**FISCAL YEAR 2000-2001 ALLOCATION OF FUNDS TO MATCH
FEDERAL AIRPORT IMPROVEMENT PROGRAM GRANTS**

RECOMMENDATION

The Department of Transportation (Department) recommends that the California Transportation Commission (Commission) approve Resolution FDOA-2000-5, allocating funds for Fiscal Year (FY) 2000-01 to match federal Airport Improvement Program (AIP) grants.

BACKGROUND

In March 2000, the Commission adopted the 2000 Aeronautics Program which includes a set-aside of \$1,600,000 to match AIP grants in FY 2000-01. This allocation provides the authority for the Department to subvent matching funds to individual projects as requested by airport sponsors. The State can provide a match of up to five percent of an AIP grant as per Section 21683.1 of the Public Utilities Code.

The Department provides Commission staff with monthly reports on allocations for AIP Matching funds. The reports show the sponsor name, the airport name, a project description, the AIP grant amount, the state matching amount, and an explanation of any portions of the AIP grant that were not matched. Because the Aeronautics Account is continuously appropriated, the unused remainder of this allocation would be available in FY 2001-02 to fund additional Aeronautics Program projects.

The attached resolution includes a new clause clarifying that the intent of AIP Matching grants is to improve conditions for general aviation rather than air carriers, air cargo, or military aviation. The Department added this clause because the sole funding source for AIP Matching grants is an excise tax on the fuel that general aviation aircraft use. This clause precludes matching for a project whose primary purpose has little or no benefit to general aviation such as strengthening a runway to handle large, military aircraft or extending a runway to allow civilian cargo aircraft to take off with full loads on hot days. The Commission's Technical Advisory Committee on Aeronautics (TACA) will review the resolution at its July 6, 2000 meeting and provide a recommendation to the Commission.

CALIFORNIA TRANSPORTATION COMMISSION

Allocation of Funds to Match Federal Airport Improvement Program (AIP) Grants

Resolution FDOA-2000-5

- 1.1 WHEREAS, pursuant to Section 21683.1 of the Public Utilities Code (PUC), the California Transportation Commission is authorized to allocate funds for a portion of the local match for Federal Airport Improvement Program (AIP) grants to certain airports; and
- 1.2 WHEREAS, the Commission sponsored the legislation which enacted PUC 21683.1 in order to maximize the amount of federal airport funds that can be allocated to California; and
- 1.3 WHEREAS, the Federal Aviation Administration requires that airport sponsors certify that matching funds are available as a condition of accepting a federal grant; and
- 1.4 WHEREAS, on March 30, 2000 the Commission adopted the three-year 2000 Aeronautics Program in the amount of \$15,976,000 including a set-aside of \$1,600,000 for AIP Matching grants in Fiscal Year 2000/01; and
- 1.5 WHEREAS, on July 15, 1999 the Commission approved the Capital Improvement Program which is an element of the California Aviation System Plan and lists needed airport improvement projects from all funding sources;
- 2.1 NOW, THEREFORE BE IT RESOLVED, that, regarding Federal Airport Improvement Program grants made by the Federal Aviation Administration to public entities in this state from July 1, 2000 through June 30, 2001, with the approval of the Department of Transportation, at such time as the federal grant offer is accepted by the public entity applicant, there is allocated to each applicant from the Aeronautics Account, five percent (5%) of that portion of the grant whose primary benefit is for general aviation in order to provide a part of the local match for the grant in accordance with the provisions of Public Utilities Code Section 21683.1, until the total of all such allocations equals \$1,600,000; and
- 2.2 BE IT FURTHER RESOLVED, that the Department shall provide Commission staff with monthly status reports on sponsors' matching fund applications that have been approved by the Department.
