Subject: **APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING,
02-SHA-89, PM 26.3/30.7
RESOLUTION E-08-05**

RECOMMENDATION:

The Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-08-05.

ISSUE:

The attached resolution proposes to approve for future consideration of funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- State Route 89 in Shasta County – Bridge replacement near McCloud.

This project in Shasta County will replace an existing bridge near McCloud. The project is not fully funded. The project is currently on the 2008 State Highway Operation and Protection Program (SHOPP) Long Lead Projects List. The total estimated project cost is \$120,000,000. It is estimated to begin construction in Fiscal Year 2013-14.

A copy of the MND has been provided to Commission staff. The project will involve construction activities in an area that is habitat to three federally listed special-status species and one state species of special concern. These species include the Bald Eagle, Northern Spotted Owl, Rough Sculpin, and the Osprey. As a result, a MND was completed for this project.

The Department has approved this project for construction. This approval and the filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
