Transportation Programming

Subject: **STIP AMENDMENT 14S-09**

SUMMARY:

The California Department of Transportation will request that the California Transportation Commission (Commission) approve the requested State Transportation Improvement Program (STIP) amendment and authorize the project to proceed as an AB 3090 Reimbursement request at the next scheduled Commission meeting following the notice period.

ISSUE:

The Contra Costa Transportation Agency (CCTA) is requesting an AB 3090 reimbursement for \$15,000,000 in Regional Improvement Program (RIP) construction funds which are currently programmed to the I-80/San Pablo Dam Interchange - Phase 1 project (PPNO 0242J) in Contra Costa County. The CCTA is proposing a three-year reimbursement schedule.

BACKGROUND:

The project scope consists of relocating the El Portal Drive and the westbound on-ramp to Interstate 80 (I-80), extension of the auxiliary lane along westbound I-80 from El Portal Drive to San Pablo Drive, and reconstruction of the Riverside Avenue Pedestrian Overcrossing. Once completed, these improvements will reduce congestion and provide safe bicycle and pedestrian access across the freeway.

Currently \$15,000,000 in RIP funds are programmed to construction in FY 2015-16. However, the project is ready now to be advertised. The CCTA is proposing to use local funds to deliver this much needed project now and is requesting an AB 3090 reimbursement of RIP funds as per the schedule proposed below.

Fiscal Year	2015-16	2016-17	2017-18
Requested Reimbursement Amount	\$5,000,000	\$5,000,000	\$5,000,000

The Metropolitan Transportation Commission concurs with the changes described above and tabulated on the following pages.

This request follows AB 3090 Guidelines, which allow a local agency to use its own funds (non-state or non-federal) to complete a project component early to be later reimbursed with STIP funds currently programmed on the project.
