**BACKGROUND**

This amendment programs \$500,000 from Stanislaus County's Unprogrammed Share Balance for environmental studies on a widening project on Route 132 in San Joaquin and Stanislaus Counties.

This project was designated as project #110 for \$2,000,000 in the Traffic Congestion Relief (TCR) Program established by Assembly Bill (AB) 2928. In addition to the \$500,000 in RIP funds, the TCR Program will provide \$500,000 for environmental studies and \$1,500,000 for design, for a total proposed programmed amount of \$2,500,000. The application for \$500,000 in TCR funds for phase 1 (environmental studies) of the project was approved by the Commission in December 2000, under Resolution TA-00-03. Application for phase 2 (design) of the TCR funds will be submitted prior to the start of design work (scheduled in FY 2003-2004).

Future funding needs for the right of way and construction components, estimated to cost about \$16,000,000, will be proposed in future STIP cycles.
