**RESOLUTION FP-01-99**

**RECOMMENDATION**

The California Department of Transportation (Department) does not recommends the California Transportation Commission approve the following Resolution allocating an advancement of \$735,000. Approving allocation requests of projects programmed in advanced years will cause the allocations to exceed the funds identified for the current year STIP Fund Estimate and will effect our ability to fund currently programmed projects. Funding is contingent upon the approval of Resolution FM-01-08 by the CTC and Department of Finance. In the event that Resolution FM-01-08 is not approved Local Programs will establish the priority of funding based on availability of funds.
