

Memorandum

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: November 3-4, 2010

Reference No.: 2.8b.(1)
Action Item

From: NORMA ORTEGA
Chief Financial Officer

Prepared by: Rachel Falsetti
Division Chief
Transportation Programming

Subject: **REQUEST TO EXTEND THE PERIOD OF CONTRACT AWARD FOR STATE
ADMINISTERED PROJECTS ON THE STATE HIGHWAY SYSTEM, PER
RESOLUTION G-06-08
WAIVER-10-49**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) accept these time extension requests per Resolution G-06-08 for 49 State Highway Operation and Protection Program (SHOPP) projects, two State Transportation Improvement Program (STIP) projects, and three multi-program (CMIA/STIP) Proposition 1B projects. Until a state budget is enacted, the projects will not be awarded. The Department also recommends that the Commission defer action on this item until such time that specific dates of contract award can be determined upon passage of the 2010 state budget.

ISSUE:

On May 20, 2010, the Commission allocated \$319,575,000 for 49 SHOPP projects, \$746,000 for two STIP projects and \$162,847,000 for three multi-program CMIA/STIP projects (See attachment). In accordance with Resolution G-06-08, the deadline to award contracts for projects allocated in May 2010 is November 30, 2010. The Department did not meet the deadline for these projects and is presenting these time extensions for the period of contract award to comply with the Timely Use of Funds policy. The projects were on schedule to award before their deadline, but because of the absence of a state budget, the projects have either had their bid openings postponed or their awards postponed.

BACKGROUND:

In June 2006, the Commission adopted Resolution G-06-08, making the six-month period to award a permanent requirement under the STIP Guidelines.
