Ref: **INFORMATIONAL REPORT - SEISMIC RETROFIT PROJECT PHASE 1 ALLOCATION**

SUMMARY:

Pursuant to the authority granted by Resolution G-11, State Highway Account funds of \$256,000 have been allocated for one (1) Seismic Retrofit Phase 1 project described below.

Project # 1. In Los Angeles County in the City of Los Angeles on multiple structures. This project is for the retrofit of various structures on Routes 5, 60 and 101. Construction was completed in 1997. This supplemental request is to pay a final arbitration award to the contractor.

BACKGROUND:

On March 30, 1994, the California Transportation Commission delegated to the Department authority to allocate funds by Resolution G-11, as revised by Resolution G-94, for seismic retrofit projects. This authority allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

This project is part of the legislatively mandated Bridge Seismic Retrofit Program (SB131), approved by the Governors Office on March 15, 1994.
