SCOPE OF WORK CHECKLIST

The scope of work is the official description of the work that is to be completed during the contract. **The scope of work must be consistent with the project timeline.**

The scope of work must:

- Be completed using the FY 2013-14 template provided and in Microsoft Word format.
- List all tasks and sub-tasks using the same title as stated in the project timeline.
- Have task and sub-task numbers in accurate and proper sequencing; consistent with the project timeline.
- List the responsible party for each task and subtask and ensure that it is consistent with the project timeline (i.e., applicant, sub-applicant, or consultant).
- Have a thorough and accurate description of each task and sub-task.
- Include a task for a kick-off meeting with Caltrans at the start of the grant.
- Include a task for procurement of consultants, if consultants are needed.
- Include a task for invoicing.
- Include a task for quarterly reporting to Caltrans.
- Include public participation and services to diverse communities.
- **NOT** include environmental, complex design, or engineering work and other ineligible activities.
- List the project deliverable for each task in a table following each task and ensure that it is consistent with the project timeline.

NOTE: Applications with missing components will be at a competitive disadvantage. Please use this checklist to make sure your scope of work is complete.
SAMPLE SCOPE OF WORK:
City of Can Do Complete Street Plan

The City of Can Do Complete Street Plan will provide a conceptual multi-modal planning foundation for the City’s downtown main street corridor. The Plan will be used to evaluate how different complete street features enhance or detract from the vision of the community. The city intends to gather public input through interactive community workshops which will be the driving factor of the planning process. The City of Can Do Complete Street Plan will contain conceptual design only. It is the City of Can Do’s intent that once this plan is complete, it will lead to implementation and development.

The below scope of work reflects the anticipated process and deliverables for the City of Can Do Complete Street Plan.

RESPONSIBLE PARTIES
The City of Can Do with the assistance of a consulting firm will perform this work. The City has not yet selected a consulting firm and the proper procurement procedures will be used through a competitive RFP process. City staff anticipates these figures will not differ substantially and will not exceed the grant request amount.

OVERALL PROJECT OBJECTIVES
- Reduce street crown and replace surface with enhanced and/or porous street pavers.
- Sidewalk widening and fully accessible ramp improvements at intersections.
- Add and improve bicycle lanes.
- Installation of street trees with grates and tree grates for existing trees that can be preserved.
- Installation of pedestrian-scale street lighting at intersections.
- Installation of street furniture and other design features.
- Application of “green street” concepts, such as storm water planter boxes and porous pavement where possible.
- Conceptual designs for underground utilities.
- Conceptual designs to improve drainage conveyance.

1. Project Initiation

Task 1.1: Project Kick-off Meeting
- The City will hold a kick-off meeting with Caltrans staff to discuss grant procedures and project expectations including invoicing, quarterly reporting, and all other relevant project information. Meeting summary will be documented.
- Responsible Party: The City
Task 1.2: **Staff Coordination**
- Monthly face-to-face project team meetings with consultants to ensure good communication on upcoming tasks and to make sure the project remains on time and within budget. Caltrans staff will be invited to the project team meetings.
- Responsible Party: The City

Task 1.3: **RFP for Consultant Services**
- Complete an RFP process for selection of a consultant using the proper procurement procedures.
- Responsible Party: The City

Task 1.4: **Identify Existing Conditions**
- Gather existing conditions and background data by identifying opportunities and constraints as well as standards that should be used to guide preparation of the plan such as existing and planned land uses, population characteristics, and travel projections within the City.
- Inventory and evaluate existing bicycle and pedestrian facilities.
- Responsible Party: Consultant

2. **Public Outreach**

*Note: All meetings will be publically noticed to ensure maximum attendance. All public notices will be in English and Spanish. Spanish translators and sign language interpreters will be present at all workshops.*

Task 2.1: **Community Workshop #1**
- Walking tour and workshop. This workshop will introduce the project to the public, define project parameters, inform community of project opportunities and constraints, and solicit opinions from the community to shape Task 3.1, Develop Streetscape Concept.
- Responsible Party: Consultant
Task 2.2: Community Workshop #2
- An interactive workshop that will use clicker technology, modeling tools, and maps to present the streetscape design concept alternatives. Community will decide on preferred alternatives. Continue to solicit feedback from the community to shape Task 3.3, Draft Complete Street Plan.
- Responsible Party: Consultant

Task 2.3: Community Workshop #3
- Present Draft Design Concept and Report and continue to solicit feedback for public comments to shape Task 3.3, Draft Complete Street Plan and Task 3.6, Final Complete Street Plan.
- Responsible Party: Consultant

3. Streetscape Plan

Task 3.1: Develop Streetscape Concept
- Based on the existing conditions report and the community input from Workshop #1, a streetscape concept will be developed. Streetscape conceptual design will incorporate complete streets concepts and will include plans, sketches, and photos.
- Responsible Party: Consultant

Task 3.2: Develop Conceptual Design Concept Alternatives
- Up to three complete street conceptual design alternatives will be developed. Illustrations will be made in plan view, as street cross sections, and as sketches. A model simulation will be developed for each alternative. The alternatives will be prepared and presented at Community Workshop #2.
- Responsible Party: Consultant
Task 3.3: Draft Complete Street Plan
- Based on the preferred design alternative chosen in Workshop #2, a draft report will be prepared. The draft report will be presented at Workshop #3 for public comment.
- Responsible Party: Consultant

Task 3.4: Identify Potential Funding Sources
- Review and identify potential funding sources for future implementation of the preferred alternative.
- Responsible Party: Consultant

Task 3.5: Joint Planning/Parking and Safety/Bicycle Advisory Commission Meeting
- Coordinate a joint session among the three commissions to review the draft report and conceptual design alternative. Solicit feedback, respond to any questions, and resolve any critical issues.
- Responsible Party: The City/Consultant

Task 3.6: Final Complete Street Plan
- Complete the final report that addresses the comments given from Workshop #3 and the Joint Commission Meeting. Four hard-copies and four electronic copies of the final report will be submitted to Caltrans. Credit of the financial contribution of the grant program will be credited on the cover of the report.
- Responsible Party: Consultant

Task 3.7: City Council Adoption
- Present the final Complete Street Plan at the City Council meeting. Resolve any critical issues. Adopt final City of Can Do Complete Street Plan.
- Responsible Party: The City/Consultant

4. Fiscal Management

Task 4.1: Invoicing
- Submit complete invoice packages to Caltrans District staff based on milestone completion—at least quarterly, but no more frequently than monthly.
- Responsible Party: The City

Task 4.2: Quarterly Reports
- Submit quarterly reports to Caltrans District staff providing a summary of project progress and grant/local match expenditures.
- Responsible Party: The City
