Subject: **EXTENSION AND IMPLEMENTATION OF TEMPORARY PROGRAMMATIC
WAIVER: WAIVER OF 49 CFR 24.401(b)(1) – CALCULATION OF REPLACEMENT
HOUSING PAYMENT FOR NEGATIVE EQUITY**

On April 7, 2009, the Federal Highway Administration issued a Memorandum entitled, "Temporary Programmatic Waiver: Waiver of 49 CFR 24.401(b)(1) – Calculation of Replacement Housing Payment for Negative Equity". The California Department of Transportation requested and received a programmatic waiver for calculating maximum replacement housing payments based upon the initial written offer of just compensation rather than the administrative settlement amount. Refer to Relocation Assistance Reference File 2009-01 for additional information on particulars of the waiver. The original waiver expired on January 1, 2011 and was subsequently extended through December 31, 2014. It has now been extended through December 31, 2016.
