**Program Information**

Program	Existing	Planned/Expanding	Tons
Business Source Reduction	X		0.50
Material Exchange	X		1.00
Cardboard	X		14.00
Office Paper (white)	X	X	5.00
Office Paper (mixed)	X		1.50
Self-haul greenwaste	X		496.00
Tires	X		38.00
Scrap Metal	X		388.00
Wood waste	X		452.00
Concrete/asphalt/rubble (C&D)	X		140,214.00

Total Tonnage Diverted: 141,610.00  
 Total Tonnage Disposed: 1,023.0  
 Total Tonnage Generated: 142,633.00  
 Overall Diversion Percentage: 99.28%

Total Employees: 900  
 Total Additional Factor (Visitors, Inmates, etc): 8,511,950

Annual Per Capita Disposal (pounds/employee/day): 6.2  
 50% Equivalent Per Capita Disposal Target (pounds/employee/day): 0.0

Annual Additional Factor Per Capita Disposal (pounds/person/day): 0.0  
 Additional Factor 50% Equivalent Per Capita Disposal (pounds/person/day): 0.0

**Hazardous Materials**

Note: Hazardous waste, including [universal waste](#), may NOT be disposed as ordinary trash.

Program	Existing	Planned/Expanding	Tons
Electronic Waste	X		2.50
Batteries	X		6.00
Used Oil/Antifreeze	X		35.00
Other Hazardous Waste	X		15.00

**Promotional Programs**

This section of the annual report presents the methods in which your agency informed both employees and customers served that a recycling program was being implemented. Below are identified the programs you reported were continued or implemented during 2007.

- 1) Newspaper Articles/Ads
- 2) Brochures, Newsletters, Publications
- 3) Fliers

**Procurement Activities Implemented in 2007**

This section of the annual report presents your compliance with the State Agency Buy Recycled Campaign (SABRC). The activities identified below were reported as implemented or continued during 2009. (Note: Completing this section does not meet the [SABRC reporting requirements](#) (PCC Section 12162(b)).

- 1) Exceeding SABRC Goals
- 2) Annual Submittal of SABRC Report

**Question/Answer**

1) Is the mission statement of the State agency/large State facility the same as reported in the previous year?

Yes

2) How has the waste stream (i.e. those materials disposed in landfills) changed since the Integrated Waste Management Plan was submitted? (Changes include kinds and quantities of materials disposed in landfills.)

*There are no significant changes to the waste stream that Dist.10 disposed of in landfills. The total amount increased purely as a result of an increase in asphalt and concrete from large construction projects.*

3) Summarize what waste diversion programs were continued or newly implemented during the report year.

*Our existing programs were continued from last year. We now separate our white paper from our carboard at the District Office and there was a large increase in the asphalt and concrete diverted from landfills this year.*

**4) How were the tonnages determined for the materials disposed and diverted? (e.g. waste assessments, per capita generation and extrapolation, actual disposal weights, or actual recycling weights)**

*The tonnages were determined using figures vigilantly collected from the CEM-4401 reports submitted by contractors to the R.E's. Carboard and paper weights were provided by our vendors. The hazmat figures were taken from the district-wide hazmat report. Weights were calculated using Weight Conversion Sources Table.*

**5) What types of activities are included in each of the reported programs? (The following link of category definitions may assist you in answering this question.)**

*Our Business Source Reduction includes the use of e-mail for communication, the posting of various newsletters and job opportunities on bulletin boards, on-line forms, double sided copying, recycling of toner cartridges, and reuse of envelopes.*

*We separate our white paper from the carboard and we reuse enormous amounts of concrete and rubble in our construction projects.*

**6) Has the State agency/large State facility adopted or changed its waste reduction policy?**

*No*

**7) What resources (staff and/or funds) did the State agency/large State facility commit toward implementing its Integrated Waste Management Plan during the report year to help meet the waste diversion goals?**

*Caltrans has identified one Recycling Coordinator in each District with Headquarters having both a Recycling Coordinator and a Resource Conservation Senior. No additional PY's were allocated for these positions. The Recycling Coordinators have the responsibility to report an AB 75 in addition to their other duties.*
