**RESOLUTION E-10-48**

## **RECOMMENDATION:**

The California Department of Transportation (Department) recommends that the California Transportation Commission (Commission), as a responsible agency, approve the attached Resolution E-10-48.

## **ISSUE:**

The attached resolution proposes to approve for future consideration of funding the following project for which a Mitigated Negative Declaration (MND) has been completed:

- Routes 5 and 12 in Solano, Sacramento, and San Joaquin Counties. Construct operational improvements and install intelligent transportation systems at various locations. (PPNO 7350)

This project in Solano, Sacramento and San Joaquin Counties will construct operational improvements and intelligent transportation systems at various locations on Routes 5 and 12. The operational improvements would include adding right-turn and acceleration lanes at the Route 12/ Glasscock Road intersection and adding standard left-turn lanes at the Route 12/ Correia Road intersection. The intelligent transportation system is a series of electronic message boards that informs travelers of road conditions along Routes 5 and 12. The project is programmed in the 2010 State Transportation Improvement Program and includes local funds. Construction is estimated to begin in Fiscal Year 2010-11. Total estimated project cost is \$28,413,000 for capital and support.

A copy of the MND has been provided to Commission staff. The project will involve construction activities that will result in changes to the built environment and may impact visual and aesthetic resources. As a result, an MND was completed for this project.
