RESOLUTION E-07-08**

RECOMMENDATION:

The Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-07-08.

ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- Route 89 in Placer County – Roadway improvements near Tahoe City.

This project in Placer County will make roadway improvements near Tahoe City. This project is fully funded in the 2006 SHOPP. The total estimated project cost is \$85,300,000. Construction is estimated to begin in FY 2007-08.

A copy of the Mitigated Negative Declaration has been provided to Commission staff. The project will involve the removal of mature vegetation and the disturbance of existing wetlands. In addition, changes in the visual character of the area in the form of new lighting resulted in a Mitigated Negative Declaration being completed for this project.

The Department has approved this project for construction. This approval and the filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
