Subject: **TRADE CORRIDOR ENCHANCEMENT PROGRAM AMENDMENT-REMOVE
THE CENTRAL VALLEY GATEWAY PROJECT
RESOLUTION TCIF-P-1819-08**

ISSUE:

Should the California Transportation Commission (Commission) amend the Trade Corridor Enhancement Program to remove the City of Tracy's Central Valley Gateway project in San Joaquin County?

RECOMMENDATION:

Commission staff recommends that the Commission approve the proposed Trade Corridor Enhancement Program amendment to remove the City of Tracy's Central Valley Gateway project in San Joaquin County.

BACKGROUND:

At the May 2018 Commission meeting, staff recommended, and the Commission approved, \$12.78 million in Trade Corridor Enhancement Program funds for the right-of-way and construction components for the Central Valley Gateway project which includes the Route 205/International Parkway Interchange Project and the Route 580/International Parkway Interchange Project.

The Trade Corridor Enhancement Program guidelines state that projects programmed with capital costs must file a Notice of Determination, in accordance with the California Environmental Quality Act, within six months of program adoption, or the project will be removed from the program. Based on this requirement, a Notice of Determination for the Central Valley Gateway project was required to be filed by November 16, 2018. The City of Tracy did not meet this deadline, therefore, consistent with the Trade Corridor Enhancement Program guidelines, staff recommends the removal of City of Tracy's Central Valley Gateway Project.

RESOLUTION TCIF-P-1819-08

Be it Resolved, that the California Transportation Commission does hereby amend the Trade Corridor Enhancement Program by removing City of Tracy's Central Valley Gateway project in San Joaquin County.
