Subject: **THIRD QUARTER EXCESS LAND DISPOSAL REPORT**

THIRD QUARTER FISCAL YEAR (FY) 2006-07

The disposal of surplus properties from the California Department of Transportation's (Department) holdings is on track for Fiscal Year (FY) 2006-07. The return to the State Highway Account for this period was $5,776,053 from sales with an estimated value of $5,992,901. The original aggregate cost of these properties was $4,535,120.

EXCESS LAND DISPOSAL CONTRACT

Director Kempton and each of the District Directors have committed to disposing a total of 640 parcels through the end of calendar year 2007 (Disposal Contracts attached). Of that total, 266 parcels are slated for disposal in FY 2006-07, with 134 parcels identified for disposal through March 31, 2007. Of the 34 properties scheduled for disposal for this reporting period, 25 have been disposed on or ahead of schedule. The Department anticipates that three of the remaining properties will be disposed by the close of the fiscal year, and the last six will be disposed of by the end of the calendar year.

The attached spreadsheet, with the detail of the contract commitments, is current as of May 10, 2007, and shows the progress that is continuing in the fourth quarter of the fiscal year.

ENVIRONMENTAL DOCUMENT MILESTONES

In addition to the disposals of property, the Department is also tracking the delivery of the environmental documents for these disposals. Not only have the Department's environmental offices delivered final environmental documents on a timely basis for those properties disposed of in the first two quarters of FY 2006-07, but they have delivered 100 percent of those documents required for the entire fiscal year.
