

Memorandum

To: CHAIR AND COMMISSIONERS
CALIFORNIA TRANSPORTATION COMMISSION

CTC Meeting: January 31 - February 1, 2018

Reference No: 2.5f.
Information Item

From: NORMA ORTEGA
Chief Financial Officer

Prepared by: Steven Keck, Chief
Division of Budgets

Subject: INFORMATIONAL REPORTS – DELEGATED ALLOCATIONS
EMERGENCY G-11, SHOPP G-03-10 SAFETY, AND MINOR G-05-16

SUMMARY:

Since the period reported at the last California Transportation Commission (Commission) meeting, the California Department of Transportation (Department) allocated or sub-allocated:

- \$44,305,000 for construction and \$13,085,000 for construction engineering for 22 emergency construction projects, pursuant to the authority granted under Resolution G-11 (2.5f.(1)).
- \$10,518,000 for construction and \$2,779,000 for construction engineering for four safety projects, pursuant to the authority granted under Resolution G-03-10 (2.5f.(3)).
- \$3,783,000 for five State Highway Operation and Protection Program (SHOPP) Minor A projects, pursuant to the authority granted under Resolution G-05-16 (2.5f.(4)).

As of December 27, 2017, the Department has allocated or sub-allocated the following for construction in the Fiscal Year 2017-18:

- \$193,515,000 for 74 emergency construction projects.
- \$85,760,000 for 24 safety delegated projects.
- \$10,653,000 for 15 SHOPP Minor A projects.

BACKGROUND:

The Commission, by Resolution G-11, as amended by Resolution G-11-16, delegated to the Department authority to allocate funds to correct certain situations caused by floods, slides, earthquakes, material failures, slip outs, unusual accidents or other similar events.

This authority is operative whenever such an event:

1. Places people or property in jeopardy.
2. Causes or threatens to cause closure of transportation access necessary for:
 - a. Emergency assistance efforts.
 - b. The effective functioning of an area's services, commerce, manufacture or agriculture.
 - c. Persons in the area to reach their homes or employment.
3. Causes either an excessive increase in transportation congestion or delay, or an excessive increase in the necessary distances traveled.

Resolution G-11 authorizes the Department to allocate funds for follow-up restoration projects associated with, and that immediately follow an emergency condition response project. Resolution G-11 also requires the Department to notify the Commission, at their next meeting, whenever such an emergency allocation has been made.

On March 30, 1994, the Commission delegated to the Department authority to allocate funds under Resolution G-11, as amended by Resolution G-11-16. This authority allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

On March 28, 2001, the Commission approved Resolution G-01-10, as amended by Resolution G-03-10, delegating to the Department authority to allocate funds for SHOPP safety projects. This authority allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

Resolution G-05-16 authorizes the Department to sub-allocate funds for Minor projects. At the June 2017 meeting, the funding and project listing for the FY 2017-18 Lump Sum Minor Construction Program was approved by the Commission under Resolution FM-16-05.

The SHOPP, as approved by the Commission, is a four-year program of projects with the total annual proposed expenditures limited to the biennial Commission-approved Fund Estimate. The Commission, subject to monthly reporting and briefings, has delegated to the Department the authority to allocate funds for safety projects and emergency projects. The Department uses prudent business practices to manage the combination of individual project cost increases and savings to meet Commission policies.

In all cases, the delegated authority allows the Department to begin work without waiting for the next Commission meeting to receive an allocation.

The Department has complied with the National Environmental Policy Act and the California Environmental Quality Act requirements in preparing these projects.

1 \$9,200,000 Del Norte 01-DN-101 14.8/15.1	Near Crescent City, from 1.0 mile to 1.3 miles north of Rudsill Road. Ongoing slide activity since March 7, 2016 has continued to cause damage within the Last Chance Grade slide complex. This project will stabilize the roadway from continuous and increased landslides. Work includes a minor adjustment to the roadway alignment to allow for both lanes to be opened to traffic, construct two retaining walls, replace a failed cross-culvert and down drain, and install a subsurface dewatering system.	01-1127 SHOPP/17-18 CON ENG \$2,200,000 CONST \$7,000,000 0118000075 4 0H700	001-0042 SHA 20.10.201.130 2016-17 302-0042 SHA 20.20.201.130	\$2,200,000 \$7,000,000
Initial G-11 Allocation 11/20/17: \$9,200,000 (Additional \$10,000 was allocated for right of way purposes).		Emergency		
2 \$12,800,000 Del Norte 01-DN-101 15.1/15.5	Near Klamath, from Wilson Creek Road to 1.7 miles north of Rudsill Road. This project is needed to stabilize the roadway due to continuous and increased landslides within the limits of the Last Chance Grade slide complex. Due to continuous slope movement, the project will repair four damaged retaining walls, construct one new retaining wall, install removable barrier rail, replace a failed culvert, and construct mechanically stabilized fill.	01-1128 SHOPP/17-18 CON ENG \$3,000,000 CONST \$9,800,000 0118000074 4 0H690	001-0042 SHA 20.10.201.130 2016-17 302-0042 SHA 20.20.201.130	\$3,000,000 \$9,800,000
Initial G-11 Allocation 11/20/17: \$12,800,000		Emergency		
3 \$6,250,000 Mendocino 01-Men-101 R33.0/42.0	Near Ukiah from 0.2 mile north of West Road to 0.1 mile south of South Willits Overhead bridge. On October 8, 2017 the Redwood Fire Complex forced the closure of this route for multiple days. The fire damaged culverts, fencing, signs, and roadway pavement. This project will replace culverts, signs, and fencing. Extensive grading and tree removal is necessary to repair damaged slopes.	01-4701 SHOPP/17-18 CON ENG \$1,250,000 CONST \$5,000,000 0118000101 4 0H760	001-0042 SHA 20.10.201.130 2017-18 302-0042 SHA 20.20.201.130	\$1,250,000 \$5,000,000
Initial G-11 Allocation 10/30/17: \$6,250,000 (Additional \$10,000 was allocated for right of way purposes).		Emergency		
4 \$1,300,000 Trinity 02-Tri-299 36.0/44.0	Near Helena, from 0.9 mile west of E Fork Road to Sky Ranch Road. On August 29, 2017, a wildfire damaged the roadway, timber lagging on a retaining wall, metal beam guardrail, and drainage basins, resulting in eastbound lane closure. The burned slope and vegetation loss could cause a rockfall and poses a threat to the traveling public. This project will include metal beam guardrail replacement, excavation and backfill, timber lagging replacement, debris removal, roadway repair, rock scaling, embankment repair, and traffic control. Supplemental work is necessary to address the deeper than anticipated excavation at the retaining wall. Rock slope protection will also be added to ensure stability beneath the retaining wall and prevent the potential of future fire damage. Due to the spread of the wildfire, the hydroseed area has also increased.	02-3705 SHOPP/17-18 CON ENG \$300,000 CONST \$1,000,000 0218000032 4 3H780	001-0042 SHA 20.10.201.130 2017-18 302-0042 SHA 20.20.201.130	\$300,000 \$1,000,000

5 \$350,000 Butte 03-But-70 41.5	Near Pulga, at 0.5 mile east of North Fork Feather River Bridge. On January 10, 2017 staff were notified of a roadway embankment slipout at this location that caused longitudinal roadway cracking and up to 4" of settlement in the traffic lane. A three foot vertical scarp is encroaching into the shoulder and mud and debris from the slipout has entered an adjacent downslope home. A secondary location of settlement and tension cracks is beginning 40 feet east of the first and also directly above a house. This project will remove debris from private property, install a soldier pile retaining wall, restore the embankment and roadway, and provide temporary one-way traffic control. Supplemental right-of-way capital and cos support is necessary to provide reimbursement for residence and livestock displacement, and to close-out project.	03-2290 SHOPP/16-17 CON ENG \$350,000 CONST \$0 0317000180 4 2H750 Emergency	001-0042 SHA 20.10.201.130 2016-17 302-0042 SHA 20.20.201.130	\$350,000 \$0

13 \$500,000 Santa Cruz 05-Scr-1 R3.7/R3.9	Near Watsonville, from 0.4 mile south of Buena Vista Avenue to 0.2 mile south of Buena Vista Drive. On December 2, 2016, Department forces identified a large sink hole and eroded embankment near the edge of pavement. The damage was found to be caused by corrosion of the culvert invert and settlement of the drainage system junction boxes. This project will buttress the failing embankment and install a new culvert by jack-and-bore methods between junction boxes. Supplemental work is necessary to replace an unexpected failed culvert in the same drainage system. This failure created a sinkhole in the #1 north bound lane, creating an additional need for traffic control, replacement of guardrail and repaving the roadway due to sinkhole and construction related activities. Initial G-11 Allocation 12/13/16: \$2,300,000 Supplemental G-11 Allocation 10/26/17: \$500,000 Revised Allocation: \$2,800,000 (Additional \$20,000 was allocated for right of way purposes).	05-2683 SHOPP/17-18 CON ENG \$0 CONST \$500,000 0516000146 4 1H730 Emergency	001-0042 SHA 20.10.201.130 2017-18 302-0042 SHA 20.20.201.130	\$0 \$500,000
14 \$120,000 Kern 06-Ker-5 8.9R	Near Grapevine (PM 8.9R), at 1.3 miles south of Grapevine Road East. On March 1, 2017, repeated storms lead to a double box culvert failure and exposure due to storm debris. A 60 ft. section of the affected culvert was inundated with water, which caused the hillside to slide onto the culvert. The force of the slide also caused the concrete lined channel surrounding the culvert to collapse. This project will reconstruct embankment washout, remove channel debris, repair double box culvert, and install slope drainage. Supplemental work is necessary to address additional damages that were revealed after the destroyed culvert was removed, as well as, construct a parapet on along one of the walls to prevent soil from eroding and collapsing into the channel. Initial G-11 Allocation 03/14/17: \$600,000 Supplemental G-11 Allocation 10/20/17: \$120,000 Revised Allocation: \$720,000 (Additional \$720,000 was allocated for right of way purposes).	06-6863 SHOPP/17-18 CON ENG \$0 CONST \$120,000 0617000194 4 0W290 Emergency	001-0042 SHA 20.10.201.130 2017-18 302-0042 SHA 20.20.201.130	\$0 \$120,000

22 \$2,100,000 Orange 12-Ora-241 33.0/39.1	Near the city of Orange, from 0.5 mile north of E Santiago Canyon Road to Route 91; also on Route 91, from Route 241 to Riverside County line. On October 9, 2017, a brush fire occurred in the cities of Anaheim, Orange and Tustin along Routes 91 and 241. The fire damaged guardrails, traffic control devices, roadway signs, fencing, debris-catchment wall at the Coal Canyon Basin, and electrical systems. This project will replace guardrails, signs, electrical systems, drainage inlets and culverts, traffic control devices, roadway repair, wildlife protection and access fencing, debris-catchment wall reconstruction, debris removal, and erosion control. Supplemental work is necessary to address additional damages including electrical and fiber optic utility repair, wildlife fencing, and fire retardent cleanup from roadway. Initial G-11 Allocation 10/18/17: \$1,200,000 Supplemental G-11 Allocation 11/13/17: \$2,100,000 Revised Allocation: \$3,300,000	12-5504B SHOPP/17-18 CON ENG \$300,000 CONST \$1,800,000 1218000038 4 0R110 Emergency	001-0042 SHA 20.10.201.130 2017-18 302-0042 SHA 20.20.201.130	\$300,000 \$1,800,000
