

Memorandum

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: September 15, 2011

Reference No.: 2.1a.(2)
Action Item

From: NORMA ORTEGA
Chief Financial Officer

Prepared by: Rachel Falsetti
Division Chief
Transportation Programming

Subject: **STIP AMENDMENT 10S-060**

RECOMMENDATION:

The California Department of Transportation recommends the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) amendment. The amendment was noticed at the August 2011 Commission meeting.

ISSUE:

The City of Redding proposes to amend the 2010 STIP to program Regional Improvement Program Transportation Enhancement (TE) funding on the Diestelhorst Bridge Rehabilitation Project (PPNO 2505).

BACKGROUND

The Diestelhorst Bridge is a key river crossing for the Sacramento River Trail and provides general pedestrian and bicycle connectivity. Currently programmed in the Federal Highway Bridge Program, the bridge structure is deteriorating and will be fixed to prevent structural failure and/or unsafe conditions. It is now proposed to add transportation enhancements to this historic structure, which will further accommodate bicycle and pedestrian traffic while retaining its historic value. Per the STIP guidelines, TE funds can be used for the restoration of historic structures, and the Diestelhorst Bridge is eligible for listing on the National Register of Historic Places, since it was constructed in 1914.

RESOLUTION:

Be it Resolved, that the California Transportation Commission does hereby amend the 2010 State Transportation Improvement Program for the Diestelhorst Bridge Rehabilitation Project (PPNO 2505) as described above and reflected in the funding table below.

ADD: Diestelhorst Bridge Rehabilitation Project (PPNO 2505)

County	District	PPNO	EA	Element	Const. Year	PM Back	PM Ahead	Route/Corridor				
Shasta	2	2505		LA	2011-12
