Ref: **HIGHWAY/RAIL AND TRANSIT PENDING ALLOCATION LIST PROJECTS**

## **ISSUE:**

Starting with the December 2002 meeting, the California Transportation Commission (Commission) took action to defer approval of allocations for highway, rail and transit projects due to the continuing uncertainties in the State Highway Account cash balance.

In the meantime, implementing agencies continue to submit allocation requests for projects that have been delivered. Moreover, some agencies have requested that projects be removed from the list so funds could lapse and be returned to their county share. The attached list identifies 385 pending allocation requests totaling \$646,962,132, that have been deferred since December 2002.

At this time, the Department of Transportation (Department) requests that the six projects under the SHOPP Transportation Enhancement Activities (TEA) section and four projects under the Statewide Transportation Enhancement (STE) section be allocated from the pending allocation list. These projects are all 100% federally funded. Of the \$364 million in federal Transportation Enhancement (TE) apportionment provided to California during TEA-21 FFY 1998 through FFY 2003, only \$217 million or 60% has been obligated to date. An allocation of federal funds for the projects at this time will reduce the risk that some federal TE funds will lapse. The projects are:
