

# Memorandum

To: CHAIR AND COMMISSIONERS

CTC Meeting: March 2-3, 2005

Reference No.: 2.5f.(2)  
Information Item

From: CINDY McKIM  
Chief Financial Officer

Prepared by: Norma Ortega  
Division Chief  
Budgets

Ref: **INFORMATIONAL REPORT - SEISMIC RETROFIT PHASE 2 ALLOCATION**

## **SUMMARY**

Pursuant to the authority granted by Resolution G-11, State Highway Account funds of \$117,000 have been allocated for one (1) Seismic Retrofit Phase 2 project described below.

Project #1. In Monterey County, near Carmel at Big Creek Bridge (Bridge 44-56). Initial project consisted of retrofitting the historic Big Creek Bridge by reinforcing the towers, tying the pier footings into bedrock, placing reinforcing piles at the abutments and running cable restrainers under the soffit. Construction is 100% complete. This supplemental allocation is to settle an arbitration agreement and close out this contract.

## **BACKGROUND:**

On March 30, 1994, the California Transportation Commission delegated to the Department authority to allocate funds by Resolution G-11, as revised by Resolution G-94, for seismic retrofit projects. This authority allows the Department of Transportation to begin work without waiting for the next California Transportation Commission meeting to receive an allocation.

This project is part of the legislatively mandated Bridge Seismic Retrofit Program (SB131), approved by the Governors Office on March 15, 1994.
