Subject: **FINANCIAL ALLOCATION FOR TRAFFIC CONGESTION RELIEF PROGRAM (TCRP) PROJECTS**
RESOLUTION TFP-06-13

RECOMMENDATION:

The California Department of Transportation (Department) recommends that the California Transportation Commission (Commission) approve Resolution TFP-06-13, allocating \$95,551,000 in new TCRP funding for the ten TCRP projects, as identified on the attached Vote List with the stipulation that these allocations be under contract within six months.

ISSUE:

The agencies identified on the attached Vote List have indicated that they are ready to proceed with their respective TCRP projects. Commission approval is necessary prior to award of a contract in order to ensure that all eligible expenditures are reimbursable.

BACKGROUND:

With the approval of the 2005-06 TCRP/STIP Allocation Policy on March 16, 2005, the Commission resumed allocating new funding for those projects that can award contract within six months. Should the new allocation not be under contract in six months, and the extension request be denied, the project shall forfeit the allocation thus making TCRP funds available to other projects that are ready to proceed. Please note, these projects may return for a new allocation at a future date.

FINANCIAL RESOLUTION:

Resolved That:

The project(s), as component phases or in their entirety, appear under Government Code Section 14556.40(a) and are entitled to participate in this allocation amendment.

Reimbursement of eligible costs is subject to the policies, restrictions and assurances as set forth in the Commission's policy for allocating, monitoring, and auditing TCRP projects, and is governed by the terms and conditions of the Fund Transfer Agreement, Program Supplement or Cooperative Agreement, and subsequent amendments, as executed between the Implementing Agency and the Department.
