of way, pavement patching, repair or replacement of guide markers, signs, fence, guardrail, clean culverts, traffic control, litter pick up, maintenance of roadside rests, graffiti removal, makes minor repairs to and clean signs and markers. The incumbent will be required to work overtime, work irregular shifts/alternate work schedules including nights, holidays and weekends; may be required to work temporary and/or intermittent varied work shifts and required to respond to emergency situations and calls. May be loaned to other cost centers. This position is represented under collective bargaining.

Duties include, but are not limited to:

**TYPICAL DUTIES:**

Percentage	Essential (E)/Marginal (M) <sup>1</sup>	Job Description
50%	E	On large projects works with and directs crew members usually performing physical labor, including but not limited to, handwork like sweeping; shoveling; and raking asphalt. Picks up roadside litter, dead animals, hauls garbage, and performs other unskilled laboring tasks by using such tools as a pick, shovel, broom, pitchfork, and hoe. Removes brush and undergrowth from highway rights of ways by use of an axe, pruning shears, handsaw and/or chain saw, weed eaters, shovel, hoe and bush chipper. Seals cracks, resurfaces, oils, and patches roads. Repairs and cleans ditches, culverts, and other drainage structures. Replaces, makes minor repairs to and clean signs and markers. The incumbent is primarily responsible for working on a road crew, operating a variety of equipment such as four-wheel drive vehicles, trucks including 4 cubic yards or smaller, loaders, mowing machines, chippers, self-propelled rollers, and forklifts. The job duties may include operating the loaders and other equipment to remove debris, repair washouts and slides. Incumbent is responsible for repairing roadways, guardrails and fences, cleaning and repairing drainage facilities, responding and assisting with hazardous spill clean up and may be responsible for preparing a loss report.
25%	E	Works on traffic control; sets and picks up lane closure, traffic cones, flares, and advance work signs; acts as a flag person; operates the pilot car, backup truck, and lane closure truck; operates a two-way radio.
15%	E	Operates light vehicles and equipment identified as used by the assigned unit requiring a Class B driver's license. Makes minor adjustments and emergency repairs to equipment and services and maintains equipment (lubes service points; changes tires, light bulbs, fuses, filters, and window wipers; steam cleans equipment; and operates hoist).
10%	E	Completes simple written records, such as crew daily work records, accident reports, lube records, mileage reports; assists with inventory records.

## POSITION DUTY STATEMENT

PM-0924 (REV 7/2014)

---

<sup>1</sup>ESSENTIAL FUNCTIONS are the core duties of the position that cannot be reassigned.

MARGINAL FUNCTIONS are the minor tasks of the position that can be assigned to others.

---

### SUPERVISION OR GUIDANCE EXERCISED OVER OTHERS

No direct supervision. In a lead capacity, assists the supervisor in planning and overseeing the work of subordinate crew members. In the Supervisor's absence, directs crew members in the performance of their assignments.

---

### KNOWLEDGE, ABILITIES, AND ANALYTICAL REQUIREMENTS

Must have knowledge of materials, methods, equipment, and tools used in highway maintenance and construction; provisions of the California Vehicle Code as it pertains to the loading and operation of motor vehicles; and rules and regulations pertaining to highway maintenance practices; principles of effective supervision; safety and health policies and procedures as contained in the Department's Injury and Illness Prevention Program; and the leadworker's role in maintaining an effective Injury and Illness prevention Program. Ability to complete simple written records; direct the work of others; assist in work related to maintenance of highways, structures and landscape areas. Ability to work safe and work effectively alone or with others. Must be able to analyze various work situations effectively and make sound decisions.

---

### RESPONSIBILITY FOR DECISIONS AND CONSEQUENCES OF ERROR

Error may expose co-workers and/or the public to possible injury or loss of life. Error may also cause an inefficient use of time and tax dollars through extra expense in the maintenance of highways, or damage to State equipment and facilities. Error may expose the State to liability for damages to public property.

