

### Fiscal Year 2013-14 Partnership Planning

<i>District</i>	<i>Application Type</i>	<i>Grantee Sub-recipient</i>	<i>County</i>	<i>Project Title</i>	<i>Senate District</i>	<i>Assembly District</i>	<i>Project Description</i>
3	Partnership Planning	El Dorado County Transportation Commission	El Dorado & Sacramento	Sacramento-Placerville Transportation Corridor Alternatives Analysis	1	5 6	The Sacramento-Placerville transportation Corridor Alternatives Analysis will assess modal options for development of a transportation, recreation, and economic resource for the Greater Sacramento Area within 30 miles of the Sacramento-Placer Transportation Corridor from Missouri Flat Road in El Dorado County to the Humbug-Willow Creek Trail in the City of Folsom.
3	Partnership Planning	Placer County Transportation Planning Agency	Placer	Sequencing Interstate 80 and State Route 65 Transportation Improvements Study	1	5	The Sequencing I-80 and State Route 65 Transportation Improvements Study will determine when phases of transportation infrastructure projects should be constructed to improve safety and relieve existing congestion using limited funding. The study will enhance ongoing federal, state, and local coordination for projects anticipated to begin construction by 2020. The final report will be used to begin constructing projects in the sequence identified and pursue additional federal, state and local funding.
4	Partnership Planning	Santa Clara Valley Transportation Authority, Congestion Management Agency Division	Santa Clara	I-680 South Corridor Study	10 15	25	The I-680 South Corridor Study will develop a strategic plan for the southern segment of the Bay Area's I-680 corridor. Through a collaborative effort with local, State and regional stakeholders, the study will identify improvement projects that promote mobility and connectivity, enhance safety and security, support economic vitality and sustainability, and is sensitive to the environment and community values for programming and implementation.
5	Partnership Planning	Association of Monterey Bay Area Governments	San Benito & Santa Barbara	US Route 101 Study	17	29	The 101 Corridor Freight Study will identify short and long-term alternatives to improve freight mobility and transportation operations along US 101 from San Benito County through Santa Barbara County. This study will assess opportunities for improved operations, safety, and efficiency, and will identify funds for recommended improvements. Covering three Metropolitan Planning Organization regions, and led by a working group from regional governments from five counties, the study will complement Caltrans and local efforts.
6	Partnership Planning	Kings County Association of Governments, Fresno Council of Governments & Tulare County Association of Governments	Fresno, Kings, & Tulare	State Route 198 Corridor Preservation and Improvement Strategic Plan	18	26 31 32	The State Route 198 Corridor Preservation and Improvement Strategic Plan will establish up to date transportation data for the corridor through the Fresno, Kings, and Tulare Counties. The Plan will also establish performance measures to provide operational and safety improvements leading to the ultimate design as recommended by the State Route 198 Corridor Systems Management Plan
7	Partnership Planning	LA METRO, City of Diamond Bar	Los Angeles	SR57/SR60 Confluence, Feasibility Study Phase 2	29	55 24 57	State Route 57/60 Improvements Project has been identified and programmed in the 2012 Los Angeles County Metro's Multi-County Goods Movement Action Plan and the Long Range Transportation Plan, as well as in the Southern California Association of Governments Regional Transportation Plan. With the joint effort between the City of Industry, City of Diamond Bar, and the Metropolitan Transportation Authority, an Initial Feasibility Study was conducted in 2008 to evaluate potential improvements at the State Route 57/60 confluence.

<i>District</i>	<i>Application Type</i>	<i>Grantee Sub-recipient</i>	<i>County</i>	<i>Project Title</i>	<i>Senate District</i>	<i>Assembly District</i>	<i>Project Description</i>
10	Partnership Planning	Calaveras Council of Governments & City of Angels Camp	Calaveras	State Route 4 & 49 Gateway Corridor Study	1	5	The City, Caltrans and Calaveras Council of Governments will partner to provide a Gateway Corridor Study for State Route 4 & 49 in the City of Angels Camp. The Study will master plan land uses and transportation improvements to protect the function, design and economic vitality of the corridors. Through coordinated planning efforts, the study will plot future transportation strategies to improve corridor safety, access, aesthetics, and mobility.
11	Partnership Planning	San Diego Association of Governments	San Diego	Active Transportation and Demand Management Strategy for I-805 South Express Lanes Project	39 40	78 79 80	The proposed project will develop an Active Transportation and Demand Management Plan for the southern portion of Interstate 805 (I-805) in the San Diego region. The Active Transportation Demand Management Plan will evaluate the full range of available demand management and traffic management strategies and integrate select strategies into a holistic framework for managing the corridor. The Active Transportation Demand Management strategy will be integrated into the I-805 South Project to support the investment in Express Lanes and bus rapid transit.
