DELEGATION OF ALLOCATION AUTHORITY
LOCAL ASSISTANCE ALLOCATIONS FOR LOCAL STORM DAMAGE
AND LOCAL STREET AND ROAD PAVEMENT REHABILITATION PROJECTS
RESOLUTION G-99-09 ALLOCATIONS

BACKGROUND

On March 30, 1999, the California Transportation Commission delegated to the Department authority to allocate funds by Resolution G-99-09 for Local Storm Damage and Local Street and Road Pavement Rehabilitation projects. In addition, the Commission delegated to the Department authority to advance the allocation by one year with the approval of the responsible regional agency. This authority allows the local agencies to begin work without waiting for the next CTC meeting to receive an allocation and to begin work earlier if the project or component is ready for implementation one year earlier.

These Local Storm Damage and Local Street and Road Pavement Rehabilitation projects are included in the adopted State Transportation Improvement Program (STIP).

SUMMARY AND CONCLUSIONS

Pursuant to the authority granted by Resolution G-99-09, since the last report period the Department made 36 separate allocations totaling \$12,687,000, for 35 Local Storm Damage and Local Street and Road Pavement Rehabilitation projects. Thirty of the project allocations, totaling \$9,056,000, were made in Fiscal Year (FY) 99-00; five of those allocations, totaling \$2,011,000, were advanced from FY 00-01. The remaining six project allocations, totaling \$3,631,000, were made in FY 00-01, in which one allocation for \$262,000 was advanced from FY 01-02. A list of the allocations is attached.

For FY 99-00, a total of \$112,896,200 was allocated for 301 projects, in which \$9,296,000 was for 21 projects scheduled for implementation in FY 00-01. To date for FY 00-01, a total of \$3,631,000 has been allocated for six projects, in which \$262,000 was for one project scheduled for implementation for implementation in FY 01-02.
