

Memorandum

To: CHAIR AND COMMISSIONERS

CTC Meeting: June 25-26, 2003

Reference No.: 2.1b.(1)
Information Item

From: ROBERT L. GARCIA
Chief Financial Officer

Prepared by: Jim Nicholas
Division Chief
Transportation Programming

Ref: **STIP AMENDMENT 02S-094**

The Colusa Local Transportation Commission (LTC) has requested that this proposed State Transportation Improvement Program (STIP) amendment be noticed at the June 2003 California Transportation Commission (Commission) meeting, and be considered for approval in August 2003. This notice is an informational item allowing the Commission to review the proposal, comment and/or ask questions prior to taking formal action in August or later.

Colusa County and the Colusa LTC request that the Commission approve three replacement projects per AB 3090, to replace the currently programmed funds for Environmental (PA&ED) and Design (PS&E) work in FY 2006-07. Colusa County will use its local funds to complete PA&ED and PS&E for these projects and will program a total of \$33,000 in FY 2006-07 for replacement projects, an alternative project will be identified at a later date. This is a revenue neutral programming action.

RECOMMENDATION:

The Department of Transportation (Department) recommends that the item be placed on the consent calendar for approval at the August 2003 Commission meeting.

BACKGROUND:

The Commission Policy on AB 3090 encourages local agencies to use local funds to advance the delivery of projects programmed in the STIP. Colusa County proposes to accelerate delivery of the environmental and design phases for three local road rehabilitation projects with its own local funds. In addition, the County plans to program three related replacement projects in the STIP, in accordance with the Commission Policy that gives preference to the programming of AB 3090 replacement projects over AB 3090 direct reimbursement arrangements. The specific AB 3090 replacement project will be amended into the STIP at a later date.

The three projects were programmed into the 2002 STIP at the October 2002 Commission meeting. The projects are RIP funded in FY 2006-07 in the amounts of \$1,087,000 for Norman Road Rehabilitation (PPNO 3L70), \$600,000 for Grimes/Arbuckle Road Rehabilitation (PPNO 3L80), and \$447,000 for Highway 99W Rehabilitation (PPNO 3L81). Colusa County plans to begin work on the projects upon the approval of this amendment, utilizing their local Road Funds. The rehabilitation of the roads shall resolve problems with wheel rutting and water infiltration.

RESOLUTION:

Resolved, that the California Transportation Commission (Commission) revise the 2002 State Transportation Improvement Program (STIP) at the end of the 30-day notice period as follows:

Revises:
