3 \$200,000 Santa Clara 04-SCI-9 4.9	In Saratoga, at Saratoga Creek Bridge (Bridge #37-0074). On January 20, 2012, a vehicle crashed into the southbound bridge rail damaging the concrete rail and completely dislodging section of the metal rail. The initial allocation was for the reconstruction of the southbound bridge rail. The first supplemental was due to the inclusion of the northbound rail in the scope of the original project to ensure that the bridge rails are tied together to prevent rail failure in case of a heavy vehicle hit. This supplemental is to grind and level deck slab and pavement approaches, place a bicycle railing, and repair a parking lot damaged pavement used for storage of equipment during construction.
