Subject: **FINANCIAL ALLOCATION FOR LOCALLY ADMINISTERED STIP PROJECTS
OFF THE STATE HIGHWAY SYSTEM
RESOLUTION FP-10-**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) defer an allocation of \$6,377,000 for 15 locally administered State Transportation Improvement Program (STIP) projects off the State Highway System, as follows:

- o \$5,498,000 for 10 STIP Transportation Enhancement projects; and
- o \$879,000 for five STIP Programming, Planning, and Monitoring projects.

The Department recommends deferral of all STIP projects due to insufficient allocation capacity.

ISSUE:

The attached vote list describes 15 locally administered STIP projects off the State Highway System totaling \$6,377,000, plus \$3,341,154 from local sources. Although the local agencies are ready to proceed with these projects, it is recommended that the Commission defer these allocations until sufficient allocation capacity becomes available.

It is anticipated that the sale of bonds will allow the Department to realign STIP projects with available capacity and allow for allocation of the attached projects.
