## **ALLOCATIONS FOR EMERGENCY PROJECTS** **INFORMATION**

### **BACKGROUND**

The California Transportation Commission by Resolution G-11, as revised by Resolution G-94, delegated to the Department of Transportation (Department) authority to allocate funds to correct certain situations caused by floods, slides, earthquakes, material failures, slipouts, unusual accidents or other similar events. This allows the Department to immediately begin corrective action in an emergency condition without waiting for the next CTC meeting to receive an allocation.

This authority is operative whenever such an event:

1. Places people or property in jeopardy.
2. Causes or threatens to cause closure of transportation access necessary for;
  - a. Emergency assistance efforts.
  - b. The effective functioning of an area's services, commerce, manufacture or agriculture.
  - c. Persons in the area to reach their homes or employment.
3. Causes either an excessive increase in transportation congestion or delay, or an excessive increase in the necessary distances traveled.

The G-11 Resolution also requires the Department to notify the California Transportation Commission, at their next meeting, whenever such an emergency allocation has been made.

### **SUMMARY AND CONCLUSIONS**

Pursuant to the authority granted by Resolution G-11, \$500,000 in State funds have been allocated for one (1) emergency construction project in and near the City of Ventura from Main Street north of Ventura interchange. Initial G-11 Allocation was required to execute an emergency completion contract to finish construction.
