STIP AMENDMENT 98S-150 NOTICE

SUMMARY

This amendment programs an additional \$196,000 from two Counties' Unprogrammed Share balances (\$150,000 from Trinity and \$46,000 from Humboldt) and transfers \$552,000 in existing Interregional Improvement Program (IIP) funding from two Shasta County projects for environmental studies on a project to realign the newly designated Route 299 Corridor in Shasta and Trinity Counties.

RECOMMENDATION

The Trinity County Transportation Commission (TCTC), Humboldt County Association of Governments (HCAG) and the Department are recommending approval of this amendment.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) at the end of the 30 day notice period as follows:

Revises:

BACKGROUND

This amendment programs an additional \$196,000 from two Counties' Unprogrammed Share balances (\$150,000 from Trinity and \$46,000 from Humboldt) and transfers \$552,000 in existing Interregional Improvement Program (IIP) funding from two Shasta County projects for environmental studies on a project to realign the newly designated Route 299 Corridor in Shasta and Trinity Counties.

The proposed improvements on Route 299 will realign the roadway between post mile 72.0 in Trinity County and post mile R7.4 in Shasta County. This amendment proposes that these 7.8 miles be

STIP Amendment 98S-150
September 28-29, 2000

designated as a corridor project. Two of the three segments (PPNO 0166B and 0166C) are funded through construction. Design (PS&E), Construction, and any necessary rights of way, for the third segment, (PPNO 0166A) will be funded from future STIP cycles.

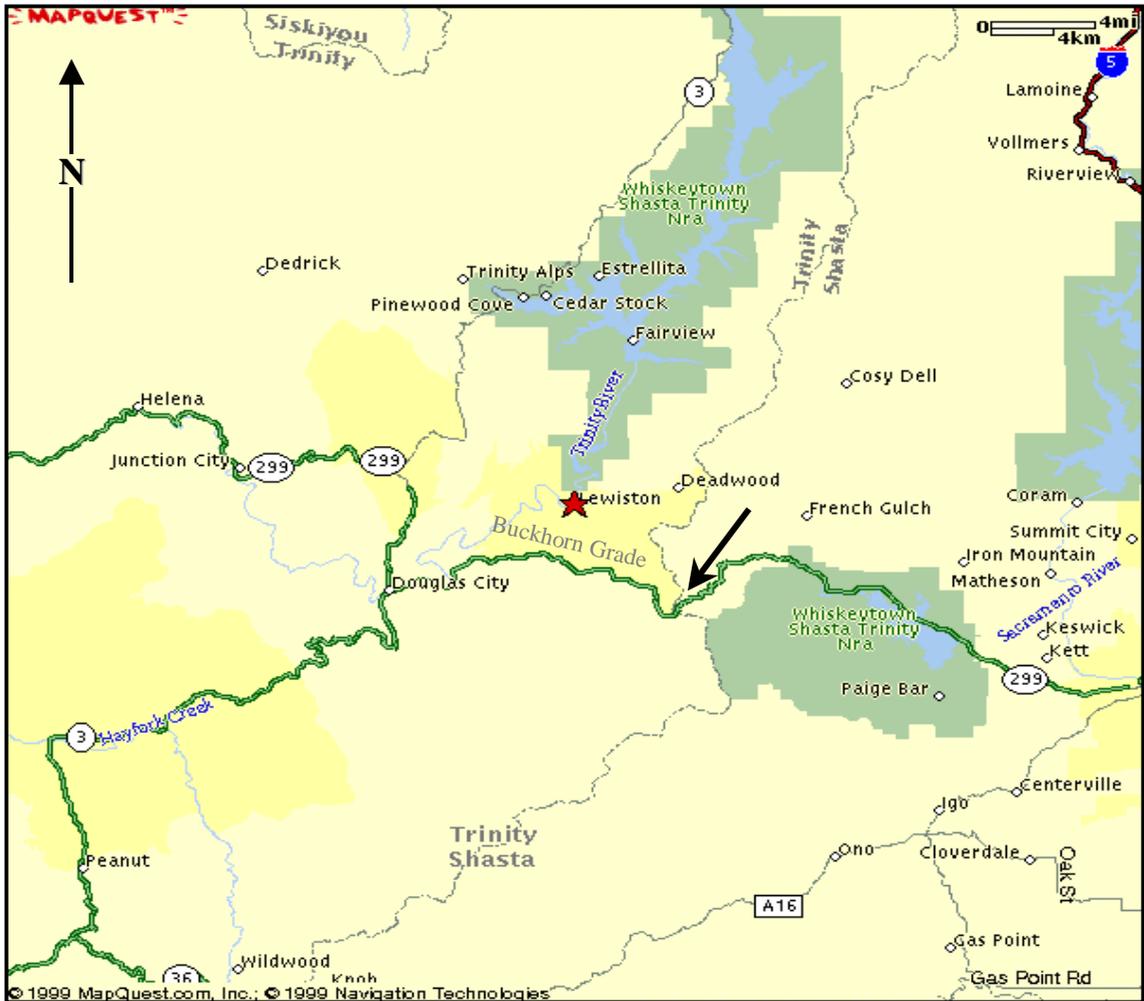

In order to comply with the Federal Highway Administration, this amendment proposes to create one project (PPNO 0166A) to cover environmental studies (PA&ED) for all three segments. The Department proposes to transfer \$552,000 in IIP funding (\$337,000 from PPNO 0166B and \$215,000 from PPNO 0166C) to PPNO 0166A.

The current schedule for PPNO 0166B and 0166C is compressed, and depending on the outcome of the environmental document, the schedule may need to be reevaluated.