---

### PUBLIC AND INTERNAL CONTACTS

Maintain good relations with the public, Caltrans employees and employees/ representatives of other government agencies. May have daily contact with other public agencies and private individuals in the course of their assignment. Contact may be with hostile public, the employee is expected to maintain a favorable public image for the Department and the State.

---

### PHYSICAL, MENTAL, AND EMOTIONAL REQUIREMENTS

Much of this position is labor intensive. Employee must have physical ability to react quickly to errant motorist and do strenuous hand and mechanical labor.

Note: For standing, walking and sitting, along with several other activities, typical duties are used as examples in various situations to give ranges for the activities. Generally, activities can be broken down into operating equipment and light vehicles 15% of the time on a year-around basis.

The remainder of the activity is labor intensive and includes but is not limited to the following:

Standing, Sitting and Walking is described to equal 100% of the work time for a given period such as a work shift. The following are various situations and percentages given to illustrate typical ranges of time spent sitting, standing and walking:

Rainy day where worker is digging out clogged ditches and drains: Standing and walking using hand tools 40% each:  
Sitting and driving 50%.

Snowy day: Sitting and operating large trucks, loaders, 90%; walking and standing, checking out equipment, 10%

Crack sealing: Standing, walking and driving 95% of the day

Chip sealing: Standing, operating truck, loader, spreader, 80% to 90% of day

Paving: Operating trucks, loaders, 15% of day. Standing and walking, raking and shoveling, 45% of day.

Litter pickup/patrol: Lifting, walking and climbing in/out of vehicle 95% of day

Flagging/Pilot Car/Lane Closure Operations: Standing, twisting and turning, and sitting 95% of the day

## POSITION DUTY STATEMENT

PM-0924 (REV 7/2014)

Lifting (Floor to bench to Floor) – Items listed may be any of the following but not limited to: tire chains for vehicles which may weigh as much as 75 lbs. per chain. In the winter months these could be handled on an every day basis; a post driver which weighs approximately 60 lbs.; assist with the loading and unloading of a tire in a rim which can weigh over 75 lbs. Another example of lifting is shoveling material. Each shovel full lifted weighs approximately 15 lbs., and 1,000 to 1,500 lbs. of sand or asphalt per day, would normally be lifted. 80% of this lifting would be floor to waist and 20% lifted above the waist. Another type of lifting is light pickup – loading garbage bags with litter, tire carcasses and other debris from roadway, which requires continuous bending and lifting. Other items include pothole mix, cement, and sealant blocks, superfine, buckets of paint and working stock inventory. Installing marker post, at least two feet into the ground requires lifting up and pulling down the 60 lb. driver 10 to 150 strokes per post.

Another type of lifting is light pickup – loading garbage bags with litter, which requires continuous bending and lifting.

Incumbent should ask for assistance when moving items over 50 pounds.

Transport and/or carry – Bagged/boxed material, which may weigh 50 to 100 lbs., must be transported and/or carried from storage areas to vehicles and from vehicles to job sites, which may be on uneven terrain. Tools are transported and/or carried a few feet to 100 yards and weigh a few ounces to 50 lbs. each. Tools may include but not limited to picks, hoes, rakes, hoses, signs, standards, flags, cones, guide posts, etc. and may be transported and/or carried on uneven terrain.

Overhead reaching – Overhead work includes but not limited to pulling yourself up into many types of equipment, pruning, holding signs, servicing equipment on the lube hoist, signaling other workers, and loading material into/on equipment.

Other Reaching – Includes but not limited to setting cones, lubing and checking equipment, raking, shoveling, driving, using digging bar, shifting, setting work signs, picking up cones; often done on a continuous basis.

Pushing/Pulling – Includes but not limited to shoveling, opening garage doors, hooking up trailers; installing plows, sanders, kettles, pulling on hoses, working cranks on equipment stands; tightening and loosening nuts on bolts. Installing and removing tires and chains; pulling down on post drivers. Pulling brush and limbs, animal carcasses, and pulling chains.

