Subject: **FINANCIAL ALLOCATION FOR LOCALLY ADMINISTERED STIP PROJECTS
OFF THE STATE HIGHWAY SYSTEM
RESOLUTION FP-10-**

RECOMMENDATION:

The California Department of Transportation (Department) recommends the California Transportation Commission (Commission) defer an allocation of \$16,206,000 for 35 locally administered State Transportation Improvement Program (STIP) projects off the State Highway System, as follows:

- o \$15,456,000 for 33 STIP Transportation Enhancement projects; and
- o \$750,000 for two STIP Programming, Planning, and Monitoring projects.

The Department recommends deferral of all Non-Public Transportation Account funded STIP projects due to insufficient allocation capacity.

ISSUE:

The attached vote list describes 35 locally administered STIP projects off the State Highway System totaling \$16,206,000, plus \$1,367,845 from local sources. Although the local agencies are ready to proceed with these projects, it is recommended that the Commission defer these allocations until sufficient allocation capacity becomes available.
