REVIEW OF ENVIRONMENTAL DOCUMENTS
RELATED TO COMMISSION ACTIONS ON THE CURRENT AGENDA
ROUTE 101 IN SONOMA COUNTY

RECOMMENDATION

The Department recommends the California Transportation Commission, as a responsible agency, consider the Negative Declaration for a project before approving funds for the project under Book Item 2.5.b.(1) #11.

SUMMARY AND CONCLUSIONS

The overall project for which a Negative Declaration has been completed and funding is being requested:

- Route 101 in Sonoma County- Construct HOV lanes in and near the Cities of Rohnert Park and Santa Rosa.

The project is programmed in the 1998 State Transportation Improvement Program (STIP) for construction in the 1999-2000 fiscal year at \$28.7 million (\$22.9 million capital funds and \$5.8 million support funds). The current cost estimate for the project is \$32.6 million (capital and support costs). The Sonoma County Transportation Authority will authorize additional funds, from Sonoma County's portion of STIP funds currently in reserve, to cover the shortfall.

The Negative Declaration and supporting Initial Study has been transmitted to Commission staff.

The Department has approved the project for construction. Consideration of the Negative Declaration and filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