Twisting - The Operator twists while driving equipment and does so on a continuous basis, especially while backing up or turning around while operating a pilot car. Other twisting is done while dragging brush, shoveling, raking and setting down and picking up traffic cones which weigh 10 lbs.

Climbing/Balancing – Climbing is done in/out and off/on of equipment, up and down banks and slopes, ladders, stairways, (often with a load of material or supplies); onto steps and walkways to do engine checks on equipment. One example would be to climb on a heavy equipment trailer to secure the load with chain binders; inspect and/or clean large storm drain facilities.

Bending/Crouching/Squatting/Crawling – The employee often bends continuously throughout the day while operating equipment and performing physical labor. All of these activities are necessary when picking up and laying down tools and material. The employee also crawls around and underneath equipment while checking and servicing equipment, putting on or removing snow chains and tightening or replacing grader blades and other equipment parts.

Simple Grasping – This activity is necessary about 95% of the shift; climbing in/out and around equipment, operating equipment, using hand tools and handling materials.

Fine Manipulation – This occurs less than 2% of a day and usually while writing reports or manipulating the knobs and levers on the equipment. A higher percentage of the time would be saws or similar equipment.

Importance of hearing and sight – both are essential on the job because the operator must hear directions and equipment, and must see in order to perform his/her duty safely.

Hearing should be adequate with or without hearing aid to hear warning devices used for worker safety, i.e. look out alarm devices, including vehicle horns used to warn employees of eminent danger at the work site. As per Chapter 13 of

# POSITION DUTY STATEMENT

PM-0924 (REV 7/2014)

the Caltrans Injury Illness Prevention Program Safety Manual.

**Mental & Emotional:** Must have the ability to develop and maintain cooperative working relationships; respond appropriately to difficult situations; recognize emotionally charged issues or problems; and cope with and respond to emergency situations such as traffic/weather conditions and other natural disasters. Will be required to deal tactfully and courteously with public and crew under stressful and possibly adverse conditions. Must be able to focus on precise work beyond the distractions of traffic, be emotionally stable, alert and aware at all times. Reason logically, draws valid conclusions, makes appropriate recommendations, and adopts an effective course of action. May need to determine amounts of materials and length of time to accomplish a job. This position is responsible for working cooperatively with team members and supervisors to identify innovations that will increase productivity reduce cost and maintain or improve quality. This position must adhere to the customer service standards set by his/her unit and provide high quality service to both internal and external customers.

## WORK ENVIRONMENT

Work in a wide range of sometimes extreme-conditions, including heat up to 120 degrees, cold to -15 degrees, strong winds, rain, sleet, and snow.

During the winter months the workweek is normally 5/8-hour days. The scheduling of the 5/8 days is at the discretion of the Region Management. Employee may be scheduled to work the night shift as needed to meet operational needs with proper advance notice as per the Bargaining Unit 12, Memorandum of Understanding.

May be requested to work scheduled and/or emergency overtime due to storms, callback, special work projects, or to meet operational needs. Overtime will be assigned per the Bargaining Unit 12, Memorandum of Understanding.

Personal safety requirements include but are not limited to (as per Injury and Illness Prevention Program):

- A. Appropriate footwear, in good and sturdy condition, must be worn.
- B. Either long or short-sleeved shirts provided by Caltrans, or a safety vest is to be worn over non-safety shirts or coats.
- C. Long pants. No shorts or cutoffs.
- D. Provided safety gear; hard hats, safety glasses, hearing protection devices, face shields, gloves, respirators, chaps, or other safety gear must be worn when required by the Department, including hazmat conditions and/or incidents when required

I have read, understand and can perform the duties listed above. (If you believe you may require reasonable accommodation, please discuss this with your hiring supervisor. If you are unsure whether you require reasonable accommodation, inform the hiring supervisor who will discuss your concerns with the Reasonable Accommodation Coordinator.)
