Ref: **INFORMATIONAL REPORT – SHOPP SAFETY PROJECT ALLOCATED BY THE DEPARTMENT UNDER RESOLUTION G-01-10**

Pursuant to the authority granted by Resolution G-01-10, funds of \$2,298,000 were allocated for one (1) State Highway Operation Protection Program (SHOPP) safety project on the attached list.

This major construction project is included in the adopted SHOPP approved by the California Transportation Commission (Commission) on April 4, 2002.

As of this report, \$34,205,000 in safety-delegated projects were allocated in FY 2003-04. The Department of Transportation (Department) has installed 37.3 centerline miles of median barriers, installed and upgraded guardrails, rehabilitated or widened roadways in 17 locations in FY 2003-04.

## **BACKGROUND:**

On March 28, 2001, the Commission delegated to the Department authority to allocate funds by Resolution G-01-10 for SHOPP safety and pavement rehabilitation projects. This authority allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

Delegation authority of rehabilitation projects was suspended at the December 2002 meeting.

The Department has complied with the National Environmental Policy Act and the California Environmental Quality Act requirements in preparing this project.

The SHOPP as approved by the Commission, is a four-year program of projects with the total annual proposed expenditures limited to the annual Commission approved Fund Estimate. The Commission, subject to monthly reportings and briefings, has delegated to the Department the authority to amend programmed projects, the authority to allocate funds for safety projects and the authority to allocate funds to emergency projects. The Department uses prudent business practices to manage the combination of individual project cost increases, and savings to meet Commission policies.
