

# Memorandum

*Serious drought.  
Help save water!*

To: LAURIE BERMAN  
District 11 Director

Date: February 4, 2015

From:   
Timothy Craggs  
Chief  
Division of Design

Subject: STEWARDSHIP AGREEMENT TRANSMITTAL

Attached is the Design Stewardship Agreement between District 11 and the Division of Design (DOD), which was executed and effective January 30, 2015. This agreement documents the delegation of approval authority to the District Director for application of certain standards and policies previously held by DOD, and supplements prior delegations, including those prescribed in my June 7, 2013 Memorandum, "Division of Design Policy Updates", to the District Directors.

This is a very significant step as the Department increases delegated authority to the Districts to streamline decision-making. The Department, as owner/operator of the State Highway System, maintains the statutory and inherent obligation to ensure that all modifications or additions to the State Highway System provide a safe, sustainable, integrated, and efficient transportation system. This stewardship agreement establishes a framework for DOD and the District to uphold these expectations and maintains the accountability of the department's agents, leaders, and staff, for carrying out these responsibilities.

Thanks to you and your staff for taking this huge step forward. DOD is committed to the continued support of the districts to facilitate the delivery of quality projects to enhance California's economy and livability.

c: Malcolm Dougherty, Director  
Kome Ajise, Chief Deputy Director  
Karla Sutliff, Project Delivery Deputy Director  
Jeanne Scherer, Acting Chief Counsel  
Luis Betancourt, D11 Project Delivery Coordinator
