Subject: **TRAFFIC CONGESTION RELIEF PROGRAM (TCRP) PROJECT APPLICATION
AMENDMENT APPROVAL
RESOLUTION TAA-06-28, AMENDING RESOLUTION TAA-04-05**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) approve Resolution TAA-06-28, amending the application for Traffic Congestion Relief Program (TCRP) Project #27.2 described below.

ISSUE:

The Alameda County Congestion Management Agency and the city of Livermore request approval of the following TCRP project application amendment to redistribute \$6,000 in TCRP funding.

Project #27.2 – Vasco Road ACE Station Commuter Parking Facility. Amend application to:

- Redistribute \$6,000 in TCRP funds from Project Approval and Environmental Document (PA&ED) to Construction
- Update the project schedule and funding plan.

BACKGROUND:

This project will provide additional parking to the existing Altamont Commuter Express (ACE) station at Vasco Road for use by ACE riders and Livermore Amador Valley Transportation Agency commuters to accommodate present and future parking needs. The existing lot consists of 80 spaces, and this project will construct 220 additional paved and unpaved spaces. The project will also include a new access road, and possible improvements to the bus facilities and parking lot access/egress movements for existing and proposed shuttle services.

The project is ready to proceed to construction. PA&ED was completed, with \$6,000 identified as savings, which can be utilized in maximizing the amount of paved parking.

A concurrent allocation of \$1,210,000 for Construction is requested under Reference No. 2.6e.(2).

RESOLUTION:

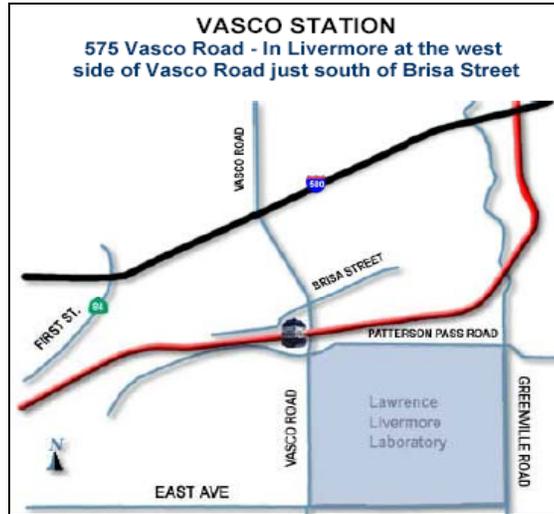

Resolved, with all conditions stipulated still in effect, the California Transportation Commission hereby revises TCRP Project #27.2 as follows:
