Ref: **PENDING TRAFFIC CONGESTION RELIEF (TCR) PROGRAM LETTER OF NO PREJUDICE APPROVALS**

## **BACKGROUND:**

Government Code Section 14556.33, established by Chapter 908 (AB1335) of the Statutes of 2001, allows an applicant agency, that is either a regional or local entity, to seek approval of an AB 1335 Letter of No Prejudice (Letter). If approved by the California Transportation Commission (Commission), the Letter allows the applicant agency to expend its own funds for any component of the transportation project, and seek allocation and reimbursement from the Traffic Congestion Relief (TCR) Fund in future years. On August 14, 2003, the Commission approved Resolution G-03-12 adopting the Guidelines for Letter of No Prejudice, Traffic Congestion Relief Program (Guidelines).

On May 13, 2004, the Administration released its budget proposals for FY 2004-05. The proposals include the transfer of \$163,000,000 to the TCR Fund from the General Fund for those TCR projects with existing allocations with intention that the Business, Transportation, and Housing Agency, in cooperation with the Commission, conduct a review of TCR projects to determine which projects will receive future funding.

To date, the Legislature has not taken action to approve these proposals. The following list identifies seven Letter requests totaling \$569,325,000 deferred by the Commission until such time future funding for the TCR Program can be assessed and the review of TCR projects is completed.
