

## 2014 MARION SMITH-LANGSNER MEMORIAL SCHOLARSHIP

**Brittany White**

I am a student at Oregon Institute of Technology in Klamath Falls, Oregon studying Civil Engineering. To achieve my goal of becoming an engineer I have worked as a volunteer in design at Caltrans, and I am now a student intern at Caltrans in the hydrology department. I work as much as I can while still going to school full time, having a job on campus, and playing soccer for my school. I would just like to thank you for choosing me to receive this scholarship.
