Ref: **STIP AMENDMENT 04S-076**

The Siskiyou County Local Transportation Commission (Siskiyou LTC) and the City of Yreka (City) are requesting that this proposed State Transportation Improvement Program (STIP) amendment be noticed at the August 2005 California Transportation Commission (Commission) meeting and be considered for approval in September 2005. This Notice is an informational item allowing the Commission to review the proposal, comment and/or ask questions prior to taking formal action in September 2005 or later.

Siskiyou LTC proposes to reprogram \$256,000 from the FY 2006-07 and FY 2007-08 Regional Improvement Program (RIP) Transportation Enhancement (TE) Reserves (PPNO 2398) to FY 2005-06 Construction for the new TE project, Yreka Downtown Bike and Pedestrian Path (PPNO 2398B).

## **RECOMMENDATION**

The Department of Transportation (Department) recommends the item be placed on the consent calendar for approval at the September 2005 Commission meeting.

## **BACKGROUND**

The Yreka Downtown Bike and Pedestrian Path project (PPNO 2398B) includes a bicycle and pedestrian path to connect the downtown area with recreational and historic destinations on the opposite side of the central Yreka interchange of Interstate 5. This TE project was originally programmed for Preliminary Engineering (PA&ED) only with regional TEA funds with the anticipation of programming construction at a future date. This amendment programs the Construction component of the project which provides improved bicycle access, along with pedestrian safety. This area is a well-used route for motorists, cyclists, and pedestrians, and lacks sidewalks and signage or pavement markings for bicycles. The bike and foot traffic has increased in this corridor, resulting in the need for improved safety. The City is ready to construct this project.

**RESOLUTION**

Resolved, that the California Transportation Commission revise the 2004 State Transportation Improvement Program at the end of the 30-day notice period as follows:
