STIP AMENDMENT 98S-156 ACTION

ACTION UPDATE FROM NOTICE

This item was noticed at the November 2000 Commission meeting; the Commission requested the Action Item be placed on the consent calendar. After the Notice, the planned fiscal year for construction shown in the "Background" has been changed from FY 2003-04 to FY 2004-05 at the request of the project sponsor.

SUMMARY

This amendment programs \$685,000 from Placer County's Advance Project Development Element (APDE) for an interchange reconstruction project at Interstate 80 and Sierra College Boulevard. This project will complete the environmental and design phases for a project that will replace the overcrossing structure, widen the roadway, and reconstruct the interchange ramps.

RECOMMENDATION

The Placer County Transportation Planning Agency is requesting this amendment. The Department has reviewed the amendment and found it to be consistent with the Commission adopted STIP guidelines.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) at the end of the 30 day notice period as follows:

Adds:

BACKGROUND

This amendment programs \$685,000 from Placer County's Advance Project Development Element (APDE) for an interchange reconstruction project at Interstate 80 and Sierra College Boulevard. This project will complete the environmental and design phases for a project that will replace the overcrossing structure, widen the roadway, and reconstruct the interchange ramps.

The purpose of this project is to improve traffic conditions on Sierra College Boulevard at the I-80 interchange. Sierra College Boulevard is used as a regional corridor. This project will widen Sierra College Boulevard from two to four lanes and reconstruct the overcrossing to facilitate the future widening of I-80 and to improve vertical clearance. Construction is planned for FY 2004-05.
